IRRIGATION DEPARTMENT.

[Fourth Publication.]

The 15th December 1896.

REVISED WATER-RATE RULES FOR THE MIDNAPORE CANAL.

No. 248 Notification.—His Honour the Lieutenant-Governor of Bengal is pleased to propose the following modifications in the Water-rate Rules for the Midnapore Canal passed by him under the provisions of sections 99 and 78 of Act III (B.C.) of 1876 in notification No. 162 of the 19th June 1893.

A. D. MCARTHUR, *Col.*, R.E.,
Secy. to the Govt. of Bengal.

1. The Divisional Canal Officer is responsible for maintaining the canal in an efficient state of repair, for providing drainage channels where necessary, and generally for all engineering work involved in its management, as well as for the distribution of water to lessees. The word "canal" is here used as defined in section 3 of the Act.

2. The Deputy Collector is responsible for the assessment and collection of water-rates accruing to Government from the canal.

8. Water shall not be distributed otherwise than on the application of a lessee, or to a person in whose favour a provisional license under Rule 15 has been issued. Such application may be made verbally or in writing to any subordinate in charge of that part of the canal from which water is required.

4. If any lessee apply for water to the Deputy Collector or one of his subordinates verbally, he shall be directed to address himself to an irrigation officer or subordinate. If he makes such an application in writing, his petition shall be forwarded direct by the zilladar, to whom it is addressed, to the Sub-divisional Canal Officer in charge of that part of the canal from which the petitioner's village is supplied.

5. The Divisional Canal Officer shall map out the irrigable area into blocks in accordance with the natural features of the ground, and so determine that the whole block shall be irrigable from one outlet or from one set of outlets. So far as may be practicable, the blocks shall be separated by drainage lines.

6. Each block determined as above shall be numbered and recorded with its irrigable area in registers to be maintained by the Divisional Canal Officers and Deputy Collector. The blocks shall also be marked on maps to be maintained by the same officers.

7. Leases for not more than five years may be granted for the whole irrigable area of a block, or, subject to the provisions of Rule 13, for definite parts of a block, under the following conditions:—

I.—Ordinarily the whole irrigable area of any village, so far as situated within the block, must be included in the lease.

II.—All leases within one block shall be granted so that they shall expire on the same date.

III.—In order to equalise the areas to be dealt with in each year, the date of expiry of the leases in each block shall be determined by the Divisional Canal Officer in consultation with the Deputy Collector, so that, as far as practicable, one-fifth of the total area usually irrigated may fall out of lease in each year.

IV.—No permit shall be granted, when the supply of water must of necessity be delivered across an unleased area, unless a village channel exists, which, in the opinion of the Sub-divisional Canal Officer, will deliver water without waste across the unleased area.

8. The rates to be charged for water supplied between 16th June and 30th November, whether by flow or lift, to lessees on application shall be—

For a term of five years—Re. 1-8 per acre for each season.

For one year or for water supplied on a provisional license for which a permit for a term of years is not subsequently issued, Rs. 3 per acre.

Provided that the leases, whether new or renewals, required for shorter terms than five years in order to develop the system of blocks as explained above, shall be charged Re. 1-8 per acre only.

9. For the supply of water, when available, for winter crops, a rate of Rs. 2-8 per acre per season shall be charged.

10. For the unauthorized use of canal water a rate of Rs. 5 per acre, or such less rate as may be sanctioned by the Deputy Collector, shall be charged.

11. Application for water-leases under section 74 of the Act shall be presented to the Sub-divisional Officer through the zilladar in whose charge the land lies.

12. Every application for a water-lease shall contain the following particulars:—

1.—Name and residence of applicant.

2.—Name of pargana, mahal and village in which the land to be irrigated is situated.

3.—Total area for the irrigation of which the application is made and its boundaries, and if the lands to be irrigated lie in separate *chaks*, the name of each *chak*.

4.—Names of the raiyats whose lands are to be irrigated, and the quantity of land held by each.

5.—Name of the canal and number of distributary from which water is required.

6.—Signatures of the applicants.

13. A separate application must be presented for lands in each village, but *tehsilalaids* or other lands lying within the village boundary at the time of survey may be included.

14. Before a permit for a term of years is granted, the written consent of the Divisional Canal Officer shall be obtained, but permits for one year only and provisional licenses may be issued with the written assent of the Sub-divisional Canal Officer. The Deputy Collector shall on the day of issue forward a copy of all permits granted to the Divisional Canal Officer.

Existing leases may, with the written consent of the Divisional Canal Officer, be extended for not more than three years, without enquiry or re-measurement, payments being made in accordance with the existing assessment.

15. When a water-lease is granted, a *kabuliyat* shall be taken in a form approved by Government, and a "permit" shall be given to the lessee or lessees in a form similar to that prescribed in Schedule C of the Act. Pending the completion of a lease, the zilladar may issue a provisional license for the supply of water to an area covered by an application.

16. On the issue of a permit or provisional license, the zilladar shall forward to the Sub-divisional Canal Officer direct a requisition requesting him to supply water to the lessee on application. This requisition shall be kept by the Canal Officer till January 1st next following, and shall then be returned to the Deputy Collector. On the back should

be noted the several dates on which the village was supplied with water. A fresh requisition shall be issued on or before June 1st, and returned on or before January 1st each year, till the lease expires.

17. When it comes to the knowledge of the Sub-divisional Canal Officer that canal water has been taken without authority, he shall hold a local investigation and transmit the record thereof to the Divisional Officer, who shall, if he is of opinion that the fields should be assessed, forward the case with his remarks to the Deputy Collector. Separate proceedings shall be taken in the case of each village irrigated without authority.

18. On receipt of the record mentioned in Rule 17, and after hearing any objection which may be raised, the Deputy Collector shall determine whether water-rates can be legally charged, and if so, he shall proceed to assess, at the rate provided in Rule 10, the land irrigated without authority. Water-rates shall not be charged where the unauthorized irrigation has occurred through the act, neglect or default of a Canal Officer or subordinate.

19. The statements of the amounts demandable for water-rates leviable under the rules in force shall be prepared under the supervision and signature of the Deputy Collector in such form as shall from time to time be sanctioned by the Lieutenant-Governor. Persons charged under Rule 10 or 18 shall be served, by post or otherwise, with a statement showing the amounts charged to enable them to lodge an appeal to the Collector under section 91 of the Act, if they desire to do so.

20. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted, or used for the irrigation of lands not under lease, it shall be competent for the Superintending Canal Officer to direct that the lease shall be cancelled with effect from the 1st of June next following.

21. The rates for water supplied from June to November shall in each season fall due on the 1st January and 15th February following, but all sums of Rs. 5 and under shall become due on the 1st January and be payable in one instalment. The Deputy Collector may, however, require one-half of the rates due on applications filed after the 1st of September to be paid in advance, and may refuse to issue a permit for more than one year. The rates for water supplied for winter crops shall fall due on the 1st April following.

22. Water-rates imposed under Rule 10 or 18 shall fall due as soon as the assessment is made, and shall be realized at once.

23. The Superintending Canal Officer may, with the concurrence of the Collector, direct the Deputy Collector to—

I.—Cease to issue permits for the irrigation of lands in villages where there have been constant difficulties in realizing water-rates until all the arrears of water-rates due are paid up, and also, if specially so ordered, unless half the amount due under new applications is paid in advance. An order under this rule shall be in force for the time stated therein, which shall not exceed three years.

II.—Cancel any five-years' lease if on the 1st of June of any year water-rates to the extent of half the demand for one year are in arrears.

24. Remission of water-rates, either in whole or part, as the case may require, shall be granted by the Deputy Collector for—

I.—Errors in the assessment of rates.

II.—Injury to the crop on a leased area caused by deficient supply of water, provided a written application for remission has been made 15 days at least before the crop is cut.

In regard to applications under II, the written opinion of the Divisional Canal Officer shall be obtained and form part of the record of the case.

25. The Deputy Collector, with the written consent of the Divisional Canal Officer, may grant remissions of water-rates, either in whole or part, for injury to the crops on leased areas caused by excess of water due to deficient drainage.

26. The Deputy Collector may, with the written assent of the Divisional Canal Officer, commute rates charged under Rules 10 and 18 to those chargeable for water supplied on application, provided that a lease either for a term of years or for the season has been subsequently executed for the lands in question.

27. Remissions on other grounds than the above require the sanction of Government.

28. In cases where sums due on account of water-rates cannot be collected owing to the death, bankruptcy, or absconding of the defaulter, the amount which is non-realizable may be written off as irrecoverable on the authority of the Superintending Canal Officer.

29. Before awarding compensation under section 16 of the Act, or making a reference under section 17 of the Act, the Collector shall obtain the written opinion of the Superintending Canal Officer, and his written opinion shall form part of the record of the proceedings.

30. The *chaukidar* of any village in which lands are leased for a term of years shall be entitled to a remission of water-rates for his holding either as a *jaghir* or *raiyati* up to a limit of 3 acres, provided he gives efficient and willing assistance to the Canal Officers in respect to the following matters—

I.—In the preparation of applications for leases.

II.—In the measurements of irrigated lands.

III.—In giving the names of the occupiers of the various fields.

IV.—In receiving demand statements and informing the cultivators of the demands against them.

V.—In receiving *tappas* from the zilladars and distributing them.

VI.—In being present when complaints are investigated by Canal Officers, and giving information regarding the matters under investigation.

VII.—In reporting to the zilladars any mutations in holdings of persons who have signed a lease for a term of years.

31. Tanks may be filled with canal water without charge, wherever water can be made available without injury to the cultivation dependent on a canal under the following conditions:—

I.—No tank shall be filled unless the water is to be exclusively used for domestic purposes or for watering cattle.

II.—No tank shall be filled from which irrigation is practised.

III.—No tank shall be filled which intercepts any line of drainage or is liable to overflow from the accumulation of water from natural causes.

IV.—No tank shall be filled except on the written order of the Sub-divisional Canal Officer issued on the written application of the persons concerned.

V.—No tank shall be filled unless the village channel used to convey water to it shall be shown to the satisfaction of the Sub-divisional Canal Officer to be in a sound condition when the application is made.

VI.—The privilege here accorded may, by the written order of the Sub-divisional Canal Officer, be suspended for twevle months for the breach of any of the above rules.

32. The Divisional Canal Officer may supply water for manufacturing or other purposes, and charge for the same at the rate of one rupee for each 10,000 cubic feet or part of 10,000 cubic feet supplied. The same charge will be made if water is taken into a tank without authority or used in an unauthorized manner.

33. No person shall, without the permission in writing of the Divisional or Sub-divisional Canal Officer, pass or cause any animal or vehicle to pass on or across any of the works, banks or channels of a canal or drainage work after he has been desired to desist therefrom, except by means of such bridges, fords and ferries and their approaches as are provided by the Divisional Canal Officer.

34. No officer employed on the canals, unless especially exempted by the Lieutenant-Governor from the operation of this rule, shall have any interest in the distribution of water from any of the canals, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly, or in shares with others.

35. Except as provided in the Act and in these rules, no appeal shall lie from any order passed by a Canal Officer; but the Sub-divisional Canal Officer shall modify any order passed by him in accordance with the order of the Divisional Canal Officer, and the Subdivisional Canal Officer or Divisional Canal Officer shall modify any orders passed by them in accordance with the orders of the Superintending Canal Officer, who shall exercise a general control over the proceedings of all Canal Officers.

36. In appeals to the Collector under section 91 of the Act other than those specially provided for in Rule 19, the Collector may require the Superinteding Engineer to state his opinion in writing, which shall form part of the record of the proceedings in the case.

[Fifth Publication.]

The 8th December 1896.

No. 243.—Notification.—Notice is hereby given that the Lieutenant-Governor of Bengal proposes, under the provisions of section 6 of Act II (B.C.) of 1882, to declare that the provisions of clause (*b*) of section 76 of that Act shall take effect over the whole area between the sea-dyke and the Bay of Bengal, commencing from the village of Dariapur, pargana Balijora, and ending where the sea-dyke terminates at a masonry pillar in the village of Khandalgobra, pargana Birkul, save and except the tract specified hereunder, viz., the lands between the sea-dyke and the sea so far as they appertain to the Majnamutha estate, bounded on the east by the boundary of mauza Kaluraibarh (up to the creek near Kanaichata), pargana Balijora, and on the west by the boundary of mauza Saradpur, pargana Sarifabad near Haripur, pargana Dakshinmal.

2. The erection of any new embankment, or any addition to any existing embankment, or the obstruction or diversion of any water-course within the tract above declared without the previous sanction of the Collector of Midnapore, is prohibited.

Boundary of the tract to be declared.

[Subject to the exceptions above noted.]

A. D. MCARTHUR, *Colonel*, R.E.,
Secy. to the Govt. of Bengal.

RAILWAY DEPARTMENT.

The 5th January 1897.

No. 1.—Declaration.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz., for extension of Ballast Siding, &c., at Raniganj, East Indian Railway, in the villages of Raniganj and Khatsoal, pargana Shergarh, zilla Burdwan, it is hereby declared that for the above purpose a piece of land measuring, more or less, 2 bighas 13 cottahs and 15·27 chitaks of standard measurement (corresponding to 3 roods 22·69 poles), bounded by a nick on the ground, is required within the aforesaid villages of Raniganj and Khatsoal.

Mines of coal, iron-stone, slate or other minerals lying under the land, or any particular portion of the land, except only such parts of the mines and minerals as it may be necessary to dig or carry away, or use in the construction of the work for the purpose of which the land is being acquired, are not needed.

This declaration is made, under the provisions of section 6, Act I of 1894, and section 3, clause (1), Act XVIII of 1885, to all whom it may concern.

J. G. H. GLASS,
Secy. to the Govt. of Bengal.

MARINE DEPARTMENT.

The 31st December 1896.

No. 153Marine.—Under section 7, sub-section (1), of the Pilgrim Ships Act, 1895, the Lieutenant-Governor of Bengal is pleased to appoint Calcutta as a place for the departure of pilgrim ships as defined in that Act, and for the landing of pilgrims by such ships.

A. D. MCARTHUR, *Colonel*, R.E.,
Secy. to the Govt. of Bengal.

The 31st December 1896.

No. 154Marine.—Under section 8 of the Pilgrim Ships Act, 1895, the Lieutenant-Governor of Bengal is pleased to appoint the Port Officer of Calcutta to receive the notice referred to in that section, regarding the departure of pilgrim ships from the port of Calcutta.

A. D. MCARTHUR, *Colonel*, R.E.,
Secy. to the Govt. of Bengal

The 4th January 1897.

No. 1.—Marine.—With the previous sanction of the Governor-General in Council, the following rules for quarantine against plague have been made by the Lieutenant-Governor of Bengal in exercise of the power conferred by section 1, Act I of 1870.

These rules have effect as a temporary measure from 6th January 1897 in the Port of Calcutta:—

I. The Commander of every vessel, including buggalows or other native craft arriving from Karachi, shall on arrival at the Sandheads hoist a yellow flag, and indicate by signal the port from which she has come, and shall keep such flag and signal flying until permitted to take it down as hereinafter provided. The pilot on going alongside a vessel from Karachi shall direct the flag prescribed above to be hoisted if it has not already been done.

II. The Commander shall not, without first having obtained permission as hereinafter provided, allow any communication except orally with the shore or any other vessel or boat, excepting only with the boat supplying the Pilots* from the Pilot Brig, and in that case communication shall be limited to receiving on board the Pilot, his Leadsman, servant and baggage.

* *N. B.*—Pilotage is compulsory for all vessels over 100 tons in the Port of Calcutta.

III. If there is any case of sickness on board, and the Pilot has reason to believe that it is plague, he shall telegraph to the Port Officer from Saugor, and not proceed beyond Diamond Harbour without the permission of the Port Officer.

IV. If the Pilot has no reason to believe that there is any one suffering from plague on board, he shall bring the vessel up the river to Mateeabrooj, and shall anchor it there till the Health Officer has visited it.

V. The Health Officer, as soon as he has received information of the arrival of the vessel at Mateeabrooj, shall visit it, and ascertain by enquiry from the Commander or the Medical Officer on board, or other sources of information, whether any person on board is suffering or has suffered from plague.

VI. If the Health Officer is satisfied that no one is suffering from plague, or has suffered from plague since the vessel left Karachi, and if the vessel has been allowed pratique at any intermediate port including Colombo, he shall allow the passengers to land, but shall detain the vessel at Mateeabrooj till such measures have been taken for the disinfection of the mails and cargo and hold as he may consider necessary.

VII. When he is satisfied that the necessary measures have been taken for the disinfection of the mails, cargo and hold, he shall allow the mails and cargo to be landed, and shall by writing under his hand, to be delivered to the Commander, permit such vessel to haul down the yellow flag, and to proceed upwards in the Port, and to hold free communication with the shore and with vessels and boats in Port.

VIII. If the vessel has not been allowed pratique at Columbo or other intermediate ports, or if through her not carrying a qualified Medical Officer, or for other reasons, the Health Officer is not satisfied that no one on board has suffered during the voyage from plague, he shall direct the Commander to take the vessel to the quarantine anchorage at Mateeabrooj or elsewhere duly appointed by the Port Officer, there to remain for a period of eight days from the date of arrival in harbour. The Health Officer shall also direct the Commander to prohibit, during the period for which the vessel remains at the quarantine anchorage as aforesaid, all communication, except such as is hereinafter provided for, between such vessel and the shore or other vessels or boats in the harbour.

IX. If the Health Officer, as the result of the enquiry made under paragraph V above, shall have reason to believe, at the time when the vessel arrives in the harbour, that any person on board is suffering from plague, or if during the time the ship is in quarantine at Mateeabrooj under Rule VIII, any case of the disease breaks out, he shall direct the Commander to take the vessel to the quarantine anchorage at Diamond Harbour or elsewhere duly appointed by the Port Officer, there to remain for a period of fifteen days from the day of arrival in the harbour; and shall further direct that during such fifteen days, intercourse between the vessel detained under this Rule, or Rule III, and the shore or other vessels or boats in the harbour, shall be prohibited as provided in Rule II.

X. If during the period a vessel is at the quarantine anchorage aforesaid, any case or cases of plague should occur on board, the said vessel shall remain in quarantine for a period of fifteen days from the date of the last case occurring, and be subject to all the prohibitions provided for in Rule IX.

XI. When any vessel has been placed in quarantine as aforesaid, the Health Officer may direct the removal of so many of the passengers and crew as may not be suffering from illness, and whose services may not be required on board the vessel, to such particular spots as may from time to time be selected by the Port Officer as places of quarantine, there to remain for a period of eight days if under Rule VIII, or if the vessel has been placed in quarantine for fifteen days, for a period of fifteen days. If a case of plague occurs among such passengers and crew during any such period, they shall remain in a place of quarantine for a period of fifteen days from the date of the occurrence of the last case of such illness.

XII. It will be the duty of the Port Officer to facilitate the conveyance to all vessels in quarantine of such supplies of provisions, stores and other articles as may be required by those on board. Such supplies will be placed on the boats of the vessels in quarantine, to be subsequently removed by members of their crews.

A. D. McARTHUR, *Colonel*, R.E.,
Secy. to the Govt. of Bengal.

The 5th January 1897.

No. 2 Marine.—The following telegram, dated the 2nd January 1897, from the Government of Bombay, relative to the imposition of quarantine rules against arrivals from Karachi, is published for general information:—

Copy of a telegram, dated the 2nd January 1897, from the Government of Bombay, to the Government of Bengal.

Ambassador, Constantinople, telegraphs ten days' quarantine with rigorous disinfection imposed on arrivals Karachi.

A. D. McARTHUR, *Colonel*, R.E.,
Secy. to the Govt. of Bengal.

Babu Kedar Nath Das Gupta, B.A., Second Master of the Pabna Zilla School, and now temporary Second Master of the Rangpur Zilla School (substantively *pro tempore* in class VI), is appointed temporarily to be Third Master of the Bankura Zilla School, but he will act as Second Master of the same institution, with effect from the date on which he joins that appointment, *vice* Babu Kamal Krishna Sen, transferred, or until further orders.

Babu Kamal Krishna Sen, Second Master of the Rangpur Zilla School, and now Officiating Second Master of the Bankura Zilla School (substantively *pro tempore* in class VI), is appointed temporarily to be Second Master of the Faridpur Zilla School, with effect from the date on which he joins that appointment, *vice* Babu Basanta Kumar Das, transferred.

C. E. MARTIN,
Offg. Director of Public Instruction, Bengal.

EDUCATIONAL NOTICE.

Examination of Candidates for Pleadership and Mookhtarship in Mufassal Courts subordinate to the High Court.

THE next examination of candidates for Pleadership will be held on the 23rd, 24th and 25th February next, in the Senate House of the Calcutta University.

The next examination of candidates for Mookhtarship will be held at Calcutta, Patna, Dacca, Cuttack, Gauhati and Sylhet on the 22nd, 23rd and 24th of February next, the examination of those candidates who have applied to be examined in Calcutta taking place in the Senate House of the Calcutta University.

The papers for the Pleadership candidates will be set on the 23rd and 24th of February, and two papers will be set each day at 10 A.M. and 2 P.M. respectively. The Pleadership candidates will be examined *viva voce* on the 25th February, commencing at 10 A.M. Two papers will be set for the Mookhtarship candidates on the 22nd of February at 10 A.M. and 2 P.M. respectively, and they will be examined *viva voce* on the 23rd and 24th of February, commencing at 10 A.M. each day.

Under no circumstances will any candidate be admitted to the examination room after these hours.

The candidates will be required to produce at the examination the extracts from the register which will be furnished to them by the District Judges through whom their applications have been sent to the Board of Examiners.

No candidate will be allowed to enter the examination room with any memoranda or loose papers of any description (with the exception of the extracts above mentioned).

All writing materials will be provided, with the exception of pens, which the candidates must bring with them.

HENRY T. HYDE,
Secretary to the Board of Examiners for Pleadership and Mookhtarship.

PATNA COMMISSIONER'S OFFICE, BANKIPORE, *the 30th December 1896.*

REVENUE DEPARTMENT,—(AGRICULTURE.)

NOTIFICATION.

Modified Rules under the Land Improvement Loans Act, XIX of 1883, for tracts affected by scarcity or famine.

The 5th January 1897.—With a view to encouraging proprietors and occupants of land, in tracts affected by scarcity or famine, to take advances under the Land Improvement Loans Act, XIX of 1883, for the purpose of excavating tanks and executing other works in their own villages and giving employment to labourers thereon, the Lieutenant-Governor, with the previous sanction of the Governor-General in Council, is pleased to make temporarily the following modified rules under that Act.

These rules shall have effect in such tracts as may be declared by the Collector, with the sanction of the Commissioner, to be affected by scarcity or famine.

Sums to be allotted by Government.

1. Loans under these rules will be made, from such sums as the Local Government may from time to time allot to the Board, for works to be carried out in the manner approved by the Collector or by any officer subordinate to him who may be authorised for that purpose, and the wages to be paid on such works shall not be less than the minimum, nor more than the maximum wage fixed by the Collector in accordance with the provisions of the Bengal Famine Code.

Estimate.

2. Commissioners will submit at once an estimate of the requirements for loans under these rules for each of the Districts of their Divisions affected by scarcity or famine for the current, and the ensuing financial year; and when orders thereon are received from Government and an allotment is made, the Board will distribute as funds are available. It will be in the power of the Commissioners to divide the sum so allotted among the Districts of their Divisions at their discretion, and to transfer assignments from one District to another, but expenditure in the Division must be kept within the amount assigned.

In case of emergency when the allotment has been exhausted, or no allotment has been made, the Commissioner of the Division may authorise loans to be given in anticipation of an allotment which should be applied for at once.

Definition of Collector.

3. In these rules "Collector" has the meaning defined for it by section 3 of the Act.

Powers of sanction.

4. Subject to the provisions of these rules, the Collector may sanction loans not exceeding Rs. 5,000, provided the district allotment is not exceeded without the sanction of the Commissioner of the Division. Loans exceeding Rs. 5,000 require the sanction of the Commissioner, and exceeding Rs. 10,000, the sanction of the Board. In such cases the Commissioner or the Board may call for such detailed plans and estimates, or for such professional opinion on the project, as may seem necessary.

Applications.

5. Applications for loans may be presented to the Relief Circle Officer, to the Superintendent of Relief, or to any Revenue Officer, of or above the rank of a Kanungo or Sub-Deputy Collector, for transmission to the Collector.

Form of application.

6. The application shall be made in writing as nearly as possible in the annexed Form A.

Local enquiry.

7. The Collector shall either make a local enquiry himself, or cause one to be made by a Relief Circle Officer or Superintendent of Relief, for the purpose of ascertaining the particulars mentioned on the reverse of Form A.

Security.

8. (*a*) When the applicant's interest in the land on which the work is to be executed is sufficient to cover the loan, no collateral security need be required. (*b*) When the sureties are a body of village residents who bind themselves jointly and severally as provided in section 9 of the Act, their personal security shall be sufficient. (*c*) In all cases not covered by clause (*a*) or clause (*b*) of this rule, immoveable property shall be hypothecated by the applicant as collateral security.

Procedure.

9. If the proposed work is approved by the Collector and the security offered is good and sufficient, he may, on completion of the local enquiry, sanction the loan himself, if empowered to do so. Otherwise he shall forward the application with his report to his superior officer for disposal.

Certificate.

10. If the loan be sanctioned the applicant shall be required to sign a certificate in the annexed Form B, and when his interest in the land on which the work is to be executed is not sufficient to cover the loan, to execute, together with his sureties, if any, a bond in the annexed Form C or Form D, as the case may be.

Payment where to be made.

11. On the certificate required under rule 10 being signed, a copy of it shall be given to the applicant, with orders for payment at the District or Subdivisional Treasury or at the office of the Superintendent of Relief, as may be convenient to him; provided that payment of the advance shall

in all cases be made in such instalments as the Collector may determine, and that after the payment of the first instalment no subsequent instalment shall be paid until the Superintendent of Relief is satisfied that the previous instalment has been expended on the work for which it was given.

12. No interest shall be charged.

Repayment.

13. The loan shall be repaid in instalments. The first instalment shall be paid on or before the last day of February 1898. The subsequent repayments shall be made in equal half-yearly instalments till the debt is discharged in five years from the last day of February 1898.

Suspension of instalments.

15. Instalments may be suspended by order and at the discretion of the Collector on proof of failure of crops or other exceptional calamity. The Collector shall report the suspension through the Commissioner to the Board, who shall pass such orders on the case as may seem proper.

Inspection.

16. The Collector shall make provision for the inspection from time to time of works undertaken under these rules, and if after any inspection it is found that any instalment of the advance has not been spent properly, no further instalments of the advance shall be paid.

Misapplication of loan.

17. If at any time it is proved to the satisfaction of the Collector that any part of the loan has been misapplied, or that it is not being spent on the work for which it was intended, he may, after recording in writing the grounds of his decision, and subject to the control of the superior revenue authorities, proceed to recover the whole amount of the loan, with interest at the rate of 12 per cent. per annum from the date on which the loan was made to the date of recovery.

18. If the work for which the loan is made is carried out to the satisfaction of the Collector and in accordance with the conditions imposed by these rules, one-third of the loan will be remitted.

Irrecoverable balance.

19. When any portion of a loan made under these rules is found to be irrecoverable, a special report shall be made to the Board.

Returns and registers.

20. The Board shall regulate the forms of all returns, registers, and accounts relating to loans under these rules.

Form A of application.

[See rule 6.]

Name, residence, &c., of applicant.	Amount of loan required.	Nature of security, whether personal or otherwise.	Nature of proposed work.	Situation of the land on which the work is to be executed.	Applicant's rights in the land.	Dates of repayment (to be filled up in the Collector's office).
1	2	3	4	5	6	7

Applicant's signature.

(Reverse of Form A.)

Particulars to be filled in by Inspecting Officer.

I.—Mehal, field number, area of land on which work is to be executed.

II.—Status of applicant, *i.e.*, proprietor or tenant. If a tenant, and the landlord's consent is required, whether the landlord objects.

III.—Security—

(1) If the land itself, the value of the applicant's interest in it.

(2) If personal, the names and status of the co-sureties.

(3) If property other than the land itself, its nature, value, and extent of pre-existing encumbrances, if any.

IV.—The work—

(1) Its estimated utility and value.

(2) Objections, if any, of third parties.

V.—Dates on which the instalments of the loan should be received by the applicant.

Recommendations of Inspecting Officer.

N.B.—Where a record of rights has been made, it will be sufficient to refer to the applicant's co-sureties interests as entered in the record of rights.

FORM B.

(See rule 10.)

CERTIFICATE GRANTED UNDER THE LAND IMPROVEMENT LOANS ACT, 1883.

son of *of*

1. ON production of this certificate the aforesaid is entitled to receive from the Collector of the following sums, on the dates noted against them, as a loan to be expended on (here describe clearly the nature of the work).

Date	Amount.
"	"
&c.	&c.
"	"

2. The conditions relating to the making and repayment of this loan are as follows :—

(*a*).—That it shall be repayable on the dates and by the amounts specified below :—

Date	Amount.
"	"
"	"

(*b*) —That it shall be applied solely to the carrying out of the work specified above in such manner as may be approved by the Collector, and that if it shall be proved to the satisfaction of the Collector that any part of the loan has been misapplied, or is not being spent on the work, the whole amount of the loan shall be deemed to at once become due.

(*c*).—That unless the wages paid on the work above specified are neither less than the minimum nor more than the maximum wage fixed by the Collector in accordance with the provisions of the Bengal Famine Code, and (here enter any conditions as to the period or periods appointed for completing the work) the work has been completed by (date) the loan shall be held to have been misapplied.

(*d*).—That for the repayment of the loan the immoveable property specified in the margin is, in addition to the land on which the work is to be carried out, hypothecated to Government.

This clause is to be used only when needed.

(*e*).—That if any instalment is not paid on the due date, the whole amount of the loan shall be deemed to at once become due.

(*f*).—That if the work is carried out to the satisfaction of the Collector, one-third of the loan will be remitted.

Signature of Collector.

I have understood and agreed to the aforesaid terms and conditions.

Signature of the applicant.

FORM C.

[See rule 10.]

Security Bond to be used when Applicant proffers Personal Security.

WHEREAS has on received from the Collector of a certificate under the Land Improvement Loans Act, 1883, in virtue of which he is entitled to receive the aggregate sum of Rs. as a loan from Government, we hereby agree that if the said shall fail to comply with the terms on which the loan has been granted, either by misapplying the same or by failing to pay any instalment on the date fixed for its payment, we will be jointly and severally liable to Government for such sum not exceeding as may be necessary to make good the amount which in consequence of his default he may have become liable to pay.

FORM D.

[See rule 10.]

Hypothecation Bond to be used when immoveable property is proffered by Collateral Surety.

WHEREAS has on received from the Collector of a certificate under the Land Improvement Loans Act, 1883, of , in virtue of which he is entitled to receive the aggregate sum of Rs. as a loan from Government; and whereas security for the due application of the loan, and for the punctual repayment of the same, according to the terms of the certificate, is demanded from him, I hereby mortgage to Government the immoveable property mentioned in the schedule below as a collateral security, and agree that if he fails to comply with the terms on which the loan has been granted, either by misapplying the same or by failing to pay any instalment on the date fixed for its payment, it shall be lawful for the Collector to recover from the said property such sum as may be necessary to make good the amount which, in consequence of failure to comply with the conditions of the certificate, may be due from me.

H. H. RISLEY,
Secy. to the Govt. of Bengal.

DECLARATION.

No 5101M.—The 30th December 1896.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken up by Government at the expense of the Calcutta Municipality for a public purpose, viz. for an unfiltered pumping-station at Kalighat Bridge, it is hereby declared that for the above purpose a piece of land No. 33 Strand Road, in Kalighat, Dihi Punchannagram, district 24-Parganas, measuring more or less 5 cottahs, is required.

The boundaries of the land are as follows:—On the North partly by a public passage and partly by the remaining portion of No. 33 Strand Road; on the South by Government lands; on the East by the remaining portion of No. 33 Strand Road; and on the West partly by the remaining portion of No. 33 Strand Road, and partly by Tolly's Nullah.

This declaration is made under the provisions of section 6 of Act 1 of 1894 to all whom it may concern.

H. H. RISLEY,
Secy. to the Govt. of Bengal.

DECLARATION.

No. 16 Medl.—The 4th January 1897.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken up by Government at the expense of the District Board of Chittagong for a public purpose, viz. for the District Board's Dispensary at Satkania, in the village of Rupkania, thana Satkania, zilla Chittagong, it is hereby declared

that for the above purpose a piece of land measuring, more or less, 1 bigha 4 cottahs and 5 dhurs of standard measurement, is required. The land is bounded on the North by the bank slope of Rahamat Ali Bahadar's tank, on the South by the road towards the police-station, on the East by Fakir Mahammad Munshi's Road, and on the West by Nur Mahammad's tank.

This declaration is made, under the provisions of section 6 of Act I of 1894, to all whom it may concern.

H. H. RISLEY,
Secy. to the Govt. of Bengal.

DECLARATION.

No. 38M.—The 5th January 1897.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken up by Government at the expense of the Howrah Municipality, for a public purpose, viz., for widening a road in village Sibpur, in the town of Howrah, pargana Paikan, in the district of Hooghly, it is hereby declared that for the above purpose a piece of land, measuring more or less 1 cottah 9 chitaks of standard measurement, is required. The land is bounded on the North and East by the land of Hari Dasi Bewa, on the South by Hanumanta Ghát road, and on the West by Bharpara road.

This declaration is made, under the provisions of section 6 of Act I of 1894, to all whom it may concern.

H. H. RISLEY,
Secy. to the Govt. of Bengal

DECLARATION.

No. 53Med.—The 5th January 1897.—Whereas it appears to the Lieutenant-Governor of Bengal that land is needed to be taken up by Government at the expense of the Purnea Municipality for a public purpose, viz. for a Cottage Hospital for women at Madhopara in the civil station of Purnea, it is hereby declared that for the above purpose a piece of land measuring, more or less, 11 bighas 1 cottah and 14 chitaks by standard measurement, is required. The land is bounded on the north by the Government school compound, on the south by the Ganges and Darjeeling road, on the west by the Hospital Compound, and on the east by a municipal road which leads from the Line Bazar to the city main road.

This declaration is made, under the provisions of section 6 of Act I of 1894, to all whom it may concern.

H. H. RISLEY,
Secy. to the Govt. of Bengal.

Collector's Office, Puri, the 2nd October 1896. C. A. BELL, Offg. Collector.

Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estate situate in the district of Puri will be put up to sale at the Puri Collectorate on the 28th of April 1897, corresponding with 17th Bysack 1304 Umli :—

Conditions of Sale.

1st.—The estate to be sold to the highest bidder above the upset price which will be fixed by Collector at the time of sale. The purchaser of this estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him subject to the revenue fixed in perpetuity.

2nd.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or, if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser after issue of advertisement as in the case of original sale.

Chittagong Collectorate, the 16th December 1896.

J. D. ANDERSON, Collector.

NOTICE is hereby given, under sections 6 and 13, Act XI of 1859, that the undermentioned estates and shares of estates in the district of Muzaffarpur will be put up for sale at the office of the Collector of that district on the 8th January 1897, at midday, for arrears of revenue and other demands which by law are realisable as arrears of land revenue.

When in columns 5, 7, and 9 of the appended statement it is stated that only a share is to be sold, it is to be understood that a separate account is kept for that share, and that the other share or shares in the estate are excluded from the sale :—

Muzaffarpur Collector's Office, the 25th November 1896. L. HARE, Collector.

Advertisement of Sale.

NOTICE is hereby given that the right of Government, as specified in the conditions of sale below, to the undermentioned lands, situate in the district of Bankura, will be put up to sale at the Bankura Collectorate on the 15th February 1897, corresponding with 5th Falgoon 1303 B.S.

The purchasers will be subject to the following conditions of sale :—

Conditions of Sale.

1st.—The estate to be sold to the highest bidder above the upset price. The purchaser of these lands will be considered as the holder of the tenure, and the entire Jamai Panchaki and rent-free rights of Government in such tenure will be transferred to him.

2nd.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and the purchasers to be bound to respect the rights of the resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceeds Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or, if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser after issue of advertisement, as in the case of original sale.

Patna Collectorate, the 18th December 1896.

ILLEGIBLE, for Collector.

Advertisement of Sale.

NOTICE is hereby given that the right and interest of Government, as specified in the conditions of sale below to the undermentioned property situate in the district of Bankura, will be put up to sale on the spot by the Sub-Deputy Collector of Vishnupur on the 23rd January 1897, corresponding with the 11th Magh 1303 B.S.

The purchasers will be subject to the following conditions of sale:—

Conditions of Sale.

1st.—The property to be sold to the highest bidder above the upset price, which will be fixed by the Sub-Deputy Collector at the time of the sale. The purchaser of the property will be considered to have acquired the right and title of Government in the property, and they will be transferred to him, subject to the rent fixed in perpetuity.

2nd.—The sale to be subject to existing leases and to the rights conferred by settlement proceedings and by the laws in force.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance is not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or, if that day is a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the property to be again put up to sale at the risk of the defaulting purchaser after issue of advertisement, as in the case of original sale.

Number on the district roll.	Description of property and pargana	Approximate area in acres.	Government revenue assessed.	REMARKS.

DABENDRA NATH MOOKERJEE, Subdivisional Officer.

Vishnupur Subdivisional Office, the 15th December 1896.

NOTICE is hereby given, under sections 6 and 13, Act XI of 1859, that the undermentioned estates and shares of estates in the district of Puri will be put up for sale at the office of the Collector of that district on the 11th of February 1896, at 12 noon, for arrears of revenue and other demands which by law are realisable as arrears of land revenue.

When in columns 5, 7 and 9 of the appended statement it is stated that only a share is to be sold, a separate account is kept for such share, and the other share or shares in the estate are excluded from the sale.

Notice

IS hereby given to all that the following stone-quarries, the property of Government in the subdivision of Rajmahal, district Sonthal Parganas, will be settled for one or more years from the 1st January 1897, by public auction The sale will be conducted at the Subdivisional Office, Rajmahal, on the 15th January 1897.

Conditions of sale.

1. Each quarry will be separately put up to sale, and will be sold at the upset price subject to the sanction of the Deputy Conservator of Forests, Sonthal Parganas.

2. The bidder in whose name each sale is closed, after acceptance of his bid by the officer conducting the sale, will be required to pay immediately one-fourth of the amount of his bid, and the balance within seven days from the date of receipt of the notice that the sale has been sanctioned by the Deputy Conservator of Forests, Sonthal Parganas. Failure will result in the cancelment of sale and re-sale of the quarry at the risk of the bidder.

3. The officer conducting the sale will not be bound to accept the highest bid; the power of accepting any kind must be reserved to him.

4. The approved bidders will be required to execute the counterpart of the lease within 15 days of the receipt of the notice that the sale has been sanctioned by the Deputy Conservator of Forests, Sonthal Parganas. Failure will result in the cancelment of the settlement and forfeiture of the amount of bid paid.

5. For any further particulars, apply to the Subdivisional Officer, Rajmahal, enclosing a court-fee stamp of one rupee.

Madras, Columbo, Straits Settlements, China and Japan.	13th ,,	Per A. Lloyd's str. *Daphne.*

* Although the date entered in column 2 is, as far as can be calculated, the latest safe date of posting for the next Mail Steamer, full allowance being made for the steamer being in advance of her published timing, Mails for the places mentioned in column 1 are despatched daily to Colombo, so that they may proceed by any steamer that has been unusually accelerated or retarded, or by any special opportunity that may be afforded by a steamer not belonging to one of the regular lines.

The letter-box for inland articles (including articles for Burma and Port Blair and for Ceylon by land route) will be cleared for the last time for articles without the late fee at 7-30 P.M. precisely, after which hour inland letters and papers fully prepaid and bearing an extra postage stamp of ½ anna will be received up to 8 P.M. and up to 8-45 P.M. with a late letter fee of one anna for the Chord Mail only.

On the day of despatch of the Mail for the Australasian Colonies *vid* Tuticorin, the letter-box for Foreign articles will be cleared for the last time for articles without the late fee at 8-30 P.M., and late letters and papers fully prepaid will be received up to 9 P.M.

On the day of despatch of the Mail for Europe, the letter-box for Foreign articles will be cleared for the last time for articles without the late fee at 9 P.M., and late letters and papers fully prepaid will be received up to 9-30 P.M. On other days the letter-box for Foreign articles will be cleared for the last time for articles without the late fee at 7-30 P.M., and late letters and papers will be received up to 9 P.M. for despatch by any Foreign Mails despatched the same night. The late fee for Foreign articles is 4 annas, which must be prepaid in stamps affixed to the articles.

Copies are to be had at the Office of the Director of Public Instruction.

The Indian Law Reports.

Published under Authority.

THE Indian Law Reports, published under the authority of the Governor-General in Council, appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and comprise four series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt, and the Madras, Bombay, and Allahabad Series are distributed direct from Madras, Bombay, and Allahabad respectively.

In supersession of the previous advertisements, on and from the 1st January 1889 the terms of subscription and sale will be as follows for current issues as well as for back numbers of the Reports from 1876:—

Terms of subscription payable annually in advance.

For the complete series *including postage*, Rs. 22-8.

	Without postage.	With postage

Obtainable at the Bengal Secretariat Book Depôt, Writers Buildings, Calcutta.

Remittances to be forwarded to the Accountant and Treasurer, Bengal Secretariat, Writers' Buildings, Calcutta.

All the wanting parts of the INDIAN LAW REPORTS (complete series) having now been reprinted, the complete Reports from 1876 to 1893 may be purchased for all the years, or for any particular year, on application to the Officer in charge of the Bengal Secretariat Book Depot.

The subscription, Rs. 22-8 per annum, should be remitted in advance to the Accountant and Treasurer, Bengal Secretariat.

Notice.

IT is hereby notified, for general information, that subscription to the complete series of the Indian Law Reports should be registered during the first three months of each calendar year. Subscribers are therefore requested to send in their subscriptions of the complete series before the 31st March in each year. Those who register their names after that date will understand that copies will be supplied only if available.

THE following Weather Reports of the Bengal Meteorological Department, issued by orders of the Government of Bengal, can be supplied to the public at the prices annexed:

1st.—Bay of Bengal Daily Weather Report, giving meteorological observations taken at 28 stations on or near the coast of the Bay, with a chart and summary. This is published in connection with the Bay of Bengal Storm Signal Service. The report giving 8 A.M. observations of the day is distributed by noon in Calcutta soon after 11 A.M. Price to subscribers in Calcutta Rs. 2 per mensem, payable in advance up to 20th April 1897.

This report will be issued every year from 1st November to 30th April. From 1st May again the Bay of Bengal and Bengal Report containing observations taken at 64 stations will be issued.

2nd.—A Monthly Statement of Meteorological Observations taken at 49 observing stations, and of rainfall recorded at 327 subdivisional and other stations, together with summaries of the more important features of the meteorology of the past month of the province, and of the distribution of the rainfall and its variation from the normal. Price of the Monthly Summary Rs. 2 per annum, payable in advance.

Subscriptions payable to the Meteorological Reporter to the Government of Bengal, 5, Russell Street, Calcutta, for the Bay of Bengal Daily Weather Report, and to the Accountant and Treasurer, Bengal Secretariat, for the Monthly Report.

C. LITTLE,

Meteorological Reporter to the Govt. of Bengal.

Notice.

NOTICE is hereby given that the terms for the purchase of publications from the Bengal Secretariat Book Depôt except for Government offices or offices under the control of Government Officers are strictly cash, and on no other terms will any publication be supplied, or advertisement, notice, &c, inserted in either of the Gazettes.

In the case of insolvency notices, cash must be sent with such notices when forwarded by Mofussil courts or offices and for those frowarded by the Official Assignee cash must be paid on presentation of memorandum of cost by the Accountant and Treasurer, Bengal Secretariat.

Remittances in postage stamps should be accompanied by an addition of one anna in the rupee on account of discount.

☞ Applications for Acts of the Bengal Legislative Council required on the public service should be addressed to the REGISTRAR, Office of the Legislative Department, Government of Bengal.

Copies are available for purchase at the Bengal Secretariat Book Depôt.

Notice.

The 29th March 1886.—The subscription to, and postage for the *Calcutta Gazette* will henceforth be at the following rates, payable in advance:—

Ditto. Urdu version. Royal 8vo., stiff boards. 6*a.*

A Dictionary of the Economic Products of India

BY DR. GEO. WATT, C.I.E.,

Reporter on Economic Products.

The first five volumes and Vol. VI, Parts I, II, III & IV of the Dictionary are now ready at the Office of Superintendent of Government Printing, No. 8, Hastings Street, Calcutta, and will be supplied to non subscribers on receipt of the price for the complete set, which is Rs. 45 in India, and 3 guineas in England (exclusive of the Index, for which a separate charge will be made): packing and postage, in India, 8 annas per volume; for England, Rs. 2-6 per volume. For copies bound in half calf or half morocco, Rs. 6 and 8 shillings, respectively, will be charged extra for the whole set.

The Dictionary is intended to deal with the products of India—animal, vegetable, and mineral; each product being treated after a uniform plan, the paragraphs of which give the scientific, vernacular, and European names; habitat or source; history; properties and uses (both chemical and industrial); trade statistics; markets, &c. The work is arranged alphabetically according to scientific nomenclature, but commercial and important vernacular names are also given as cross-references, so that little difficulty need be experienced in finding the account of a product even when its scientific name is unknown to the reader.

An important feature of the Dictionary consists in the fact that derived information is in every instance given under quotation marks, and with a reference to the original publication. Numerous contributors have, however, furnished the results of new discoveries and confirmed the vernacular names, so that the Dictionary is not only a complete compilation of published information, but has been brought abreast of the most recent inventions and discoveries.

Volume I contains the letters A and B, and consists of 559 royal octavo pages; Vol. II embraces the letter C in 689 pages; Vol. III contains the letters D, E, F and half of G.; Vol IV latter half of G to middle of L; and Vol. V contains the latter half of L to end of O; Vol. VI (which will consist of four parts), Part I, contains letters P to R. The whole work will, it is expected, be completed in nine volumes (including Parts II to IV of Vol. VI) during the current year; but a tenth volume may also be issued, consisting of an Index to all the vernacular and other names contained in the Dictionary. The Index will practically be a Glossary of the vernacular and European names of the plants, animals and minerals of India, and as such will be a work of reference, which, it is hoped, may prove of considerable value.

Technical Art Series published up to 1894, together with their explanatory Text—

1886-87, 6 plates with text. Re. 1-8 a set (4*a.*)
1888-89, 18 plates with text. Rs. 4-8 a set (8*a.*)

PART IV.

Bills of the Bengal Council.

GOVERNMENT OF BENGAL.

LEGISLATIVE DEPARTMENT.

No I of 1897.

THE following Bill was introduced and read in the Council of the Lieutenant-Governor of Bengal at a meeting held for the purpose of making Laws and Regulations on the 2nd January, 1897, and is hereby published, together with the statement of Objects and Reasons, for general information:—

A Bill to enlarge the scope of the Charitable Trust created by the Will of the late Mrs. Sally Murray.

WHEREAS the late Mrs. Sally Murray, of Calcutta, widow of Daniel Murray, deceased, by her last Will and Testament, executed on the 5th day of November, 1844, *inter alia* created a Charitable Trust in the following terms, namely:—

"I direct my said Trustees, so soon as they shall receive the proceeds of any of the said three several houses, to pay over the same and the residue of my estate then remaining in their hands to the Wardens or Warden for the time being of St. John's Cathedral in Calcutta, and I declare that the receipts or receipt of such Wardens or Warden for the time being shall be good and sufficient discharges and releases or discharge or release to the said Trustees for the moneys therein respectively mentioned.

"I request the said Wardens or Warden to pay and apply the moneys received by them or him under this my Will in obtaining the release from custody of persons deserving of or fit objects of charity and commiseration who may from time to time be imprisoned in the great Jail of Calcutta for debt;"

AND WHEREAS St John's Cathedral ceased to be a Cathedral in the year 1847, and the moneys constituting the said Trust were made over to the Wardens of St John's Church, Calcutta, in or about the year 1861 and are now, together with interest which has accumulated thereon, vested in the said Wardens;

AND WHEREAS recent legislation, especially the Debtors Act, 1888, passed by the Governor-General of India in Council, has so altered the position of deserving and unfortunate debtors that there is now, and has for some years past been, a practical failure of the object of the said Trust;

VI of 1888.

AND WHEREAS it is expedient that the intention of the author of the said Trust should be carried out, as far as is, under existing circumstances, possible, by enlarging the scope of the Trust so as to include deserving poor persons in Calcutta who are not undergoing imprisonment for debt;

It is hereby enacted as follows:—

Short title and commencement.

1. (*1*) This Act may be called the Murray Trust Act, 1897; and

(*2*) It shall come into force on the day on which it is first published in the Calcutta Gazette with the assent of the Governor-General thereto.

Administration of the Murray Charitable Trust.

2. All moneys which now are, or hereafter may be, vested in the Church Wardens of St. John's Church, Calcutta, in pursuance of the Trust cited in the preamble to this Act, shall be held and applied by the said Wardens and their successors in the office of Warden of the said Church upon the following trusts, that is to say:—

(1) to obtain the release from custody of persons deserving of or fit objects of charity and commiseration who may from time to time be imprisoned in the Calcutta jail for debt;

(2) if at any time there be no such persons as aforesaid, or after the release of all such persons has been so obtained, to afford, to deserving persons who are discharged from the Calcutta jail after undergoing a term of imprisonment imposed for a criminal offence, such assistance as the Church Wardens for the time being may consider requisite to enable them to earn their living honestly; and

(3) after such assistance as aforesaid has been afforded, to afford relief to the deserving poor of Calcutta.

STATEMENT OF OBJECTS AND REASONS.

THIS Bill has been prepared at the suggestion of the Church Wardens of St. John's Church, Calcutta, who desire to obtain legal power to distribute in charity certain moneys which have accumulated in their hands under the Will of the late Mrs. Sally Murray, and for which there are now, in consequence of the passing of the Debtors Act, VI of 1888, few if any claimants of the class which the testatrix desired to benefit, namely, deserving persons imprisoned for debt in Calcutta. The Trust Fund now amounts to some Rs. 50,000, and yields an annual income of about Rs. 1,750.

It is proposed to authorise the Trustrees to employ the trust moneys in assisting deserving prisoners on their discharge from the criminal wards of the Calcutta Jail; and in relieving the deserving poor of Calcutta, after meeting the prior claims of any persons whom there may be of the class which the testatrix intended to benefit.

The Trustees have agreed to apply for an order vesting the trust moneys in the Treasurer of Charitable Endowments, they retaining the administration of the Fund.

M. FINUCANE.

APPENDIX TO

The Calcutta Gazette.

WEDNESDAY, JANUARY 6, 1897.

NOTICES TO MARINERS.

GOVERNMENT OF BENGAL—MARINE DEPARTMENT.

NOTICE TO MARINERS—No. 1.

[First Publication.]

INDIA, SOUTH—CEYLON COAST.

A sunken vessel off Chilaw.

THE Master Attendant, Colombo, has given notice, dated 8th December 1896, that information has been received that a vessel lies sunk in 8 fathoms of water about eight miles west of Chilaw. The foremast head, painted white, of the vessel is visible above water.

B. P. CREAGH, *Comdr.*, R.I.M.,
Port Officer of Calcutta.

Published for general information.

Under-Secretary, Marine Department.

CALCUTTA, *the 4th January 1897.*

GOVERNMENT OF BENGAL—MARINE DEPARTMENT.

NOTICE TO MARINERS—No. 2.

[First Publication.]

NEW ZEALAND, NORTH ISLAND—KAIPARA HARBOUR.

Decreased depth on bar.

THE British Admiralty has given notice (No. 687 of 1896) that on the bar of Galatea channel, entrance to Kaipara harbour, with the leading beacons in line, and at a distance of 8½ to 4 miles seaward of North Sand spit, the depth had decreased to 4¾ fathoms at low water; also that about a cable westward of that position the depth has decreased to 2 fathoms over which the sea breaks in ordinary bad weather.

NOTE.—Vessels are recommended to keep southward of the beacons in line when crossing the bar of Galatea channel, and to pay strict attention to the Semaphore signals.

Approximate position, bar, lat. 36° 27½′ S., long. 174° 1′ E.

B. P. CREAGH, *Comdr.*, R.I.M.,
Port Officer of Calcutta.

Published for general information.

NOTICE TO MARINERS—No. 4

[First Publication.]

JAPAN, SOUTH-EAST COAST—BAYONNAISE ISLAND.

Breakers northward of the island.

THE British Admiralty has given notice (No. 703 of 1896) that information has been received that the Master of the ship *Lindisfarne* reports that, on 17th August 1896, with a moderate south-east wind, and a long and high south-south-west swell, he observed the sea breaking heavily, apparently on a small rock, in a position with Bayonnaise bearing about South, distant 8 miles.

Approximate position, lat. 32° 3′ N., long. 139° 54′ E.

The symbol for a rock, with less than 6 feet water on it, has been placed in the above position on the Admiralty Chart.

CHINA SEA.

Banka strait—Alterations in buoyage.

THE British Admiralty has given Notice (No. 678 of 1896) that the undermentioned alterations have been made in the buoyage of Banka strait, to bring it into accordance with the uniform system of buoyage adopted in the fairways of the Netherlands East Indies:—

1. The buoy marking Kalian ledge has been replaced by a *can* buoy, painted black and surmounted by a truncated cone, moored on the west side of the ledge.
   Approximate position, lat. 2° 4′ S., long. 105° 7½′ E.
2. The buoy marking the shoal at the north-west end of Nemesis bank has been replaced by a *spherical* buoy, painted red and black in horizontal stripes, and surmounted by an upright cross.
   Approximate position, lat. 2° 52½′ S., long. 105° 59½′ E.
3. The two buoys marking the eastern side of Stanton channel have been replaced by two *can* buoys, painted black, each surmounted by a truncated cone.
   Approximate position, south-east buoy, lat. 3° 1½′ S, long 106° 19′ E.
4. The two buoys marking Round shoal and Merapi, Lucipara passage, have been replaced by two *can* buoys, painted black, each surmounted by a truncated cone.
   Approximate position, Round shoal buoy, lat. 3° 7½′ S.; long. 106° 6½′ E.
5. The topmark of the buoy (red *nun*) marking Frederick Henry rocks, northern entrance to Banka strait, has been altered to a ball.

CHINA SEA—GASPAR STRAIT.

Cheruchup bay—Rocks near Karang Baka.

WITH reference to Notice to Mariners No. 172, dated 1st September 1896, on a rock (Sri Billitong) northward of Karang Baka, issued by this office, the British Admiralty has given further notice that an examination has recently been made of the locality with the undermentioned result:—

1. Sri Billitong rock has a depth of 2 fathoms on it at low water springs, and is situated about three-quarters of a mile northward of its reported position, or with Kalmoa beacon, entrance to Cheruchup river, bearing S. 36° E., distant $6\frac{7}{10}$ miles; and northern extreme of Tanjong Bienga N. 52° E.
   Approximate position, lat. 2° 39′ 10″ S., long. 107° 33′ 30″ E.

2. A coral rock, with a depth of 2½ fathoms on it at low water springs, was found west-south-westward of Karang Baka, in a position with Kalmoa beacon bearing S. 57° E., distant 5 miles; and Kelmanbang summit S. 6° W.

The black *nun* buoy, surmounted by a ball, previously moored on the south-west side of Karang Baka, has been moved to the south-west side of this rock.

3. A small coral rock, with a depth of 4½ fathoms on it at low water springs, was found midway between the rock (2) and Karang Baka.

Mahommed Ghul—Sunken rock in Raweiya anchorage.

THE British Admiralty has given notice (No. 684 of 1896) of the existence of a rock, with a depth of 25 feet on it at low water and 6 fathoms close around, situated on the east side of Raweiya anchorage in a position with the western point of Engineer island bearing about S.E. ½ E., distant $1\frac{4}{10}$ miles, and Mahommed Ghul flagstaff W. by S. ½ S.

Approximate position, lat. 20° 55′ 5″ N., long. 37° 12′ 30″ E.

A rock marked 4 fathoms has been placed in the above position on the Admiralty Chart, with *P.D.* against it, as the survey on which the chart is based is only a rough one.

Shoal spot reported southward of Timpson point.

THE British Admiralty has given notice (No. 685 of 1896) that the Master of the steam-vessel *Transvaal* reports having touched (8h. 30m. A.M., 6th October 1896) on a shoal spot, with a depth of 2½ fathoms on it at low water, and 3 fathoms around, situated in a position with Timpson point (Shefina island) beacon bearing N. 9° E., distant nearly $2\frac{8}{10}$ miles; and south extreme Reuben point N. 71° W.

Approximate position, lat. 25° 58′ 40″ S., long. 32° 42′ 10″ E.

H.M.S. *Blonde* afterwards ran a line of soundings over this spot, with Reuben point on the bearing given above, and obtained nothing less than 3 fathoms of water; but as the shoal is said to be a narrow ridge, it is very probable it will only be found after a close examination.

Port Adelaide river—Erection of new beacons.

WITH reference to Notice to Mariners, No. 188, dated 15th September 1896, issued by this office, the President, Marine Board, Port Adelaide, has given further notice (No. 5 of 1896) that pursuant to Notice to Mariners, No. 3 of 1896, in connection with the scheme for lighting the river by electricity, that the new beacon referred to therein has been erected on the edge of the deep-water cutting, about 600 feet in a north-easterly direction from the site of No. 10 light beacon. A white light is now shown from the new beacon, and that on No. 10 beacon, which has been removed, discontinued.

A new beacon is being erected between Nos. 10 and 11 beacons, near the position of the red perch buoy, and opposite the red pile beacon with diamond-shaped head. During the erection of this beacon a white riding light will be exhibited from a barge moored alongside of the structure.

Charts affected, Nos. 2389 A and B, plan 1750.

Amended particular of Tannadice rock.

THE British Admiralty has given notice (No. 666 of 1896), with reference to Notice to Mariners, No. 320 of 1892, and previous Notices, on Tannadice rock, originally reported by the Master of the steam-vessel *Tannadice* in 1883, that an examination of the locality has recently been made by Lieutenant and Commander W. V. Howard, H.M. Surveying Vessel *Dart*, with the undermentioned result:—

Tannadice rock has a least depth of 5 feet on it at low water ordinary springs, and is steep-to on its northern side; whilst in a S.E. direction, a coral shoal, 4 cables broad, with depths of 3 to 7 fathoms on it and 10 to 16 fathoms close around, stretches from the rock for a distance of 6½ cables.

From the rock, Restoration island, eastward of cape Weymouth, bears N. 59° W., distant 4¼ miles; and south extreme Lloyd island S. 38° W.

Approximate position, lat. 12° 39′ 50″ S., long. 143° 31′ 15″ E.

(2) *Extension of shoal ground northward of Cape Direction.*

Also, that Lansdown reef extends nearly a mile further northward than previously shown on the charts:—

From its northern extreme, where the depth is 2 fathoms, with 9 to 10 fathoms close to the northward, cape Direction summit (500) bears S. 12° W., distant 4 miles; and Wye (y) reef beacon S. 85° E.

From the northern extreme, the eastern edge of the reef trends S. 42° E., for a distance of 6 cables; and then S. 31° E. for a distance of 1½ miles.

Approximate position, northern extreme Lansdown-reef, lat. 12° 48′ 10″ S., long. 143° 33′ 25″ E.

Shoals reported near Thistle Island.

THE British Admiralty has given notice (No. 670 of 1896) that information has been received from Captain F. W. Fisher, H.M.S. *Orlando*, dated 1st October 1896, that a fisherman at Port Lincoln has reported that he often fishes on the undermentioned dangers, which only break in southerly gales:—

1. A shoal, with a depth of about 12 feet on it, situated about S.S.E., distant 2½ miles, from Dangerous reef, or approximately in lat. 34° 51½′ S., long. 136° 13½′ E.
2. A shoal with a depth of about 4 fathoms on it, situated about S.S.E., distant 2 miles, from Hopkins island, or approximately in lat. 35° 0′ S, long. 136° 4½′ E.

Both these shoals have been marked *P.D.* on the Admiralty Charts.

RESOLUTION ON THE ANNUAL GENERAL ADMINISTRATION REPORT OF THE RAJSHAHI DIVISION FOR THE YEAR 1895-96.

GENERAL DEPARTMENT.—MISCELLANEOUS.

Calcutta, the 5th January 1897.

RESOLUTION—No. 61.

READ—

The Annual Administration Report of the Rajshahi Division for the year 1895-96.

The Report was received on the 10th July 1896. Mr. Nolan, who held charge of the Division throughout the year, observes that in all the districts, except Darjeeling and Bogra, the continuity of administration was much broken by changes of charge. There were many changes also in the charge of the subdivisions, except at Nator, Naugaon and Thakurgaon, each of which subdivisions was in charge of a single officer throughout the year. In Rajshahi four District Superintendents of Police officiated successively during the year, and in Dinajpur three.

2. *Tours and Inspections.*—The Commissioner was 128 days on tour, exclusive of the time spent by him at Darjeeling, and visited the head-quarters of seven districts and of two Native States, but was unable to visit the subdivisions of Kurigram, Naugaon, Nator, Nilphamari, Gaibanda and Thakurgaon. During his tour, which was carefully planned and useful, Mr. Nolan discovered and rectified errors in the methods of carrying out the smaller settlements, abuses in partition proceedings, and defects in the administration of criminal justice.

being 1·2 as against 10·8 in 1894; but at Nilphamari and Gaibanda in the Rangpur district the percentages of detentions are exceedingly high, and require explanation. The Commissioner is undoubtedly right in holding that the prompt administration of criminal justice depends almost entirely on the control exercised by the District Magistrate. The percentage of sessions cases resulting in conviction to total cases disposed of was 63·4 against 68·4 in 1894. It was highest in Darjeeling (81·2) and lowest (37·5) in Dinajpur.

10. *Land Revenue.*—The current demand on account of land revenue was Rs. 51,84,825, against Rs. 51,75,095 in 1894-95. The total current and arrear demand was Rs. 52,49,238, and out of this Rs. 51,68,481, or 98·46 per cent., were collected, and Rs. 5,262 remitted, leaving an outstanding balance at end of the year of Rs. 75,485, against Rs. 61,276 in the previous year. The percentage of collections of current land revenue on current demand in permanently-settled estates was above the standard of 99 per cent., except in Darjeeling, where the low percentage is nominal. In each district, the whole outstanding arrears of these estates were collected.

The following statement shows the percentage of collections in temporarily-settled estates and estates the property of Government:—

	Temporarily-settled estates.	Khas mahals.
Standard of collection ...	95 per cent.	90 per cent.
Percentage of current collections on current demand in—	Percentage of collections.	Percentage of collections.
Rajshahi	99·18	92·69
Dinajpur	Nil	97·89
Jalpaiguri	99·74	87·32
Darjeeling	99·91	97·34
Rangpur	90·63	100·0
Bogra	Nil	87·29
Pabna	93·19	68·75
Divisional average ...	98·64	88·84

In temporarily-settled estates the percentage of collections fell below the standard in Rangpur and Pabna. The Lieutenant-Governor agrees with the Commissioner in thinking that greater regularity could be secured by care in the selection of settlement holders and by strictness in enforcing penalties. The short collections in estates managed directly are said to be due to (1) disputes incident to the progress of settlement and civil litigation, (2) diluvion and destruction of crops, (3) late harvests, and (4) refractory raiyats. The total current and arrear demand of Road and Public Works cesses was Rs. 10,43,931, of which Rs. 9,74,565, or 93·3 per cent., were collected, the standard of collection being 90 per cent. No advances were made under the Land Improvement Loans Act, though efforts were made to secure applications; and only very small sums were advanced under the Agriculturists' Loans Act. There was a satisfactory decrease in the number of certificates issued, but the number disposed of fell off very considerably as compared with that of the previous year.

The number of partition cases pending at the commencement of the year was 52 of which 39 were in the Rajshahi district alone. As to the method by which partitions have been conducted in this district, Mr. Nolan writes:—

"The land having been measured and classified by Government amins, the zamindars were called on to supply a table of rates, and on these a rental was recorded. Land-owners desiring to enhance naturally resorted to the partition procedure, which thus gave them a record of rights, as it may be called, showing the rental not as it is, or as it could be fixed according to law, but as they themselves desired it to be. The official character of the statement gave it a practical value, though it has none in the eyes of the law. The rent-roll obtained, the motive of the owners for seeking partition ceased to operate, and subsequent proceedings were allowed to draw themselves out to any length. The system was stopped after my last inspection."

11. *Wards' and Attached Estates.*—There were eight estates under the management of the Court of Wards. The current and arrear demand was Rs. 3,33,048, against Rs. 5,26,534 in the previous year. The collections were Rs. 2,84,948 and the remissions Rs. 9,919, leaving a balance of Rs. 2,38,181.

It is said that a large proportion of the sum shown as old arrears represents what was never really due. This matter should be enquired into and remissions made if necessary. The collections have been unsatisfactory, owing partly to a failure of crops, which was most marked in the Barind, and in Rangpur to bad management.

12. *Excise, Stamps, Income-tax.*—The total revenue realized under Excise was Rs. 10,73,235, showing an increase of Rs. 72,709, due principally to country spirits. Of this increase, Jalpaiguri and Darjeeling contributed, respectively, Rs. 26,415 and Rs. 17,913, under that head. Ganja and Bhang show an increase of Rs. 5,910, the remainder being accounted for by tari, pachwai, rum, etc. The incidence per head of population rose from 1 anna 11 pies to 2 annas 2 pies. There was a slight decrease of Rs. 49,140 in the stamp revenue, which amounted to Rs. 14,52,457. Income-tax shows an increase of 192 persons in the number assessed, the demand being Rs. 3,20,197, against Rs. 3,08,139. In all the districts the collections were above 98 per cent., the average collection of the division being 99·1. The average incidence of tax was Re. 1 to every 25 persons.

13. *Monetary arrangements.*—There was a decrease in the circulation of currency notes. The number of depositors in savings banks increased by 2,482 and the amount deposited by Rs. 1,59,793, which is distributed uniformly over the seven districts. Money-orders show also an increase both in issues and receipts.

14. *Railways and other Public Works.*—Six branch railway lines were surveyed during the year, namely, (1) Nator to Boalia in Rajshahi; (2) Panchbibi in Bogra, to Gaibanda and Kaliganj in Rangpur, (3) Saidpur to Titaliya through Dinajpur, (4) Malbazar to Hantupara in Jalpaiguri, (5) Lalmonirhat to Domohini in the Duars, (6) Torsa to Jainti. Certain feeder roads have been metalled; the road between Pabna and Sara was further improved and is now open for traffic throughout the year. There has been some improvement also in the steamer services. Private individuals spent Rs. 81,003 against Rs. 1,16,090 in 1894-95 on the construction and repair of tanks, wells, roads, and other works of public utility. The District Boards and Road Cess Committees spent Rs. 3,70,158, against Rs. 3,56,483 in the previous year, on original works and repairs. The total outlay on the construction and repairs of village roads was Rs. 28,889, and on arboriculture was Rs. 8,826.

15. *Education.*—There were 3,833 schools at the end of the year, one more than in 1894-95, with 113,710 pupils. Out of the total number of boys of a school-going age, only 18·4 per cent. were under instruction. The state of education in the Division is generally very backward, and the Lieutenant-Governor observes with regret that there was a falling off instead of an increase in the number of pupils, which is attributed to sickness at the end of the year. The total expenditure on education from all sources was Rs. 5,35,858, against Rs. 4,99,739 in the previous year. Out of this sum District Boards' funds contributed Rs. 1,27,703 and municipal funds Rs. 7,373, the total expenditure per head being Rs. 4-11-4.

16. *Dispensaries and Hospitals.*—There were 60 dispensaries against 54 in 1894. The reconstruction of the Shanadpur dispensary building in Pabna, which was burnt down in 1894, was completed during the year. Five new dispensaries were opened in Rajshahi and two in Bogra. A total number of 253,464 patients were treated, of whom 248,890 were out-patients. An expenditure of Rs. 90,159 was incurred against an income of Rs. 91,802, including the grants made by the several Municipalities and District Boards. The cost of diet for in-patients was two annas per head, the same as in the previous year. The ratio per cent. of the number of out-door patients to the whole population so far as can be ascertained was 3·1 against 3·0 in 1894.

17. *Local Self-Government Institutions.*—There were 11 municipalities with a total income of Rs. 3,59,232, plus Rs. 88,535, the opening balance, and an expenditure of Rs. 4,02,927, leaving a balance of Rs 44,840 at the end of the year. Darjeeling had the largest income (including the opening balance), Rs 2,03,365, and the next in importance was that of Jalpaiguri, with Rs. 44,864. The smallest income, Rs. 7,654, was that of Sherpur. It is observed that in each municipality some progress was made during the year towards improvement.

There are six District and ten Local Boards with 113 and 104 members, respectively. Out of a total number of 181 meetings 32 proved abortive for want of a quorum or were adjourned, the average attendance at each meeting being 7·8 and 4·4, respectively.

18. *Employment of Muhammadans.*—The number employed was 895 against 874 in 1894-95. Of those employed as ministerial officers and menial servants, the numbers rose from 155 and 714 to 158 and 732, respectively. As the Commissioner remarks, the number of Muhammadans employed is small considering the largeness of the Muhammadan population of the Division

19. *Zamindari Dâk, Fairs, Ferries and Pounds.*—The percentage of total collection on total demand on account of the zamindari dák was 95·7 against 97·9 of the preceding year. The decrease is due to a falling off in Dinajpur.

The Nekmard Fair, which is held on the borders of Dinajpur and Purnea, is the most important in the division, and is a great mart for the live-stock of Bihar, which, through it, finds a way to Eastern Bengal. In return the western districts receive elephants, buffaloes and money. Annual fairs are also held at Khetur in Rajshahi, Jalpesh and Falakata in Jalpaiguri, Darwana in Rangpur, and an agricultural show at Kalimpong in Darjeeling.

The number of ferries fell from 337 to 321, on account of a failure to obtain bids. The income derived was Rs. 1,14,124. A scheme for the use of platform boats is being introduced at the principal ferries, where the nature of the stream permits.

The number of pounds rose from 625 to 641, but the revenue fell by Rs. 16,123 to Rs. 76,333. The Government orders are said to have been adhered to as far as possible in the settlement of pounds with men of position and solvency.

20. *Social and Political Institutions.*—There are 31 of these institutions in the division which are said to be working steadily. There was no demonstration of popular sentiment during the year, and the relations between the Hindu and Muhammadan communities, on the whole, appear to have been satisfactory. It is reported that, so far as public opinion is directed to general political subjects, the guidance comes from places beyond the boundaries of the division, and in particular from Calcutta. Upon all political matters, the newspapers, of which there are nine, echo the well-known sentiments of those published in the metropolis.

21. *Conduct of zamindars.*—The disputes between rival zamindars and between landlord and tenant, which once characterized the division, are now less marked than formerly. It is, however, a matter for regret that the police receive little or no assistance from the local zamindars.

The Lieutenant-Governor thanks Mr. Nolan for his careful and efficient administration of the division and for his clear, concise and interesting report, from which extracts are published for general information.

By order of the Lieutenant-Governor of Bengal,

M. FINUCANE,

Secretary to the Govt. of Bengal.

Extracts from the Annual General Administration Report of the Rajshahi Division for the year 1895-96.

* * * *

III.—WEATHER AND CROPS.

(a) Weather.

10. The following table shows the rainfall of the year in the different districts :—

Districts.	Rainfall in inches.	
	Average of last two years 1893-94 and 1894-95.	1895-96.
1	2	3
Rajshahi	66 19	44·72
Dinajpur	77·8	57·27
Jalpaiguri	149·82	133·32
Darjeeling ...	125·26	118·28
Rangpur	72 01	65·89
Bogra	73·19	50·82
Pabna	71·11	45 34

It appears that the fall was below normal in all the districts. The deficiency was very considerable in Rajshahi, Dinajpur, Bogra and Pabna, especially in the last. The distribution of rain during the monsoon season was as follows :—

Month.	Rainfall in the Rajshahi Division.	
	Normal.	Actual in 1895-96.
1	2	3
May	8·42	8·74
June	17·61	8·53
July	16·89	21·22
August	14·95	15·69
September	13·33	12 77
October	4·57	1·40

It will be observed that the rainfall was deficient in October, and there was none of any consequence in the subsequent months. In July and August there were some injurious floods, particularly in Jalpaiguri.

(b) Crops.

11. The following table shows the outturn of the staple crops as estimated by the District Officers:—

Crop.	1895-96. Outturn in annas.
Rice ... { Autumn crop	13
Rice ... { Winter „	15
Jute	14·3
Tobacco	12·8
Sugarcane	13·4
Pulses	11·3
Silk	9·5
Tea	13·7

In previous reports I intimated that I distrusted such estimates, as the officers who supplied the materials were never able to rid themselves of the popular idea that sixteen annas means an ideal crop, and to adopt completely the official standard, according to which it indicates an average crop. This year, I believe, there has been an improvement in the use of the terms, owing to the persistency with which I have impressed on all concerned the ambiguity of the phrase. The crops seem to have been really below normal. In the *Barind*, especially, the chief and indeed the only harvest is the *ropa* or transplanted aman rice, which, it is reported, suffered a good deal from scanty rainfall, both at seed time and harvest time. In Rajshahi as a whole, and in Bogra, the outturn of rice was decidedly deficient; in Dinajpur alone it was stated to be above normal. All the minor crops, including jute, were somewhat short, silk being a decided failure.

IV.—PUBLIC HEALTH.

12. The following table shows the mortality of the year in the several districts of the Division as compared with the preceding year:—

Names of prevailing diseases or other causes.	Rajshahi.				Dinajpur.				Jalpaiguri.				Darjeeling.			
	Number of deaths reported.		Deaths per mille.		Number of deaths reported.		Deaths per mille.		Number of deaths reported.		Deaths per mille.		Number of deaths reported.		Deaths per mille.

* Revised figures.

In considering the returns, it is necessary to remember that the population is taken from the results obtained at the last census, without any allowance for the annual increase; also that there was originally a large margin of unreported deaths, which is being reduced as time goes on, by such measures as the recent appointment of chaukidars in the Terai, and for the Jalpaiguri Tea gardens, where there had been no such officers before. These causes produce a normal growth in the registered death rate, for which allowance has to be made. The results of the three last years are as follows, and they may be accounted for, at least in great part, by the considerations indicated, without assuming any real increase in mortality :—

Year.	Death-rate.
1893	32·88
1894	34·21
1895	35·19

These are the figures for the Division as a whole. In regard to the two parts into which it is naturally divided, there have been considerable fluctuations from year to year. For the present purpose, the districts of Darjeeling, Jalpaiguri, Rangpur and Dinajpur in the north must be distinguished from Rajshahi, Pabna and Bogra in the south. The former are affected by the vicinity of the Himalaya mountains; the latter by the junction in a low alluvial tract of the two greatest rivers in India. In 1893 the south suffered, while the north was exempt; in 1894 health was better in the south and worse in the north; and now, in regard to 1895, we find that the north has greatly improved, while the south has again deteriorated The officers of the districts which were this year the most favoured offer no explanation of the improvement, and none can be put forward with any certainty. Mr. Harris attributed the excessive mortality of Rangpur in 1894 to the rainfall in October and November, which was so great as to cause a flood; on this principle the improvement in 1895 may be connected with the unusually small rainfall in these two months. This I take to be a real connection; so far as the northern districts are concerned, my experience is to the effect that fever, and consequently mortality, varies directly with the rainfall of autumn. It is perfectly comprehensible that in a country abounding with thick, impenetrable jungle, the combination of stagnant water, decaying vegetation and great heat should engender or foster the malaria, which, in its most virulent form, is endemic in this tract. I observe that the improvement in 1895 was greatest where the jungle is most dense, that is to say, in the Darjeeling Terai, the death-rate there being 54·45 against 67·95 in 1894.

In the south, on the other hand, it would appear that a moderate autumn flood is desirable. In that region it comes from the purer waters of the Ganges and Brahmaputra; moreover there are few jungles where it can fester, and less inequality of soil to prevent its free passage. In reviewing the death-rate, which was 37·50 against 29·39 in 1894, Mr. Lea, Collector of Pabna, writes:—

"The increased number was due to fever and cholera, both of which prevailed in a more severe form during the year under report. There was a general outbreak of malarial fever in the whole district, due to the defective rainfall and the want of inundation and thorough washing out of the marshy places."

The highest death-rate was registered in Darjeeling, 37·59, and the lowest in Bogra, 30·63. I do not, however, attach much value to the comparison. The real rate will be over 40 everywhere, and the figures sent in, so far as they fall below this, indicate what number have been omitted. The failure in each district seems constant one year with another, and does not therefore materially affect comparisons as to the healthiness of successive seasons, when allowance is made for some slight and progressive improvement. But there is no such uniformity between different districts. As a rule, where mortality from fever is greatest, reporting is worst, the chaukidar, the panchayat, the station police officer, perhaps the District Superintendent of Police and the Magistrate, are more or less affected by malaria, and the results are not such as would be obtained from perfectly healthy men.

There was a considerable increase in the number of deaths from cholera, which rose from 10,973 to 16,296. The Western Districts, Dinajpur and

Rajshahi did not show any excess in this respect, but all the other five districts suffered greatly. The increase was proportionately largest in Jalpaiguri, where the deaths were 1,014 against 241 in 1894. The death-rate was highest in Pabna, 4·39 per cent. The Civil Surgeon of Bogra and District Magistrate of Pabna attribute the unusual prevalence of the disease to deficient rainfall. In Jalpaiguri I noticed that it seemed to come with travellers from the west, but assumed an epidemic form only in a particular tract in the east.

(a) Accidental and sudden deaths.

13. The figures showing total number of accidental and sudden deaths in 1895 were as follows:—

Districts.	Men.	Women.	Children.	Total.	Total for 1894.	Remarks.
1	2	3	4	5	6	7
Rajshahi	178	205	324	707	983	
Dinajpur	168	170	347	685	706	
Jalpaiguri	82	32	80	194	240	
Darjeeling	33	18	16	67	79	
Rangpur	196	196	312	704	607	
Bogra	76	115	225	416	421	
Pabna	121	162	299	582	755	
Total ...	854	898	1,603	3,355	3,791	

(b) Vaccine operations in the districts.

14. The following table shows statistics regarding vaccination in 1895-96 and the previous year in the several districts exclusive of the operations in the municipalities:—

Districts.	Number of thanas in which the operations were carried on.		Number of villages in which the operations were carried on.		Number of persons vaccinated.		Successful.		Unsuccessful.		Remarks.
	1894-95.	1895-96.	1894-95.	1895-96.	1894-95.	1895-96.	1894-95.	1895-96.	1894-95.	1895-96.	
1	2	3	4	5	6	7	8	9	10	11	
Rajshahi ...	13	13	2,000	2,075	43,170	36,266	42,988	36,184	182	82	
Dinajpur	16	16	4,217	4,590	51,736	44,256	51,251	44,451	312	257	148 unknown.
Jalpaiguri	8	8	(a)	(a)	16,090	18,905	15,820	18,014	867	981	
Darjeeling	4	4	No villages.		19,258	18,344	18,790	18,045	409	140	159 unknown.
Rangpur	16	16	1,751	1,674	55,474	48,884	55,294	44,665	180	216	
Bogra	9	9	1,284	1,210	22,811	21,314	22,715	20,837	50	421	56 ditto.
Pabna	8	8	1,044	1,009	44,055	31,547	43,614	30,887	441	600	
Total ...	74	74	10,296	10,558	253,200	220,206	250,517	217,086	2,441	2,757	363 unknown.

(a) The Civil Medical Officer has not furnished figures.

(c) Vaccine operations in municipalities.

15. The following table shows the statistics regarding vaccination in municipalities in 1895-96 and the previous year:—

Districts.	Name of Municipality.	Number of persons vaccinated.		Successful.		Unsuccessful.		Remarks.
		1894-95.	1895-96.	1894-95.	1895-96.	1894-95.	1895-96.	
1	2	3	4	5	6	7	8	9
Rajshahi	Rampur Boalia	1,720	781(a)	1,540	682	180	52	(a) 47 unknown.
	Nator	159	205	159	205	...	..	
Dinajpur	Dinajpur	573	579	509	316	64	63	
Jalpaiguri	Jalpaiguri	442	403	330	381	112	22	
Darjeeling	Darjeeling	2,172	1,633	2,007	1,575	165	58	
	Kurseong	1,210	509	1,048	421	162	17	71 unknown.
Rangpur	Rangpur	462	918	444	775	18	140	
Bogra	Bogra	280	150	203	133	13	10	7 unknown.
	Sherpur	221	94	197	77	14	13	4 ditto.
Pabna	Pabna	574	547	429	401	145	146	
	Sirajganj	1,020	1,130	923	800	97	276	
	Total ...	8,833	6,762	7,849	5,828	970	797	129 unknown.

The figures show a considerable falling off in the number of operations, which is partly due to the prevalence of malarial fever and cholera epidemic

in some parts of the country, and partly to the larger number of successful operations in previous years, leaving fewer cases for vaccination during the year of report. Out of 226,958 persons vaccinated in the Division, the operations were successful in 222,912, or 98·2 per cent. cases—a result which may be called a satisfactory one.

V.—MATERIAL CONDITION OF THE PEOPLE.

16. In my report for the year 1893-94, I described the normal condition of the people in the four natural tracts into which the Division must for this purpose be divided:—The Himalayan range on the north, with its temperate climate; the water-logged plain, or Terai, between the hills and the Barind uplands, unhealthy, but very fertile; the reclaimed jungles of the Barind itself; and the Gangetic low-lands of Pabna, with the greater part of Bogra and Rajshahi, where the residents enjoy a manner of life most agreeable to their tastes, but are overcrowded, and in the working classes less well-to-do. From the usual state of things there described there are deviations each season, regulated mainly by the abundance of the harvest, the price of rice, the rate of wages, and, what in a malarious country is most important, the healthiness or otherwise of the autumn. In the hills and what I have called the Terai (it comprehends a larger area than that usually designated by that term) the crops were almost up to the average, and public health was fair; I observe no great deviation in this part of the Division from its usual condition, which (except as regards sickness) is better than that of most parts of India. In the Gangetic tract the rice yield was inferior, health rather bad, and prices higher, causing a falling off in the general condition of the people. This is prominently mentioned by Mr. Bose, Collector of Rajshahi, who found that district in a worse state than that it enjoyed fifteen years ago, when he was stationed there last. It was not noticed by the District Officers of Pabna and Bogra, but I have no doubt that it affected their charges to some extent; they are new men in their present stations, and do not know the ordinary state of the country. The rise in silver wages, noticed in different places and trades from year to year, marks a slow adjustment to the diminished value of the rupee and the increase of prices; there has been no increase in the remuneration of labour calculated by a gold standard or in food, but rather a diminution.

VI.—EMIGRATION AND IMMIGRATION.

Emigration.

17. The only fact noticed under this head by the district officers is the recruitment of 537 men in Darjeeling for military services under Government. Those engaged come for the most part from beyond the frontier, and their enlistment here does not constitute emigration from this Division. There is also a slow movement of the cultivators towards Assam, but it escapes observation, and its extent can be ascertained only at the time of taking the decennial census. I commented on the subject in my report for the year 1893-94; since then no information has been obtained.

Immigration.

18. The coolies who worked the tea gardens of Darjeeling and the Duars come originally from Nepal, Chota Nagpur, and other places. Mr. Renny reckoned their number at 193,000 in Jalpaiguri; they cannot be less than 200,000* altogether. The supply from Chota Nagpur was unusually good this year, and the Deputy Commissioner of Jalpaiguri reports that every tea garden has more than a full supply. They come willingly to better themselves, and I observe that after experience of the work they are disposed to remain, or to return, if they have visited their homes. Little expense is incurred in bringing them; in the cases I have enquired about only their railway fare. In this respect the tea gardens of this Division possess a marked advantage over those of Assam. Hardly inferior in importance are the immigrants who come to reclaim waste land. On this point the Deputy Commissioner of Jalpaiguri writes:—

"Applications for leases of waste lands have been presented in hundreds, and the jungle is fast disappearing before the plough. It is impossible even to hazard an opinion as to what extent the population of the district has increased during the past twelve months, but that it has increased by thousands is quite evident."

The establishment of Nepalese as cultivators in the plains is a fact worthy of observation. Many of them are Brahmins, who come with their families, their herds and goats, appearing to be in circumstances by no means indigent, and very cheerful as to their prospects in the new land. In other districts the

* Only 81,131 are entered as employed, but there are dependents.

waste is for the most part land abandoned to jungle, because it had become too unhealthy for ordinary cultivators. The immigrants to it are Sonthals, who are less liable than others to malaria. The Collector of Dinajpur writes:—

"The Sonthals of the Rajmahal hills, Kols and Uraons of Chota Nagpur, and Nagas of the eastern hills, have been year by year migrating to this district. These people are good labourers and select jungly lands, which they get at a very low rate of rent, and which they soon convert into good arable land to the profit of the zamindars There have been many such settlements in the south of the district. In fact, one may say that the Sonthal is responsible for the reclamation of most of this district."

There is a great influx of up-country men for the cold season. They generally come from Saran and take employment as harvesters, thatchers, palki-bearers, road coolies, and so forth. The Collector of Dinajpur observes:—

"It is generally said that during the last two years there has been a serious check in this immigration. No satisfactory cause can be assigned for the decrease, but it appears to be a fact that the District Engineer can get no coolies, and that the issue of money-orders from this district has gone down. It is possible that the railway in Assam may have had something to do with our labour supply."

VII.—PRICES OF FOOD AND LABOUR.

(*a*) Prices of food.
(*b*) Prices of labour.

19. The price of common rice, which is the staple food-grain in the Division, ruled higher than in the previous year. The rise is observable in Rajshahi, Jalpaiguri, Bogra, and Pabna: in the first two districts the difference is below 2 seers per rupee, while in the last two it is 2 seers 4 chitaks and 2 seers 10 chitaks per rupee respectively. There is no marked variation in the other articles of food. The prices of labour remained stationary in all the districts except Rajshahi, Dinajpur, and Rangpur. In Rajshahi the wages of a common mason rose from 5 annas 4 pies to 6 annas, of a superior carpenter from 8 annas and 8 annas 6 pies to 10 annas, of a cooly woman from 2 annas 8 pies to 2 annas 9 pies, of boy from 1 anna 6 pies to 2 annas, of a superior blacksmith from 9 annas 3 pies to 10 annas, and of a common blacksmith from 5 annas 4 pies to 6 annas, while that of a common carpenter fell from 5 annas 4 pies to 5 annas. The wages of a common carpenter in Dinajpur show a slight increase from 5 annas 4 pies to 5 annas 6 pies. The enhancement is important in Rangpur, where the wages of the common mason rose from 5 annas 4 pies to 8 annas, of the cooly and *gharami* from 4 annas to 5 annas each, and of the superior blacksmith from 8 annas to 12 annas and 8 pies. The Collector of the district considers that the price of labour is gradually increasing.

VIII.—MANUFACTURES AND MINES.

(*a*) Manufactures

20. The manufactured articles used in this Division are for the most part imported, the equivalent being given in rice, jute, tea, and other agricultural products.

The production of indigo on a large scale is now limited to Rajshahi, there being also some petty manufacture of the dye in the districts of Rangpur and Dinajpur. The yield in the Division was 1,156 maunds, against 931 maunds in 1894 and 600 maunds in 1893. The increase is in great part due to the opening of 19 new works in Rangpur, raising the outturn there from 26½ to 168. I will ask the Collector to state what cause is assigned for this new development, as to which he affords no explanation.

Rajshahi is the only silk-producing district in the Division. Taking the figures of all the silk factories, with the exclusion of that of Serail, the statistics of which concern cannot be supplied, as the manager is away and the factory is closed for the present, the quantity of silk produced comes to 126,745 lbs., against 129,290 lbs. of the previous year, showing a decrease of 2,545 lbs.

There are jute presses in Jalpaiguri and Pabna. The outturn in the former district was 42,969 bales and in the latter 205,450 bales, exclusive of the Sirajganj jute mill which turned out 8,700 tons.

Endi cloth is manufactured in small quantities in the districts of Dinajpur, Jalpaiguri, Rangpur, and Bogra. It is a kind of coarse silk cloth used for home consumption. The *satranchies* are manufactured in Rangpur only. They are said to be in great demand throughout Bengal; they are very handsome and made of twisted cotton thread. As the *satranchies* are manufactured in a single village near the town of Rangpur in small quantities, the old artisans are gradually dying out, but are not replaced by their equals. Various kinds of cloth of fine and coarse texture are prepared by hand-looms in Pabna, but the imported cloth, which sells cheaper, are taking the place of the country-made cloth, and this has to a considerable extent affected the manufacture of

such cloth. Gunnies are prepared in almost all the districts of this Division and at the Sirajganj jute mill to an extensive scale, and are largely exported to Calcutta. Molasses are manufactured in all the districts. Sugar is made at Pauchagarh in Jalpaiguri. Brass and bell-metal utensils are prepared at Kalam and Boodpara within the Nator sub-division Pauchagarh, in Jalpaiguri, and in the district of Pabna. These articles are intended to meet local demands, rather than for export, and are not of a superior order. Panchupur and Kalam within the Nator sub-division are noted for earthen potteries. The only other manufacture deserving notice is mat-making, in which the mat-weavers of Chandrapur, Biaghat, Gurudaspur, and a few other places in the districts of Rajshahi are noted for their skill. *Sital-patis* and reed mats are manufactured to a great extent in Pabna. The manufacture of these is a very paying concern.

21. The number of tea gardens in the districts of Jalpaiguri and Darjeeling, the area under cultivation in acres, gross yield in pounds, and the average yield per acre from mature plants, are shown in the following table:—

Districts.	Number of gardens.			Area under cultivation in acres.						Gross yield in pounds.			Average yield per acre from mature plants.		
				Mature plants.			Immature plants.								
	1893.	1894.	1895.	1893.	1894.	1895.	1893.	1894.	1895.	1893.	1894.	1895.	1893.	1894.	1895.
1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16
Jalpaiguri	184	193	213	33,322	35,386	38,905	9,633	7,747	8,672	18,524,716	19,155,205	20,442,149	555·9	541·3	534·2
Darjeeling	184	177	186	54,308	53,368	44,554	5,304	16,670	4,138	11,145,074	11,313,492	26,729,742	205·2	211·9	(a) 599·9
Total	368	370	396	87,630	88,754	83,549	14,937	24,417	12,810	29,669,784	30,468,697	47,171,891	380·5	376·3	562·0

(a) Average yield per acre is more than double of that of the preceding year. No explanation is forthcoming.

The number of persons employed on tea gardens increased from 74,724 to 81,131, and the outturn from 30,468,697 lbs. to 47,171,891 lbs. The Darjeeling returns show a large decrease in area, but the figures seem to me unworthy of trust, and I am in correspondence with the Deputy Commissioner as to their correctness. In that district four applications were received for new grants, but as they referred to land not available for tea, and had therefore to be rejected, this indicates no promise of future reclamation. There were 65 applications in Jalpaiguri against 134 in the previous year; the latter number was exceptionally large, as land previously reserved for a Sonthal colony had been opened during the year for general cultivation. The season was characterised by an unusually abundant supply of the best class of labourers, those who come from Chota Nagpur. I am informed that labour on the Duars tea gardens is very popular in that Division, and the fact seems proved by the easy terms on which recruits are secured, as compared with the cost incurred by the planters of Assam.

22. The following statement shows the condition of cinchona cultivation in Darjeeling during the year of report and previous years:—

District.		Number of plants.			Gross yield in pounds.			Profit.		
		1893-94.	1894-95.	1895-96.	1893-94.	1894-95.	1895-96.	1893-94.	1894-95.	1895-96.
1		2	3	4	5	6	7	8	9	10
Darjeeling ...	Government plantation ...	4,426,000	3,927,500	3,807,200	425,010	500,534	467,190	Not available.		
	Private ditto ...	200,000	90,500	6,080	8,000	77,148	40,246			
	Total ...	4,626,000	4,018,000	3,813,280	433,010	577,682	507,436			

One of the private plantations has been closed; hence the marked decrease.

(*b*) Mines. 23. No mines were worked during the year.

During the year of report the proposal to grant a license to prospect for coal and limestone over four square miles of land lying along the Bhutan frontier in the Buxa Duar portion of the Jalpaiguri district to Messrs. Finlay, Muir and Company was sanctioned by Government. In Darjeeling a lease for a portion of the coal-field in the Daling sub-division of the Darjeeling district was granted to Messrs Octavious Steel and Company in 1893-94. Since the close of the year Government has sanctioned my proposal to grant a license to Messrs C. R. T. Denne and W. T. Carter to prospect and mine for coal in the khas land and forest situated between the Leesh and Tista rivers in the Darjeeling district.

Mr. S. J. Shillingford of Chunabhati Tea Estate, Jalpaiguri, has applied for permission to work a lime quarry situated in the hills on the borders of Bhutan within British territory between pillars 50 to 67. The matter is under consideration.

IX.—TRADE AND COMMERCE.

24. The traffic of this Division is almost entirely with Calcutta, to which our surplus produce is sent, to be there exchanged for European goods. As it enters that town, whether by the Nadia rivers, rail, or canal, it is registered with care, and the statistics are published in the *Calcutta Gazette*. I have for some years extracted the results in this report, recommending this course for general adoption, and I am glad to observe that it has recently been made obligatory by the Government of Bengal. The information thus obtained is more valuable than that got from all other sources combined. The following tables show the results:—

25. Exports to Calcutta.

STATEMENT III—*Showing the trade between Calcutta and the districts of the Rajshahi Division carried by rail, road, river (country-boat and steamer) and canal during the year 1895-96 as compared with the preceding year.*

Exports from Rajshahi Division to Calcutta.

The staple export is jute, of which 76,71,141 maunds were despatched, against 81,45,320 in the preceding year. At Rs. 4 a maund this would be worth Rs. 3,06,84,564 or three crores. The rental of this Division, according to the Road Cess returns, is a crore and a half, so that it is paid twice over by the fibre sent to Calcutta. The balance, with the receipts from other surplus produce, goes mainly to pay for the English cotton, in which every cultivator is clothed, the salt he consumes, and the metals he uses in various forms. I must, however, add that, though the exports are mainly the growth of the Division itself, an allowance of uncertain amount must be made for articles coming from Mymensingh or Assam, but sold in our marts, particularly in Sirajganj, to be thence shipped to Calcutta. The decrease in the export of jute during the year is explained by the Collector of Rangpur as due to low prices, in consequence of which the local dealers held over their stock; by the Collector of Bogra as the result of a greater proportion of land having been sown with rice. I am inclined myself to adopt the former supposition, having seen unusual stores of jute in various places during my tour; the accumulation will have the effect of diminishing the area sown this year, and of keeping prices down. It is an advantage of jute as an agricultural product that it keeps well, and at a trifling cost, having merely to be piled up in stocks of the size and shape used in England for hay.

Rice is exported in considerable quantities only by Dinajpur and Bogra; Jalpaiguri and Darjeeling are under this head importing districts, having to feed the coolies on tea gardens, while Rajshahi, Rangpur and Pabna may be said to maintain their own population, sending away their surplus produce in jute. The exports this year were 4,29,489 maunds, against 4,59,944 maunds last year—a difference scarcely requiring explanation. The Collector of Dinajpur attributes the falling off to the substitute of jute for rice, but he fails to notice that his jute exports fell off too.

In tea there was a slight increase, as also in silk. Cotton is not grown in the Division, the 13,001 maunds entered will have been produced in the Garro hills, and brought across the Brahmaputra river by country boat for sale in the markets of Rangpur and Pabna, thus illustrating what I remarked under the heading of jute, that the table gives us credit for more than we actually raise. Tobacco is in importance as an export next in rank to jute and rice; 2,02,790 maunds were exported, against 2,57,328 in the previous year. The crop was inferior. The indigo exported was 2,902 maunds. The absence of any entry under this head in the previous year is strange, as some was certainly produced, and I would have assured that it was sent to Calcutta. The other exports are of no great importance.

26. Imports from Calcutta.

Statement IV—Showing the trade between Calcutta and the districts of the Rajshahi Division carried by rail, road, river (country-boat and steamer), during the year 1895-96, as compared with the preceding year.

The main import is under the heading of European cotton goods, of which we received in Rs. 1,15,59,836 worth, against Rs. 1,21,69,767 last year. In round numbers it may be said that in 1894-95 we imported piece-goods

valued, rupees twelve millions, and that in the year following we took half a million less. The decrease may be attributed to the inferior degree of prosperity enjoyed by the Division as a whole, and in particular by the districts which took less—Rajshahi, Dinajpur, Bogra, and Pabna. Julpaiguri, where the conditions were favourable, imported more cotton, and also Rangpur; Darjeeling, with half the population of an ordinary sub-division, is a unit so small that variations in it can seldom be explained by general causes. There was a marked falling off in the import of Indian piece-goods, but these may come otherwise than by Calcutta. The explanation of the diminished import of cotton applies also to salt, although the consumption of the latter, as it is a necessity of life, is affected in a smaller degree by a bad harvest. Kerosine oil is rapidly supplementing all native methods of producing light; the import increased from 1,97,916 maunds to 3,47,499. The tins are often used to roof houses, with an effect most unpleasant to the eye. I notice a slight increase in the import of gunny bags, unusual where the export of rice has diminished.

* * * * *

28. The import and export trade of the Division by rail, Nadia rivers and canal, divided into "Up" and "Down," is shown in the following statement. I have offered my comments in connection with the Calcutta figures.

Statement showing the total Import and Export traffic of the Rajshahi Division, carried on by rail, river, &c., during the year 1895-96.

The Deputy Commissioner of Jalpaiguri has given figures for the 24 staples prescribed for railway traffic returns instead of taking those more appropriate to the frontier trade, as he should have done under paragraph 4 of Circular No. 1 of the 20th April 1896. The Darjeeling District Officer reports that 25,958 maunds of wool were imported from Tibet, against 57,377 last year; but, as stated in my letter No. 57Ct., dated 30th June 1896, I doubt the accuracy of the figures. It appears that the returns from Tibet have been incomplete, owing to the death of the chief registering officer at a critical season, and his previous illness. Upon this point I have made a reference to the Deputy Commissioner, and think it unadvisable to offer any comment on the statement as it stands.

* * * * *

XIII.—CRIME.

36. The following statement shows the crime, cognizable and non-cognizable, reported in each district during the year 1895 as compared with the preceding year:—

District.	Cognizable crime.		Increase.	Decrease.	Non-cognizable crime.		Increase.	Decrease.	Total crime.		Increase.	Decrease.	Remarks.
	1894.	1895.			1894.	1895.			1894.	1895.

Dinajpur	2,544	2,587	43	...	1,074	1,307	... ..	277	4,218	3,884	.....	334	
Jalpaiguri	1,549	1,340	.....	209	990	894	...	106	2,539	2,230	.....	309	
Darjeeling ...	1,366	1,405	40	.. ...	992	1,018	26	...	2,358	2,423	65	.....	
Rangpur	3,052	3,347	295	.....	2,709	2,624	.....	85	5,761	5,971	210	... ..	
Bogra	1,988	2,178	190	... ..	1,529	1,442	...	87	3,512	3,620	108	.. ...	
Pabna . ..	1,796	1,705	.	91	2,223	1,729		497	4,022	3,434	.....	588	
Total ..	14,558	15,273	715	.....	11,842	10,873	.....	969	26,400	26,146	.....	254	

During the year under review 26,146 offences were reported, against 26,400 in the previous year, showing a decrease in crime which is little more than nominal. The diminution has taken place in the districts of Dinajpur, Jalpaiguri and Pabna. In Pabna, where the decrease is most marked, it extends to cognizable and non-cognizable cases alike, and this is also true as regards Jalpaiguri. The other districts show an increase in cognizable offences, which is large enough to need explanation only in

Rajshahi, Rangpur and Bogra. The increase in crime in Rajshahi is partly attributed to better reporting, but I am inclined to think that it is in the main real, and the effect of the inferior harvests of the year. In Rangpur the increase is accounted for, and, something more, by the fact that prosecutions for failing to renew gun licenses amounted to 464, against 52 in the previous year. The District Magistrate and the District Superintendent of Police of Bogra attribute the increase, which is about 9 per cent. to better reporting, and in this I concur. It is true that some forms of serious crime have developed in that district, but this was counterbalanced by improvement elsewhere, and the result would have been much as before, had not very stringent measures been taken to secure the registration of petty offences previously unrecorded, such as the theft of rice, jute and fruit. In some instances this policy was pushed too far, Police officers of all grades pressing during their movements in the interior for reports of offences concealed, with the result that baseless rumours were put forward, and the people subjected to inconvenience.

37. The following statement shows the number of offences reported under each class during the years 1894 and 1895 in the Division:—

Cases.	Cognizable.		Non-cognizable.	
	1894.	1895.	1894.	1895.
1	2	3	4	5
I.—Offences against public tranquillity ...	375	339	818	810
II.—Serious offences against the person ...	608	617	6	2
III.— Ditto ditto property ...	3,877	4,597	291	284
IV.—Minor offences against the person ...	392	290	4,660	4,423
V:— Ditto ditto property ...	6,620	6,114	1,232	1,104
Total of cases I to V ...	11,872	11,957	7,007	6,623
VI.—Other offences	2,534	2,979	2,762	2,128
Special laws	152	337	2,073	2,122
Total ...	2,686	3,316	4,835	4,250
Grand Total ...	14,558	15,273	11,842	10,873

There has been a decrease of 10 per cent. in cognizable offences under class I, which mainly relate to public tranquillity, owing to the diminution in land disturbances in the districts of Rangpur, Bogra and Pabna. A similar improvement is observed in regard to minor offences against the person, class IV. In regard to offences against property, there has been an increase of 720 cases under class III, partly counterbalanced by a decrease of 506 under class V. The District Magistrate of Bogra attributes the change in part to a tendency towards entering under class III, as burglaries, offences formerly considered simple thefts, and placed in class V. Under both of these classes there has been an improvement in Darjeeling and Rangpur. In Jalpaiguri the variations are not great—an increase of 43 under the third class, a decrease of 116 in the fifth class; and the figures as to Pabna are not dissimilar. In

Rajshahi, Dinajpur and Bogra there has been a marked increase in offences against property. This is attributed in Bogra to a deficiency in the harvest of 1894, and I have no doubt with truth. There seems, however, to be a tendency in the Division, Jalpaiguri and Darjeeling excepted, to a development of professional crime, such as that which has been noticed in Bengal generally during the last four years, and the cause is somewhat obscure. The Magistrate of Bogra observes that we are passing through a transition period, the old methods of obtaining confessions and the surrender of property having fallen into disuse, while the intelligent investigation which we expect to lead to better results in the future has not been attained. The District Superintendent of the Rajshahi Police refers to the difficulty of working through the new officers who are being introduced to the grade of Sub-Inspectors. I agree in considering that the change which is taking place in the method of dealing with professional thieves, and in the instruments used for the purpose, has had for the time the effect of weakening the resistance which the administration offers to the criminal classes, and that this influence has been distinctly perceptible in their districts, as also in Dinajpur. The courts will no longer recognize evidence of a character such as that by which thuggi was suppressed in India, and the organized dacoity for which Bengal was once notorious has long been checked. The appointment of young men from the class educated in English to all the higher posts in the Police will, I hope, give a higher tone to the service in the future, but its immediate effect is to deprive all officers who do not know English of promotion, and therefore of the usual incentive to exertion. I do not find, and perhaps one cannot expect, the patience and ingenuity in such officers which formerly led to clever detections. Their natural abilities are equal to those of the new men educated in English, their opportunities of mixing with those who can give information as to the criminal classes superior. They still constitute, and must continue to do so, the great majority of the force, and whatever diminishes their zeal is detrimental to efficiency. In my experience, it is a mistake to assume, as many do, that the Sub-Inspector educated in English, who "conducts" the investigation as to a dacoity, is the only person who has an influence on the result. The head constables and constables acting with him have each their share in the task, and the actual detection is generally the work of a man bearing inferior rank.

In non-cognizable offences the net result is a decrease of 969 cases, which may be localized to Pabna, where there was diminution in the nuisance cases and cases of security to keep the peace. The latter was due to the falling off in the number of offences against public tranquillity.

38. The subjoined statement shows the proportion of crime to population in the several districts of the Division during 1895:—

District.	Total cognizable cases.	Population to each cognizable case.	Total non-cognizable cases.	Population to each non-cognizable case.	Total of both cognizable and non-cognizable cases.	Population to each case.	Remarks.
1	2	3	4	5	6	7	8
Rajshahi	2,705	485	1,779	738	4,484	292	
Dinajpur	2,587	501	1,397	1,113	3,984	390	
Jalpaiguri	1,348	506	884	770	2,230	305	
Darjeeling	1,405	158	1,018	219	2,423	93	
Rangpur	3,347	617	2,624	787	5,971	345	
Bogra	2,178	375	1,442	566	3,620	225	
Pabna	1,705	708	1,729	787	3,434	396	

The most noticeable feature in this table is that in proportion to population there are two offences and more in Darjeeling to one in any other district. This I can only attribute to more active administration in a hill country, where Magistrates are comparatively numerous. It is only in such places, for instance, that the Act against cruelty to animals can be enforced with vigour. Pabna is generally considered a turbulent district, where there is more than the ordinary amount of crime, but occupies the last place in the statement.

* * * * *

XIV.—POLICE.

The Village Chaukidari Act.

40. A thorough revision of panchayats is being made throughout the district of Rajshahi. The introduction of the system in the Darjeeling Terai has been a success. The number of chaukidars rewarded in Rajshahi, Dinajpur and Bogra was 3,977 and 386 respectively. In Rangpur Rs. 342-8 were paid as rewards to the chaukidars, besides 172 chaukidars were rewarded with a jumper and a pagree each. In Bogra Rs. 583 were paid as rewards. In Dinajpur I was dissatisfied with the management of chaukidars during a great part of the year, no punitive notice having been taken of defects. The means now afforded for rewarding the deserving were very imperfectly utilized there and in some other districts, but in this respect a great improvement was effected towards the end of the year. The chaukidars as a body are dilatory in reporting dacoities and other crimes; the delay is seldom very great, but often enough to retard investigation. In this respect much more use may be made of the panchayats; an investigation with their aid as to the cause of every delay occurring would probably prove most effective. I find that, except as regards collecting the tax, panchayats are dropping out of the chain of administration. There is a tendency not even to notice the expiry of their legal term of office, and the steps taken to make the appointments required by law are very generally owing to my interventions. Attention is given to securing that chaukidars be paid, that they attend at the thanas, and that they wear some kind of uniform; but supervision too often stops there. The closer control is disappearing, which was formerly exercised by the villagers as voluntary paymasters, and for some time after the passing of Bengal Act VI of 1880 by their representatives—the panchayats.

XV.—CRIMINAL JUSTICE.

41. * * * * * * *

It will be observed that each Stipendiary Magistrate disposed of half a case per working day, and exa ined less than three witnesses. As observed by me last year, figures such as these are the best reply to the statement so frequently repeated that the Magistracy as a body is overworked and cannot get through the business before it without inconveniencing the public either by repeated adjournments, or else by unduly late hours of sitting. The average number of cases disposed of per officer was over 100 in all the districts except Jalpaiguri, where the officers, in addition to the criminal work, tried cases under Act X of 1859 and Act XVI of 1869. The number of persons disposed of was 10,310 against 10,312, of which 5,536 or 53·7 per cent. were convicted. More than half the persons tried were acquitted in Pabna and Dinajpur. In Bogra I observe a marked change, the proportion of convictions was 48·3 per cent. last year, and 60·6 per cent. this year. The average number of witnesses examined per case disposed of was 5 2 against 4·8. The number was largest in Rajshahi (6·7), and smallest in Darjeeling (2·8) Bogra has hitherto been the place in which the most witnesses were heard per case. The ratio per cent. of witnesses detained over two days to the total number examined shows an improvement, the figures being 4·5 against 5·4 in 1894. The percentage was highest in Dinajpur (6·4), and lowest in Rajshahi and Bogra (1·2). The improvement in the last-named district is very remarkable, where the percentage fell off from 10·8 to 1·2. Out of 897 appeals decided by Magistrates and District Judges in the Division, decisions were confirmed in 616 or 68·6 per cent. of cases against 558, or 69·1 per cent. in the preceding year. The proportion of cases reversed in Pabna is very high, it being no less than 53·6 per cent.; then at a long interval comes Dinajpur with 31·8. Of the remaining districts, Rajshahi and Bogra, the results were better than in the preceding year. In Darjeeling the proportion of confirmations is always high, for reasons that are obvious. The Honorary Magistrates disposed of 2,422 cases of classes I to V and examined 7,064 witnesses, against 2,323 cases and 7,001 witnesses in the preceding year. Bogra and Rajshahi continued to show the highest and lowest averages (column 15) in the number of cases disposed of,

the figures being (158·5) and (48) respectively. The falling off in Pabna from 100·3 to 32 is very remarkable. Of the 3,009 persons disposed of, 1,629 or 54·1 per cent. were convicted, against 1,367 or 47·7 per cent. in the preceding year.

* * * * * * *

XVII.—CONDITION OF THE DIVISION AS REGARDS THE LAND AND THE LAND REVENUE ADMINISTRATION.

Working of the Bengal Tenancy Act.

65. The principal results of the Bengal Tenancy Act are such as escape notice, being of a preventive character only. Agrarian disputes have become less common, the rapid enhancement of rent has been arrested, the raiyats are in many ways better protected, the use of the prescribed form of rent receipts is silently preparing a record of rights for Bengal.

* * * * * * *

Relations between landlords and tenants.

67. The only agrarian dispute mentioned under this head is one of no great consequence, on the subject of fishery and pasturage rights. In general, it may be said that relations between landlord and tenant in this Division are peaceful This was not their characteristic formerly, and I attribute the change, which becomes more marked each year, in part at least, to the operation of the Bengal Tenancy Act. It has defined the rights of both parties. When disputes have come to my notice that could not otherwise be settled, I have taken the proceedings authorised by Chapter X of the Act to make an authoritative record of rights founded on a survey. In Pabna, where active collisions were at one time frequent, the Officiating Collector, Mr. J. H. Lea, notices that a contentious spirit still prevails, which finds its vent mainly in the Civil Courts. He comments unfavourably on the failure of the zamindars to render assistance during the drought, and their unwillingness to help the Police in any way; also on the ungracious demeanour and litigious spirit of the raiyats. In regard to the former, I may observe that, according to the traditions of the country, zamindars are not expected to invest money in agricultural improvements, and that they did not do so even when such a course might have been expected of them with more reason than it can be at present. The observation as to the conduct of the raiyats is true in regard to parts of Pabna, but has no general application.

LOANS.

Advances under Act XIX of 1883 (The Land Revenue Improvement Act).

68. No advances were made under the Act during the year, although endeavours were made to secure applications. Mr. N. K. Bose, Collector of Rajshahi, writes:—

"The only improvements which are required in this district are the drainage of marshy lands and the excavation of tanks for drinking and irrigation purposes. The former is generally a costly affair, and, to be successful, requires professional advice, which cannot be easily obtained. As regards tanks, the landlords demand *nuzzurs* for their excavation, and the tenants are too poor to meet both the cost of excavation and the demand for *nuzzur*. The small number of applications is also probably due to the ignorance of the law and the rules on the subject, and in view of the present scarcity of water, steps are being taken to make it widely known that loans will be readily given under the rules in force to individuals or body of villagers, binding themselves jointly and severally under section 9 of the Act, for the construction of wells, tanks, and other works for the storage, supply and distribution of water for the use of men and cattle employed on agriculture."

In my opinion there are many improvements for which money could be used with advantage; considerable capital is invested every year in reclamation, in irrigation channels, in forming sugar and pán plantations. The reluctance of the raiyats to borrow Government money for this purpose I attribute to the same cause as that which prevents them taking more largely the proferred assistance at Kalimpong towards paying their debts. They dread dealing in such matters with Government, believing that the procedure will be one which they may not understand, and that difficulties will arise in going through the ordinary forms of business.

Advances under Act XII of 1884. (Agriculturists Loans Act.)

In Rajshahi a sum of Rs. 325 was advanced and in Jalpaiguri Rs. 390; the greater part of the allotments lapsed for want of applications. In Darjeeling Rs. 1,267 were lent out of Rs. 3,000 sanctioned for the special purpose of enabling raiyats to pay debts said to be very burdonsome; on this point I have offered some remarks in paragraph 56.

* * * * *

XXIV—COMMUNICATIONS.

82. The amount spent on original works and repairs by the several District Boards and the Darjeeling Road Cess Committee is shown in the table following:—

Districts.	Original works.		Repairs.		Total proposed amount (columns 2 and 4)	Total actual expenditure (columns 3 and 5).	Percentage of column 7 on column 6.
	Total amount proposed to be spent.	Total actual expenditure.	Total amount proposed to be spent.	Total actual expenditure.			
1	2	3	4	5	6	7	8
	Rs.	Rs	Rs.	Rs.	Rs.	Rs.	
Rajshahi	18,086	9,169	45,903	43,263	63,989	52,432	81 9
Dinajpur	40,229	25,097	41,1[illegible]0	31,369	81,329	56,466	69 42
Jalpaiguri ..	27,279	24,160	36,2[illegible]4	34,980	63,513	59,140	93 1
Darjeeling ...	5,050	22	14,317	9,4[illegible]4	19,367	9,4[illegible]6	48 7
Rangpur	50,328	50,268	47,760	47,716	98,088	97,984	99 8
Bogra ..	40,967	18,745	36,362	35,876	77,329	54,621	70 63
Pabna ...	18,946	17,448	23,850	22,631	42,796	40,079	93 6
Total for 1895-96	2,00,885	1,44,909	2,45,526	2,25,249	4,46 411	3,70,168	82 9
Total for 1894 95	1,32,294	1,09,239	2,27,866	1,97,244	4,60,160	3,56,483	77 5

The expenditure for original works was incurred mainly in improving existing roads, particularly by the construction of bridges. This course appears to me to be judicious, as our predecessors were rather enterprising in opening up new routes, than persistent in finishing what had been undertaken. In this direction there is still very great room for improvements. In Darjeeling Rs. 3,768 were spent by Government in constructing new roads in Kalimpong, in Rangpur a feeder of 1¼ miles was opened to the Saidpur railway station at a cost of Rs. 2,727, and a short road was made from Bhurangamari to Khatamari, 2¾ miles, at a cost of Rs. 4,193. This is all that was done to make new roads, except, perhaps, in Jalpaiguri, as to which district no figures are given under this head. In Pabna a grant of Rs. 6,000 was made to complete the Elliott bridge in the town of Sirajganj, a work undertaken by private subscription, but left with incomplete approaches. Except in Jalpaiguri, Rangpur and Pabna, there has been a failure to work up to the budget proposals as regards original works, the discrepancy being very marked in Darjeeling, where Rs. 5,050 were assigned and only Rs. 22 spent. It is explained that tenders have been called for the work in respect of which the unexpended allotment was made.

In regard to maintenance, the Darjeeling roads, which are in the hands of the Public Works Department, are in by far the best condition. Those in the Terai are excellent, the chief routes being well metalled, and the hill paths, considering the difficulties they present, are very creditable to the Executive Engineer Mr. Gardiner. In the Jalpaiguri Duars, the conditions of which are similar so far as the industry of tea planting is concerned, the state of things is very different. It has been more recently opened out, the bridges are cheaply made on a less permanent pattern, and the stage at which metalling is thought necessary has not in any instance been reached. The action of the numerous rivers in Jalpaiguri is very destructive, and last season the floods were excessive. The question of granting money for considerable improvements is under consideration. I am, however, unable to say that the Deputy Commissioner and

District Engineer kept communications up to the highest standard attainable during the year, or to that previously maintained. In my judgment there was a falling off, and this year the ground lost should be recovered. The Rangpur, Rajshahi and Bogra roads appear to have been kept in fair order, but in the district last named a grave abuse has been suffered to obstruct communications—the charge of a fee by the farmer on those who cross during the cold weather at places where ferries are maintained in the rains. There was some trace of the custom in Dinajpur also, and the road work there was generally unsatisfactory. In Rajshahi, though I think the management has been good, the communications are not what might be expected in a district so old and important.

Village roads.

83. The total outlay in each district for the construction and repairs of village roads is given below:—

	Rs.
Rajshahi	7,483
Dinajpur	1,268
Jalpaiguri	271
Darjeeling	198
Rangpur	12,769
Bogra	1,233
Pabna	5,667

As different system of classification of routes exists in each district, so that it is difficult to ascertain from these figures what has been spent on roads of a particular kind. In Jalpaiguri I think that existing village roads were unduly neglected. I observed in the part of the district west of the Tista, where there are no tea gardens, that several of a useful character were going to decay. Although other claims are pressing, more than Rs. 271 should have been devoted to this purpose. In Darjeeling the Rs. 198 entered were spent by the Road Fund Committee on repairs of village roads in the Terai, and this may be enough, as villages can hardly be said to exist in that region. The village roads in the hill khas mahals are repaired by the raiyats at their own cost under a condition of their patta.

* * * * *

XXXIV.—SOCIAL AND POLITICAL INSTITUTIONS.

State of public feelings.

103. There was no demonstration during the year of popular sentiment on any subject; I have no experience of a period at which public feeling gave such slender evidence of its existence. Six of the district officers have nothing to report under this head. The seventh, Mr. Bose of Rajshahi, states that the scarcity of water brought home to all classes the fact that a fair portion of the road cess receipt should be devoted to the construction and maintenance of tanks and wells. He notices a case in which Muhammadans outraged an idol, but adds that this was done merely to provoke an individual, and that the relations between the two sections of the community have, on the whole, been satisfactory. The Sub divisional officer of Naugaon observes that the puritanic sects of Hedayets made some progress in his jurisdiction. They have an aversion to music, and attacked three processions, because these were accompanied by the usual beating of drums. In one case, where the crowd consisted of Muhammadans welcoming a fakir, who undertook to arrest a cholera epidemic, a man was murdered in the affray.

* * * *

XXXVI.—CONDUCT OF ZAMINDARS.

106. There has been during the year a remarkable absence of those serious disputes between landlord and tenant which once characterized the Division, and the collisions between rival zamindars have been less marked.

Upon this point all the district officers are agreed. The Collector of Pabna observes:—

"Disputes between zamindars and their raiyats have, I am glad to say, been very few this year; this is no doubt due to the several surveys and record of rights carried out and being carried out under the Tenancy Act."

The district reports are silent as to any action taken by landlords during the drought to relieve the want of water, except in so far as the following statement of the Collector of Pabna may be relevant:—

"In the town of Pabna, Babu Tarak Chandra Pramanik, who recently excavated the Jubilee tank for the benefit of the town, has now taken in hand a large tank which is at present in a filthy state, and proposes to excavate it and fence it in for the benefit of the town."

Kumar Promoda Nath Roy of Dighapatia, educated under the care of the Court of Wards, and Raja Kristendra Roy Bahadur of Balihar are praised by the Collector of Rajshahi for good management. Rai Bonomali Roy Bahadur and Babu Kaliprosanna Bhaduri of Porjana in Pabna, as the District Officer observes, do a great deal of good in a quiet way. Mr. Lea notices, on the other hand, that the police receive no assistance from zamindars, and I believe his remark has a very general application.

LIBERALITY OF BABU DHARUM CHAND, ZAMINDAR OF PURNEA, AND OF MISS FORBES.

No. 50Med, dated Calcutta, the 5th January 1897.

From—H. H. RISLEY, ESQ., C.I.E., Secretary to the Government of Bengal, Municipal Dept.,

To—The Commissioner of the Bhagalpur Division.

I AM directed to acknowledge the receipt of your letter No. 128L.A., dated the 17th December 1896, forwarding a copy of a letter from the Collector of Purnea, in which he reports that Babu Dharum Chand, a zamindar of his district, has contributed a sum of Rs. 6,000 for the construction of a cottage hospital for women at Madhopara, while Miss Forbes has promised to meet the cost of acquiring the land required for the purpose.

2. In reply, I am desired to request that you will be so good as to convey to Babu Dharum Chand and to Miss Forbes the thanks of His Honour the Lieutenant-Governor for their liberality and public spirit. This letter will be published in the *Calcutta Gazette*.

REVISED BUDGET ESTIMATE OF THE COMMISSIONERS OF THE PORT OF CHITTAGONG FOR THE YEAR 1896-97, AND THE ESTIMATE FOR THE YEAR 1897-98.

No. 2180Marine.

GOVERNMENT OF BENGAL—MARINE DEPARTMENT.

Dated Calcutta, the 31st December 1896.

RESOLUTION.

READ—

Letter No. 803P., dated the 8th October 1896, from the Vice-Chairman of the Commissioners of the Port of Chittagong, submitting, through the Accountant-General, Bengal, the revised budget estimate of the Commissioners for the year 1896-97, and the estimate for the year 1897-98.

The principal difference between the figures in the estimate for the year 1896-97, sanctioned in Resolution No. 2485Marine, dated the 12th December 1895, and those for that year given in the estimate now submitted, are shown below:—

RECEIPTS.

	Budget Estimate.	Revised Estimate.
	Rs.	Rs.
Port Dues	38,000	39,500
Fees and Fines—		
Water	4,000	3,000
Mooring-fees	11,000	15,000
Sundry Receipts	21,680	22,600

EXPENDITURE.

Vessels and Boats Establishment ...	25,176	34,058
Miscellaneous Establishment	2,184	3,339

2. The sanctioned estimates of receipts under the heads mentioned above have been altered with reference to the actuals of the year 1895-96.

3. The revised estimates of expenditure under the heads "Vessels and Boats Establishment" and "Hospital Charges" are based mainly on the actuals of the six months ending on 30th September 1896. The increase under the head "Miscellaneous Establishment" is due mainly to the appointment of a gunner on Rs. 100 a month in January last.

4. The receipts and expenditure of the Chittagong Hospital Port Dues Fund were included in the estimate. Under section 50 of the Indian Ports Act, 1889, the accounts of this fund should be kept separate, and this was pointed out to the Commissioners in the letter from this Department, No. 2?0T.-Marine, dated the 30th October 1896. The items of receipts and expenditure of this fund have, therefore, been omitted from the estimate.

5. Subject to the above remarks, the Lieutenant-Governor sanctions the revised estimate.

6. The budget estimate for 1897-98 is based generally on the revised estimate for 1896-97, and does not call for any special remarks. The Lieutenant-Governor sanctions the estimate of receipts and expenditure for the year 1897-98 under section 69 of Act IV (B.C.) of 1887.

7. An abstract of the revised estimate for 1896-97 and of the estimate for 1897-98 is subjoined :—

Receipts.	1895-96.	1896-97.			1897-98.	Expenditure.	1895-96.	1896-97.			1897-98.
	Actuals.	Sanctioned estimate.	Six months' actuals.	Revised estimate.	Budget estimate.		Actuals.	Sanctioned estimate.	Six months' actuals.	Revised estimate.	Budget Estimate.
1	2	3	4	5	6	7	8	9	10	11	12
	Rs.	Rs.	Rs.	Rs.	Rs.		Rs.	Rs.	Rs.	Rs.	Rs.

M. FINUCANE,
Secretary to the Government of Bengal.

STATISTICS OF THE SEA-BORNE TRAFFIC OF CALCUTTA IN FOOD-GRAINS.

No 2 Statistics.—The following memorandum and statements are published for general information.

M. FINUCANE,
Secy. to the Govt. of Bengal.

STATISTICAL DEPARTMENT,
The 4th January 1897.

Memorandum.

The total quantity of food-grains carried to and from Calcutta by sea during the week ending the 21st December 1896, as compared with the figures for the corresponding week of 1895, was as follows:—

	15TH TO 21ST DECEMBER			
	1895.		1896.	
1	2	3	4	5
	Cwts.	Mds.	Cwts	Mds.
Imports.				
From Foreign Ports ...	40	55	92,612	1,26,096
„ Indian „ ...	18,566	25,270	17,407	23,693
Total ..	18,606	25,325	110,049	1,49,789
Exports.				
To Foreign Ports	87,829	1,19,545	13,072	17,792
„ Indian „	23,696	32,253	12,499	17,013
Total ...	111,525	1,51,798	25,571	34,805

Imports.—The following statement compares the total quantities of each kind of food grains imported during the third week of December 1895 and 1896:—

	15TH TO 21ST DECEMBER			
	1895.		1896.	
1	2	3	4	5
	Cwts.	Mds	Cwts.	Mds.
Food-grains.				
Rice	13,654	18,581	13,839	18,836
Paddy	3,821	5,201	3,032	4,127
Wheat	40	55	92,642	1,26,096
Gram and pulses	1,091	1,485	536	730
Other food-grains, such as jowar, barley, oats, &c.	.....	.....	.....	.....
Total ..	18,606	25,325	110,049	1,49,789

The chief point of interest during the period under report is a heavy consignment of wheat amounting to 92,642 cwts., received for the first time from San Francisco in the United States. Transactions with Chandbali showed a decrease of 7,057 cwts. in the aggregate quantity consigned from that port, while Balasore showed a slight improvement of 4,464 cwts.

Exports.—As in previous weeks there has been a heavy falling off of 77·07 per cent., owing chiefly to the decline in the exports of rice to both Foreign and Indian ports, as will be seen from the details given below :—

	15TH TO 21ST DECEMBER			
	1895.		1896.	
1	2	3	4	5
Food-grains.	Cwts.	Mds.	Cwts.	Mds.
Rice	99,642	1,35,624	13,918	18,944
Paddy	73	99	.....	.....
Wheat	15	20	577	785
Gram and pulses	11,431	15,559	9,498	12,928
Other food-grains, such as jowar, barley, oats, &c.	364	496	1,578	2,148
Total ...	111,525	1,51,798	25,571	34,805

As regards Foreign ports, the decrease in the quantity of rice shipped for Ceylon was 39,723 cwts., and in that to the United Kingdom 16,135 cwts. Such ports as Cape Town, Algoa Bay and Natal, which drew largely during 1895, received nothing during the period under report. Of the Indian ports, Madras showed a falling off of 8,957 cwts. and Bombay of 3,161 cwts. The fluctuations under the other heads are normal.

Detailed statements showing the sources of supply and the places of destination, both as regards Foreign and Indian ports, are given below:—

STATISTICS OF THE SEA-BORNE TRAFFIC OF THE MINOR PORTS IN BENGAL IN FOOD-GRAINS.

No. 6 Statistics.—The following memorandum and statements are published for general information.

STATISTICAL DEPARTMENT,
The 4th January 1897.

M. FINUCANE,
Secy. to the Govt. of Bengal.

MEMORANDUM.

THE import and export trade of the minor ports of Chittagong, Narayanganj, Balasore (including both Balasore and Chandbali), Cuttack and Puri during the month of November 1896, as compared with the trade of the corresponding period of 1895, are shown in the following statements:—

IMPORTS.

Ports.		From Foreign ports.	From Indian ports.	Total.	
		Cwts.	Cwts.	Cwts.	Mds.

	1896 ...	.....	187	187	254
Balasore ports...	1895 ...	3,049	76,456	79,505	1,08,215
	1896 ...	.....	99,583	99,583	1,35,544
Cuttack ...	1895 ...	22,201	12,697	34,898	47,500
	1896 ...	32,507	436	32,943	44,839
Puri ...	1895 ...	.....	.....	.....	.....
	1896 ...	7,347	.....	7,347	10,000
Total ...	1895 ...	25,250	119,300	144,550	1,96,748
	1896 ...	39,854	100,953	140,807	1,91,654

The import trade is of little significance. As regards exports, the largest falling off appears in the Chittagong port, from which only 746 cwts. of paddy are shown to have been sent to Calcutta, whereas in November 1895 large supplies of rice and paddy, amounting to 18,696 cwts. and 11,445 cwts., respectively, were shipped for Cochin, Calicut and Punani in the Madras Presidency. Concerning the trade of Balasore, the increase occurred in the consignments of rice and paddy to Calcutta. Balasore, however, did no business with Mauritius, to which 3,049 cwts. of rice were consigned in 1895. The export trade of False Point in Cuttack showed a slight falling off of 5·60 per cent., the chief fluctuations being an increase of 17,514 cwts. of rice exported to Mauritius, against a falling off of 5,382 cwts in the quantities shipped for Colombo, and of 6,716 cwts. in those for the different ports in Madras, while Bombay, which had imported 5,494 cwts. of rice during November 1895, received nothing during the period in question. From Puri, 7,347 cwts. of rice were carried to Colombo, but the returns for the previous year showed no such shipments.

Detailed statements showing the sources of supply and the places of destination, both as regards Foreign and Indian ports, are given below:—

Statement showing the quantities of Food-grains imported into Chittagong from each Foreign and Indian Port during the month of November, as compared with the trade of the corresponding period of 1895.

WEATHER AND CROP REPORT.

For the week ending the 4th January 1897.

Burdwan.—Rainfall at Sadar nil, Raniganj ·05. Weather cloudy during the week, but now fine again. *Rabi* prospects fair, but rain wanted. Harvesting of *aman* continues. A few cases of cattle-disease in thana Monteswar. Fodder and water sufficient. Common rice selling as follows:—

	Srs. c.	Srs. c.	
Sadar	... 10 0	to 12 0	per rupee.
Kalna	... 9 8	to 11 0	
Katwa	.. 10 15	to 11 6	
Raniganj ...	...	10 4	

Birbhum.—A slight shower on 1st instant, but not enough to register. Weather warmer and cloudy. Rice selling from 9¾ to 11 seers per rupee.

Bankura.—Rainfall nil. Weather cold and cloudy. Threshing of *aman* continues. Prospects of *rabi* gloomy. Fodder and water sufficient, except in portions of thanas Gangajalghati and Onda. Sporadic cases of cowpox in Onda. Rice selling at 11¼ seers per rupee both at Bankura and Vishnupur.

Midnapore.—No rain Weather cloudy at times. Harvesting of *aman* continues. Transplanting of *boro* going on in Ghatal. Prospect of sugarcane and indigo good, and of *rabi* moderate. Fodder and water sufficient Cattle-disease reported from Dantun, Garhbeta, Binpur, Salbani, and Keshpur. Common rice selling as follows:—

	Srs.	
Sadar	Old rice 9	per rupee.
	New „ 10	
Contai	12 to 14	
Tamluk	10¾	
Ghatal	11¼ to 11¾	

Hooghly.—Weather cloudy and very little rain yesterday (3rd). Rain is wanted throughout the district. Harvesting of *aman* is going on. *Rabi* and sugarcane are suffering for want of rain. Common rice sells from 8 to 11¼ seers per rupee.

Howrah.—Rainfall nil. Weather seasonable. Rain wanted for *rabi* crops. Harvesting of *aman* paddy continues. Fodder and water sufficient. Common rice sells from 9 to 11 seers per rupee.

24-Parganas.—Rainfall nil. Weather cool and bright. Harvesting of *aman* paddy continues. It is estimated to yield 10¼ annas. *Kalai* and mustard being harvested. Prospect of *rabi* crops unfavourable. No cattle-disease. Fodder and water sufficient. Common rice sells as follows:—

	Srs.	
Sadar	9 to 12	per rupee.
Barasat	10	
Basirhat	10	
Diamond Harbour	11	

Nadia.—No rain, except a slight shower on the 3rd; the remaining days were cold Harvesting of *aman* continues; that of *kalai*, *mug*, and *rahar* not yet completed. *Rabi* crops suffering for want of rain. Fodder sufficient. Water insufficient in places. Common rice sells from 8¾ to 11¼ seers per rupee. Latest price of rice where test-works are open is 10 seers per rupee. Numbers attending test-works are as follows:—

26th December	... ...	... 1,436
27th „	... ...	... 1,569
28th „	... ...	... 1,928
29th „	... ...	... 2,036
30th „	... ...	... 2,333
31st „	... ...	... 2,385

Murshidabad.—No rain at Sadar and Kandi, ·15 at Jangipur. Weather cold. Harvesting of *aman* nearly finished. Prospects of *rabi* crops not favourable. Sugarcane, indigo, and mulberry doing well. Fodder sufficient. Common rice sells as follows:—

	Srs.	
Sadar ...	9¼	per rupee.
Kandi	11	
Jangipur	10	

Jessore.—Weather cloudy and rather warm until yesterday (3rd). Harvesting of *aman* about to be closed. Prospects of *rabi* crops bad for want of rain. Fodder and water available. No cattle-disease. Common rice sells as follows :—

	Srs.	
Jessore	10 to 10½	per rupee.
Jhenida	9	
Magura	9 to 10	
	Srs. ch.	
Narail	10 10½	
Bongaon	10	

Khulna.—No rain. Weather fine. *Aman* paddy being harvested; crop below the average. *Boro* paddy will be good if there is rain in the next two months. No cattle-disease. Fodder and water available. Common rice sells per rupee at—

	Srs.	
Khulna	10 to 11	per rupee.
Bagerhat	11	
Satkhira	Old rice 8	
	New „ 10	

Wages calculated at 9½ seers for staple food-grain. Number of test-relief-works four; two of which stopped, as no one came forward to work. Number of men employed on test-works :—

Rajshahi.—Rainfall at Naugaon ·04. No rain elsewhere. Harvesting of winter rice almost finished. Prospects of standing crops not favourable. No want of fodder and water except in Rajapur outpost. Average price of rice is 8½ to 11 seers per rupee.

Dinajpur.—Weather cloudy. Rainfall at sadar ·47. Slight rain throughout the district. Harvesting of winter rice going on. Mustard in flower. Fodder and water sufficient. Price of common rice 9 to 10 seers per rupee.

Jalpaiguri.—Rainfall ·07. Weather cloudy and cold. Harvesting of winter rice has almost been finished. *Rabi* crops doing fairly well. Fodder and water sufficient. Average price of common rice 8½ seers per rupee.

Darjeeling.—Rainfall at Sadar ·14, Siliguri ·06, Kurseong ·20. Weather seasonable. Hills—*Phaphur* flowering. *Kalai* coming up. Potatoes planted. Wheat and barley progressing favourably. Coarse rice selling in the hills 8 seers, *bhutta* 14 seers per rupee.

Rangpur.—Average rainfall ·20. Harvesting of *aman* and sugarcane going on Ploughing for *aus* commenced. Prospects fair. Common rice selling at 8 to 10 seers per rupee. Fodder and water sufficient.

Bogra.—Rainfall ·09. Weather cloudy now and then. Harvesting of winter paddy in progress. Oilseeds and pulses are doing well. Fodder and water sufficient. Common rice selling at head-quarters 10½ seers and in the interior from 9 to 10½ seers per rupee.

Pabna.—Weather partially cloudy and cool. Winter crops doing fairly so far, especially mustard, but rain is badly wanted. Sugarcane being cut. Outturn estimated at 12 annas. Coarse rice (new) selling at 8 to 9½ seers per rupee. Fodder plentiful. Great scarcity of water.

Dacca.—Rainfall nil. Weather seasonable. Prospects of *aman* crop not favourable. *Rabi* crops are thriving. Fodder available. No cattle-disease. Price of common rice 10 to 11 seers per rupee.

Mymensingh.—Rainfall nil. Weather cloudy. *Aman* harvest now finished. Prospects of *rabi* crops fair on the whole. Price of new rice, 9 to 11 seers per rupee.

Faridpur.—Weather seasonable. Prospects as before. Common rice selling at 9½ to 11 seers per rupee. Fodder and water available. Slight sprinkle of rain at head-quarters yesterday (3rd).

Backergunge.—Rainfall nil. Weather fine in the earlier part and cloudy in the latter part of the week. Harvesting of rice going on. Prospects of standing crops fair. No cattle-disease. Price of common rice (new *aman*) ranges from 10 to 12 seers per rupee.

Tippera.—Weather seasonable. Harvesting of *aman* nearly completed. Prospects of standing crops not very hopeful. Fodder and water available. No cattle-disease reported. Price of new rice at—

		Srs.	
Sadar	11 to 12½	)	per rupee.
Brahmanbaria	8 to 12	)	
Chandpur	11 to 13	)	

Noakhali.—No rain. Harvesting of *aman* and sowing of *rabi* crops continue. Prospects not good. Fodder and water available. No cattle-disease. Price of rice ranges from 10 to 11 seers per rupee.

Chittagong.—Rainfall nil. Weather cold. Reaping of *aman* finished. *Rabi* crops withering for want of rain. Prospects not favourable. Water and fodder sufficient. Rice sells from 8 to 10 seers per rupee.

Patna.—Rainfall general this week.—Sadar ·23, Barh ·22, Bihar ·30, Hilsa ·33, Dinapore ·15, Bikram ·20. Prospects of *rabi* and poppy greatly improved. Insect pests which appeared in Bihar destroyed. Harvesting and threshing of paddy in progress. Fodder and water for cattle sufficient. Prices slightly risen. Common rice (new) 10½ and (old) 10 seers per rupee. Four test works open. Numbers on 2nd January—men 169, women 76, and children 66—total 311. Two test-works closed. Except on one work, where workers are ordinary labourers and petty cultivators, test-works attract professionals only. Condition of workers good. No relief-works necessary at present. Stocks adequate. Condition of people good. Gratuitous relief nil, but probably necessary on small scale later on.

Gaya.—Rainfall ·51. *Rabi* crops doing well. Price of common rice at Sadar 9½ seers per rupee.

Shahabad.—Rainfall at Sadar ·23, Buxar ·37, Bhabua ·35, Sasaram ·36. *Rabi* greatly benefited and fair prospect of average outturn. State of affected tract improved by November and December rainfall. One relief work open. No poor-house or kitchen open. Number on relief-work on 2nd January—men 453, women 482, and children 210—total 1,145. Entire number on gratuitous relief up to end of November, 1,648. Later information called for. One work closed at the end of December. Arrangements for relief adequate. Condition of people in affected tract is fairly good, also of people on works good. Supply adequate for the present. Classes on works mostly low castes, Binds and Nunyas. Class on gratuitous relief mostly beggars.

Saran.—Rainfall at Sadar ·21, Gopalganj ·79, Siwan ·41. Rain has done much good to the *rabi* crops. Average price of *makai* 10½ seers per rupee. Open relief-works 17, test works nil, poor-houses 4, kitchens nil. Number on relief works 2,336 and receiving gratuitous relief 1,386. Relief circles formed. Twenty-nine Superintendents of Famine appointed. More circles are being formed and more Superintendents appointed as necessity arises. Above arrangements sufficient. Only a small percentage of people of affected tracts really in distress, and these are being assisted by Circle officers. Condition of people on works decidedly good. Food-supplies sufficient, but very dear. Stock of Indian-corn appears to be running short. Numbers on relief-works on Saturday, 2nd January—men 979, women 1,413, and children 1,263—total 3,655; gratuitous relief—men 420, women 1,104, and children 246—total 1,770.

Champaran.—Rainfall at Motihari ·14, Bettiah ·33. *Rabi* and poppy crops much benefited. Some weeding will now go on. Prices generally at Motihari nevertheless continue to rise somewhat. Common rice selling at 9 seers; and maize, the staple, at 10½ seers per rupee. Fodder and water sufficient. Numbers on relief works on Saturday, 2nd January—men 19,896, women 16,746, and children 12,042 -total 48,684; gratuitous relief—men 521, women 1,172, and children 731—total 2,424.

Muzaffarpur.—Rainfall at Sadar ·22, Sitamarhi ·73, Shewhar ·98, Paru ·50, Pupri ·50, Mahua (Chaitwara) ·15. *Rabi* prospects much improved. More *alua* being planted. *Cheena* and *mung* being sown. Prices are—common rice 8 seers, wheat 8 seers, *makai* 10½ seers, barley 11 seers, gram 10 seers, *arhar* 12 seers, *marua* 12 seers. *Makai* and *rahar* fix the relief prices. Numbers on relief works on Saturday, 2nd January—Sitamarhi subdivision men 1,153, women 473, and children 435—total 2,061; Sadar subdivision, men 264, women 31, and children 2—total 297.

Darbhanga.—Rainfall at Sadar ·09, Samastipur ·29, Madhubani ·23. Condition of standing crops improved by the rainfall of this week, but cloudy weather is injurious to mustard. Common rice selling at 8½ seers per rupee. Numbers on relief works on Saturday, 2nd January, Madhubani subdivision—men 4,794, women 2,582, and children 1,108—total 8,484; Samastipur subdivision, men 531, women 97, and children 74—total 702. Gratuitson relief—Madhubani subdivision—men 2,210, women 4,771, and children 2,412—total 9,393; Samastipur subdivision—men 2, women 4, and children nil—total 6.

Monghyr.—Average rainfall ·47; highest, Bandacharai (1·34); lowest, Shekhpura (·05). Weather cold and cloudy. *Rabi* prospects still unfavourable. Wheat and poppy doing well. Sufficient fodder and water. Prices of common rice:—

	Srs.	
Monghyr	9 to 11	per rupee.
Begusarai	9	
Jamui	8 to 10	

Bhagalpur.—Weather cool and cloudy. Reaping of paddy continues. The Subdivisional Officer of Supaul estimates the outturn to be somewhat less than the previous report His present estimate is 6 annas; the estimate for the remaining portion of the district remains the same. The rain (·55) has been beneficial to the standing *rabi* crops and given an impetus to sowing of late *rabi* crops to some extent, but the price of food-grain has nevertheless risen in the Banka subdivision, and is stationary in other subdivisions Fodder and water sufficient. Common rice sells as follows:—

	Srs.	
Sadar	10 2	per rupee.
Banka	10 10	
Madhipura	10 0	
Supaul	10 0	

Purnea.—Rainfall ·17. Winter rice harvest nearly finished. Recent rain benefited standing crops. Outturn of mustard estimated at 14 annas. Cattle-disease reported from Araria. Fodder and water sufficient. Common rice sells as follows:—

	Srs.	
Sadar	9	per rupee.
Araria	10 to 11	
Kishanganj	9 to 9½	

Malda.—Rainfall ·54. General rain all over the district has greatly benefited *rabi* crops and improved prospects. Rice selling at from 9 to 12 seers per rupee in the different thanas.

Sonthal Parganas.—Average rainfall (·67) does good to wheat and *chaitali* crops. Dews sufficient. Coarse rice sells at 10 to 12 seers per rupee and Indian-corn 11 to 16 seers.

Cuttack.—Rainfall nil. Weather seasonable. Reaping of *guru sarad* still going on. *Dalua* being transplanted. Cattle-disease in a few places. Fodder sufficient. Common rice sells as follows:—

	Srs. c.	
Cuttack	11 13	per rupee.
Jajpur	14 7	
Kendrapara	14 7	
Banki	15 12	

Balasore.—No rain. Sky cloudy. Harvesting of *sarad* continues. *Rabi* crops are withering for want of rain. *Dalua* sowing in progress. Sugarcane being pressed. Fodder and water sufficient. Sporadic cases of cattle-disease in several *chaklas*. Rice sells at 13 and 14 seers per rupee at Sadar and Bhadrak respectively.

Angul.—No rain. Mustard, *brinjals*, *hulds*, and tobacco are the only crops on the ground. Sugarcane being reaped. Condition of cattle good. Coarse rice 16 seers per rupee in Angul and 20 seers in Khondmals.

Puri.—No rain. Condition and prospects of crops same as reported before. Fodder sufficient. Price of common rice varies from 10½ seers to 17 seers 1 chitak per rupee.

Hazaribagh.—Rainfall at Sadar, 77, Giridih 1·30. Weather cool. Prospects of poppy and sugarcane 12 annas. Recent rain has done good to standing crops. Rice sells from 6 to 9 seers per rupee in the Giridih subdivision and 8 to 9 seers elsewhere.

Lohardaga.—Rainfall (·80) will do good to *rabi* crops. Ploughing commenced. Rice sells at Ranchi 9 to 10 seers, and in the interior 9 to 12 seers per rupee. No report of cattle-disease. Fodder and water sufficient.

Palamau.—Rainfall 1·54. Weather seasonable. Rain will do great good to *rabi*. Prices vary from 8 to 10 seers per rupee. Test works not largely attended.

Manbhum.—Rainfall ·24. Weather cold and cloudy. *Dhan* all cut. *Rabi*, such as sown, is poor generally, but fair in places. Cattle-disease reported from thanas Raghunathpur and Paru. Fodder and water sufficient for the present. Average prices of common rice:—

	Srs	
Sadar	Old rice 8	per rupee.
	New „ 11	
Gobindpur	Old „ 9	
	New „ 10	

Stock of food-grains sufficient at present.

Singhbhum.—Signs of rain. No change in prospects of crops.

General Summary.—There has been slight rain, as shown in the marginal statement, in the districts of the Patna, Bhagalpur, Chota Nagpur, and Rajshahi Divisions. There was no rainfall that could be registered in the other Divisions, except a slight shower ('15 inch) at Jangipur in Murshidabad. The rain has been of great benefit to the *rabi* and poppy crops in Bihar and Chota Nagpur, but in Bengal Proper (except in the north of the Rajshahi Division) and in Orissa the *rabi* crops (and also the sugarcane) are withering for the want of it. In spite of the rain, the prices of food-grains continue to rise in the distressed districts of North Bihar as well as in the Patna district. The winter rice harvest is still proceeding, and has been completed in some districts, but prices have only fallen in a very few districts, and there very slightly. Cattle-disease is reported from a few districts only. A scarcity of water is reported from Pabna and parts of Nadia and Bankura. In the distressed districts the prices of the food-grains on which the relief wages are based are—Nadia (common rice) 10 seers, Khulna (common rice) 9½ seers, Patna (common rice) 10½ seers, Shahabad (not reported), Saran (Indian-corn) 10½ seers, Champaran (Indian-corn) 10½ seers, Muzaffarpur (Indian-corn) 10½ seers, Darbhanga (common rice) 8½ seers. The numbers on relief works and in receipt of gratuitous relief on Saturday, 2nd January 1897, are shown in the following statement (the information to be given in the last five columns of which is as yet incomplete):—

The average fall of the corresponding period for 24 years, Surveyor-General's Office	0·01
The total fall from 1st January 1896 to 2nd January 1897	53·22
The average fall of the corresponding period for 24 years, Surveyor-General's Office	65·24

The mean pressure, temperature, &c., are deduced from the traces of the Barograph and Thermograph, and from observations made at 6h., 10h., 16h., and 22h.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed, open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official Tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

	Inches.
N.B.—Total rainfall from 1st January to 31st December 1896	53·22
The average fall of the corresponding period for 24 years, Surveyor-General's Office ...	65·23

≏, dew; o, overcast; ≡ fog.

REVENUE DEPARTMENT—(AGRICULTURE—FAM.)

NOTIFICATION No. 69.

(*To be substituted for the notification of 5th January 1897, published at pages 21 to 23, Part I of the* Calcutta Gazette *of the 6th idem.*)

MODIFIED RULES UNDER THE LAND IMPROVEMENT LOANS ACT, XIX OF 1883, FOR TRACTS AFFECTED BY SCARCITY OR FAMINE.

The 5th January 1897.—With a view to encouraging proprietors and occupants of land in tracts affected by scarcity or famine, to take advances under the Land Improvement Loans Act, XIX of 1883, for the purpose of excavating tanks and executing other works in their own villages and giving employment to labourers thereon, the Lieutenant-Governor, with the previous sanction of the Governor-General in Council, is pleased to make temporarily the following modified rules under that Act.

These rules shall have effect in such tracts as may be declared by the Collector, with the sanction of the Commissioner, to be affected by scarcity or famine.

Sums to be allotted by Government.

1. Loans under these rules will be made, from such sums as the Local Government may from time to time allot to the Board, for works to be carried out in the manner approved by the Collector or by any officer subordinate to him who may be authorised for that purpose, and the wages to be paid on such works shall not be less than the minimum, nor more than the maximum wage fixed by the Collector in accordance with the provisions of the Bengal Famine Code

Estimate.

2. Commissioners will submit at once an estimate of the requirements for loans under these rules for each of the Districts of their Divisions affected by scarcity or famine for the current, and the ensuing financial year; and when orders thereon are received from Government and an allotment is made, the

Board will distribute as funds are available. It will be in the power of the Commissioners to divide the sum so allotted among the Districts of their Divisions at their discretion, and to transfer assignments from one District to another, but expenditure in the Division must be kept within the amount assigned.

In case of emergency when the allotment has been exhausted, or no allotment has been made, the Commissioner of the Division may authorise loans to be given in anticipation of an allotment which should be applied for at once.

Definition of Collector.

3. In these rules "Collector" has the meaning defined for it by section 3 of the Act.

Powers of sanction.

4. Subject to the provisions of these rules, the Collector may sanction loans not exceeding Rs. 5,000, provided the district allotment is not exceeded without the sanction of the Commissioner of the Division. Loans exceeding Rs. 5,000 require the sanction of the Commissioner, and exceeding Rs. 10,000, the sanction of the Board. In such cases the Commissioner or the Board may call for such detailed plans and estimates, or for such professional opinion on the project, as may seem necessary.

Applications.

5. Applications for loans may be presented to the Relief Circle Officer, to the Superintendent of Relief, or to any Revenue Officer, of or above the rank of a Kanungo or Sub-Deputy Collector, for transmission to the Collector.

Form of application.

6. The application shall be made in writing as nearly as possible in the annexed Form A.

Local enquiry.

7. The Collector shall either make a local enquiry himself, or cause one to be made by a Relief Circle Officer or Superintendent of Relief, for the purpose of ascertaining the particulars mentioned on the reverse of Form A.

Security.

8. (*a*) When the applicant's interest in the land on which the work is to be executed is sufficient to cover the loan, no collateral security need be required. (*b*) When the sureties are a body of village residents who bind themselves jointly and severally as provided in section 9 of the Act, their personal security shall be sufficient. (*c*) In all cases not covered by clause (*a*) or clause (*b*) of this rule, immoveable property shall be hypothecated by the applicant as collateral security.

Procedure.

9. If the proposed work is approved by the Collector and the security offered is good and sufficient, he may, on completion of the local enquiry, sanction the loan himself, if empowered to do so. Otherwise he shall forward the application with his report to his superior officer for disposal.

Certificate.

10. If the loan be sanctioned the applicant shall be required to sign a certificate in the annexed Form B, and when his interest in the land on which the work is to be executed is not sufficient to cover the loan, to execute, together with his sureties, if any, a bond in the annexed Form C or Form D, as the case may be.

Payment where to be made.

11. On the certificate required under rule 10 being signed, a copy of it shall be given to the applicant, with orders for payment at the District or Subdivisional Treasury or at the office of the Superintendent of Relief, as may be convenient to him; provided that payment of the advance shall in all cases be made in such instalments as the Collector may determine, and that after the payment of the first instalment no subsequent instalment shall be paid until the Superintendent of Relief is satisfied that the previous instalment has been expended on the work for which it was given.

12. No interest shall be charged, except in case of misapplication of the loan as provided for in rule 17 below.

Repayment.

13. The loan shall be repaid in instalments. The first instalment shall be paid on or before the last day of February 1898. The subsequent repayments shall be made in equal half-yearly instalments till the debt is discharged in five years from the last day of February 1898.

Suspension of instalments.

15. Instalments may be suspended by order and at the discretion of the Collector on proof of failure of crops or other exceptional calamity. The Collector shall report the suspension through the Commissioner to the Board, who shall pass such orders on the case as may seem proper.

Inspection.

16. The Collector shall make provision for the inspection from time to time of works undertaken under these rules, and if after any inspection it is found that any instalment of the advance has not been spent properly, no further instalments of the advance shall be paid.

Misapplication of loan.

17. If at any time it is proved to the satisfaction of the Collector that any part of the loan has been misapplied, or that it is not being spent on the work for which it was intended, he may, after recording in writing the grounds of his decision, and subject to the control of the superior revenue authorities, proceed to recover the whole amount of the loan with interest at the

rate of 12 per cent. per annum from the date on which the loan was made to the date of recovery.

18. If the work for which the loan is made is carried out to the satisfaction of the Collector and in accordance with the conditions imposed by these rules, one-third of the loan will be remitted.

Irrecoverable balance.

19 When any portion of a loan made under these rules is found to be irrecoverable, a special report shall be made to the Board.

Returns and registers.

20 The Board shall regulate the forms of all returns, registers, and accounts relating to loans under these rules.

Form A of application.

[See rule 6.]

Name, residence, &c., of applicant.	Amount of loan required.	Nature of security, whether personal or otherwise.	Nature of proposed work	Situation of the land on which the work is to be executed.	Applicant's rights in the land.	Dates of repayment (to be filled up in the Collector's office).
1	2	3	4	5	6	7

Applicant's signature.

(Reverse of Form A.)

Particulars to be filled in by Inspecting Officer.

I.—Mehal, field number, area of land on which work is to be executed.

II.—Status of applicant, *i.e.*, proprietor or tenant. If a tenant, and the landlord's consent is required, whether the landlord objects.

III.—Security—

(1) If the land itself, the value of the applicant's interest in it.
(2) If personal, the names and status of the co-sureties.
(3) If property other than the land itself, its nature, value, and extent of pre-existing encumbrances, if any.

IV.—The work—

(1) Its estimated utility and value.
(2) Objections, if any, of third parties.

V.—Dates on which the instalments of the loan should be received by the applicant.

Recommendations of Inspecting Officer.

N B.—Where a record of rights has been made, it will be sufficient to refer to the applicant's and his co sureties interest as entered in the record of rights.

FORM B.

(See rule 10.)

CERTIFICATE GRANTED UNDER THE LAND IMPROVEMENT LOANS ACT, 1883.

son of *of*

1. On production of this certificate the aforesaid is entitled to receive from the Collector of the following sums, on the dates noted against them, as a loan to be expended on (here describe clearly the nature of the work).

(*b*).—That it shall be applied solely to the carrying out of the work specified above in such manner as may be approved by the Collector, and that if it shall be proved to the satisfaction of the Collector that any part of the loan has been misapplied, or is not being spent on the work, the whole amount of the loan shall be deemed to at once become due with interest at the rate of 12 per cent. per annum from the date on which the loan was made to the date of recovery.

(*c*).—That unless the wages paid on the work above specified are neither less than the minimum nor more than the maximum wage fixed by the Collector in accordance with the provisions of the Bengal Famine Code, and (here enter any conditions as to the period or periods appointed for completing the work) the work has been completed by (date) the loan shall be held to have been misapplied.

(*d*).—That for the repayment of the loan the immoveable property specified in the margin is, in addition to the land on which the work is to be carried out, hypothecated to Government.

This clause is to be used only when needed.

(*e*).—That if any instalment is not paid on the due date, the whole amount of the loan shall be deemed to at once become due.

(*f*).—That if the work is carried out to the satisfaction of the Collector, one-third of the loan will be remitted.

Signature of Collector.

I have understood and agreed to the aforesaid terms and conditions.

Signature of the applicant.

FORM C.

[See rule 10.]

Security Bond to be used when Applicant proffers Personal Security.

WHEREAS has on received from the Collector of a certificate under the Land Improvement Loans Act, 1883, in virtue of which he is entitled to receive the aggregate sum of Rs. as a loan from Government, we hereby agree that if the said shall fail to comply with the terms on which the loan has been granted, either by misapplying the same or by failing to pay any instalment on the date fixed for its payment, we will be jointly and severally liable to Government for such sum not exceeding as may be necessary to make good the amount which in consequence of his default he may have become liable to pay.

FORM D.

[See rule 10.]

Hypothecation Bond to be used when immoveable property is proffered by Collateral Surety.

WHEREAS has on received from the Collector of a certificate under the Land Improvement Loans Act, 1883, of , in virtue of which he is entitled to receive the aggregate sum of Rs. as a loan from Government; and whereas security for the due application of the loan, and for the punctual repayment of the same, according to the terms of the certificate, is demanded from him, I hereby mortgage to Government the immoveable property mentioned in the schedule below as a collateral security, and agree that if he fails to comply with the terms on which the loan has been granted, either by misapplying the same or by failing to pay any instalment on the date fixed for its payment, it shall be lawful for the Collector to recover from the said property such sum as may be necessary to make good the amount which, in consequence of failure to comply with the conditions of the certificate, may be due from me.

C. W. BOLTON,
Chief Secy. to the Govt. of Bengal.

DECLARATION—No. 99J.

The 5th January 1897.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken up by Government at the public expense for a public purpose, viz., for the construction of a latrine for the use of the police at the Sadar station of Faridpur in the village of Kamalapur, pargana Sherdia, zilla Faridpur, it is hereby declared that for the above purpose a piece of land measuring, more or less, 1 cottah and 8 chitaks of standard measurement, bounded on the north and east by the betel-nut garden land belonging to Shasti Charan Ghose, on the south by the Municipal Road, and on the west by the Kotwali Police Tank, is required within the aforesaid village of Kamalpur.

This declaration is made under the provisions of section 6, Act I of 1894, to all whom it may concern. It supersedes the declaration No. 3702J., dated the 29th June 1896, published at page 729 of Part I of the *Calcutta Gazette*, dated the 1st July 1896.

C. W. BOLTON,
Chief Secy. to the Govt. of Bengal.

DECLARATION—No. 279J.

The 12th January 1897.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz., for establishing an outpost in village Badalgachee, police-station Mohadebpur, district Rajshahi, it is hereby declared that for the above purpose a piece of land measuring about 2 bighas and 7 cottahs of standard measurement, bounded on the north and east by the maljote of Ram Lochan Sing, west by the house of Ashutosh Mukerjee, and south by a public road, is required within the aforesaid village of Badalgachee.

This declaration is made under the provisions of section 6 of Act I of 1894 to all whom it may concern.

C. W. BOLTON,
Chief Secy. to the Govt. of Bengal.

POLITICAL DEPARTMENT.

NOTIFICATION—No. 133P.

The 9th January 1897.—Whereas a notification No. 3195P., dated the 8th December 1896, was published at page 1279, Part I of the *Calcutta Gazette* of the 9th idem, declaring the intention of the Lieutenant-Governor to make the rules published with that notification, regulating the grant of licenses to pilgrim brokers, and prescribing the conditions to be embodied therein, unless good reasons were shown to the contrary within one month from the date of publication of the notification, and whereas no objection has been raised to the proposal within the time aforesaid, it is hereby notified for general information that, in the exercise of the power vested in the Local Government by section 3 (2) of Act I of 1896 (the Protection of Muhammadan Pilgrims Act), the Lieutenant-Governor sanctions the following rules :—

Rules under section 3 (2) of the Protection of Muhammadan Pilgrims Act, 1896.

1. Any person desirous of acting as a pilgrim-broker shall apply to the Commissioner of Police for a license under the Act. The application shall be in Form A annexed,

printed copies of which can be obtained at the Police Office, and shall be accompanied by certificates of respectability and fitness for the duties of a pilgrim-broker from at least two respectable Muhammadan gentlemen.

2. The Commissioner of Police shall, after such enquiry as may be necessary into the character of the applicant, grant the license if he considers the applicant a fit person to hold it.

3. The license shall be in Form B annexed, and shall be subject to the following conditions, which shall be printed thereon :—

(*a*) The licensee shall affix to his place of business a board on which shall be printed in English, Urdu, and Bengali his name and the words "Licensed Pilgrim-broker."

(*b*) The business shall be carried on solely by the licensee.

(*c*) The licensee shall keep up a register, in Form C annexed, of all pilgrims or would-be pilgrims who employ him.

(*d*) The licensee shall advise and assist the pilgrims in regard to the purchase of tickets for their journey, and, if he maintains rest-houses for them shall attend to their wants. If they travel by train to the port of embarkation, he shall accompany them to the railway station and see them start, if they desire it. He shall be careful not to purchase for pilgrims tickets for vessels which they cannot catch at Bombay, if travelling thither, or for vessels leaving Calcutta or Bombay which are not timed to arrive at Jeddah at least one week before the commencement of the Haj.

(*e*) The licensee's place of business shall be open for inspection at all hours. The license and all registers and books relating to the business shall be produced for inspection when called for by the Protector of Pilgrims or any officer authorized by the Commissioner of Police.

(*f*) The licensee shall report to the Protector of Pilgrims the arrival of pilgrims at any rest-house kept by him who have not received passports in their districts, and shall advise them to apply to the Commissioner of Police for passports.

(*g*) Rest-houses maintained by the licensee shall be open at all times to inspection by the Protector of Pilgrims or other person authorized by the Commissioner of Police, and he shall be bound to carry out any orders for their improvement issued by the Commissioner of Police.

(*h*) The licensee shall report at once to the Commissioner of Police any case of illness from a contagious or infectious disease, or any death at a rest-house kept by him, and he shall make such arrangements as may be ordered by the Commissioner of Police with a view to prevent the spread of a contagious or infectious disease.

(*i*) The licensee shall grant receipts to pilgrims, in Form D annexed, for any articles made over to him for safe custody. He shall also be responsible for the safe custody of property belonging to any pilgrim who dies at his rest-house, until such property is disposed of by order of the Commissioner of Police.

(*j*) The licensee shall be bound to furnish at all times such returns or other information in connection with his business as the Commissioner of Police may call for.

C. W. BOLTON,
Chief Secy. to the Govt. of Bengal.

MIS. PUB. IMPROVEMENTS.

Dated the 7th January 1897.

No. 2.—Notification.—The following License under the Calcutta Electric Lighting Act No. IX of 1895, which has been granted to Messrs. Kilburn and Company of No. 4, Fairlie Place, Calcutta, on behalf of the Indian Electric Company, under authority of Government of Bengal, Public Works Department Notification No. 259, dated 29th December 1896, is published for information in terms of rule IX of the rules promulgated with this Department Notification No. 66, dated 24th March 1896.

J. G. H. GLASS,
Secy. to the Govt. of Bengal.

CALCUTTA ELECTRIC LIGHTING LICENSE, 1896.

PRELIMINARY.

1. THIS license may be cited as the Calcutta Electric Lighting License, 1896.

2. This license is to be read and construed subject, in all respects, to the provisions of the Calcutta Electric Lighting Act, 1895, and the several words, terms and expressions, to which, by that Act, meanings are assigned, shall have, in this license, the same respective meanings, provided that in this license

The expression "the Act" shall mean the said Calcutta Electric Lighting Act, 1895.

The expression "energy" shall mean electrical energy, and, for the purposes of applying the provisions of the Act to this license, electrical energy shall be deemed to be an agency within the meaning of electricity, as defined in the Calcutta Electric Lighting Act, 1895.

The expression "power" shall mean electrical power, or the rate per unit of time at which energy is supplied.

The expression "main" shall mean any electric line, which may be laid down by the undertakers in any street or public place, and through which energy may be supplied, or intended to be supplied, by the undertakers, for the purposes of general supply.

The expression "service line" shall mean any electric line, through which energy may be supplied, or intended to be supplied by the undertakers, to a consumer, either from any main, or directly from the premises of the undertakers.

The expression "distributing main" shall mean the portion of any main which is used for the purpose of giving origin to service lines for the purposes of general supply.

The expression "general supply" shall mean the general supply of energy to ordinary consumers, and, unless otherwise specially agreed with the local authority, to the public lamps, but shall not include the supply of energy to any one or more particular consumers under special agreement.

The expression "area of supply" shall mean the area within which the undertakers are, for the time being, authorized to supply energy under the provisions of this license.

The expressions "first schedule," "second schedule," "third schedule," and "fourth schedule" shall mean the first, second, third, and fourth schedules to this license annexed, respectively.

The expression "deposited map" shall mean the map of the area of supply deposited with the Local Government by the undertakers, together with the license, and signed by A. B.

For the purpose of this license, the word "plan" shall be held to mean a plan drawn to a horizontal scale of at least 100 ft. to one inch, and a section drawn to a vertical scale

of at least one inch to 10 feet, with such detail, plan, and section as may be necessary.

3. This license shall come into force, and have effect upon the day when the Notification, confirming this license, is published in the *Calcutta Gazette*, which date is, in this license, referred to as "the commencement of this license," and this license shall continue in force for the full period of 21 years provided by Section III, (ii), of the Calcutta Electric Lighting Act, 1895.

Address and description of the undertakers.

4. The undertakers for the purpose of this license are—Messrs. Kilburn & Co., on behalf of the Indian Electric Co., being a Company to be registered under the English Companies Act, 1862 and 1890, with limited liability, and having its registered office at 28, St. Mary Axe, London, E.C., with a local office and accredited agents at 4, Fairlie Place, Calcutta.

Provided that, if the undertaking, or any part thereof, is at any time purchased by, or transferred to, any other body, or persons, in accordance with the provisions of this license, or of the Act, such body or persons shall, from the date of such purchase or transfer, be the undertakers in relation to such undertaking, or part there f, for the purposes of this license, in lieu of the undertakers above-mentioned.

The undertakers shall not, at any time, without the previous consent, in writing, of the Local Government, purchase, or acquire the undertaking of, or associate themselves with, any other Company or persons supplying, or intending to supply, energy within the city of Calcutta, and before applying for such consent, the undertakers shall give one month's notice of the application to every local authority, both in the undertakers' area of supply, and also in the area or district in which such other Company, or person supplies, or intends to supply, energy, and every such local authority shall be entitled to be heard with respect to the application.

If the undertakers purchase, or acquire, any undertaking, or associate themselves with any other Company, or person, in contravention of the provisions of this clause, the Local Government may revoke this license upon such terms as it may think just.

Area of supply.

5. Subject to the provisions of this license, the area of supply shall be the whole of the area included in the first schedule, which said area is more particularly delineated upon the deposited map, and thereon coloured blue.

6. The undertakers shall not, at any time after the commencement of this license, supply energy, or erect, or lay down, any electric lines, or works, beyond the area of supply, otherwise than under a license granted by the Local Government under the Act.

If the undertakers supply energy, or erect, or lay down, electric lines, or works, in contravention of this section, the Local Government may revoke this license on such terms as it may think just.

Security and Accounts.

7. The undertakers, within a period of six months after the commencement of this license, and before exercising any of the powers by this license conferred on them in relation to the execution of works, shall show, to the satisfaction of the Local Government, that they are in a position fully and efficiently to discharge the duties and obligations imposed upon them by this license throughout the area of supply.

The undertakers shall, within six months after the commencement of this license, or such extended period as may be approved by the Local Government, and before exercising any of the powers conferred on them in relation to the execution of works, deposit, or secure to the satisfaction

of the Local Government, a sum equal to 10 per cent. of the probable outlay, subject to a limit of Rs. 20,000 in respect of the area of supply, or such sums, in respect of the several local authorities' districts, which are, wholly or partly, comprised in the area of supply, not exceeding in the aggregate twenty thousand rupees, as the Local Government may direct.

If, within any such period as aforesaid, the undertakers fail to show, to the satisfaction of the Local Government, that they are in such a position, as above-mentioned, or fail to deposit, or secure, such sum, or sums, as aforesaid, this license may be revoked by the Local Government as to the whole, or, with the consent of the undertakers, any part of the area affected thereby, upon such terms as it may think just.

Any sum or sums deposited or secured by the undertakers under the provisions of this section in respect of the area of supply, or of any such district, shall be repaid or released to them, from time to time, in equal moieties, when, and so soon as, it may be certified by an inspector, to be appointed by the Local Government, that amounts equal to the sums so to be repaid or released have been expended by the undertakers upon works executed for the purposes of the undertaking in such area or district, or that distributing mains have been duly laid down, in accordance with the provisions of this license, in every street, or part of a street, specified in that behalf in the second schedule, and situate in such area or district; or at such earlier dates, and by such instalments as may, from time to time, be approved by the Local Government.

8. The undertakers shall, except with the special approval of the Local Government, to be previously given, at all times keep accounts of the capital employed for the purposes of the undertaking, distinct from the accounts kept by them in respect of any other undertaking or business.

Nature and mode of supply.

9. Subject to the provisions of this license and the Act, the undertakers may supply energy within the area of supply for all public and private purposes as defined by the Act, provided as follows :—

(*a*) Such energy shall be supplied only by means of some system which shall be approved of by the Local Government, and subject to such regulations and conditions for securing the safety of the public, and for insuring a proper and sufficient supply of energy, as the Local Government may, from time to time, impose.

(*b*) The undertakers shall, in the use of electric power under the provisions of this license, employ either insulated metallic returns or un-insulated metallic returns of low resistance, save in the case of any tramways or tramroads worked by the undertaking in which the motive power may be entirely self-contained.

(*c*) The undertakers shall take all reasonable precautions in constructing, placing, and maintaining their electric lines and circuits, and other works of all descriptions, and also in working their undertaking so as not injuriously to affect, by fusion, or electrolytic action, any gas or water-pipes, or other metallic pipes, structures, or substances.

(*d*) The exercise of the powers by this license conferred, with respect to the use of electric power, shall be subject to the regulations set forth in this license, or under the said Act, and to any regulations which may be added thereto, or substituted therefor, respectively, by any order which the Local Government may make, from time to time, as, or when, they may think fit, for regulating the employment of insulated metallic returns of low resistance, for preventing fusion, or injurious electrolytic action of, or on, gas or water-pipes, or other metallic pipes, structures, or substances,

and for minimising, as far as is reasonably practicable, injurious interference with the electric wires, lines, and apparatus of other parties, and the currents therein, whether such lines do, or do not, use the earth as a return.

(*e*) The undertakers using electric power contrary to the provisions of this license, or to any of the regulations set forth in the said Act, or to any regulation added thereto, or substituted therefor, by any order made by the Local Government, under the authority of this license, or of the said Act, shall, for every such offence, be subject to a penalty not exceeding Rs. 100, and also, in the case of a continuing offence, to a further penalty not exceeding Rs 50, for every day during which such offence continues after conviction thereof:

Provided, always, that, whether such penalty has been recovered or not, the Local Government, in case, in their opinion the undertakers in the use of electric power under the authority of this license, have made default in complying with the provisions of this license, or of the said Act, or with any of the regulations aforesaid, may, by order, direct the undertakers to cease to use electric power, and thereupon the undertakers shall cease to use electric power, and shall not again use the same, unless with the authority of the Local Government.

(*f*) The undertakers shall take all reasonable and proper precautions in constructing, placing, and maintaining their electric lines, circuits and other works of any description, and in using their electric lines, circuits and other works, so as not injuriously to interfere with the working of any wire, line, or apparatus from time to time used for the purpose of transmitting electric power, or of telegraphic, telephonic, or electric signalling communication, or the currents in such wire, line, or apparatus:

Provided, always, that the undertakers shall be deemed to take all such reasonable and proper precautions, as aforesaid, if, and so long as, they adopt, and employ at the option of the undertakers, either such insulated returns, or such uninsulated metallic returns of low resistance, and such other means of preventing injurious interference with the electric wires, lines, and apparatus of other parties, and the currents therein, as the Local Government shall direct; and in giving such directions, the Local Government shall have regard to the expense involved, and to the effect thereof upon the commercial prospects of the undertaking.

Provided, also, that at the expiration of two years from the date of this license, nothing in this sub-clause shall operate to give any right of action in respect of, or to protect any electric wires, lines, or apparatus, or the currents therein, unless, in the construction, erection, maintaining and working of such wires, lines, and apparatus, all reasonable and proper precautions, including the use of an insulated return, have been taken to prevent injurious interference therewith, and with the currents therein, by or from other electric currents.

If any difference arises between the undertakers and any other party with respect to anything in this sub-clause contained, such difference shall, unless the parties otherwise agree, be determined by the Local Government, or at the option of the Local Government, by an arbitrator to be appointed by the Local Government, and the costs of such determination shall be in the discretion of the Local Government, or of the arbitrator, as the case may be.

(*g*) Nothing in this clause shall apply to the use of any electric line, circuit or work of any Company, Corporation, or person authorised by Act of the Indian Legislative Council, or of the Council of the Lieutenant-Governor of Bengal, to supply energy for electric lighting purposes, so far as such use is limited to such purposes.

Works.

Powers for execution of works.

10. Subject to the provisions of this license and the Act, the undertakers may, from time to time, exercise all or any of the powers conferred on them by this license and the Act, and may break up such streets not repairable by the Local Government or by the local authority, and such railways, tramways and bridges, (if any), as are specified in the third schedule, and open and break up any sewers, drains or tunnels, within, or under, such streets, railways, tramways and bridges, so far as such streets, railways, tramways and bridges may, for the time being, be included in the area of supply, and be, or be upon, land dedicated to public use; provided, however, as respects any such railway, that the powers hereby granted shall extend only to such parts thereof as pass across, or along, any highway on the level.

The undertakers may, from time to time, construct distributing boxes in any street for the purpose of supplying energy. Every such distributing box shall be for the exclusive use of the undertakers, and under their sole control, except so far as the Local Government may otherwise order, and shall be used by the undertakers only for the purpose of leading off service lines and other distributing conductors, or for examining, testing regulating, measuring, converting, directing or controlling the supply of energy, or for examining or testing the condition of the mains or other portions of the works, or for other like purposes connected with the undertaking, and the undertakers may place therein meters, switches, and any other suitable and proper apparatus for any of the above purposes, and may maintain and use the same. All work in connection with such distributing boxes shall be done at such times, and in such manner, as will cause as little obstruction and inconvenience as circumstances permit.

Prohibition of overhead wires.

11. The undertakers shall not, without the express consent of the Local Government, place any electric line above ground, along, over, or across any street.

If the undertakers place any electric lines in contravention of this section, they shall be liable to a penalty not exceeding one hundred rupees for every such offence, and in the case of a continuing offence, to a further penalty not exceeding fifty rupees for every day after the first day during which such offence continues.

Notice of works, with plan, to be served on the Local Government and local authority.

12. Where the exercise of any of the powers of the undertakers in relation to the execution of any works (including the construction of distributing boxes) will involve the placing of any works in, under, along or across any street or public bridge, repairable by the Local Government or by the local authority, the following provision shall have effect:—

(*a*) One month before commencing the execution of such works (not being the repairs, renewals or amendments of existing works of which the character and position are not altered), the undertakers shall serve the notice upon the Local Government or the local authority, prescribed by section 7 of the Act, describing the proposed works, together with a plan of the works, showing the mode and position in which such works are intended to be executed, and the manner in which it is intended that such street or bridge, or any sewer, drain or tunnel therein or thereunder, is to be interfered with, and shall, upon being required to do so by the Local Government or the local authority, from time to time, give it, or them, any such further information in relation thereto as it, or they, may desire.

(*b*) The Local Government or the local authority may, in its, or their, discretion, approve of any such works or plan, subject to such amendments or

conditions as may seem fit, or may disapprove the same, and may give notice of such approval or disapproval to the undertakers.

(*c*) If the Local Government or the local authority fail to give any such notice of approval or disapproval to the undertakers within one month after the service of the notice upon them, it, or they, shall be deemed to have approved such works and plan.

(*d*) Notwithstanding anything in this license or the Act, the undertakers shall not be entitled to execute any such works as above specified, except so far as the same may be of a description, and in accordance with a plan, which has been approved, or is to be deemed to have been approved by the Local Government and the local authority as above-mentioned, under this license; but where any such works and such plan are so approved, or to be deemed to be approved, the undertakers may cause such works to be executed in accordance with such plan, subject, in all respects, to the provisions of this license and of the Act.

(*e*) If the undertakers make default in complying with any of the requirements or restrictions of this section, they shall (in addition to any other compensation which they may be liable to make under the provisions of this license or the Act), make full compensation to the Local Government and the local authority for any loss or damage which it, or they, may incur by reason thereof, and in addition thereto they shall be liable to a penalty not exceeding one hundred rupees for every such default, and, in the case of a continuing offence, to a further penalty not exceeding fifty rupees for every day after the first day during which such default continues: provided that the undertakers shall not be subject to any such penalties as aforesaid if the Court having cognizance of the case shall be of opinion that the case was one of emergency, and that the undertakers complied with the requirements of this section so far as was reasonable under the circumstances.

For the purposes of this license the word "plan" shall be held to mean a plan drawn to a horizontal scale of at least one inch to 100 feet, and a section drawn to a vertical scale of at least one inch to 10 feet, with such detail, plan, and section as may be necessary.

As to breaking up streets not repairable by Local Government or local authority, railways and tramways.

13. Where the exercise of the powers of the undertakers in relation to the execution of any works will involve the placing of any works in, under, along, or across any street, or part of a street, not repairable by the Local Government or the local authority or over or under any railway, tramway or canal, the following provisions shall have effect, unless otherwise agreed between the parties interested:—

(*a*) Fourteen days before commencing the execution of any such works (not being the repairs, renewals or amendments of existing works of which the character and position are not altered), the undertakers shall, in addition to any other notices which they may be required to give under this license or the Act, serve a notice upon the body or person liable to repair such street, or part of a street, or the body or person for the time being entitled to work such railway or tramway, or the owners of such canal, (as the case may be), in this section referred to as the "owners," describing the proposed works, and stating the amount of compensation (if any) proposed to be made in respect

thereof, and the manner in which such compensation is proposed to be paid or secured, together with a plan of the works, showing the mode and position in which such works are intended to be executed and placed, and shall, upon being required to do so by any such owners, from time time, give them any such further information in relation thereto as they may desire.

(*b*) Every such notice shall contain a reference to this section, and direct the attention of the owners to whom it is given to the provisions thereof.

(*c*) Within one month after the service of any such notice and plan upon any owners, such owners may, if they think fit, serve a requisition upon the undertakers requiring that any question in relation to such works, and any other question arising upon such notice or plan as aforesaid, shall be settled by arbitration; and thereupon such question shall be settled by arbitration accordingly.

(*d*) In settling any question under this section, an arbitrator shall have regard to any duties or obligations which the owners may be under in respect of such street, railway, tramway, or canal, and may, if he thinks fit, require the undertakers to execute any temporary, or other works, so as to avoid any interference with any traffic, so far as may be possible.

(*e*) Where no such requisition, as in this section mentioned, is served upon the undertakers, or where after any such requisition has been served upon them, any question required to be settled by arbitration has been so settled, the undertakers may, upon paying or securing any compensation which they may be required to pay or secure in the manner proposed by them, or settled by arbitration as aforesaid, cause to be executed the works specified in such notice and plan as aforesaid, and may, from time to time, repair, renew, and amend the same, (provided that their character and position are not altered), but subject, in all respects, to the provisions of this license and the Act, and only in accordance with the notice and plan so served by them as aforesaid, or such modifications thereof, respectively, as may have been settled by arbitration, as hereinbefore mentioned, or as may be agreed upon between the parties.

(*f*) If the undertakers make default in complying with any of the requirements or restrictions of this section, they shall (in addition to any other compensation which they may be liable to make under the provisions of this license or the Act) make full compensation to the owners affected thereby for any loss or damage which they may incur by reason thereof, and in addition thereto they shall be liable to a penalty not exceeding one hundred rupees for every such default, and, in the case of a continuing offence, to a further penalty not exceeding fifty rupees for every day after the first day during which such default continues: Provided that the undertakers shall not be subject to any such penalities, as aforesaid if the Court having cognizance of the case shall be of opinion that the case was one of emergency, and that the undertakers complied with the requirements of this section, so far as was reasonable under the circumstances.

14. The undertakers may, from time to time, alter the position of any pipes (not forming part of any main sewer of the local authority), or any wires, being under any street or place authorized to be broken up by them, which may interfere with the exercise of their powers under the Act or this license; and any body or person may, in like manner,,

alter the position of any electric lines or works of the undertakers, being under any such street or place, as aforesaids which may interfere with the lawful exercise of any powers vested in such body or person in relation to such street or place, subject to the following provisions, unless otherwise agreed between the parties interested—

(*a*) Fourteen days before commencing any such alteration, the undertakers, or such body or person (as the case may be), in this section referred to as "the operators," shall serve a notice upon the body or person for the time being entitled to such pipes, wires, electric lines, or works (as the case may be), in this section referred to as "the owners," describing the proposed alteration, and *stating the amount of compensation* (if any) proposed to be made in respect thereof, and the manner in which such compensation (if any) is proposed to be paid or secured, together with a plan showing the manner in which it is intended that such alterations shall be made, and shall, upon being required to do so by any such owners, from time to time, give them any such further information in relation thereto as they may desire.

(*b*) Within seven days after the service of any such notice and plan upon any owners, such owners may, if they think fit, serve a requisition upon the operators requiring that any question in relation to such works, *or any other question arising upon such notice or plan, as aforesaid, shall be settled by arbitration, and thereupon such question shall be settled by arbitration accordingly.*

(*c*) In settling any question under this section, an arbitrator shall have regard to any duties or obligations which the owners may be under in respect of such pipes, wires, electric lines or works, and may, if he thinks fit, require the operators to execute any temporary or other works, so as to avoid interference with any purpose for which such pipes, wires, electric lines or works are used, so far as may be possible.

(*d*) Where no such requisition, as in this section mentioned, is served upon the operators, the owners shall be held to have agreed to the notice or plan served on them as aforesaid, and in such case, or where, after any such requisition has been served upon them, any question required to be settled by arbitration has been so settled, the operators, upon paying or securing any compensation which they may be required to pay or secure in the manner proposed by them, or settled by arbitration, as aforesaid, may cause the alterations specified in such notice and plan, as aforesaid, to be made, but subject, in all respects, to the provisions of this license and the Act, and only in accordance with the notice and plan so served by them, as aforesaid, or such modifications thereof, respectively, as may have been settled by arbitration, as hereinbefore mentioned, or as may be agreed upon between the parties.

(*e*) At any time, before any operators are entitled to commence any such alterations as aforesaid, the owners may serve a statement upon the operators, stating that they desire to execute such alterations themselves, and where any such statement has been served upon the operators, they shall not be entitled to proceed themselves to execute such alteration, except where they have notified to such owners that they require them to execute such alterations, and such owners have refused, or neglected to comply with such notification, as hereinafter provided.

(*f*) Where any such statement, as last aforesaid, has been served upon the operators, they shall, not more than forty-eight hours, and not less than twenty-four hours, before the execution of such alterations is required to be commenced, serve a notification upon the owners, stating the time when such alterations are required to be commenced, and the manner in which such alterations are required to be made.

(*g*) Upon receipt of any such notification as last aforesaid, the owners may proceed to execute such alterations as required by the operators, subject to the like restrictions and conditions as the operators would themselves be subject to in executing such alterations, so far as the same may be applicable.

(*h*) If the owners decline, or, for twenty-four hours after the time when any such alterations are required to be commenced, neglect to comply with such notification, the operators may, themselves, proceed to execute such alterations, in like manner as they might have done if no such statement, as aforesaid, had been served upon them.

(*i*) Expenses incurred by any owners in complying with any notification of any operators under the last preceding sub-section shall be repaid to them by such operators, and may be recovered through a Court of competent jurisdiction.

(*j*) Any owners may, if they think fit, by any statement served by them upon any operators under this section, require the operators to give them such security for the repayment to them of any expenses to be incurred by them in executing any alterations as above-mentioned as may be agreed upon between such owners and operators, or, in default of agreement, as may be determined by arbitration; and where any operators have been so required to give security, they shall not be entitled to serve a notification upon the owners requiring them to execute such alterations, until such security has been duly given.

(*k*) If the operators make default in complying with any of the requirements or restrictions of this section, they shall, (in addition to any other compensation which they may be liable to make under the provisions of this license or the Act), make full compensation to the owners affected thereby for any loss, damage, or penalty which they may incur by reason thereof, and, in addition thereto, they shall be liable to a penalty not exceeding one hundred rupees for every such default, and, in the case of a continuing offence, to a further penalty not exceeding fifty rupees for every day after the first day during which such default continues: provided that the operators shall not be subject to any such additional penalties, as aforsaid, if the Court having cognizance of the case shall be of opinion that the case was one of emergency, and that the operators complied with the requirements of this section, so far as was reasonable under the circumstances.

Laying of electric lines, &c., near pipes for Gas or Water, and near sewers, drains, &c.

15. Whenever the undertakers require to dig or sink any trench for laying down any new electric lines (other than service lines), or other works, near to which any pipe, sewer, drain, water-course, defence, or work under the jurisdiction or control of the Local Government, or of any local authority, or belonging to any duly authorized Company or any branch, or service pipe for the supply of gas or water, has been lawfully placed, or where any duly authorized Company requires to

dig, or sink, any trench for laying down any new mains or pipes other than service pipes, or other apparatus, near to which any lines or works of the undertakers have been lawfully placed, the undertakers, or such duly authorized Company (as the case may be), in this section referred to as the "operators," shall, unless otherwise agreed between the parties interested, give to the Local Government or local authority, or to such duly authorized Company, or to the undertakers (as the case may be), in this section referred to as the "owners," not more than forty-eight hours', and not less than twenty-four hours' notice before commencing to dig or sink such trench as aforesaid, and such owners shall be entitled, by their officer, to superintend the digging or sinking of such trench; and the operators shall conform with such reasonable requirements as may, from time to time, be made by the owners, or such officer, for the protection of every such sewer, drain, water-course, defence, pipe, electric line, or work, and for securing the same from injury; and they shall also, if required to do so by the owners thereof, repair any damage that may be done thereto.

If the operators make default in complying with any of the requirements or restrictions of this section, they shall make full compensation to all owners affected thereby for any loss or damage which they may incur by reason thereof, and, in addition thereto, they shall be liable to a penalty not exceeding one hundred rupees for every such default, and, in the case of a continuing offence, to a further penalty not exceeding fifty rupees for every day after the first day during which such default continues: provided that the operators shall not be subject to any such penalty if the Court having cognizance of the case shall be of opinion that the case was one of emergency, and that the operators complied with the requirements and restrictions of this section, as far as was reasonable under the circumstances, or that the default in question was due to the fact that the operators were ignorant of the position of the sewer, drain, water course, defence, pipe, electric line or work affected thereby, and that such ignorance was not owing to any negligence on the part of the operators.

16. Seven days before commencing to lay down, or place, any electric line, or to use any electric line in any manner, whereby the work of telegraphic, or telephonic, or electric signalling communication through any wire or line, lawfully laid down, or placed in any position, may be injuriously affected, the undertaker shall, unless otherwise agreed between the parties interested, give to the owner of such wire or line notice in writing, specifying the course, nature, and gauge of such electric line, and the manner in which such electric line is intended to be used, and the amount, and nature of the currents intended to be transmitted thereby, and the extent to, and manner in which (if at all), earth returns are proposed to be used; and any owner entitled to receive such notices, may, from time to time, serve a requisition on the undertakers, requiring them to adopt such precautions as may be therein specified in regard to the laying, placing, or user of such electric line, for the purpose of preventing such injurious affection; and the undertakers shall conform with such reasonable requirements as may be made by such owner for the purpose of preventing the communication through such wire or line from being injuriously affected, as aforesaid.

If any difference arises between any such owner and the undertakers with respect to the reasonableness of any requirements so made, such difference shall be determined by arbitration.

Provided that nothing in this sub-section shall apply to repairs of renewals of any electric line, so long as the course, nature, and gauge of such electric line, and the amount and nature of the current transmitted thereby, are not altered.

If the undertakers make default in complying with any of the requirements or restrictions of this section, they shall make full compensation to the body or person entitled to any such wire or line, for any loss or damage which they may incur by reason thereof, and, in addition thereto, they shall be liable to a penalty not exceeding fifty rupees for

every such default, and, in the case of a continuing offence, to a further penalty not exceeding twenty rupees for every day after the first day during which such default continues: provided that the undertakers shall not be subject to any such penalties as aforesaid if the Court having cognizance of the case shall be of opinion that the case was one of emergency, and that the undertakers complied with the requirements and restrictions of this section so far as was reasonable under the circumstances, or that the default in question was due to the fact that the undertakers were ignorant of the position of the wires or lines affected thereby, and that such ignorance was not owing to any negligence on the part of the undertakers.

Compulsory works.

Mains, &c., to be laid down in streets specified in second schedule.

17. The undertakers shall, within a period of two years after the commencement of this license, lay down suitable and sufficient distributing mains for the purposes of general supply throughout every street, or part of a street, specified in that behalf in the second schedule, and shall thereafter maintain the same.

Mains to be laid down in remainder of area of supply.

18. In addition to the mains specified in the last preceding section, the undertakers shall, at any time after the expiration of eighteen months after the commencement of this order, lay down suitable and sufficient distributing mains, for the purposes of general supply, throughout every other street, or part of a street, within the area of supply, upon being required to do so in manner by this license provided.

All such mains as last above-mentioned shall be laid down by the undertakers within six months after any requisition in that behalf served upon them in accordance with the provisions of this license has become binding upon them, or such further time as may, in any case, be approved of by the Local Government.

If undertakers fail to lay down mains, &c., license may be revoked.

19. If the undertakers make default in laying down any mains in accordance with the provisions of this license within the periods prescribed in that behalf, respectively, they shall be liable to a penalty not exceeding fifty rupees in respect of each such default for each day during which such default continues; and, if the Local Government are of opinion, in any case, that such default is wilful, and unreasonably prolonged, they may themselves, or upon the application of the local authority, revoke this license as to the whole, or, with the consent of the undertakers, any part of the area of supply, or, if the undertakers so desire, may, after having given an opportunity to the local authority to make representations and objections with reference thereto, suffer the same to remain in force as to such area or part thereof, subject to such conditions as they may think fit to impose; and any conditions so imposed shall be binding on, and observed by, the undertakers, and shall be of the like force and effect in every respect as though they were contained in this license.

Manner in which requisition is to be made

20. Any requisition requiring the undertakers to lay down distributing mains for the purposes of general supply throughout any street, or part of a street, under the last preceding sections, may be made by six or more owners or occupiers of premises along such street, or part of a street, or, where the Local Government or the local authority has the control and management of the public lamps in such street, or part of a street, by the Local Government or the local authority.

Every such requisition shall be signed by the owners and occupiers making such requisition, or by the Local Government or the local authority, (as the case may be), and shall be served upon the undertakers.

Forms of requisition shall be kept by the undertakers at their office, and a copy shall be supplied, free of charge, to any owner or occupier of premises within the area of supply, and to the Local Government and the local authority, on applying for the same; and any requisition so applied shall be deemed valid in point of form.

Provisions on requisition by owners or occupiers.

21. When any such requisition is made by any such owners or occupiers, as aforesaid, the undertakers (if they think fit) may, within fourteen days after the service of the requisition upon them, serve a notice on all the persons by whom such requisition is signed, stating that they decline to be bound by such requisition, unless such persons, or some of them, will bind themselves to take a supply of energy for three years, of such amount in the aggregate (to be specified by the undertakers in such notice) as will at the rates of charge for the time being charged by the undertakers for a supply of energy from distributing mains to ordinary consumers within the area of supply, produce, annually, such reasonable sum as shall be specified by the undertakers in such notice: Provided that, in such notice, the undertakers shall not be required to specify any sum amounting to less than twenty per centum upon the expense of providing, and laying down, the required distributing mains, and any other mains, or additions to existing mains, which may be necessary for the purpose of connecting such distributing mains with the nearest available source of supply.

Where such notice is served, the requisition shall not be binding on the undertakers, unless, within fourteen days after the service of such notice on all the persons signing the requisition has been effected, or, in the case of difference, the delivery of the arbitrator's award, there be tendered to the undertakers an agreement, severally executed by such persons, or some of them, binding them to take, for a period of three years at the least, such specified amounts of energy, respectively, as will, in the aggregate, at the rates of charge above specified, produce an annual sum amounting to not less than twenty per centum upon the expense of providing and laying down such distributing mains, or other mains, as abovementioned, nor unless sufficient security for the payment, to the undertakers, of all moneys which may become due to them from such persons under such agreement, is offered to the undertakers, (if required by them by such notice, as aforesaid), within the period limited for the tender of the agreement as aforesaid.

If any difference arises between the undertakers and any persons signing any such requisition, as to the reasonableness of the amount specified by the undertakers in their notice, or as to the sufficiency of any security offered to them under the section, such difference shall be determined by arbitration.

Provisions on requisition by Local Government or local authority.

22. Where any such requisition is made by the Local Government or the local authority, it shall not be binding on the undertakers unless, at the time when such service is effected, or within fourteen days thereafter, there be tendered to the undertakers, (if required by them), an agreement executed by the Local Government or the local authority, and binding them to take, for a period of three years at the least, a supply of energy for lighting such public lamps in the street, or part of a street, in respect of which such requisition is made, as may be under their management or control.

Map of area of supply to be made.

23 The undertakers shall, forthwith, after commencing to supply energy under this license, cause a map to be made of the area of supply on a horizontal scale of at least one inch to 100 feet, and shall cause to be marked thereon the line of all their then existing mains, service lines, and other underground works and distributing boxes, and shall, once in every year, cause such map to be corrected and such additions to be made thereto, as will show the line of all their then existing mains, service lines, and other underground works and distributing boxes.

Deposit and inspection of maps.

24. Every map so made, or corrected, for the undertakers, or a copy thereof, with the date expressed thereon of the last time when it was so corrected, shall be kept by the undertakers at their principal office within the area of supply, and a copy of every such map shall, within one month after such map is made or corrected, be served by the undertakers upon the Local Government, and upon the local authority.

Every copy of the said map, as last corrected, which may be served upon the local authority, shall be kept by them at their office, and shall, at all reasonable times, be open to the inspection of all applicants, and such applicants may take copies of the same or any part thereof The local authority may demand, and take from every such applicant as aforesaid, such fee, not exceeding one rupee, for each inspection of such map or copy, and such further fee, not exceeding one rupee, for each copy of the same, or any part thereof, taken by such applicant, as they may, from time to time, prescribe.

Penalty on undertakers in respect of maps, &c

25. If the undertakers fail to comply with any of the requirements of the last preceding sections of this license with respect to maps, they shall, for every such offence, be liable to a penalty not exceeding one hundred rupees, and to a further penalty not exceeding twenty rupees for every day, after the first day, during which such offence continues.

Testing.

Appointment of electric inspectors by Local Government.

26. The Local Government shall, from time to time, appoint, and keep appointed one or more competent and impartial persons to be electric inspectors for the purpose of inspecting electric lines and works, and of certifying meters under this order.

Remuneration of electric inspectors

27. The Local Government shall pay to every electric inspector appointed under this license such reasonable remuneration (if any) as they may, from time to time, determine, and such remuneration may be in addition to, or in substitution for, any fees which are directed to be paid to electric inspectors for services rendered by them under this license, as may be settled by the authority by whom such remuneration is determined: provided that, where any such remuneration is settled to be in substitution for such fees as aforesaid, such fees shall, in lieu of being paid to such electric inspector for his own use, be due, and paid to him on behalf, and for the use, of the Local Government, and shall be deposited by them in the public treasury.

Testing of mains.

28. Every electric inspector, if and when required to do so by the authority by whom he is appointed, shall, from time to time, test, for insulation and conductivity, any portion of any main of the undertakers within the area of supply through which energy is, or is intended to be, supplied by them: provided that such testings shall not be made in regard to any particular portion of a main oftener than once in any three months, unless in pursuance of a special order in that behalf made by the Local Government.

Testing of service lines.

29. Every electric inspector, if and when required to do so by any person supplied with energy by the undertakers, shall, from time to time, test, for insulation and conductivity, any service lines by which such energy is supplied, and the efficiency of any joints in such service lines as may, from time to time, be approved of by the Local Government.

Mode of testing.

30. Notice shall be given to the undertakers before the commencement of any testing by a electric inspector, and such testing shall be carried out at such suitable hours

as, in the opinion of such inspector, will least interfere with the supply of energy by the undertakers, and in such manner as such inspector may think expedient, but, except under the provisions of a special order in that behalf made by the Local Government, he shall not be entitled to have access to, or interfere with, the mains of the undertakers at any points other than those at which the undertakers have reserved for themselves access to the said mains: provided that the undertakers shall not be held responsible for any interruption in the supply of energy which may be occasioned by, or required by such inspector for the purpose of any such testing as aforesaid.

Report of results of testing.

31. Every electric inspector shall, on the day immediately following that on which any testing has been completed by him under this license, make, and deliver, a report of the results of his testing, to the authority or person by whom he was required to make such testing, and to the undertakers, and such report shall be receivable in evidence.

If the undertakers or any authority, company, or person are, or is, dissatisfied with any report of any electric inspector, they may appeal to the Local Government against such report, and thereupon the Local Government shall enquire into, and decide upon, the matter of any such appeal, and their decision shall be final and binding on all parties.

Undertakers to establish testing stations.

32. The undertakers shall, at such places within a reasonable distance from any distributing main, establish, at their own cost, such reasonable number of testing stations as the Local Government shall deem sufficient, for testing the supply of energy by the undertakers through such main, and shall place thereat proper and suitable instruments of a pattern to be approved by the Local Government, and shall connect such stations, by means of proper and sufficient electric lines, with such mains, and supply energy thereto, for the purpose of such testing.

Undertakers to keep instruments on their premises.

33. The undertakers shall set up, and keep upon all premises from which they supply energy by any distributing mains, such suitable and proper instruments of such pattern and construction as may be, from time to time, approved of, or prescribed by, the Local Government, and shall, from time to time, take, and record, and keep recorded, such observations as the Local Government, from time to time, prescribe, and any observations so recorded shall be receivable in evidence.

Readings of instruments to be taken.

34. The undertakers shall keep in efficient working order all instruments which they are required by, or under, this license, to place, set up, or keep at any testing station, or on their own premises, and any electric inspector appointed under this license may, from time to time, examine and record the readings of such instruments at such times, and in such manner as he may be directed by the authority by whom he is appointed, and any readings so recorded shall be receivable in evidence.

Electric inspector may test undertakers' instruments.

35. Any electric inspector appointed under this license shall have the right to have access, at all reasonable hours, to the testing places and premises of the undertakers, for the purpose of testing the electric lines and instruments of the undertakers, and ascertaining if the same are in order; and in case the same are not in order, he may require the undertakers forthwith to have the same put in order.

Representation of undertakers at testing.

36. The undertakers may, if they think fit, on each occasion of the testing of any main or service line, or the testing or inspection of any instruments of the undertakers by any electric inspector, be represented by some officer or other agent, but such officer or agent shall not interfere with the testing or inspection.

Expenses of testing.

37. All expenses of testing by an electric inspector, including such reasonable fees to the electric inspector as may, from time to time, be prescribed in that behalf by the local authority, with the approval of the Local Government, shall be paid by the undertakers, unless the report of the electric inspector, or, in the case of an appeal, the decision of the Local Government, shows that the local authority, or any body or person supplied with energy, was guilty of any default or negligence, and in such case the expenses of the testing, including such fees as aforesaid, shall be ascertained by a Court of competent jurisdiction and paid by such local authority, body, or person as the Court shall direct.

Undertakers to give facilities for testing.

38. The undertakers shall afford all facilities for the proper execution of this license with respect to testing and the readings and inspection of instruments, and shall comply with all the requirements of or under this license in that behalf; and, in case the undertakers make default in complying with any of the provisions of this section, they shall be liable to a penalty not exceeding fifty rupees, and, in the case of a continuing offence, to a further penalty not exceeding ten rupees for every day, after the first day, during which such offence continues.

Remedying of defects in main, &c.

39. If, at any time, it appears to the Local Government that any mains, electric lines or works of the undertakers are defective, and not in accordance with the regulations and conditions subject to which the undertakers are, for the time being, authorized to supply energy under this license, the Local Government may, by order in writing, require the undertakers to remedy such defect, so as to comply with such regulations and conditions, within such period as may be therein limited in that behalf, and, if the undertakers make default in remedying such defect within the time so limited, they shall be liable to a penalty not exceeding two hundred rupees for every day during which such default continues: provided that if such defect is, in the opinion of the Local Government, dangerous to public safety, they may also, by any such order, as aforesaid, forbid the use of such main, electric line, or work, from such date as may be specified in that behalf, until the defect is remedied; and, if the undertakers make use of any such main, electric line or work, while the use thereof is so forbidden, they shall be liable to a penalty not exceeding one thousand rupees for every day during which such uses continue.

Supply.

Undertakers to furnish sufficient supply of energy to owners and occupiers within the area of supply.

40. The undertakers shall, upon being required to do so by the owners or occupier of any premises situate within fifty yards from any distributing main of the undertakers in which they are, for the time being, required to maintain a supply of energy for the purposes of general supply to private consumers under this license, or any regulations and conditions subject to which they are authorized to supply energy under this license, give, and continue to give, a supply of energy for such premises, in accordance with the provisions of this license, and of all such regulations and conditions, as aforesaid, and they shall furnish, and lay, any electric lines that may be necessary for the purpose of supplying the maximum power with which any such owner or occupier may be entitled to be supplied under this license, subject to the conditions following, (that is to say), the cost of so much of any electric line for the supply of energy to any owner or occupier as may be laid upon such occupier, and of so much of any such electric lines as may be laid for a greater distance than sixty feet from any distributing main of the undertakers, although not on such property, shall be defrayed by such owner or occupier.

41. Every owner or occupier of premises requiring a supply of energy shall

(*a*) serve a notice upon the undertakers, specifying the premises in respect of which such supply is required, and the maximum power required to be supplied, and the day (not being an earlier day than a reasonable time after the date of the service of such notice) upon which such supply is required to commence, and

(*b*) enter into a written contract with the undertakers, (if required by them so to do), to continue to receive, and pay for, a supply of energy for a period of at least three years, of such an amount, that the rent payable for the same at the rate of charge for the time being charged by the undertakers for a supply of energy to ordinary consumers within the area of supply, shall not be less than twenty rupees per centum per annum on the outlay incurred by the undertakers in providing any electric lines required to be provided by them for the purpose of such supply, and give to the undertakers, (if required by them so to do), security for the payment to them of all moneys which may, from time to time, become due to them by such owner or occupier in respect of any electric lines to be furnished by the undertakers, and in respect of energy to be supplied by them:

Provided, always, that the undertakers may, after they have given a supply of energy for any premises, by notice in writing require the owner or occupier of such premises, within seven days after the date of the service of such notice, to give to them security for the payment of all moneys which may, from time to time, become due to them in respect of such supply, in case such owner or occupier has not already given such security, or in case any security given has become invalid, or is insufficient; and in case any such owner or occupier fail to comply with the terms of such notice, the undertakers may, if they think fit, discontinue to supply energy for such premises so long as such failure continues:

Provided, also, that if the owner or occupier of any such premises, as aforesaid, uses any form of lamp or burner, or uses the energy supplied to him by the undertakers for any purposes, or deals with it in any manner so as to unduly or improperly interfere with the efficient supply of energy to any other body or person by the undertakers, the undertakers may, if they think fit, discontinue to supply energy to such premises so long as such user continues:

Provided, also, that the undertakers shall not be compelled to give a supply of energy to any premises unless they are reasonably satisfied that the electric lines, fittings, and works therein are in good order and condition, and not calculated to affect, injuriously, the use of energy by the undertakers or by other persons:

Provided, also, that in the event of any alterations of, or additions to, any electric lines, fittings, or works within such premises, as aforesaid, all such alterations or additions shall be notified to the undertakers by the occupiers, before being connected to the source of supply, with a view to their being examined and tested.

If any difference arises between any such owner or occupier and the undertakers as to the reasonableness of the amount of any security required to be given, or as to the sufficiency of any security offered under this section, or as to the improper use of energy, or as to any alleged defect in any lines, fittings or works, such difference shall be determined by arbitration.

42. The maximum power with which any such consumer shall be entitled to be supplied shall be of such amount as he may, from time to time, require to be supplied with, not exceeding what may be reasonably anticipated as the maximum consumption on his premises:

Maximum power.

Provided that, where any consumer has required the undertakers to supply him with a maximum power of any specified amount, he shall not be entitled to alter that

maximum, except upon one month's notice to the undertakers; and any expenses incurred by the undertakers, in respect of the service lines by which energy is supplied to the premises of such consumer, or any fittings, or apparatus of the undertakers upon such premises, consequent upon such alteration, shall be paid by him to the undertakers, and may be recovered summarily as a Civil debt.

If any difference arises between any such owner or occupier and the undertakers as to what may be reasonably anticipated as the consumption on his premises, such difference shall be determined by arbitration.

Supply of energy to public lamps.

43. The undertakers, upon receiving reasonable notice from the Local Government or the local authority, requiring them to supply energy to any public lamps within the distance of seventy-five yards from any distributing main of the undertakers in which they are, for the time being, required to maintain a current of energy for the purposes of general supply under this license, or any regulations and conditions subject to which they are authorised to supply energy under this license, shall give, and continue to give, a supply of energy to such lamps in such quantities as the Local Government or the local authority may, from time to time, require to be supplied.

Penalty for failure to supply.

44. Whenever the undertakers make default in supplying energy to any owner or occupier of premises to whom they may be, and are, required to supply energy, under this license, they shall be liable to a penalty not exceeding twenty rupees in respect of every such default for each day during which any such default occurs.

Whenever the undertakers make default in supplying energy to the public lamps to which they may be, and are, required to supply energy, under this license, they shall be liable to a penalty not exceeding twenty rupees in respect of every such default for each such lamp, and for each day during which any such default occurs.

Whenever the undertakers make default in supplying energy in accordance with the terms of any regulations and conditions subject to which they are authorized to supply energy under this license, they shall be liable to such penalties as may, by such regulations and conditions, be prescribed in that behalf:

Provided, always, that when such default is due to cyclones, or floods, or storms, or other causes not under the control of, or due to default of, the undertakers, no penalty shall be enforced if the undertakers show due diligence in resuming the supply:

Provided that the penalties to be inflicted on the undertakers under this section shall in no case exceed, in the aggregate, the sum of five hundred rupees in respect of any defaults not being wilful defaults on the part of the undertakers for any one day, and provided, also, that in no case shall any penalty be inflicted in respect of any default if the Court having cognizance of the case shall be of opinion that such default was caused by inevitable accident, or *force majeure*, or was of so slight, or unimportant a character, as not materially to affect the value of the supply.

Price.

Methods of charging.

45. The undertakers may charge for energy supplied by them to any ordinary consumer (otherwise than by aggrement) –

(1) by the actual amount of energy so supplied; or

(2) by the electrical amount contained in such supply; or, unless the Local Government, from time to time, otherwise direct;

(3) by the number of hours during which the supply of energy is actually used by such consumer, and the maximum power with which he is, for the time being, entitled to be supplied;

Provided that, before commencing to supply energy through any distributing main for the purposes of general supply, the undertakers shall give notice to the Local Government, and to the local authority, by what method they propose to charge for energy supplied through such main; and, where the undertakers have given any such notice, they shall not be entitled to change such method of charging, except after one month's notice of such change has been given by them to the Local Government, and the local authority, and to every consumer of energy who is supplied by them from such main:

Provided, also, that when the undertakers have given notice to any consumer of charging him by the number of hours, and the maximum power, in manner above described, such consumer, if he objects to that method of charge, may, by one month's notice in writing, require the undertakers to charge him by the actual quantity of energy supplied to him; and thereafter the undertakers shall not, except with the consumer's consent, charge him by any other method.

Maximum prices.

46. The prices to be charged by the undertakers for energy supplied by them shall not exceed those stated in that behalf in the fourth schedule, in the first, second, and third sections thereof, respectively: Provided that, if the Local Government are of opinion that, or the local authority, or the undertakers shall, at any time after the expiration of seven years after the commencement of this license, make a representation to the Local Government that the prices, or methods of charge stated in the said schedule, ought to be altered, the Local Government, after such enquiry as they may think fit, may make an order varying the prices, or methods of charge, in lieu thereof, and the prices, or methods of charge so varied, or substituted, shall have effect on, and after, such day as may be mentioned in the order, as if they had been stated in the said schedule: Provided, also, that the prices, and methods of charge for the time being in force, may be altered, in like manner, at any time after the expiration of any, or every, period of seven years after the same were last altered.

Other charges by agreement.

47. Subject to the provisions of this license and of the principal Act, and the right of the consumer to require that he shall be charged according to some one or other of the methods above-mentioned in cases where he is entitled to require a supply, the undertakers may make any agreement with a consumer as to the price to be charged for energy, and the mode in which such charges are to be ascertained, and may charge accordingly.

Price to public lamps.

48. The price to be charged by the undertakers, and to be paid to them for all energy supplied to the public lamps, and the mode in which such charges shall be ascertained, shall be settled by agreement between the Local Government or local authority and the undertakers, as the case may be, and, in the event of difference, by arbitration, regard being had to the circumstances of the case, and the distributing, or other mains (if any) which may have to be laid for the purpose, and the prices charged to ordinary consumers in the district.

Meters and Apparatus.

Meters to be used except by agreement.

49. The energy supplied by the undertakers to any ordinary consumers under this license, or the electrical quantity contained in such supply (according to the method by which the undertakers elect to charge), in this license referred to as "the value of the supply," shall, except as otherwise agreed between such consumer and the undertakers, be ascertained by means of an appropriate meter, duly certified under the provisions of this license.

Meters to be certified.

50. A meter shall be considered to be duly certified under the provisions of this license if it be certified by an electric inspector, appointed under this license, to be of some construction and pattern, and to have been fixed, and to have been connected with the service lines, in some manner approved of by the Local Government, and to be a correct meter; and every such meter is, in this order, referred to as a "certified meter:" Provided that, where any alteration is made in any certified meter, or where any such meter is unfixed, or disconnected, from the service lines, such meter shall cease to be a certified meter, unless and until it be again certified as a certified meter under the provisions of this license.

51. Every electric inspector, who may be required by the undertakers, or by any consumer, to examine any meter for the purpose of certifying the same as a certified meter, under the provisions of this license, shall be entitled to demand, from the undertakers, or consumer, so requiring him, and to be paid such fees as may, from time to time, be determined, in that behalf, by the Local Government, before commencing such examination; and every electric inspector shall, upon being required so to do by the undertakers, or any such consumer, as aforesaid, examine any meter situate within the district for which he is appointed, if such fees are offered to him, as aforesaid, and shall certify the same as a certified meter, if he considers it entitled to be so certified.

Undertakers to supply meters if required to do so.

52. Where the value of the supply is, under this license, required to be ascertained by means of an appropriate meter, the undertakers shall, if required so to do by the consumer, supply him with an appropriate meter; and shall, if required so to do, fix the same upon the premises of the consumer, and connect the service lines therewith, and procure such meter to be duly certified under the provisions of this license, and, for such purposes, may authorize and empower any officer or person to enter upon such premises, and execute all necessary works, and do all necessary acts: Provided that, previously to supplying any such meter, the undertakers may require such consumer to pay to them a reasonable sum in respect of the price of such meter, or to give security therefor, or may require him to enter into an agreement for the hire of such meter as hereinafter provided, and also to pay to them a reasonable sum in respect of the expenses of fixing such meter, and connecting it with the service lines, and procuring the same to be certified under this license.

If any difference arises between the undertakers and any consumer under this section, such difference shall be determined by arbitration.

Meters not to be connected or disconnected without notice.

53. No consumer shall connect any meter used, or to be used, under this license, for ascertaining the value of the supply, with any electric line through which energy is supplied by the undertakers, or disconnect any such meter from any such electric line, unless he has given, to the undertakers, not less than forty-eight hours' notice in writing of his intention so to do; and if any person acts in contravention of this section, he shall be liable, for each offence, to a penalty not exceeding twenty rupees.

Consumer to keep his meter in proper order.

54. Every consumer of energy supplied by the undertakers shall, at all times, at his own expense, keep all meters belonging to him, whereby the value of the supply is, under this license, to be ascertained, in proper order for correctly registering such value, and, in default of his so doing, the undertakers may cease to supply energy through such meter.

The undertakers shall have access to, and be at liberty to take off, remove, test, inspect, and replace, any such meter at all reasonable times: Provided that all reasonable expenses of, and incident to, any such taking off, removing, testing,

inspecting and replacing, and the procuring such meter to be again duly certified where such re-certifying is thereby rendered necessary, shall, if the meter be found to be not in proper order, be paid by the consumer; but if the same be in proper order, all expenses connected therewith shall be paid by the undertakers.

Power to the undertakers to let meter.

55. The undertakers may let for hire any meter for ascertaining the value of the supply, and any fittings thereto, and any other apparatus required for their undertaking, for such remuneration in money, and on such terms, with respect to the repair of such meter, or apparatus, and fittings, and for securing the safety and return, to the undertakers, of such meter, or apparatus, and fittings, as may be agreed upon between the hirer and the undertakers, or, in case of difference, be decided by the Local Government, and such remuneration shall be recoverable by the undertakers summarily as a civil debt.

Undertakers to keep meter let for hire, in repair.

56. The undertakers shall, unless the agreement of hire otherwise provides, at all times, at their own expense, keep all meters, let for hire by them to any consumer, whereby the value of the supply is ascertained, in proper order for correctly registering such value; and, in default of their so doing, the consumer shall not be liable to pay rent for the same during such time as such default continues. The undertakers shall, for the purposes aforesaid, have access to, and be at liberty to remove, test, inspect, and replace, any such meter at all reasonable times: Provided that the expenses of procuring any such meter to be again duly certified, where such re-certifying is, thereby, rendered necessary, shall be paid by the undertakers.

Differences as to correctness of meter to be settled by inspector, or Local Government officer.

57. If any difference arises between any consumer and the undertakers as to whether any meter, whereby the value of the supply is ascertained, (whether belonging to such consumer or the undertakers) is, or is not, in proper order for correctly registering such value, or as to whether such value has been correctly registered, in any case, by any meter, such difference shall be determined, upon the application of either party, by an electric inspector, or, where the Local Government are the consumers, by an officer to be appointed by the Local Government, who shall also order by which of the parties the costs or the proceedings before him shall be paid, and the decision of such inspector or officer shall be final and binding on all parties. Subject, as aforesaid, the register of the meter shall be conclusive evidence, in the absence of fraud, of the value of the supply.

Undertakers to pay expenses of providing new meters where method of charge altered.

58. Where any consumer who is supplied with energy by the undertakers from any distributing main, is provided with a certified meter for the purpose of ascertaining the value of the supply, and the undertakers change the method of charging for energy supplied by them from such main, the undertakers shall pay to such consumer the reasonable expenses to which he may be put in providing a new meter for the purpose of ascertaining the value of the supply according to such new method of charging, and such expenses may be recovered by the consumer from the undertakers, summarily, as a civil debt.

Undertakers may place meters to measure supply, or to check measurement thereof.

59. In addition to any meter which may be placed upon the premises of any consumer to ascertain the value of the supply, the undertakers may, from time to time, place upon his premises such meter, or other apparatus, as they may desire, for the purpose of ascertaining or regulating, either the amount of energy supplied to such consumer, or the number of hours during which such supply is given, or the maximum amount of such supply, or any other quantity, or time, connected therewith: Provided that such meter shall be of some construction and pattern, and shall be fixed and connected with the service

lines in some manner approved by the Local Government, and shall be supplied and maintained entirely at the cost of the undertakers, and shall not, except by agreement, be placed otherwise than between the mains of the undertakers and the terminals on the consumer's premises at which the supply is given.

Notices, &c.

Notices, &c., may be printed or written.

60. Notices, orders, and other documents under this license may be in writing or in print, or partly in writing and partly in print, and where any notice, order, or document requires authentication by the local authority, the signature thereof by the Chairman or Secretary to the local authority shall be sufficient authentication.

Service of notices, &c.

61. Any notice, order, or document, required or authorized to be served upon any body or person under this license or the Act, may be served by the same being addressed to such body or person, and being left at, or transmitted through the post to, the following addresses, respectively:—

(*a*) In the case of the Local Government, the office of the Secretary in the Public Works Department.

(*b*) In the case of any local authority, the office of such local authority.

(*c*) In the case of the undertakers, or any other Company having a registered office, the registered office of the undertakers, or such Company.

(*d*) In the case of a Company having an office, or offices, but no registered office, any such office.

(*e*) In the case of any other person, the usual, or last known place of abode of such person.

Where any notice is served by post, it shall be deemed to have been served at the time when the letter, containing the notice, would be delivered in the ordinary course of post, and, in proving such service, it shall be sufficient to prove that the letter containing the notice was properly addressed and put into the post.

A notice, order, or document, by this license required, or authorized, to be served on the owner, or occupier, of any of the premises, shall be deemed to be properly addressed, if addressed by the description of the "owner" or "occupier" of the premises, (naming the premises), without further name or description.

A notice, order, or document, by this license required, or authorized, to be served on the owner, or occupier, of premises, may be served by delivering the same, or a true copy thereof, to some person on the premises, or, if there is no person on the premises to whom the same can, with reasonable diligence, be delivered, by fixing the notice on some conspicuous part of the premises.

Revocation of License.

Revocation of license where undertakers are insolvent.

62. If, at any time, after the commencement of this license, the local authority make a representation to the Local Government, or the Local Government themselves are of opinion that the undertakers have made any default in executing works or supplying energy in accordance with the terms of this license, and that such default is in consequence of the insolvency of the undertakers, and that by reason of such insolvency the undertakers are unable, fully and effectually, to discharge the duties and obligations imposed upon them by this license, the Local Government shall enquire into the truth of such representation, and if, upon such enquiry, they are satisfied of the truth of such representation, they shall, upon the application of the local authority, or at their own discretion, revoke this license

as to the whole, or, with the consent of the undertakers, as to any part of the area of supply.

Revocation of order where undertaking cannot be carried on with profit.

63. If, at any time, after the commencement of this license the undertakers represent to the Local Government, or the Local Government are of opinion that the undertaking cannot be carried on with profit, and ought to be abandoned, the Local Government shall enquire into the truth of such representation, and if, upon such enquiry, they are satisfied of the truth of such representation, they may, if, in their discretion, they think fit, revoke this license as to the whole, or (with the consent of the undertakers and of the local authority) as to any part of the area of supply.

Revocation of order with consent.

64. In addition to any other powers which the Local Government may have in that behalf, they may revoke this license at any time with the consent and concurrence of the undertakers and the local authority of the area (if any) upon such terms as the Local Government may think just.

Provision where order revoked.

65. If the Local Government at any time revoke this license as to the whole, or any part, of the area of supply, under any of the provisions of this license, the following provisions shall have effect: —

(*a*) The Local Government shall serve a notice of such revocation upon the undertakers, and upon the local authority of the area (if any), and shall, in such notice, fix a date at which such revocation shall take effect, and, from and after such date, all the powers and liabilities of the undertakers under this license for the supply of energy within such area, or part thereof, as aforesaid, shall absolutely cease and determine.

(*b*) Within one month after the service of such notice by the Local Government, the local authority, or the local Government, if they think fit, may, by notice in writing, require the undertakers to sell, and thereupon the undertakers shall sell to them the undertaking, or such part of it as is within such area, or part thereof, as aforesaid, upon terms of paying the then value of all land, buildings, works, materials and plant, of the undertakers, suitable to, and used by, them for the purposes of the undertaking, within such area, or part thereof; such value being agreed or estimated by arbitration, on the basis of the value of the undertaking as a going concern.

(*c*) Where no purchase is effected by the Local Government or the local authority under the provisions of the last sub-section, and any other local authority, Company or person, is willing to purchase the undertaking, or such part of it, as aforesaid, the Local Government, if they think fit, may, with the consent of the undertakers, or without the consent of the undertakers, in case the price is not less than that for which the Local Government, or the local authority, might have purchased the same, under this section, direct that the undertaking, or such part thereof, as aforesaid, shall be so transferred.

(*d*) Where any purchase is effected, or any transfer is directed under the preceding provisions of this section, the undertaking, or part thereof, so purchased or transferred, shall vest in the purchasers or transferees thereof, freed from any debts, mortgages, or similar obligations of the undertakers, or attaching to the undertaking; and the revocation of this license, as to the whole of the area of supply, or such part thereof, as aforesaid, shall extend only to the revocation of the rights, powers, authorities, duties and obligations of the undertakers from whom the undertaking, or such

part thereof, as aforesaid, is purchased or transferred, in relation to the supply of energy within such area, or part thereof; and, save as aforesaid, this license shall remain in full force within such area, or part thereof, in favour of the Local Government, or local authority, Company, or person, by, or to, whom such undertaking, or part thereof, is purchased or transferred, as aforesaid.

(*e*) Where no purchase has been effected, and no transfer has been directed under the preceding provisions of this section, the Local Government, the local authority, or any body or person, who may be liable to repair any street, or part of a street, in which any works of the undertakers may have been placed, may forthwith remove such works with all reasonable care; and the undertakers shall pay, to the Local Government, the local authority, or other such body or person, as aforesaid, such reasonable costs of such removal, and of the reinstatement of such street, or part of a street, as may be specified in a notice to be served on the undertakers by the Local Government, the local authority, or other body or person, or, (if so required by the undertakers, within one week after the service of such notice upon them), as may be settled by arbitration.

If the undertakers fail to pay such reasonable costs, as aforesaid, within one month after the service upon them of such notice, or the delivery of the award of the arbitrator (as the case may be), the Local Government, the local authority, or other such body or person, as aforesaid, may, without any previous notice to the undertakers, (but without prejudice to any other remedy which they may have for the recovery of the amount), sell and dispose of any such works, as aforesaid, either by public auction, or private sale, and for such sum or sums, and to such person or persons, as they may think fit, and may, out of the proceeds of such sale, pay and reimburse themselves the amount of the costs so specified or settled, as aforesaid, and of the costs of sale, and the balance (if any) of the proceeds of the sale shall be paid over by them to the undertakers.

(*f*) In case the Local Government, the local authority or any body or person, may be entitled to compensation for any damage sustained by them by reason, or in consequence of, the execution of any works within such area, or part thereof, as aforesaid, or the exercise of any powers, by this license granted to the undertakers, or for any expenses to which such local authority, body, or person, may have been put in removing any works of the undertakers within such area, or part thereof, under the provisions of this license, such compensation shall be a first charge on any money that may have been deposited or secured, by the undertakers, under the provisions of this license, in respect of such area, or part thereof, and which may not have been repaid or released to the undertakers, and such money shall be applied rateably in satisfying such claims; and in every such case the amount of compensation to be paid, in respect of the various claims, and the persons to whom it is to be paid, shall be determined by arbitration.

General.

66. Where any consumer is required, under this order, to give security to the undertakers, such security may be by way of deposit, or otherwise, and of such amount as he and the undertakers agree on, or, as in default of agreement, may

be determined, on the application of either party, by a Court of competent jurisdiction, which may also order by which of the parties the costs of the proceedings shall be paid, and the decision of the said Court shall be final and binding on all parties: Provided, that, where any such security is given by way of deposit, the undertakers shall pay interest at the rate of five rupees per centum per anum on every sum of ten rupees so deposited for every six months during which the sum remains in their hands.

Proceedings where approval of Local Government is required.

67. Where the approval or consent of the Local Government is given in any case, or where the Local Government makes any order, or gives any notice, under the provisions of this license, or revokes this license, such approval or consent shall be signified, or such order shall be made, or notice given, or revocation made, by writing, under the hand of one of the Secretaries or Under-Secretaries of the Local Government.

Costs of applications for approval or consent of Local Government.

68. All costs and expenses of, or incident to, application for any approval, consent, or order of the Local Government, including the cost of the tests (if any) which may be required to be made by the Local Government for the purpose of determining whether the same should be given or made, shall be borne and paid by the applicant or applicants therefor: Provided, always, that where any approval is given by the Local Government to any plan, pattern, or specification, they may require such copies of the same, as they may think fit, to be prepared, and deposited at their office, at the expense of the said applicant or applicants, and may, from time to time, as they think fit, revoke any approval so given, or permit such approval to be continued, subject to such modifications as they may think necessary.

Notice of approval of Local Government, &c., to be given by advertisement.

69. Where the Local Government, upon the application of the undertakers, give any approval, or grant any extension of any time, limited for the performance of any duties by the undertakers, or where the Local Government, at their own discretion, or upon the application of the local authority, revoke this license, as to the whole, or any part of the area of supply, notice that such approval has been given, or such extension of time granted, or such revocation made, shall be published, by public advertisement, once at least, in each of two successive weeks, in some one and the same local newspaper, by the body by whom such application is made, as aforesaid.

Notice of application for extension of time, &c., to be given to Local authority.

70. Where any application is made to the Local Government to extend any time, limited for the performance of any duties by the undertakers, notice of such application shall be served on the local authority of the area (if any) by the undertakers, and an opportunity shall be given to such local authority to make representations or objections with reference thereto.

Recovery of penalties.

71. All penalties under this license, the recovery of which is not otherwise specially provided for, may be recovered through a Court of competent jurisdiction.

72. The undertakers shall be answerable for all accidents, damages, and injuries, happening through the act or default of the undertakers, or of any person in their employment, by reason of, or in consequence of, any of the undertakers' works, and shall save harmless all authorities, bodies and persons, by whom any street is repairable, and all other authorities, companies and bodies, collectively, and individually, and their officers and servants, from all damages and costs, in respect of such accidents, damages and injuries.

73. The undertakers shall not be at liberty to sell the undertaking, or any part, or parts thereof, without the sanction of the Local Government, who shall be entitled to call

for, and shall be furnished with, all information they may desire to have relating to, or connected with, any proposed sale, or the negotiations therefor: Provided that nothing in this clause shall affect the provisions of clause 65 or 74.

As to mortgages.

74. Nothing in this license shall prevent the undertakers borrowing money on the security of mortgages of the undertaking, or shall make the consent or approval of the Local Government or local authority necessary to the validity or effect of any such mortgage: Provided that every mortgage of the undertaking shall be deemed to comprise all purchase-money, which may be paid to the undertakers in the event of any sale or transfer of the undertaking, or of any part thereof, under this license; and that any mortgage granted by the undertaker shall not be a charge upon the undertaking, or any part thereof, in the event of the undertaking, or such part, being purchased, or transferred, as aforesaid; and that every mortgage-deed granted by the undertakers shall be endorsed with notice to that effect.

Saving clause as to River Hooghly

75. Nothing in this license shall authorize the undertakers to lay, or place, any electric line, or works, in the River Hooghly, or affect in any manner the powers or privileges of the Commissioners of the Port of Calcutta.

Undertakers not exempted from proceedings for nuisance

76. Nothing in this license shall exonerate the undertakers from any indictment, action, or other proceedings, for nuisance, in the event of any nuisance being caused by them.

Provision as to general Acts.

77. Nothing in this license shall exempt the undertakers, or their undertaking, from the provisions of, or deprive the undertakers of, the benefits of any general Act relating to electricity, which may be passed by the Bengal or Imperial Legislative Council.

78. All questions which, under the terms of this license, are to be submitted to arbitration at any time during the subsistence of the license, shall be decided by any one person who may be agreed upon by the parties in difference, but if they cannot so agree, then by a committee of three persons, one to be nominated by the undertakers, a second by the other party to the difference, and the third being an independent person selected by the two nominees. The decision of the majority shall prevail, and be final, when all three members are appointed. If either party shall neglect, or fail to appoint its member of the committee within 30 days after the happening of the difference, or if the two members appointed by the parties hereto, shall neglect, or fail, within the next succeeding 15 days after the expiration of the aforesaid 30 days, to appoint the third member, then all questions which would have been raised, or have come before the said committee for decision, shall be decided by such person as the Lieutenant-Governor of Bengal may nominate, and the decision of such person shall, in that case, be final, and binding, absolutely, on both parties.

SCHEDULES.

First Schedule.

(Description of Area of Supply.)

Area of supply is that portion of the Town included within S. Circular Road on the North; Circular Road, (Upper and Lower), on the East and South; the River Hooghly on the West as far South as Outram Road; Esplanade Row (East), and Chowringhee; thus including the Eden Gardens and grounds of Government House, but excluding the Maidan.

Second Schedule.

(List of Streets, and parts of Streets, throughout which the undertakers are to lay distributing mains within a period of two years after the commencement of this license.)

Upper Chitpore Road.
Lower Chitpore Road.
Bentinck Street.
Chowringhee Road.
Strand Road (from Ahereetola Street).
Cornwallis Street (from Shambazar Street).
College Street.
Wellington Street.
Harrison Road.
Canning Street.
Kolootola Street.
Clive Street (from Canning St. to Dalhousie Square).
Clive Row
Fairlie Place.
Koila Ghât Street.
Lower Circular Road (from Harrison Road to Dhurrumtollah Street, and, also, from Theatre Road to Chowringhee).
Wellesley Street
Bankshall Street.
Hare Street.
Dalhousie Square (N., S., E., & W.).
Church Lane.
Council House Street.
Hastings Street.
Government Place (N., E., & W.).
Old Court House Street.
Lall Bazâr Street.
Bow Bazâr Street.
Esplanade Row, East.
Dhurrumtollah Street.
Municipal Office Street, and Jaun Bazâr Street up to Free School Street.
Lindsay Street.
Free School Street.
Kyd Street.
Park Street.
Russell Street.
Wood Street.
Middleton Street.
Camac Street (to Theatre Road).
Little Russell Street (from Middleton Street to Harrington Street).
Harrington Street (from Little Russell Street to Camac Street).
Loudon Street.
Rawdon Street (from Theatre Road to Circular Road).
Hungerford Street (from Moira Street to Circular Road).
Theatre Road.

Third Schedule.

(List of Streets not repairable by the Local Government, or by the local authority; also Railways and Tramways which may be broken up by the undertakers in pursuance of the special powers granted by this license.)

All the Streets for which powers are granted are repairable by the local authority.

Railways:—Port Commissioners' Railway.
Municipal Railway.

Tramways:—Calcutta Tramways Co., Ld.

Fourth Schedule.

The term "unit," as used in this schedule, shall be deemed to mean the energy contained in a current of one thousand ampères flowing under an electro-motive force of one volt during one hour.

Section 1.

Where the undertakers charge any consumer by the actual quantity of energy supplied to him, they shall be entitled to charge him at the following rates per quarter:—For any quantity up to twenty units, Rupees twenty only, and for each unit over twenty units, annas twelve only.

Section 2.

Where the undertakers charge any consumer by the electrical quantity contained in the supply given to him, they shall be entitled to charge him according to the rates set forth in section 1 of this schedule, the quantity of energy supplied to him being taken to be the product of such electrical quantity and the standard pressure at the point of junction of the distributing mains and the service lines by which he is supplied:

Provided that, where the undertakers' system involves a transformation of the energy supplied on the consumers' premises, the quantity of energy supplied to him may be taken to be the product of such electrical quantity and the standard pressure on the undertakers' mains, divided by the number expressing the ratio of the transformation employed.

Section 3.

Where the undertakers charge any consumer by the number of hours during which he actually uses his supply, they shall be entitled to charge him at the rates specified in section 2 of this schedule, the quantity of energy supplied to him being calculated on the supposition that the consumer uses the maximum power specified by him under the provisions of this license during all the hours that he has used the supply.

The 12th January 1897.

No. 6.—Notification.—Whereas it appears to the Lieutenant-Governor of Bengal that land is likely to be required for a play-ground at Chittagong in the village of Shuja Katgar, thana town, zilla Chittagong, notice is hereby given, under the provisions of section 4 of Act I of 1894, that a survey party is about to take the field for the purpose of making a survey of the proposed play-ground, and that, in the exercise of the powers conferred by the above-noted section 4, the Lieutenant-Governor of Bengal has authorized the officer engaged in the undertaking to enter upon and survey such land, and to do all other acts required for the proper execution of his work as provided or specified in the said section.

No. 7.—Declaration.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz., for a play-ground at Chittagong in the village of Shuja Katgar, thana town, zilla Chittagong, it is hereby declared that for the above purpose a piece of land, measuring more or less 3 bighas 18 cottahs of standard measurement, bounded on the North by the private road and drain, on the East by the lands of Raj Chandra Sen, Abdul Aziz, Abdul Latif, and Abdul Sattar, on the South by the Antimahomed Ghat Road, and on the West by the Convent compound, is required within the aforesaid village of Shuja Katgar.

This declaration is made, under the provisions of section 6 of Act I of 1894, to all whom it may concern.

J. G. H. GLASS,
Secy. to the Govt. of Bengal.

IRRIGATION DEPARTMENT.

The 12th January 1897.

No. 4.—Notification.—It is hereby notified for general information that declaration No. 49, dated the 15th February 1887, relative to the acquisition of land required to be taken up for a minor channel in the villages of Pipra and Chuck Kunsopoor, pargana Arwal, zilla Gaya, which was published at page 114, Part I of the *Calcutta Gazette* of 16th February 1887, is cancelled.

A. D. MCARTHUR, *Col.*, R.E.,
Secy. to the Govt. of Bengal.

The 12th January 1897.

No. 8.—Declaration.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz., for the retired line of Daudpur embankment in the villages of Kundalpur and Sikandarpur, pargana Bisara, zilla Muzaffarpur, it is hereby declared that for the above purpose a piece of land measuring, more or less, 45 bighas 10 cottahs 5 chittaks of standard measurement, bounded on the north, east and west by the lands of mauza Kundalpur, and on the south by the lands of mauza Sikandarpur, is required within the aforesaid villages of Kundalpur and Sikandarpur.

This declaration is made, under the provisions of section 6 of Act I of 1894, to all whom it may concern.

A. D. MCARTHUR, *Col.*, R.E.,
Secy. to the Govt. of Bengal.

The 15th December 1896.

REVISED WATER-RATE RULES FOR THE MIDNAPORE CANAL.

No. 248 Notification.—His Honour the Lieutenant-Governor of Bengal is pleased to propose the following modifications in the Water-rate Rules for the Midnapore Canal passed by him under the provisions of sections 99 and 78 of Act III (B.C.) of 1876 in notification No. 162 of the 19th June 1893.

A. D. MCARTHUR, *Col.*, R.E.,
Secy. to the Govt. of Bengal.

1. The Divisional Canal Officer is responsible for maintaining the canal in an efficient state of repair, for providing drainage channels where necessary, and generally for all engineering work involved in its management, as well as for the distribution of water to lessees. The word "canal" is here used as defined in section 3 of the Act.

2. The Deputy Collector is responsible for the assessment and collection of water-rates accruing to Government from the canal.

3. Water shall not be distributed otherwise than on the application of a lessee, or to a person in whose favour a provisional license under Rule 15 has been issued. Such application may be made verbally or in writing to any subordinate in charge of that part of the canal from which water is required.

4. If any lessee apply for water to the Deputy Collector or one of his subordinates verbally, he shall be directed to address himself to an irrigation officer or subordinate. If he makes such an application in writing, his petition shall be forwarded direct by the zilladar, to whom it is addressed, to the Sub-divisional Canal Officer in charge of that part of the canal from which the petitioner's village is supplied.

5. The Divisional Canal Officer shall map out the irrigable area into blocks in accordance with the natural features of the ground, and so determine that the whole block shall be irrigable from one outlet or from one set of outlets. So far as may be practicable, the blocks shall be separated by drainage lines.

6. Each block determined as above shall be numbered and recorded with its irrigable area in registers to be maintained by the Divisional Canal Officers and Deputy Collector. The blocks shall also be marked on maps to be maintained by the same officers.

7. Leases for not more than five years may be granted for the whole irrigable area of a block, or, subject to the provisions of Rule 13, for definite parts of a block, under the following conditions:—

I.—Ordinarily the whole irrigable area of any village, so far as situated within the block, must be included in the lease.

II.—All leases within one block shall be granted so that they shall expire on the same date.

III.—In order to equalise the areas to be dealt with in each year, the date of expiry of the leases in each block shall be determined by the Divisional Canal Officer in consultation with the Deputy Collector, so that, as far as practicable, one-fifth of the total area usually irrigated may fall out of lease in each year.

IV.—No permit shall be granted, when the supply of water must of necessity be delivered across an unleased area, unless a village channel exists, which, in the opinion of the Sub-divisional Canal Officer, will deliver water without waste across the unleased area.

8. The rates to be charged for water supplied between 16th June and 30th November, whether by flow or lift, to lessees on application shall be—

For a term of five years—Re. 1-8 per acre for each season.

For one year or for water supplied on a provisional license for which a permit for a term of years is not subsequently issued, Rs. 3 per acre.

Provided that the leases, whether new or renewals, required for shorter terms than five years in order to develop the system of blocks as explained above, shall be charged Re. 1-8 per acre only.

9. For the supply of water, when available, for winter crops, a rate of Rs. 2-8 per acre per season shall be charged.

10. For the unauthorized use of canal water a rate of Rs. 5 per acre, or such less rate as may be sanctioned by the Deputy Collector, shall be charged.

11. Application for water-leases under section 74 of the Act shall be presented to the Sub-divisional Officer through the zilladar in whose charge the land lies.

12. Every application for a water-lease shall contain the following particulars:—

1.—Name and residence of applicant.

2.—Name of pargana, mahal and village in which the land to be irrigated is situated.

3.—Total area for the irrigation of which the application is made and its boundaries, and if the lands to be irrigated lie in separate *chaks*, the name of each *chak*.

4.—Names of the raiyats whose lands are to be irrigated, and the quantity of land held by each.

5.—Name of the canal and number of distributary from which water is required.

6.—Signatures of the applicants.

13. A separate application must be presented for lands in each village, but *tehsilalaida* or other lands lying within the village boundary at the time of survey may be included.

14. Before a permit for a term of years is granted, the written consent of the Divisional Canal Officer shall be obtained, but permits for one year only and provisional licenses may be issued with the written assent of the Sub-divisional Canal Officer. The Deputy Collector shall on the day of issue forward a copy of all permits granted to the Divisional Canal Officer.

Existing leases may, with the written consent of the Divisional Canal Officer, be extended for not more than three years, without enquiry or re-measurement, payments being made in accordance with the existing assessment.

15. When a water-lease is granted, a *kabuliyat* shall be taken in a form approved by Government, and a "permit" shall be given to the lessee or lessees in a form similar to that prescribed in Schedule C of the Act. Pending the completion of a lease, the zilladar may issue a provisional license for the supply of water to an area covered by an application.

16. On the issue of a permit or provisional license, the zilladar shall forward to the Sub-divisional Canal Officer direct a requisition requesting him to supply water to the lessee on application. This requisition shall be kept by the Canal Officer till January 1st next following, and shall then be returned to the Deputy Collector. On the back should be noted the several dates on which the village was supplied with water. A fresh requisition shall be issued on or before June 1st, and returned on or before January 1st each year, till the lease expires.

17. When it comes to the knowledge of the Sub-divisional Canal Officer that canal water has been taken without authority, he shall hold a local investigation and transmit the record thereof to the Divisional Officer, who shall, if he is of opinion that the fields should be assessed, forward the case with his remarks to the Deputy Collector. Separate proceedings shall be taken in the case of each village irrigated without authority.

18. On receipt of the record mentioned in Rule 17, and after hearing any objection which may be raised, the Deputy Collector shall determine whether water-rates can be legally charged, and if so, he shall proceed to assess, at the rate provided in Rule 10, the land irrigated without authority. Water-rates shall not be charged where the unauthorized irrigation has occurred through the act, neglect or default of a Canal Officer or subordinate.

19. The statements of the amounts demandable for water-rates leviable under the rules in force shall be prepared under the supervision and signature of the Deputy Collector in such form as shall from time to time be sanctioned by the Lieutenant-Governor. Persons charged under Rule 10 or 18 shall be served, by post or otherwise, with a statement showing the amounts charged to enable them to lodge an appeal to the Collector under section 91 of the Act, if they desire to do so.

20. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted, or used for the irrigation of lands not under lease, it shall be competent for the Superintending Canal Officer to direct that the lease shall be cancelled with effect from the 1st of June next following.

21. The rates for water supplied from June to November shall in each season fall due on the 1st January and 15th February following, but all sums of Rs. 5 and under shall become due on the 1st January and be payable in one instalment. The Deputy Collector may, however, require one-half of the rates due on applications filed after the 1st of September to be paid in advance, and may refuse to issue a permit for more than one year. The rates for water supplied for winter crops shall fall due on the 1st April following.

22. Water-rates imposed under Rule 10 or 18 shall fall due as soon as the assessment is made, and shall be realized at once.

23. The Superintending Canal Officer may, with the concurrence of the Collector, direct the Deputy Collector to—

1.—Cease to issue permits for the irrigation of lands in villages where there have been constant difficulties in realizing water-rates until all the arrears of water-rates due are paid up, and also, if specially so ordered, unless half the amount due under new applications is paid in advance. An order under this rule shall be in force for the time stated therein, which shall not exceed three years.

II.—Cancel any five-years' lease if on the 1st of June of any year water-rates to the extent of half the demand for one year are in arrears.

24. Remission of water-rates, either in whole or part, as the case may require, shall be granted by the Deputy Collector for—

I.—Errors in the assessment of rates.

II.—Injury to the crop on a leased area caused by deficient supply of water, provided a written application for remission has been made 15 days at least before the crop is cut.

In regard to applications under II, the written opinion of the Divisional Canal Officer shall be obtained and form part of the record of the case.

25. The Deputy Collector, with the written consent of the Divisional Canal Officer, may grant remissions of water-rates, either in whole or part, for injury to the crops on leased areas caused by excess of water due to deficient drainage.

26. The Deputy Collector may, with the written assent of the Divisional Canal Officer, commute rates charged under Rules 10 and 18 to those chargeable for water supplied on application, provided that a lease either for a term of years or for the season has been subsequently executed for the lands in question.

27. Remissions on other grounds than the above require the sanction of Government.

28. In cases where sums due on account of water-rates cannot be collected owing to the death, bankruptcy, or absconding of the defaulter, the amount which is non-realizable may be written off as irrecoverable on the authority of the Superintending Canal Officer.

29. Before awarding compensation under section 16 of the Act, or making a reference under section 17 of the Act, the Collector shall obtain the written opinion of the Superintending Canal Officer, and his written opinion shall form part of the record of the proceedings.

30. The *chaukidar* of any village in which lands are leased for a term of years shall be entitled to a remission of water-rates for his holding either as a *jaghir* or *raiyati* up to a limit of 3 acres, provided he gives efficient and willing assistance to the Canal Officers in respect to the following matters—

I.—In the preparation of applications for leases.

II.—In the measurements of irrigated lands.

III.—In giving the names of the occupiers of the various fields.

IV.—In receiving demand statements and informing the cultivators of the demands against them.

V.—In receiving *tappas* from the zilladars and distributing them.

VI.—In being present when complaints are investigated by Canal Officers, and giving information regarding the matters under investigation.

VII.—In reporting to the zilladars any mutations in holdings of persons who have signed a lease for a term of years.

31. Tanks may be filled with canal water without charge, wherever water can be made available without injury to the cultivation dependent on a canal under the following conditions:—

I.—No tank shall be filled unless the water is to be exclusively used for domestic purposes or for watering cattle.

II.—No tank shall be filled from which irrigation is practised.

III.—No tank shall be filled which intercepts any line of drainage or is liable to overflow from the accumulation of water from natural causes.

IV.—No tank shall be filled except on the written order of the Sub-divisional Canal Officer issued on the written application of the persons concerned.

V.—No tank shall be filled unless the village channel used to convey water to it shall be shown to the satisfaction of the Sub-divisional Canal Officer to be in a sound condition when the application is made.

VI.—The privilege here accorded may, by the written order of the Sub-divisional Canal Officer, be suspended for twelve months for the breach of any of the above rules.

32. The Divisional Canal Officer may supply water for manufacturing or other purposes and charge for the same at the rate of one rupee for each 10,000 cubic feet or part of 10,000 cubic feet supplied. The same charge will be made if water is taken into a tank without authority or used in an unauthorized manner.

33. No person shall, without the permission in writing of the Divisional or Sub-divisional Canal Officer, pass or cause any animal or vehicle to pass on or across any of the works, banks or channels of a canal or drainage work after he has been desired to desist therefrom, except by means of such bridges, fords and ferries and their approaches as are provided by the Divisional Canal Officer.

34. No officer employed on the canals, unless especially exempted by the Lieutenant-Governor from the operation of this rule, shall have any interest in the distribution of water from any of the canals, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly, or in shares with others.

35. Except as provided in the Act and in these rules, no appeal shall lie from any order passed by a Canal Officer; but the Sub-divisional Canal Officer shall modify any order passed by him in accordance with the order of the Divisional Canal Officer, and the Subdivisional

Canal Officer or Divisional Canal Officer shall modify any orders passed by them in accordance with the orders of the Superintending Canal Officer, who shall exercise a general control over the proceedings of all Canal Officers.

36. In appeals to the Collector under section 91 of the Act other than those specially provided for in Rule 19, the Collector may require the Superintending Engineer to state his opinion in writing, which shall form part of the record of the proceedings in the case.

[Sixth Publication]

The 8th December 1896.

No. 243.—Notification.—Notice is hereby given that the Lieutenant-Governor of Bengal proposes, under the provisions of section 6 of Act II (B.C.) of 1882, to declare that the provisions of clause (*b*) of section 76 of that Act shall take effect over the whole area between the sea-dyke and the Bay of Bengal, commencing from the village of Dariapur, pargana Balijora, and ending where the sea-dyke terminates at a masonry pillar in the village of Khandalgobra, pargana Birkul, save and except the tract specified hereunder, viz., the lands between the sea-dyke and the sea so far as they appertain to the Majnamutha estate, bounded on the east by the boundary of mauza Kaluraibarh (up to the creek near Kanaichata), pargana Balijora, and on the west by the boundary of mauza Saradpur, pargana Sarifabad near Haripur, pargana Dakshinmal.

2. The erection of any new embankment, or any addition to any existing embankment, or the obstruction or diversion of any water-course within the tract above declared without the previous sanction of the Collector of Midnapore, is prohibited.

Boundary of the tract to be declared.

[Subject to the exceptions above noted.]

Tract of country between Hijili sea-dyke and the Bay of Bengal.	Hijili sea-dyke from village Dariapur, pargana Balijora	Rasulpur river	Bay of Bengal	Hijili sea-dyke and sand hill near village Khandalgobra, pargana Birkul	1	Midnapore.

A. D. MCARTHUR, *Colonel*, R.E.,
Secy. to the Govt. of Bengal.

RAILWAY DEPARTMENT.

The 11th January 1897.

No. 2.—Declaration.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz., for the Fakirabad siding at Goalundo from 148 miles 3,402 feet on the Eastern section of the Eastern Bengal State Railway to the Ganges, it is hereby declared that for the above purpose a strip of land about 36,000 feet long, varying in width from 70 feet to 500 feet, measuring more or less 156 acres 3 roods and 1·5 poles of standard measurement, passing through the villages of Andarmanick, Santeel, Oojan Chur, Chur Durgapur and Fakirabad, pargana Kasimnagar, district Faridpur, is required within the aforesaid villages of Andarmanick, Santeel, Oojan Chur, Chur Durgapur and Fakirabad.

This declaration is made, under the provisions of section 6 of Act I of 1894, to all whom it may concern.

J. G. H. GLASS,
Secy. to the Govt. of Bengal.

The 12th January 1897.

No. 3.—Notification.—Whereas it appears to the Lieutenant-Governor of Bengal that land is likely to be required for a line of railway from Bettiah to Singarpur, 23 miles, in the district of Champaran, notice is hereby given, under the provisions of section 4 of Act I of 1894, that a survey party is about to take the field for the purpose of making a survey of the proposed line, and that in the exercise of the powers conferred by the above-noted section 4, the Lieutenant-Governor of Bengal has authorized the Engineers for the time being engaged in the undertaking to enter upon and survey lands, and to do all other acts required for the proper execution of their work as provided or specified in the said section.

J. G. H. GLASS,
Secy. to the Govt. of Bengal.

MARINE DEPARTMENT.

The 8th January 1897.

No. 5 Marine.—The following telegram, No. 76, dated the 6th January 1897, from the Government of Bombay, relative to the imposition of quarantine regulations at *Natal* against ships arriving from Bombay, is published for general information.

A. D. MCARTHUR, *Colonel*, R.E.,
Secy. to the Govt. of Bengal.

Copy of a telegram, No. 76, dated the 6th January 1897, from the Government of Bombay, to the Government of Bengal.

GOVERNOR, Natal, telegraphs—Bombay declared to be infected, ships thence kept in quarantine twelve days after disinfection.

The 9th January 1897.

No. 6 Marine.—In accordance with the provisions of section 69 of the Chittagong Port Commissioners' Act, 1887, the following abstract of the estimates of receipts and expenditure of the Chittagong Port Fund for the year 1897-98 is published for general information :—

A. D. MCARTHUR, *Colonel*, R.E.,
Secy. to the Govt. of Bengal.

The 12th January 1897.

No. 9Marine.—The following Notification No. 1, dated the 1st January 1897, issued by the Administration of Burma relative to the imposition of Quarantine Rules in the Port of Rangoon against arrivals from Karachi, is published for general information.

A. D. MCARTHUR, *Col.*, R.E.,
Secy. to the Government of Bengal.

GENERAL DEPARTMENT.

NOTIFICATION.

Dated Rangoon, the 1st January 1897.

No. 1.—In exercise of the power conferred by Act I of 1870, the following Rules for Quarantine against Plague have been made by the Chief Commissioner of Burma, with the previous sanction of the Governor-General in Council: they have effect from this date in the Port of Rangoon as a temporary measure:—

I.—The commander of every vessel, including junks or other native craft, arriving from Karachi, shall, on arrival at the pilot brig, hoist a yellow flag and indicate by signal the port from which she has come.

II.—Such commander shall not, except as hereinafter provided, allow any communication either with the shore or with any other vessel or boat except with the boat supplying a pilot from the pilot brig, and in that case communication shall be limited to receiving on board the pilot, his servant, if any, and baggage.

III.—The pilot shall not take such vessel higher than Elephant Point, but shall anchor it there until the Health Officer of the Port has visited it and ascertained by enquiry from the commander whether any person on board is suffering, or has during the voyage suffered, from plague. If the Health Officer is satisfied by such enquiry that no person on board is suffering, or during the voyage has suffered, from plague, the Health Officer *may*, by writing under his hand to be delivered to the commander, permit such vessel to haul down the yellow flag and proceed upwards in the port and hold free communication with the shore and with vessels and boats in port. Provided that, if the vessel has undergone since leaving Karachi a quarantine, which is properly proved, for not less than eight days at Colombo, or some other British Port, the Health Officer *shall* grant such permission as aforesaid.

If the vessel has not undergone eight days' quarantine at Colombo or some other British port since leaving Karachi, the Health Officer *may* direct the commander to take the vessel to the quarantine anchorage and there to remain for a period of eight days from the date of arrival in the harbour. In such case the Health Officer shall also direct the commander to prohibit, during the period for which the vessel remains at the quarantine anchorage as aforesaid, all communication, except such as is hereinafter provided for between such vessel and the shore, or other vessels and boats in the harbour.

IV.—If the Health Officer shall have reason to believe at the time when the vessel arrives in the harbour that any person on board is suffering, or during the voyage has suffered, from plague, he shall direct the commander to take the vessel to the quarantine anchorage as aforesaid, and there to remain for a period of fifteen days from the day of arrival in the harbour; and shall further direct that during such fifteen days intercourse between the said vessel and the shore or other vessels and boats in the harbour shall be prohibited as provided in Rule III.

V.—If during the period a vessel is at the quarantine anchorage aforesaid any case or cases of plague should occur on board, the said vessel shall remain in quarantine for a period of fifteen days from the date of the last case occurring, and be subject to all the prohibitions provided for in Rules III and IV.

VI.—When any vessel has been placed in quarantine as aforesaid, the Health Officer may direct the removal of so many of the passengers and crew as may not be suffering from illness, and whose services may not be required on board the vessel, to such particular spots as may from time to time be selected by the Chief Commissioner as places of quarantine, there to remain for a period of eight days, or, if the vessel has been placed in quarantine for fifteen days, for a period of fifteen days. If a case of plague occurs among such passengers and crew during any such period, they shall remain in a place of quarantine for a period of fifteen days from the date of the occurrence of the last case of such illness.

VII.—Any mails or cargo which may be brought by any vessel so arriving shall be landed under such precautions as the Health Officer may deem necessary to prevent the spread of the disease.

VIII.—It will be the duty of the Conservator of the Port to facilitate the conveyance to all vessels in quarantine or such supplies of provisions, stores, and other articles as may

be required by those on board. Such supplies will be placed on the boats of the vessels in quarantine to be subsequently removed by members of their crews.

IX.—All vessels arriving at Rangoon, which may have communicated with any vessel coming from Karachi, shall be subjected to the same quarantine as vessels arriving at Rangoon from Karachi unless the communication was held after the vessel from Karachi was released from quarantine.

By order,
F. C. GATES,
Secretary.

SUBORDINATE CIVIL SERVICE.

No. 306A.

No. 293A.—The 12th January 1897.—Babu Narendra Kumar Ghose, substantive *pro tempore* Sub-Deputy Collector, is allowed extraordinary leave, without allowances, for twenty-three days, under Article 372 of the Civil Service Regulations, in continuation of the leave granted to him under the order of the 12th December 1896.

EDUCATIONAL NOTICE.

Examination of Candidates for Pleadership and Mookhtarship in Mufassal Courts subordinate to the High Court.

THE next examination of candidates for Pleadership will be held on the 23rd, 24th and 25th February next, in the Senate House of the Calcutta University.

The next examination of candidates for Mookhtarship will be held at Calcutta, Patna, Dacca, Cuttack, Gauhati and Sylhet on the 22nd, 23rd and 24th of February next, the examination of those candidates who have applied to be examined in Calcutta taking place in the Senate House of the Calcutta University.

The papers for the Pleadership candidates will be set on the 23rd and 24th of February, and two papers will be set each day at 10 A.M. and 2 P.M. respectively. The Pleadership candidates will be examined *viva voce* on the 25th February, commencing at 10 A.M. Two papers will be set for the Mookhtarship candidates on the 22nd of February at 10 A.M. and 2 P.M. respectively, and they will be examined *viva voce* on the 23rd and 24th of February, commencing at 10 A.M. each day.

Under no circumstances will any candidate be admitted to the examination room after these hours.

The candidates will be required to produce at the examination the extracts from the register which will be furnished to them by the District Judges through whom their applications have been sent to the Board of Examiners.

No candidate will be allowed to enter the examination room with any memoranda or loose papers of any description (with the exception of the extracts above mentioned).

All writing materials will be provided, with the exception of pens, which the candidates must bring with them.

HENRY T. HYDE,
Secretary to the Board of Examiners for Pleadership and Mookhtarship.

Collector's Office, Puri, the 2nd October 1896. C. A. BELL, Offg. Collector.

Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estate situate in the district of Puri will be put up to sale at the Puri Collectorate on the 28th of April 1897, corresponding with 17th Bysack 1304 Umli :—

Conditions of Sale.

1st.—The estate to be sold to the highest bidder above the upset price which will be fixed by Collector at the time of sale. The purchaser of this estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him subject to the revenue fixed in perpetuity.

2nd.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or, if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser after issue of advertisement as in the case of original sale.

Number in statement of Government estates.	Number on the district roll.	Name of estate and pargana.	Approximate area in acres.	Government revenue assessed.	Upset price.	REMARKS.

N. BHATTACHARJEE, for Offg. Collector.

Collector's Office, Puri, the 10th November 1896.

Advertisement of Sale.

NOTICE is hereby given that the right of Government, as specified in the conditions of sale below, to the undermentioned lands, situate in the district of Bankura, will be put up to sale at the Bankura Collectorate on the 15th February 1897, corresponding with 5th Falgoon 1303 B.S.

The purchasers will be subject to the following conditions of sale :—

Conditions of Sale.

1st.—The estate to be sold to the highest bidder above the upset price. The purchaser of these lands will be considered as the holder of the tenure, and the entire Jamai Panchaki and rent-free rights of Government in such tenure will be transferred to him.

2nd.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and the purchasers to be bound to respect the rights of the resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceeds Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or, if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser after issue of advertisement, as in the case of original sale.

Number on the district roll.	Name of estate and pargana.	Approximate area in acres.	Government revenue assessed.	REMARKS.
1	2	3	4	5
	16 plots of land in mauza Ghoramauli Kamarkuli, pargana Chhatna, of which the judgment-debtor Dassu Mani's share, $\frac{1}{16}$th or 1 anna and 12 gandas, bought in for Government at a Civil Court decree sale.	A. R. P. 2 0 0	Rs. A. P. 8 2 0	Of these 16 plots purchased by Government at a Civil Court decree sale, four plots are held in Jamai right, three in Panchak Brahmattar, for which Rs. 2-1-3 is payable as rent to the superior landlords Jogmeshwar, Gobordhan and Kisori Mohon Banorjee of Maliara, and for another plot of Panchaki As. 1-9 Panchak is payable to the zamindar of Chhatna. The remaining eight plots are rent-free.

Bankura Collectorate, the 5th January 1897. DINONATH DE, Deputy Collector in charge, for Collector.

Advertisement of Sale.

NOTICE is hereby given that the right and interest of Government, as specified in the conditions of sale below to the undermentioned property situate in the district of Bankura, will be put up to sale on the spot by the Sub-Deputy Collector of Vishnupur on the 23rd January 1897, corresponding with the 11th Magh 1303 B.S.

The purchasers will be subject to the following conditions of sale:—

Conditions of Sale.

1st.—The property to be sold to the highest bidder above the upset price, which will be fixed by the Sub-Deputy Collector at the time of the sale. The purchaser of the property will be considered to have acquired the right and title of Government in the property, and they will be transferred to him, subject to the rent fixed in perpetuity.

2nd.—The sale to be subject to existing leases and to the rights conferred by settlement proceedings and by the laws in force.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance is not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or, if that day is a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the property to be again put up to sale at the risk of the defaulting purchaser after issue of advertisement, as in the case of original sale.

In addition to the above, there are 1,848 estates with balances under Rs. 500 each, aggregating Rs. 1,98,436-6-2, the particulars of which may be learnt at this Office. The Official Assignee has received for remuneration for the quarter ending 30th September 1896 Rs. 3,112-13-7.

CALCUTTA,
The 1st October 1896.

A. B. MILLER,
Official Assignee.

(960—1)

GENERAL.

NOTIFICATION.

Dated 28th December 1896.

No. 5814-Fx.-223.—Tenders in the form hereunto appended are hereby invited for the exclusive privilege of the manufacture of Arrack for the territories of Mysore, inclusive of the Civil and Military Station of Bangalore, for a period of five years from *1st July 1897 to 30th June 1902*

2. The contract for the Civil and Military Station of Bangalore is included in this Notification with the permission of the Resident in Mysore.

3. The privilege for which tenders are now invited will be conceded subject to the conditions specified in paragraph 8 of this Notification, and to the Excise Laws and Rules passed by Government from time to time It will not include the manufacture or sale of Toddy, or of "Foreign Spirits and Foreign Fermented Liquors," or of Country Beer.

4. The quantity of Arrack required is estimated to be between 46,000 and 48,000 gallons a month, the quantity actually issued from the Bangalore Distillery in the year 1895-96 having been 551,936 gallons No quantity is, however, guaranteed to the manufacturer, who is bound by actual requirements, be the same more or less than the estimated quantity.

5. Tenderers must specify the lowest rate per gallon at which they will supply all the Arrack required, of the strength of 20° under proof, during the whole period of the contract. The rate of price thus tendered for and accepted by Government shall be the price at which Arrack of 20° under-proof will be sold by the manufacturer to retail shop-keepers and to renters of the right of retail vend, during the currency of the contract granted under this Notification. For double-distilled spirits and other special liquors of greater or lesser strength than 20° under-proof, which may be specially manufactured and issued with the approval of the Government, the manufacturer will be allowed to fix his own prices; but for single-distilled spirits of greater or lesser strength than 20° under-proof, the price chargeable by him will be according to such strength proportionately on the rate fixed for Arrack 20° under-proof in accordance with Casella's Rules.

6. Each tender must be accompanied by a deposit of *Rs. 5,000* in cash, or in Government securities, duly endorsed in favour of "The Dewan of Mysore," and enclosed in a cover superscribed with the words "Tender for the exclusive privilege of the Manufacture of Arrack." and must be sent to the *Excise Commissioner at Bangalore* so as to reach him before noon on Tuesday, the *2nd March 1897*, after which date no tender will be received. The tenders will be opened by the Excise Commissioner at his office in *Bangalore* at 12 o'clock noon on the *2nd March 1897*, in the presence of the applicants who may be present. The final disposal of the tenders will rest with the Government, who reserve to themselves full power to reject any or all of the tenders without assigning any reason. The deposits made by the applicants whose tenders are rejected will be returned to them on their application.

7. The applicant, whose tender may be finally accepted by the Government, shall, within eight days of the acceptance of his tender being communicated to him, deposit at the Huzur Treasury, Bangalore, a further sum in cash, or in Government securities, duly endorsed in favour of 'The Dewan of Mysore," to make up with the deposit previously made the sum of *one lakh of rupees*; and shall execute an agreement in the prescribed form on proper stamp, binding himself to conform to the conditions hereinafter set forth, and if he fails or refuses to sign the agreement, or to make the deposit required, the deposit already made will be forfeited to Government, and the contract otherwise disposed of.

8. The contract for which tenders are now invited shall be subject to the following conditions, namely :—

I.—The contractor will be required to manufacture within the enclosure of the Government Distillery near Bangalore, or at such other place as may be approved by the Government. For the use of the Distillery buildings near Bangalore, together with the existing system of water-supply thereto, the contractor shall pay rent to Government at Rs. 500 *per mensem*. Such improvement or addition to the said buildings or water-supply as may be approved by the Government will be carried out at Government cost, subject to the payment by the contractor of such additional rent or rate as may be fixed by Government.

II.—The contractor will be required to have ordinarily a month's supply (46,000 gallons at the present rate of consumption) and *never less* than 23,000 gallons of admissible spirits in terms of 20° under-proof in store at the Distillery.

III.—The contractor will be allowed to purchase spirit from any Sugar Factory which may be established in Mysore, and which may be authorized by Government to distil Arrack Should the contractor himself establish a Sugar Factory and distil Arrack therein, with the permission of the Government, he will be bound to keep in stock such quantities of spirit at such Factory as may be fixed by Government.

IV.—In outlying tracts where, owing to small consumption or other causes, there is reason to suspect illicit distillation, Government will be at liberty to establish out-stills, giving the contractor the first refusal of so doing.

V.—The contractor shall, upon receipt by him of price at the rate fixed by his contract, sell the spirit at the Government Distillery or other place where he may be allowed to manufacture. Such sales shall only be—

1st.—For the supply of such Bonded Depôts as Government may, from time to time, establish and maintain;

2nd.—To separate shop-keepers licensed to sell in the Civil and Military Station of Bangalore, in the Cities of Bangalore and Mysore and in other places to which the Separate Shop System may be extended;

3rd.—To vend-renters to whom the Government may sell the right to vend Arrack in defined tracts and;

4th.—To the licensees for the wholesale and retail vend of "Foreign Spirits and Foreign Fermented Liquors" and for the sale of the same in Refreshment-rooms and in Hotels and Boarding-houses.

No spirit shall be allowed to be removed from the Government Distillery, or other authorized place of manufacture, or from a Bonded Depôt, unless the purchaser produces a Treasury receipt for the amount of duty paid therefor.

VI.—The contractor shall be bound to conform to the provisions of Act XXII of 1881 (the Excise Act), as in force in the Civil and Military Station and as introduced into Mysore with certain modifications by Regulation III of 1885, as well as to the Rules framed thereunder by Government from time to time.

VII.—The out-going contractor shall give, and the in-coming contractor shall take over, any Arrack or other Country Spirits not exceeding a month's supply, which may remain as stock in hand on the last day of the expiring contract, the latter paying the former for the same such value as may be fixed by the Excise Commissioner.

VIII.—Should the in-coming contractor so require by at least one week's previous notice in writing, the out-going contractor shall cease preparing "Wash" during the last month of the expiring contract, and vacate the buildings so as to admit of the in-coming contractor commencing operations. Should no such notice be given, the out-going contractor may continue distilling till the end of his contract, after which further distillation must cease.

IX.—Should the out-going contractor so desire, the in-coming contractor shall be bound to purchase all apparatus and stock and block belonging to the out-going contractor at the Government Central Distillery, Bangalore, at a fair and equitable price, to be fixed by the Excise Commissioner, calculating the original cost and deducting therefrom depreciation for the period of user at such average rate as may be determined by Government, and of which timely notice will be given to the out-going contractor, and to intending bidders by a Notification to be duly published in that behalf.

X.—Improvements of a permanent nature shall be retained and not be disturbed except with the approval of the Executive Engineer.

XI.—In case of a breach of any of the above conditions, Government will be at liberty to cancel the contract and to declare the deposit of one lakh of rupees forfeited and also to recover from the defaulting contractor such further loss as may be occasioned by such breach.

9. The following items of information are appended :—

NOTE 1.—Table showing the annual quantity of Arrack issued from the Distillery during the past ten years :—

	1886-87.	1887-88.	1888-89.	1889-90.	1890-91.	1891-92.	1892-93.	1893-94.	1894-95.	1895-96.

NOTE 2.—From 1st July 1897 the rate of still-head duty on Arrack 20° under-proof, payable to Government, will be raised from Rs. 4 to Rs. 4-12-0, and the retail price thereof from Rs. 5-5-0 to Rs. 6-6-0 per gallon (*i.e.*, from Re. 0-1-8 to Re. 0-2-0 per dram which is equal to $\frac{1}{64}$ part of a gallon). The rates of still-head duty and retail price of single-distilled spirits of greater or less strength than 20° under-proof will be calculated proportionately upon the rates for 20° under-proof in accordance with Casella's Rules. Government reserve to themselves the power of altering the rates of duty and price, it being distinctly understood that the manufacturing contractor shall not be entitled to claim any compensation for loss on account of such alteration.

NOTE 3.—For double-distilled spirits of all strengths, the rates of still-head duty will be calculated proportionately upon the rate for 20° under-proof in accordance with Casella's Rules. But for these spirits, as well as for other special liquors manufactured at the Government Central Distillery, Bangalore, or other place approved by Government, both the manufacturer and the licensed vendor will be at liberty to fix their own prices.

NOTE 4.—The present contractors are reported to have, up to the end of August 1896, incurred an expenditure of Rs. 69,048 2-0 on account of plant put up.

By order,

C. SEBENIVASIENGAR,

Secy. to Govt., Gen. and Rev. Departments.

APPENDIX.

FORM OF TENDER.

To

The Excise Commissioner in Mysore,

Bangalore,

SIR,

With reference to the Mysore Government Notification No. 5814-Ex-223, dated 28th December 1896, published in the *Mysore Gazette Extraordinary* of that date, I beg to tender for the exclusive privilege of the manufacture of Arrack for the territories of Mysore, inclusive of the Civil and Military Station of Bangalore, for a term of five years from *1st July 1897 to 30th June 1902*, subject to the terms, rules and conditions specified in the Notification above quoted.

2. I hereby offer to manufacture and supply Arrack of the strength of 20° under-proof at Rs. a. p. per gallon for the entire period of the contract.

3. I enclose ———— ———— for *Rs. 5,000*, duly endorsed in favour of "The Dewan of Mysore," as required by paragraph 6 of the said Notification.

I beg to remain,

Sir,

Your most obedient servant,

Arrah Division.

NOTICE is given that during the hot-weather of 1897 (25th March to 25th June), the following distributaries will be open for supply of water for Irrigation:—

Nasriganj subdivision.	
Kythi distributary	Down to 8½ miles.
Rajpore do.	Down to 6⅞ miles.
Sukla do.	Down to 11 miles.
Bessaini sub-distributary	Down to 5 miles.
Amowna distributary	Whole length.
Left Parallel Channel A, B, C, D, E, and F	Whole length.
Right Parallel Channel A and B	Whole length.
Arrah Canal	Whole length.
Mongrolia sub-distributary	Whole length.
Ageaon subdivision.	
Koilwar distributary	Down to 15 miles 16 chains.
Jaitpore do.	Down to 5¾ miles.
Ekwaree sub-distributary	Whole length.
Left Parallel Channel A, B, and C	Whole length.
Right Parallel Channel A and B	Whole length.
Dillia distributary	Whole length.
Panmary do.	Whole length.
Arrah Canal	Whole length.
Ramnagar subdivision.	
Beehea Branch Canal and Parallel Channels	Whole length.
Hitumpore distributary	Whole length.
Chukwath sub-distributary	Whole length.
Tar distributary	Whole length.
Kesree do.	Whole length.
Katya and Katya Factory sub-distributary	Whole length.
Koath subdivision.	
Doomraon Branch Canal and Parallel Channels	Whole length.
Jussry distributary	Whole length.
Karuth do.	Whole length.
Waina do.	Whole length.
Burowlee sub-distributary	Whole length.
Kesuth distributary, sections Nos. II and III	Whole length.
Lethan distributary	Down to 7 miles 10 chains.

Arrah, the 6th December 1896.

R. B. BUCKLEY, Superintending Engineer, Sone Circle.

Buxar Division.

NOTICE is given that during the hot weather of 1897 (25th March to 25th June), the following canals and distributaries will be open for the supply of water for irrigation in the Buxar Division:—

Sikroul subdivision.

For season leases—		For leases by waterings—	
Main Western Canal	9th to 13th mile (3 outlets).	Santh distributary	down to 10th mile.
Seanwank distributary	whole length.	Garhia sub-distributary	down to 3 mile.
Bhojepur distributary	down to 47½ mile.	Amerpore ditto	down to 2 mile.
Nenooa sub-distributary	down to 1½ mile.	Mahada distributary	down to 5½ mile.
Buxar Canal with its Parallel channels.	whole length.		
Link line	whole length.		
Basauli distributary	whole length.		
Basudhar do.	whole length.		
Jail channel	whole length.		

Jamrore subdivision.

For season leases—		For leases by waterings—	
Chowsa Branch Canal from head to Dudhar Fall.		Chowsa Branch Canal	from Dudhar Fall to Raghunathpore Fall.
Gouree Sunker Tollah Parallel channel.	whole length.	Bhanpur Distributary	whole length.
Baraon Distributary	down to 3 miles.	All outlets on Main Western Canal.	

Basawan subdivision.

For season leases—
Balthari distributary ... down to 3 miles.

Arrah, the 6th December 1896.

R. B. BUCKLEY, Superintending Engineer, Sone Circle.

Eastern Sone Division.

NOTICE is hereby given that during the hot-weather of 1897 (25th March to 25th June), the following distributaries may be opened at times for the supply of water for irrigation provided it is available. The charge for the use of the water will be fifteen annas per bigha for each watering taken:—

Bikram subdivision.

Dorwan	distributary	Down to end.
Jabarpur	do.	Down to end.
Adumpur	do.	Down to 6½ mile.
Tangraila	do.	Down to 2½ mile.
Khajury	do.	Down to end.
Fattehpur	do.	Down to 6⅝ mile.
Kurkuri	do.	Down to 7½ mile.
Dinapore	do.	Down to end.
Moorka	do.	Down to 5½ mile.
Paligunj	do.	Down to 6½ mile.
Majhouli	do.	Down to 7th mile.
Parallel Channel		41 to 65 mile.
Patna canal		41 to 78 mile.
Rewa	distributary	Down to 8 mile.
Maner	do.	Down to 7½ mile.
Patna	do.	Down to 3 mile.
Nagwan	do.	Down to end.

Daoodnagar subdivision.

Ayara	distributary	Down to end.
Rampur Chouram	do.	Down to end.
Tuturki	do.	Down to end.
Chanda	do.	Down to end.
Tildiha	do.	Down to 2 mile.
Manora	do.	Down to end.
Parallel channel	do.	Down to 41 mile.

(NOTE:—Parallel channels B and D are closed.)

Patna canal		Down to 41 mile.
Tejpura	distributary	Down to end.
Amra	do.	Down to end.
Emamgunj	do.	Down to 9 mile.
Mali	do.	Down to 10 mile.
Kojaisa	do.	Down to 10 mile.

R. B. BUCKLEY, Superintending Engineer, Sone Circle.

Arrah, the 6th December 1896.

Pure Sulphate of Quinine.

MANUFACTURED AT THE BENGAL GOVERNMENT CINCHONA PLANTATION.

FROM 1st April 1896 the price of this Quinine will be as follows:—

1 Pound tin Rs. 18, or, post free, Rs. 18-12.
½ " " " 9, " " " " 9-8.
¼ " " " 4-8 " " " " 5.

Analysis shows this Quinine to be of the purest manufacture; and it is guaranteed to be free from wilful mixture with the inferior alkaloids, Chinchonine and Cinchonidine. It is for sale only to Government officers, and only for cash, and may be had from the Superintendent, Botanic Garden, Sibpur, near Calcutta.

Cinchona Febrifuge.

Cinchona Febrifuge can be purchased by all Government officers and by any one taking *six pounds* at a time from the Superintendent, Botanic Garden, Calcutta, at the following rates—per four-ounce tin, *Rs. 2, ans. 8*; per eight-ounce tin, *Rs. 5*; per pound tin, *Rs. 10*. Notice

IS hereby given to all that the following stone-quarries, the property of Government in the subdivision of Rajmahal, district Sonthal Parganas, will be settled for one or more years from the 1st January 1897, by public auction The sale will be conducted at the Subdivisional Office, Rajmahal, on the 15th January 1897.

Conditions of sale.

1. Each quarry will be separately put up to sale, and will be sold at the upset price subject to the sanction of the Deputy Conservator of Forests, Sonthal Parganas.

2 The bidder in whose name each sale is closed, after acceptance of his bid by the officer conducting the sale, will be required to pay immediately one-fourth of the amount of his bid, and the balance within seven days from the date of receipt of the notice that the sale has been sanctioned by the Deputy Conservator of Forests, Sonthal Parganas. Failure will result in the cancelment of sale and re-sale of the quarry at the risk of the bidder.

3. The officer conducting the sale will not be bound to accept the highest bid; the power of accepting any kind must be reserved to him.

4. The approved bidders will be required to execute the counterpart of the lease within 15 days of the receipt of the notice that the sale has been sanctioned by the Deputy Conservator of Forests, Sonthal Parganas. Failure will result in the cancelment of the settlement and forfeiture of the amount of bid paid.

5. For any further particulars, apply to the Subdivisional Officer, Rajmahal, enclosing a court-fee stamp of one rupee.

UJIAL CHANDRA SEN, *Accountant,*
for Exe. Engr., Nadia Rivers Division.

Berhampore, the 11th January 1897.

Parts I, II and III of a Descriptive Catalogue of the Sanskrit Manuscripts in the Library of the Calcutta Sanskrit College, prepared by Pandit Hrishikesa Sastri and Babu Siva Chandra Gui, M.A., B.L., of that College, are offered to the public for sale The Catalogue is to be completed in 23 parts, the price of each part being 12 annas a copy, exclusive of postage. Copies can be obtained, from the Principal of the Sanskrit College, Calcutta.

Annual Statement of the Sea-borne Trade and Navigation of the Bengal Presidency and of its Chief Port (Calcutta), and each of its Subordinate Ports (Chittagong, Balasore, Cuttack, Pooree, and Narsingunge), Volumes I and II. Price Rs. 20 for 1895-96 Published at the Calcutta Custom House. Previous years' volumes can also be obtained at the same price.

The Indian Law Reports.

Published under Authority.

THE Indian Law Reports, published under the authority of the Governor-General in Council, appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and comprise four series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt, and the Madras, Bombay, and Allahabad Series are distributed direct from Madras, Bombay, and Allahabad respectively.

In supersession of the previous advertisements, on and from the 1st January 1889 the terms of subscription and sale will be as follows for current issues as well as for back numbers of the Reports from 1876:—

Terms of subscription payable annually in advance.

For the complete series *including postage*, Rs. 22-8.

Obtainable at the Bengal Secretariat Book Depôt, Writers' Buildings, Calcutta.

Remittances to be forwarded to the Accountant and Treasurer, Bengal Secretariat, Writers' Buildings, Calcutta.

All the wanting parts of the INDIAN LAW REPORTS (complete series) having now been reprinted, the complete Reports from 1876 to 1893 may be purchased for all the years, or for any particular year, on application to the Officer in charge of the Bengal Secretariat Book Depot.

The subscription, Rs. 22-8 per annum, should be remitted in advance to the Accountant and Treasurer, Bengal Secretariat.

Notice.

It is hereby notified, for general information, that subscription to the complete series of the Indian Law Reports should be registered during the first three months of each calendar year. Subscribers are therefore requested to send in their subscriptions of the complete series before the 31st March in each year. Those who register their names after that date will understand that copies will be supplied only if available.

THE following Weather Reports of the Bengal Meteorological Department, issued by orders of the Government of Bengal, can be supplied to the public at the prices annexed:

1st.—Bay of Bengal Daily Weather Report, giving meteorological observations taken at 28 stations on or near the coast of the Bay, with a chart and summary. This is published in connection with the Bay of Bengal Storm Signal Service. The report giving 8 A.M. observations of the day is distributed by peon in Calcutta soon after 11 A.M. Price to subscribers in Calcutta Rs. 2 per mensem, payable in advance up to 30th April 1897.

This report will be issued every year from 1st November to 30th April. From 1st May again the Bay of Bengal and Bengal Report containing observations taken at 64 stations will be issued.

2nd.—A Monthly Statement of Meteorological Observations taken at 49 observing stations, and of rainfall recorded at 327 subdivisional and other stations, together with summaries of the more important features of the meteorology of the past month of the province, and of the distribution of the rainfall and its variation from the normal. Price of the Monthly Summary Rs. 2 per annum, payable in advance.

Subscriptions payable to the Meteorological Reporter to the Government of Bengal, 5, Russell Street, Calcutta, for the Bay of Bengal Daily Weather Report, and to the Accountant and Treasurer, Bengal Secretariat, for the Monthly Report.

C. LITTLE,

Meteorological Reporter to the Govt. of Bengal.

Notice.

NOTICE is hereby given that the terms for the purchase of publications from the Bengal Secretariat Book Depôt except *for* Government offices or offices under the control of Government Officers are strictly cash, and on no other terms will any publication be supplied, or advertisement, notice, &c., inserted in either of the Gazettes.

In the case of insolvency notices, cash must be sent with such notices when forwarded by Mofussil courts or offices and for those forwarded by the Official Assignee cash must be paid on presentation of memorandum of cost by the Accountant and Treasurer, Bengal Secretariat.

Remittances in postage stamps should be accompanied by an addition of one anna in the rupee on account of discount.

☞ Applications for Acts of the Bengal Legislative Council required on the public service should be addressed to the REGISTRAR, Office of the Legislative Department, Government of Bengal.

Copies are available for purchase at the Bengal Secretariat Book Depôt.

The Calcutta Gazette.

WEDNESDAY, JANUARY 13, 1897.

NOTICES TO MARINERS.

GOVERNMENT OF BENGAL—MARINE DEPARTMENT.

NOTICE TO MARINERS—No. 6.

[First Publication.]

AUSTRALIA, EAST COAST—Port Jackson.

Woolloomooloo bay—Additional mooring buoys.

The British Admiralty has given notice (No. 715 of 1896) that information has been received from the Commander-in-Chief on the Australian station that the undermentioned mooring buoys for H.M. Ships have been recently placed in Woolloomooloo bay:—

1. No. 6 buoy in a position with fort Denison flagstaff, bearing N.N.W. ¼ W., distant 2 cables, and end of wall, Lady Macquaire Point, S.W. by W. ¾ W.

Approximate position, lat. 33° 51′ 35″ S., long. 151° 13′ 45″ E.

2. No. 7 buoy in a position with Observation spot, Garden island, bearing N.E. by E. ¼ E., distant nearly $1\frac{7}{10}$ cables; and Waiting-room, Garden island, S.E. by S.

3. No. 8 buoy in a position with Waiting-room, Garden island, bearing E. by S. ¼ S., distant three-quarters of a cable, and north-west extreme of Coaling wharf, Garden island, N.N. E. ¾ E.

(*Variation, 10° Easterly in 1896.*)

GOVERNMENT OF BENGAL—MARINE DEPARTMENT.

NOTICE TO MARINERS—No. 2.

[Second Publication.]

NEW ZEALAND, NORTH ISLAND—KAIPARA HARBOUR.

Decreased depth on bar.

THE British Admiralty has given notice (No. 687 of 1896) that on the bar of Galatea channel, entrance to Kaipara harbour, with the leading beacons in line, and at a distance of 3½ to 4 miles seaward of North Sand spit, the depth had decreased to 4¾ fathoms at low water; also that about a cable westward of that position the depth has decreased to 2 fathoms over which the sea breaks in ordinary bad weather.

NOTE.—Vessels are recommended to keep southward of the beacons in line when crossing the bar of Galatea channel, and to pay strict attention to the Semaphore signals.

Approximate position, bar, lat. 36° 27½′ S., long. 174° 1′ E.

B. P. CREAGH, *Comdr.*, R.I.M.,
Port Officer of Calcutta.

Published for general information.

[Second Publication.]

JAVA, NORTH COAST—MANDALIKE ISLAND.

Alteration in light.

WITH reference to Notice to Mariners, No. 127, dated 26th June 1896, issued by this office, the British Admiralty has given further notice (No. 688 of 1896) that on 18th October 1896 the light on Mandalike island was altered from *fixed white* to a *group-flashing white* light, with a period of *twenty seconds*, showing *two flashes* in quick succession; and visible in clear weather from a distance of 23 miles.

Approximate position, lat. 6° 23′ S., long. 110° 55½′ E.

B. P. CREAGH, *Comdr.*, R.I.M.,
Port Officer of Calcutta.

GOVERNMENT OF BENGAL—MARINE DEPARTMENT.

NOTICE TO MARINERS—No. 4.

[Second Publication.]

JAPAN, SOUTH-EAST COAST—BAYONNAISE ISLAND.

Breakers northward of the island.

THE British Admiralty has given notice (No. 703 of 1896) that information has been received that the Master of the ship *Lindisfarne* reports that, on 17th August 1896, with a moderate south-east wind, and a long and high south-south-west swell, he observed the sea breaking heavily, apparently on a small rock, in a position with Bayonnaise bearing about South, distant 8 miles.

Approximate position, lat. 32° 3′ N., long. 139° 54′ E.

The symbol for a rock, with less than 6 feet water on it, has been placed in the above position on the Admiralty Chart.

(*Variation 3° Easterly in 1896.*)

B. P. CREAGH, *Comdr.*, R.I.M.,
Port Officer of Calcutta.

[Third Publication.]

INDIA, SOUTH—Ceylon coast.

Colombo—Regarding the light at extremity of N.-E. Breakwater.

With reference to Notice to Mariners No. 212, dated 12th November 1895, issued by this office, the British Admiralty has given further notice (No. 677 of 1896) that further information has been received that the pile light (*white*) mentioned in that notice was not exhibited.

Also, that, on 1st October 1896, a sixth order, dioptric, *green* lantern light would be shown from the western end of the staging of the North-east breakwater, now in course of construction.

This breakwater extends in a S. 82° W. direction, for a distance of 450 yards, from the western side of Mutwal point.

Approximate position, on plan No. 914, light, lat. 6° 57′ 55″ N., long. 79° 51′ 15″ E.

(*Variation 1° Easterly in 1896.*)

[Third Publication.]

CHINA SEA.

Banka strait—Alterations in buoyage.

The British Admiralty has given Notice (No. 678 of 1896) that the undermentioned alterations have been made in the buoyage of Banka strait, to bring it into accordance with the uniform system of buoyage adopted in the fairways of the Netherlands East Indies:—

1. The buoy marking Kalian ledge has been replaced by a *can* buoy, painted black and surmounted by a truncated cone, moored on the west side of the ledge.
   Approximate position, lat. 2° 4′ S., long. 105° 7¼′ E.
2. The buoy marking the shoal at the north-west end of Nemesis bank has been replaced by a *spherical* buoy, painted red and black in horizontal stripes, and surmounted by an upright cross.
   Approximate position, lat. 2° 52¾′ S., long. 105° 59½′ E.
3. The two buoys marking the eastern side of Stanton channel have been replaced by two *can* buoys, painted black, each surmounted by a truncated cone.
   Approximate position, south-east buoy, lat. 3° 1½′ S, long 106° 19′ E.
4. The two buoys marking Round shoal and Merapi, Lucipara passage, have been replaced by two *can* buoys, painted black, each surmounted by a truncated cone.
   Approximate position, Round shoal buoy, lat. 3° 7½′ S., long. 106° 6½′ E.
5. The topmark of the buoy (red *nun*) marking Frederick Henry rocks, northern entrance to Banka strait, has been altered to a ball.

B. P. Creagh, *Comdr.*, R.I.M.,
Port Officer of Calcutta.

[Third Publication.]

CHINA SEA—GASPAR STRAIT.

Cheruchup bay—Rocks near Karang Baka.

WITH reference to Notice to Mariners No. 172, dated 1st September 1896, on a rock (Sri Billitong) northward of Karang Baka, issued by this office, the British Admiralty has given further notice that an examination has recently been made of the locality with the undermentioned result :—

1. Sri Billitong rock has a depth of 2 fathoms on it at low water springs, and is situated about three-quarters of a mile northward of its reported position, or with Kalmoa beacon, entrance to Cheruchup river, bearing S. 36° E., distant $6\frac{7}{10}$ miles; and northern extreme of Tanjong Bienga N. 52° E.
   Approximate position, lat. 2° 39′ 10″ S., long. 107° 33′ 30″ E.
2. A coral rock, with a depth of $2\frac{1}{4}$ fathoms on it at low water springs, was found west-south-westward of Karang Baka, in a position with Kalmoa beacon bearing S. 57° E., distant 5 miles; and Kelmanbang summit S. 6° W.

   The black *nun* buoy, surmounted by a ball, previously moored on the south-west side of Karang Baka, has been moved to the south-west side of this rock.
3. A small coral rock, with a depth of $4\frac{1}{2}$ fathoms on it at low water springs, was found midway between the rock (2) and Karang Baka.

(*Variation 2° Easterly in 1896.*)

B. P. CREAGH, *Comdr.*, R.I.M.,

[Third Publication.]

AUSTRALIA, SOUTH COAST—Princess Royal harbour.

Alterations in buoyage.

The British Admiralty has given notice (No. 683 of 1896) that the undermentioned alterations have been made in the buoyage of Princess Royal harbour:—

1. The colour of the buoy, moored N.W. ¼ N., distant nearly 2 cables, from the extremity of the Railway jetty, has been altered from black to red.
   Approximate position, lat. 35° 2′ 30″ S., long. 117° 54′ 20″ E.
2. The colour of the buoy, moored S.S.E. ¼ E., distant 4½ cables, from the extremity of Hanover bay jetty, has been altered from white to black.
3. A new buoy, painted black, has been moored in a position with the extremity of Hanover bay jetty bearing N.W. ¼ N., distant 3 cables; and the extremity of Coal jetty E.N.E.
4. A new buoy, painted red, has been moored in a position with the extremity of Hanover bay jetty bearing N.W., distant $1\frac{8}{10}$ cables; and Wakefield point N.N.E. ½ E.
5. The black buoy, the white buoy and the black buoy, previously moored, respectively, S.S.E. ¼ E., distant $2\frac{8}{10}$ cables; S. by E. ¾ E., distant $1\frac{1}{10}$ cables; and S.E. ¾ E., distant one cable; from the extremity of Hanover bay jetty, have been withdrawn.

GOVERNMENT OF BENGAL—MARINE DEPARTMENT.

NOTICE TO MARINERS—No. 261.

[Third Publication.]

AFRICA, NORTH-EAST—Red sea, western shore.

Mahommed Ghul—Sunken rock in Raweiya anchorage.

The British Admiralty has given notice (No. 684 of 1896) of the existence of a rock, with a depth of 25 feet on it at low water and 6 fathoms close around, situated on the east side of Raweiya anchorage in a position with the western point of Engineer island bearing about S.E. ¼ E., distant $1\frac{1}{10}$ miles, and Mahommed Ghul flagstaff W. by S. ¾ S.

Approximate position, lat. 20° 55′ 5″ N., long. 37° 12′ 30″ E.

A rock marked 4 fathoms has been placed in the above position on the Admiralty Chart, with *P.D.* against it, as the survey on which the chart is based is only a rough one.

GOVERNMENT OF BENGAL—MARINE DEPARTMENT.

NOTICE TO MARINERS—No. 262.

[Third Publication.]

AFRICA, EAST COAST—Delagoa bay.

Shoal spot reported southward of Timpson point.

The British Admiralty has given notice (No. 685 of 1896) that the Master of the steam-vessel *Transvaal* reports having touched (8h. 30m. A.M., 6th October 1896) on a shoal spot, with a depth of 2¼ fathoms on it at low water, and 3 fathoms around, situated in a position with Timpson point (Shefina island) beacon bearing N. 9° E., distant nearly $2\frac{6}{10}$ miles; and south extreme Reuben point N. 71° W.

Approximate position, lat. 25° 58′ 40″ S., long. 32° 42′ 10″ E.

H.M.S. *Blonde* afterwards ran a line of soundings over this spot, with Reuben point on the bearing given above, and obtained nothing less than 3 fathoms of water; but as the shoal is said to be a narrow ridge, it is very probable it will only be found after a close examination.

(*Variation 23° Westerly in 1896.*)

RESOLUTION ON THE PROGRESS REPORT OF THE FOREST ADMINISTRATION IN THE LOWER PROVINCES OF BENGAL FOR THE YEAR 1895-96.

REVENUE DEPARTMENT—FORESTS.

Calcutta, the 12th January 1897.

RESOLUTION—No. 119FORESTS.

READ—

The Progress Report of the Forest Administration in the Lower Provinces of Bengal for the year 1895-96.

Read again—

The Progress Report of the Forest Administration in the Lower Provinces of Bengal for the year 1894-95 and the Government Resolution thereon.

The Bengal Forests continued in charge of Mr. A. E. Wild throughout the year, but the report is submitted by Mr. E. G. Chester, Mr. Wild having gone on privilege leave since the close of the year. It was received on 11th October, ten days after the due date, but still with much more punctuality than last year.

2. The following statement shows the area of each class of forest in the charge of the Department:—

Forest.	At commencement of the year.	Added.	Excluded.	At close of the year.	Percentage—	
					Of total forest areas.	Of the area of the provinces.
1	2	3	4	5	6	7
	Sq. mil	Sq. miles	Sq. miles.	Sq. miles.		
Reserved	5,839	43	5	5,877	44	3·7
Protected	3,091	435	89	3,437	26	2·2
Unclassed	4,035	.....	...	4,034	30	2·6
Total ...	12,964	478	94	13,348	100	8·5

Most of the net increase of 38 square miles in the recorded area of Reserved Forests was brought about by a recalculation of areas in Jalpaiguri the actual additions being trifling and amounting to little more than half a square mile. The area of Protected Forests in the new Sonthal Parganas division is now estimated at 435 square miles, and this accounts for the whole of the increase in the figures shown in the above table: no new areas were actually added to Protected Forests. Sixty-nine square miles in the Sundarbans were made over to the Revenue Department to be leased out and reclaimed. The remaining 20 square miles shown as excluded had been leased out to raiyats in Khurda during the last few years. The Island of Tumchar off the coast of Noakhali has been gazetted as a proposed reserved forest, and is now under settlement. The areas of forests in Palamau, Lohardaga and Manbhum have not yet been calculated, as the forest settlements in those districts are still pending.

3. *Settlements.*—The settlement of 191 square miles in Darjeeling district has been finally sanctioned since the close of the year. The settlement of three detached plots of 379 acres in all was also completed during the year, two in the Darjeeling and one in the Angul district. Progress was made in the settlements of forests in Chittagong, Manbhum and Palamau, which are proceeding concurrently with revenue settlements. Similar operations are also being conducted in the Kolhan tract of Singhbhum. The forest area in the last two districts cannot be calculated until the settlement of revenue is completed; the area under settlement in Chittagong is 842 square miles.

A plot of one square mile in Darjeeling is under settlement, and so also is the Island of Tumchar already mentioned, which is 5 square miles in extent. No progress was made during the year in the formation of fuel and fodder reserves.

4. *Working-plans.*—In accordance with the orders conveyed in paragraph 6 of last year's Resolution, an effort was made to accelerate the preparation of working-plans. Plans for 225 square miles in the Darjeeling and Tista Divisions were completed, though they have not yet been submitted to Government for sanction. In the latter part of the forest year, Mr. Haines was placed on special duty to prepare a working-plan for the Jalpaiguri forests, and it is hoped that his work will soon be finished. It is intended shortly to depute an officer to prepare a plan for the Singhbhum forest. The Lieutenant-Governor agrees with the remarks by Sir Charles Elliott in the Resolution on last year's report as to the backwardness of Bengal in the matter of working plans, and desires that the efforts which are being made in this direction should not be relaxed. Working plans are still required for 3,339 square miles of reserved forest.

5. *Buildings and Communications.*—The following statement shows the expenditure on roads, bridges, and buildings in the last two years, and the budget allotment for 1895-96:—

	Buildings.			Roads and Bridges.			Total.		
	1894-95.	1895-96.	Budget allotment for 1895-96.	1894-95.	1895-96.	Budget allotment for 1895-96.	1894-95.	1895-96.	Budget allotment for 1895-96.
1	2	3	4	5	6	7	8	9	10
	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.
New construction ...	6,623	18,507		10,227	14 133		16,850	32,640	
Repairs	9,410	8,929		7,046	9,317		16,456	18,246	
Unapportioned ...	314	571		93	1,011		407	1,582	
Total ...	16,347	28,007	28,450	17,366	24,461	24,900	33,713	52,468	53,350

There was a large increase of Rs. 11,660 in expenditure on buildings. Two inspection bungalows, the construction of which had been previously commenced, were completed during the year, and the construction of three others was taken in hand: two of them were finished. An office bungalow at Khurda and a new revenue station in the Sundarbans were constructed, besides smaller buildings of various descriptions.

The expenditure on roads increased by Rs. 7,095; and 97 miles of new road were made and 678 miles of old road kept in repair, against 73 miles made and 622 miles repaired in 1894-95. The expenditure on repairs per mile was Rs. 13-11-10½ against Rs. 11-5-3 in the previous year; no reason is assigned for the increase in the rate.

6. *Breaches of Forest Law.*—Two hundred and sixty-three cases were prosecuted in the courts, against 135 in 1894-95; 89·8 per cent. of the cases disposed of ended in conviction. Almost the whole increase in prosecutions is contributed by two divisions, the new division of the Sonthal Parganas, in which 83 cases were instituted, and the Singhbhum Division, where the number rose from 21 to 59. There was also, as last year, an increase in Chittagong.

The number of prosecutions for injury to forests by fire rose from 18 to 55; 33 of these cases were in Singhbhum. The Officiating Conservator reports that in respect of the classification of these offences, the practice varies in different divisions. A separate report on the matter should be submitted, and the orders of Government obtained with a view to securing uniformity.

Detailed information has been given regarding these cases as directed in paragraph 7 of last year's Resolution; the number of persons prosecuted was not completely shown in the Report, but it has been subsequently ascertained to have amounted to 143: 54 cases were disposed of, and 44 cases resulted in the conviction of 78 persons. The punishments inflicted were generally light especially in Singhbhum, where forest fires have been very frequent. Detection in these cases is difficult, and it is important where the offender is discovered and where there are no mitigating that no circumstances the punishment should be sufficient to deter others from following his example. Of the cases brought to trial, 33 came from Singhbhum, 11 from the Tista Division, 3 each from Chittagong and Angul, 2 from Palamau, and 1 each from Darjeeling, Buxa and Jalpaiguri: 96 cases remained undetected after enquiry, besides the 55 that were brought to trial.

The number of cases compounded by Forest Officers under section 67 of the Act was 1,163 involving 1,761 persons, against 958 cases and 1,562 persons in the previous year. The amount received as compensation was Rs. 6,241, or Rs. 5-5-10 for each case and Rs. 3-9 for each person. The orders of Government prohibiting the composition of the offence of injury to forests by fire were departed from in two cases in the Jalpaiguri and Buxa Divisions; the reason is not stated.

The number of offences of all kinds was greatest in the two Divisions (Darjeeling and Tista) which headed the list in the two previous years. The numbers were in the Darjeeling Division 482 cases and in the Tista 259, against 421 and 281 cases respectively in the previous year.

7. *Grazing.*—The whole area of protected and unclassed forests is open to grazing by all animals, except the forests in the Sundarbans, and 12 square miles elsewhere. In the reserved forests 300 square miles (177 square miles out of 188 in Palamau, and the whole of the Angul Reserved Forests) were thrown open to pasture by all animals for the whole or part of the year; the whole area so open is now 816 square miles, besides 20 square miles in Darjeeling open the whole year to all animals, except camels, sheep and goats. The total area in which there is pasture (the Sundarbans not containing any) is 3,785 square miles. The actual fees received for grazing in the reserved forests amounted to Rs. 11,943 against Rs. 10,022 in the previous year; the increase occurred chiefly in the Jalpaiguri Division. Similar fees in protected forests yielded Rs. 5,175; of this sum Rs. 4 were collected in the Sonthal Parganas and the rest in Puri. The receipts from this source amounted to Rs. 5,138 in 1894-95. In the Tista, Singhbhum, Angul, Chittagong and Sonthal Parganas Divisions no cattle were impounded. The total number of cattle impounded was 1,697 against 1,432 in 1894-95.

8. *Forest fires.*—As regards forest fires, the year was as disastrous, as the previous year had been exceptionally favourable in this respect but the

damage done was not so great as in the year 1893-94. In the year under report special protective measures against fire were taken in an area of 1,957 square miles of reserved forests, as compared with 1,874 square miles in the previous year. The apparent increase is mainly due to the recalculation of areas, the real increase being only 35 square miles. 584 square miles, or 29·84 per cent. of the area specially protected, were burnt down; the percentage in the previous year was exceptionally low, being only 0·49. In 1893-94 the area burnt was 689 square miles, or 37 per cent. of the specially protected area. In the whole forest area (excluding unclassed forests), so far as information is available, 667·08 square miles were burnt down, or 7·16 per cent. Much the greater part of the area in which special measures were taken, and also of the area burnt, was in the Singhbhum Division. Here attempts were made to protect an area of 732·5 square miles and 471·1 square miles, or 64·34 per cent. of this area was burnt down. The unprotected area in this Division also suffered very heavily, but it is not stated to what extent. The increase of fires is attributed, no doubt with justice, to the dryness of the year. It is also stated, and probably there is much truth in the remark, that there is a tendency for bad years in the matter of damage by fire to alternate with good years; because after a good year there is more forest to burn and there are fewer clear spaces to check the progress of fire.

9. *Yield and outturn of Forest Produce.*—The following statement gives details of the forest outturn during the year, including removals by privileged villagers:—

Class of forest and agency by which produce was removed.	Timber.	Fuel.	Total wood.	Bamboos.	Minor produce.
1	2	3	4	5	6
Reserved.	C. ft.	C. ft.	C. ft.	No.	Rs.
Government	194,585	95,606	290,191	14,757	242

Free grants	3,001	21,624	24,625	.....	559
Right-holders	.....	1,389,185	1,389,185	683,200	8,211
Total ...	4,649,519	13,772,885	18,422,404	7,840,649	1,10,855
Protected.					
Government	10,757	6,436	17,193	83,555	4
Purchasers	338,738	4,267,219	4,605,957	359,926	23,036
Free grants	5,083	.....	5,083	900	19,361
Right-holders	184,030	14,463,312	14,647,342	4,000,000	1,67,259
Total ...	538,608	18,736,967	19,275,575	4,444,331	2,09,660
Unclassed.					
Government	9,483	2,837	12,320	6,725	.....
Purchasers	359,870	172,270	532,140	8,408,808	8,349
Free grants	.....	.....	.....	.....	.....
Right-holders	.	.....	...	.....	.....
Total ...	369,353	175,107	544,460	8,415,533	8,349
GRAND TOTAL IN 1895-96 ...	5,557,480	32,684,959	38,242,439	20,700,563	3,28,864
GRAND TOTAL IN 1894-95 ...	4,493,234	30,195,622	34,688,856	22,049,274	2,72,942
Difference in 1895-96	+1,064,246	+2,489,337	+3,553,583	—1,348,711	+55,922

There was an increase in the outturn of every kind of produce except bamboos, which showed a falling off. The total yield of timber and fuel was 38,242,439 cubic feet, or 3,553,583 cubic feet more than the previous year's yield, being an average of 2,865·03 cubic feet per square mile.

The amount of timber removed from Reserved Forests by Government and by purchasers shows an increase of 1,106,359 cubic feet over the previous year. In the Singhbhum Division departmental operations were undertaken on a large scale, a contract having been entered into to supply the Rai Bareli-Benares Railway with two lakhs of sleepers; 174,758 cubic feet of timber were cut for this purpose during the year, and furnished 47,232 broad-gauge sleepers. In the Kurseong and Angul Divisions, small quantities of sleepers were supplied to the Darjeeling-Himalayan and East Coast Railways, respec-

tively. The Department continued to supply the Jelapahar and Lebong cantonments with fuel; and the whole amount of produce removed by its own agency was 214,825 cubic feet of timber, 104,879 cubic feet of fuel, and 105,037 bamboos, besides minor produce to the value of Rs. 242.

Mr. Wild has recorded an interesting note, which is appended to the Report, on the utilization of certain descriptions of minor forest produce.

10. *Financial results.*—The receipts for the forest year amounted to Rs. 9,35,680, and the charges to Rs. 4,75,601; so that the net revenue was Rs. 4,60,079, or Rs. 43,962 more than in 1894-95, when the net revenue was the highest recorded. These results are very satisfactory. The following table shows the figures for the last six years according to the financial year:—

Financial year.	Receipts.	Charges.	Net revenue.
1	2	3	4
	Rs.	Rs.	Rs.
1890-91 ...	7,27,392	4,14,005	3,13,387
1891-92 ...	7,89,553	4,22,930	3,66,623
1892-93 ...	7,44,882	3,81,608	3,63,274
1893-94 ...	8,01,611	4,04,043	3,97,568
1894-95 ...	7,95,673	3,98,601	3,97,072
1895-96 ...	9,18,709	4,66,068	4,52,641

The following table shows the results in each Division for the last two financial years:—

Division.	Receipts.		Charges.		Surplus.		Deficit.	
	1894-95.	1895-96.	1894-95.	1895-96.	1894-95.	1895-96.	1894-95.	1895-96.
1	2	3	4	5	6	7	8	9
	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.

Buxa	9,563	14,537	25,910	19,973	...	.. ..	16,348	5,436
Sonthal Parganas	....	11,725	.. ...	12,386	..			661
Direction	14 412	13,782	45,264	45,052	..	.....	30,852	32,170
Palamau	2,706	1,663	9,295	15,014	...	.. ..	6,519	13,351
Singhbhum	42,364	51,615	38,015	64,551	4,349		..	32,936
Angul	2,430	3,716	12,860	15,250		....	10,434	11,543
Puri ..	19,092	16,142	14,173	21,114	5,519			4 972
Sundarbans	4,46,801	5,50,934	91,051	89,465	3,55,750	4,60,569	.	
Chittagong	95,660	86,556	30,034	30,727	65,626	55,831	...	...
Total ..	7,95,673	9,18,709	3,98,601	4,66,068	4,61,329	5,33,710	64,287	1,01,069
Net surplus		. ..	.. ...	. ...	3,97,072	4,52,641	.. ...	

The profits of the Sundarbans Division show the very large increase of Rs. 1,04,819 on the revenue of the previous year, and were greater than the whole net surplus of the province. The Chittagong Division again comes next, but the decline in the revenue of this Division, which was noticed with regret in paragraph 12 of last year's Resolution, still continues. The deficit shown against Singhbhum is nominal, and is due to the initial expenditure on sleeper operations not having been recouped within the financial year; but it is feared that the Buxa, Sonthal Parganas, Palamau, Angul and Puri Divisions must continue for some time to be worked at a loss.

11. *Miscellaneous.*—Mr Wild was on tour for 203 days and inspected 9 divisions; but the details and dates of his tours, which were called for in paragraph 13 of last year's Resolution, have not been furnished. Changes in the charge of divisions were, it is observed, less numerous than in the previous

year; but still there were changes in no less than eight out of the thirteen divisions. The Sundarbans Division was held by five Officers; and it is most satisfactory that it should nevertheless have produced the large revenue shown in the previous paragraph. Four Officers had charge of the Direction Division. The Lieutenant-Governor regrets to notice the death, while on duty, of Babu Kedar Nath Mazumdar, Extra Assistant Conservator of Angul.

The three cases of defalcation by Divisional Head-clerks, which have recently come to light at Angul, Puri, and Chittagong respectively, suggest that those officers are exposed to great temptations, and that there is room for improvement in the control of their transactions, and possibly in the departmental system of keeping accounts.

12. The Lieutenant-Governor's thanks are tendered to Mr. Wild for his efficient and successful management of the Department.

ORDER.—Ordered that the Resolution be published in the *Calcutta Gazette*.

By order of the Lieutenant-Governor of Bengal,

M. FINUCANE,

Secretary to the Govt. of Bengal.

DISTRESS IN THE PATNA DIVISION.

No. 76Agri.—Fam.—The 12th January 1897.—The following papers are published for general information.

M. FINUCANE,
Secretary to the Govt. of Bengal.

No. 75Agri., dated Calcutta, the 12th January 1897.

From—M. FINUCANE, Esq., Secretary to the Govt. of Bengal, Revenue Dept.,
To—The Commissioner of the Patna Division.

I AM directed to acknowledge receipt of your report No. 13G., dated $\frac{6th}{6th}$ January 1897, under sections 13 and 24 of the Famine Code, for the weeks ending the 19th and 26th December 1896, and in reply to communicate the following observations and orders of the Lieutenant-Governor.

2. In paragraphs 1 and 2 of your report you draw attention to the shortness of the time allowed for the submission of the fortnightly reports, and while promising that every effort will be made to secure punctuality, request that allowance be made for the difficulties experienced in attaining it. On this point, I am to say that the Lieutenant-Governor recognises the difficulty, but hopes that it will be found possible to submit these reports on the due dates. It is necessary that Government should have prompt information as to the state of districts afflicted with famine; and though the information that it is possible to give may not be quite up to date, it will be better to give the latest information available on the due dates, rather than delay the submission of the reports.

3. The Lieutenant-Governor is pleased to learn that, owing to the recent rainfall, the Patna and Gaya districts and nearly all of the Shahabad district are now safe from famine. His Honour agees with you, however, in thinking that fortnightly reports from all these districts should be continued for the present for the reasons given by you, and also because their capacity to export is an important factor in judging of the possible sources of food-supply to other districts.

4. *Saran.*—Having regard to the somewhat peculiar circumstances of Saran, as described in paragraph 24 of your report, the inversion of the ordinary sequence of relief measures suggested in that paragraph seems to be judicious. The Collector concludes, and you agree with him, that charitable relief should be extended, and the system of exacting relief work in the Saran district made more onerous. It is also suggested that a strict enforcement of a reasonable task by means of the free use of a penal wage should be insisted on. The Lieutenant-Governor agrees in these conclusions. They are clearly in accordance with the provisions of the Famine Code. It is observed that the daily "dole" of grain to persons on gratuitous relief in Saran cost 2 annas $2\frac{1}{2}$ pies per day, and that the task of work exacted from each person during the fortnight under report was on an average only 25 cubic feet. The cost of the daily "dole" is excessive in itself and as compared with that in other districts, and the task of work is inadequate.

The Lieutenant-Governor approves of the proposal to open large central relief works in this district in place of many scattered small ones.

5. *Champaran.*—There was a great and sudden increase in the number of labourers on relief works during the second week of the period under report, their number being nearly 40,000, against only 4,500 in the corresponding period of 1873-74. It is, perhaps, inevitable that there should at first be some confusion when people flock in crowds on to relief works; but as Government had accepted the Collector's estimates, and sanctioned the entertainment of a strong establishment in anticipation of, and in order to be prepared for, a sudden rush of the kind, His Honour had hoped that effective arrangements for enforcing discipline from the outset and exacting a proper task of work would have been possible. The amount of work done during the fortnight under report was inadequate; but it is hoped that the arrangements, now made, will be sufficient to secure the enforcement of discipline and the exaction of a proper amount of work in future. The Lieutenant-Governor has no objection to the Collector arranging the areas of relief charges without.

strictly adhering to the boundaries of thanas or outposts when that course is found to be convenient.

Sir Alexander Mackenzie agrees that poor-houses should be opened at once in this district, as proposed in paragraph 45 of your letter.

6. *Muzaffarpur.*—The daily task of work exacted in this district was fairly sufficient, being 77 cubic feet of earthwork per day per male unit.

No charitable relief was given, because it is said that the Collector is waiting till the organization of relief circles is complete. It is not clear why gratuitous relief should not be given in circles where the organization is completed, if it is required, without waiting for completion of the circle organization elsewhere.

7. *Darbhanga.*—Here, as in Champaran, there was a great and sudden increase of the numbers on relief works, for which the Collector was not altogether prepared. The sanctioned number of Relief Superintendents and of Circle Officers have now joined their appointments, discipline has been enforced, and a fair day's work is being exacted; but the Collector should take care to be prepared in future for any similar sudden rush of labourers to relief works.

It is stated in paragraph 57 of your letter that on the 26th (a fortnight from the 12th) there were 43,789 persons on relief works in this district. This, it is understood, is the total of the numbers on these works during the week, and not the number employed on any one day.

The numbers employed on relief works, undertaken by the Maharaja of Darbhanga and other private gentlemen, should, as you suggest, be obtained and shown, as far as practicable, in the returns.

Government awaits the complete list of relief charges and circles promised in paragraph 63 of your report.

8. *Prices and Stocks.*—In Part III of your report, you remark that prices were stationary on the whole during the fortnight, but that in Saran and Muzaffarpur the price of maize, the food-staple of the poorest classes, had risen, and approximates to that of rice. The new rice had been harvested everywhere, but yet the price of rice had not fallen. Exports had not risen to any great extent. From these facts you infer that the greater part of the lately harvested grain is being stored for local consumption. It may also be inferred that the stocks in hand from previous harvests are low. The Lieutenant-Governor notices that the Collector of Champaran has grave doubts on the point whether private trade will supply grain in certain tracts of his district in time to prevent loss of life. In connection with this matter I am to call your attention to the circular orders of Government No. 76Agri., dated 31st December, authorising the employment of contractors for the provision of grain for charitable relief doles, to His Honour's remark made at the Sonepore Conference to the effect that contractors might be employed for the supply of grain on relief works in areas in which private trade may fail to do so, and to paragraph 8 of the Government of India's letter No. 104F., dated 4th January 1897, in which it is also indicated that contractors may be employed for supplying grain on relief works in such cases.

9. *Task.*—With reference to the statement given in paragraph 68 of your report, I am to call your attention to the great differences in the amounts of task work exacted, in the daily wage earned, in the rates per 1,000 cubic feet of earthwork, and in cost of grain dole for gratuitous relief in the various districts of the Division. These differences cannot be accounted for by the variations in the price of food-grains in these different districts. I am to request that you will use your best efforts to secure greater uniformity in future and to make sure that an adequate task of work is enforced in the case, at least, of able-bodied persons accustomed to work, as a test of their being in distress. Those who are able to do a fair day's work and refuse to do so or refuse to submit themselves to discipline are presumably not in need of relief, and need not be admitted on relief works at all. If the task of work proposed by Mr. Glass is found to be too light, it can be increased; but it is clear that the task, such as it is, was not enforced during the fortnight.

No. 13G., dated Bankipore, the 5th—6th January 1897.

From—J. A. BOURDILLON, Esq., Offg. Commissioner of the Patna Division,
To—The Secretary to the Government of Bengal, Revenue Department.

I HAVE the honour to forward herewith my report under sections 13 and 24 of the Famine Code for the weeks ending the 19th and 26th December 1896.

PART I.—INTRODUCTION.

2. This report is again overdue in spite of every effort on my part and on that of the District Officers, and I am constrained to submit that the time allowed by the Famine Code in paragraph 13 is not sufficient. The statements received by the Collectors are often wrong, and have to be corrected with great labour, while those received in my office have all to be checked, scrutinised and compared with those of the previous fortnight. Even if the reports are received in time, this process occupies a considerable time, and the papers do not reach me in complete form till well into the second day. The time occupied in copying is also considerable. Every effort will always be made to work up to the dates prescribed; but I trust that if I fail to attain the desired punctuality, due allowance will be made for our difficulties.

3. Since the last report was written I have made a rapid tour in the Saran district, and I intend to start to-morrow for a week's tour in Champaran, returning in time to write the report for the fortnight ending the 9th January. As the next following Saturday is the 16th and District Officer's reports are due to me on the 18th, it is a physical impossibility that they should contain figures for any later date than the 9th instant. I am therefore issuing instructions that the next report shall be confined to the period ending on the 9th instant, and that the second report for January shall refer to the three weeks ending the 30th instant.

PART II.—DISTRICT REPORTS.

4. *Patna.*—The Collector's report is characterised by the same hopeful tone that has marked it on previous occasions, and the rain which fell during the last week of the year, though it was not nearly so plentiful in Patna as in other districts of the Division, justifies his confident attitude. On an average a quarter of an inch fell over half the district, and half an inch over the remainder. No alteration is made in the area and population likely to be affected, but it is obvious that these timely showers have greatly diminished the chances of scarcity becoming severe.

5. At the present moment the most important points to watch in the Patna district are the prices of food-grains and their movements by rail. The former show little variation. In the latter there has been on the East Indian Railway an increase in the balance in favour of the district, the excess of exports over imports having fallen from 85,431 to 56,433 maunds. This result has been produced both by an increase of imports (by 5,691 maunds) and by a decrease of exports (by 23,307 maunds). But the district figures are so largely affected by those of the great city itself that too much importance need not be attached to these fluctuations. The grain imported consists largely of rice, while the exports are mainly composed of Indian-corn.

6. The Collector reports that no relief works were open in the district, but Form No. 5 shows that four test works designed to afford relief, if needed, were open in the last week of the period under report. All the labourers are classed as A. The number of male units in the last week was 965 and in the former week 417: the rate was less than Rs. 2 per 1,000 cubic feet. The number of relief workers on the last day of the month was 311.

7. *Gaya.*—The Collector is able to report that his district is in better case than before, and he now anticipates a full *rabi* crop.

8. The explanation of these improved prospects is to be found here as in other districts in the welcome fall of rain which occurred in Christmas week. There was a slight shower on the 25th December in all parts of the district, except Nawada, which has all along been the most prosperous tract,

and on the 30th December about half an inch fell over the whole district. This, says Mr. Savage, "guarantees a bumper *rabi* crop. The *aghani* rice is nearly all cut, and has proved fully an 8-anna crop."

9. Prices, however, are still high; and though there has been in most grains either a maintenance of former rates or a slight fall, there has been in rice a slight advance, which is explained by Mr. Savage to be only temporary, and due to the smaller imports from the villages to the larger markets owing to bad weather on the last two days of the period under review.

10. Exports also have begun to rise again and imports to fall off, though the volume of both is exceedingly small, being only 1,792 maunds imports and 5,417 maunds exports, against 2,369 and 3,993 maunds in the previous fortnight. The imports are slightly larger and the exports considerably smaller than in the corresponding period of 1895.

11. In all other respects, save the two above stated, the condition of the district is excellent. No relief works are required, and Mr. Savage does not mention any applications for charitable relief. In these circumstances he asks permission to discontinue the submission of fortnightly reports; because in his opinion "there is not now the slightest fear of famine in the district," and because "as no operations under the Famine Code will be needed, it seems unnecessary to continue the submission of reports prescribed by that Code." Mr. Savage undertakes, if this be allowed, to watch the course of prices and to administer charitable relief when necessary.

12. I am not prepared at present to accept the Collector's recommendation. I am willing to grant that the crops are excellent, and that if an average or 16-anna *rabi* crop is harvested, the outturn of the district will be nearly two-thirds of the normal, *i.e.*, 1,5,08,000 maunds against 2,44,01,000. Moreover, in this district, for reasons already stated elsewhere, the stocks in hand are probably larger than in other parts of the Division, and, lastly, in such a year of high prices the sale of their crops will bring in large sums of money to the agricultural community. But, on the other hand, the *rabi* crop is proverbially exposed to sudden calamity, and it is unsafe to count upon its ultimate outturn so early in this season. Moreover, even though Gaya itself be safe, it is surrounded by districts where scarcity prevails, and it is most necessary to watch the course of trade, for the temptation of high prices may lead to an undue depletion of stocks and to a consequent rise in prices.

13. For all these reasons I think that the fortnightly reports should not yet be discontinued, and I will ask the Collector to submit them, as at present, until further orders.

14. *Shahabad.*—From this district also the report is more favourable, due again to the rain which fell in the last week of the year. Bhabhua received more than four-tenths of an inch; and though no return has been received from Sasaram, there was nearly a quarter of an inch at Arrah and at Buxar. Mr. Marindin estimates an average, or 16 anna, *rabi* crop.

15. Prices are stationary, and the recent rain has not yet had time to affect them. The general state of the district is good, and the public health is said to be satisfactory.

16. In the matter of food-grain traffic it appears that the tide has now turned, and imports now largely exceed exports. The imports, which consisted almost entirely of rice, aggregated 26,356 maunds against 16,647, and the exports, which were almost exclusively Indian-corn, amounted to 14,810 maunds against 24,247. The Collector points out that as nearly the whole of the grain exported by rail from Bhabhua and Mohannia goes *viâ* Zamania in the Ghazipur district, his own returns are necessarily defective unless the figures for Zamania are included. On the other hand, the Zamania traffic necessarily includes much which comes from tracts not in the Shahabad district. I will ascertain whether the figures can be separated in any way.

17. As regards relief works, that on the Sabar tank has been closed, as promised in my last report. The Hati-Durgouti road is still open, and will remain open for the present for the reasons given in paragraph 14 of my last report. There has been a slight rise in the numbers on this road; but owing to the closing of the Sabar tank, the daily average of male units throughout the fortnight was 568 against 620. The outturn of work averaged 56 cubic feet against 50·5 cubic feet; but with so many A class labourers as are shown in

Form No. 5, the outturn should have been higher. The proportion of persons on daily wage irrespective of task is now not excessive. It is clear that the demand for work in this district is not urgent.

18. Paragraph 9 of the Collector's report deals with a subject which I shall refer to again in my concluding remarks, *i.e.*, the short amount of work done by relief workers. In so far as this is due to a late commencement of work, the Collector will correct the fault, and I have issued orders already that for contumacious idleness the penal wage is to be given without hesitation.

19. As regards the circulation of a subscription list, I have desired the Collector to take no steps until some general orders are received from Calcutta. Meanwhile I have confirmed the orders reported by him in his final paragraph, and have urged him to complete his lists of persons likely to require charitable relief. If distress invades any of the South Bihar districts, it will be along this line.

20. *Saran.*—Mr. Earle submits a full and interesting report, most of the conclusions in which are based upon our joint observations and enquiries. I was on tour in this district with the Collector from the 29th December to the 1st January, both days inclusive. Leaving Bankipore the morning after the Accounts Conference, we travelled by train to Siwan, and thence drove to Hutwa (14 miles). Next morning, after a long conference with the Manager, we drove to Bhorey 14 miles), and thence to a relief work road some 2½ miles further on. Returning to Bhorey, we inspected the poor-house there, and drove on the Katiya (8 miles), arriving there at 1 P.M. In the afternoon we inspected the poor-house and rode 3 miles out to another relief work. On our return we drove back to Hutwa (18 miles) by another road, arriving at 8-30 P.M. after picking up on our way Mr. Buskin, Manager of the Sripur Circle under the Raj. On the 31st we inspected the poor-house at Hutwah and the tank which is being re-excavated as a relief work on behalf of the Raj. We then drove out to Thaway (9 miles) and back, to interview the widowed Maharani, and discuss certain points in Mr. Earle's programme of management, and finally reached Siwan (11 miles) in the afternoon. Next morning, January 1st, after inspecting the arrangements for relief works and a poor-house and looking into several local matters, I returned to Bankipore, leaving Mr. Earle at Chapra. The tour, though rapid, was full of interest, and as Messrs. Tytler, Knyvetts, and Lyall were at Siwan, and we saw Messrs. Twiddell and Garrett at Hutwa and Kartya, we learned the latest news of the state of the district at first hand.

21. The rain which fell before and during our tour has done much good to the *rabi*. The Collector suggests an average of half an inch all over the district, the heaviest falls being in the north, where the failure of the crops has been greatest. In the "rice villages" not much good can be expected, but the *rabi* elsewhere has been greatly refreshed.

22. Mr. Earle's report propounds yet another estimate of area and population to be affected based upon further enquiries, but it is unnecessary to notice this now, as it is only provisional. The Settlement Department, under the directions of Mr. Gauntlett, have been preparing a detailed scarcity map of the district; and when this is ready, a final estimate will be made and submitted with a revised map.

23. The Collector, with my sanction, is busy in developing and manning his circles, because, for reasons to be explained below, it has become necessary to prepare without delay lists of persons likely to require charitable relief. Mr. Earle, soon after joining the district, called for applications for employment as Circle Officer, and from the numerous applicants prepared a list of suitable candidates which has proved most useful.

24. Mr. Earle's remarks under the head "General state of the affected tracts" embody, for the most part, the conclusions at which we arrived during and after our tour, and should be studied. The key-note of the affected tracts in this district is acute distress for a very small number and serious inconvenience for a very large majority of the population. These features of the situation are caused by three peculiar conditions of the district, *i.e.*, (*a*) its dense population, (*b*) the very large proportion of adult males who are absent in Lower Bengal or elsewhere, and (*c*) the fact that almost every one is accustomed to labour. The result is that throughout the affected area, especially

in the tracts where rice is the staple crop, there is in every village a small number of the labouring poor who must be relieved at once, and an immense number who are willing to earn a small wage if it can be obtained near home. They cannot go far, as, for the most part, they have their houses to look after, one man in the family being left to attend to the women, children and cattle. To meet fully the requirements of these people, we should need a relief work every few miles—an absolutely impossible task. It is for this reason that Mr. Earle has correctly stated that for his district the programme must be first poor-houses, secondly, charitable relief, and, thirdly, relief works.

25. From these premises he draws the conclusion that charitable relief should be largely extended, and that the system of exacting relief work should be made more onerous. It is quite certain that by adopting the first expedient he would greatly reduce the number of persons to be relieved, and the cost, and if our agents could be trusted, he would relieve only those who urgently require assistance. But this measure *alone* would involve to some extent the abandonment of self-acting tests, and it is essential that it should be supplemented by the second expedient, which should take a double shape, viz., (*a*) the strict enforcement of a reasonable task by means of the free use of a penal wage when necessary, and (*b*) the opening of large central relief works in place of many scattered small ones. The first expedient is absolutely essential in the interests of economy, order and discipline, and in order to make the relief works an effective test, and the result expected of the second is that the works will assist those who really need immediate relief, and are prepared to leave their homes to get it. Those who are not in such urgent need will stay away until, if ever, they are forced by hunger to seek work abroad. It is to be remembered that for the support of the home-staying folk large sums of money are now coming into the district by money-order at the rate of more than two lakhs a month as pointed out by Mr. Earle.

26. The above remarks explain the policy which will be followed in the Saran district, and I shall shortly be able to judge whether it should be followed in the remaining districts also. The other points in Mr. Earle's report which deserve notice may be more briefly treated.

27. As to traffic in food-grains, it will be noticed that the Collector's figures are a fortnight behindhand, and refer to the half-month ending December 15th. I hope that he will soon get his returns with greater punctuality; but taking them as they stand, it is clear that food stuffs are coming in more rapidly than before. The railway statistics in Forms Nos. 8 and 9 show that, as compared with the previous fortnight, imports have gone up almost 100 per cent. (76,155 maunds against 38,666), while exports have fallen from 14,644 maunds to 10,840. The balance in favour of the district is 65,315 maunds against 24,022. The Revelganj river and road returns show that the imports were 3,309 maunds up to the 31st December, and the exports 14,963, leaving a balance of 11,654 against the district. I shall endeavour to arrange that the period covered by the river and road figures shall tally with that of the railway returns.

28. The large number of deaths under "Other causes" in paragraph 10 of the Collector's letter need cause no alarm. Accuracy of description has long been a weak point in the vital statistics from the Saran district, and attention was drawn to the fact both in 1895 and 1896 by Mr. Forbes and myself when reviewing the annual returns.

29. As to relief works, I have not much to add to what has been said in paragraphs 24, 25 above. I can testify from personal inspection that Mr. Earle has spared no pains in indeavouring to make his subordinates understand and observe the principles of the Famine Code; but with the inferior material which is usually available, the task is stupendous. Fortunately, except in works executed by the Hutwa Raj officials, where a good deal of laxity has been shown, and the Famine Code has not been studied, the officers in charge have everywhere endeavoured to secure a fair day's work, and the result is that although the works are in an initial stage, the expenditure per 1,000 cubic feet has not been unconscionably high. The number of works, exclusive of those under the Hutwa Raj, increased from 3 to 6 during the fortnight, and the number of male units in the last week was 8,882, against 2,818 in the week ending 12th December.

30. Advances have been freely given under both the Agriculturists' Loans and Land Improvements Acts, and the Opium Department have from the first been most active in this direction. From the Hutwa Raj large sums have been advanced to raiyats for grain and wells. The amount sanctioned for these purposes by the Board is Rs. 25,000 in all. Little advantage has been taken of the proposed bounties for *kutcha* wells. Immense numbers of these have already been dug by the cultivators, and no more are required.

31. *Champaran.*—Mr. Macpherson's report is at once the most full and the most important of the present series. During the past fortnight the development of events has been much more rapid in Champaran than in any other district, and the Collector has entered into great detail in portraying the situation of affairs. The two leading features of the fornight in Champaran have been the rainfall and the great increase in the number on relief works but many other points deserve notice

32. In my last report it was stated that the area and population in Champaran in which immediate relief was required were 1,057 square miles and 601,149 persons. During the fortnight now under review these numbers have increased to 1,242 and 729,120, respectively, and the map which accompanies this report will show how rapidly the ominous brown tint is spreading over the district. In place of scattered areas the affected tracts now lie on the map in three large splashes of about equal size—one in North Bettiah (area 410 square miles), a second about the centre of the district with an area of 460 square miles, and the third to the east with an area of 372 square miles. Mr. Macpherson is justified in saying that these figures vindicate the accuracy of his earliest estimates of distress.

33. The general mapping out of the district into charges and circles has been completed, and is described in the Collector's report: briefly it may be stated that Champaran will be divided into 12 Superintendents' charges and circles. Six of these are already manned by the seven officers named by the Collector. Mr. Macpherson has broken the boundaries of outposts and thanas, in order to let indigo planters retain charge of their own *dehats*. The reasons he gives are weighty; but, before deciding finally whether to approve the arrangement, I will further discuss it with him when we meet at the end of the present week. Invaluable assistance has already been rendered by gentlemen who have been acting as Honorary Circle Officers.

34. The rainfall of Christmas week, if followed by ordinary weather, will, in the Collector's opinion, secure a fair *rabi* crop throughout the district, say from 10 to 12 annas; but, as he observes, the *rabi* crop, when a full average, is only represented by 21·02 per cent. of the food crop of the district.

35. The Collector has not been able to analyse and assimilate the numerous and discrepant reports he has received as to food stocks, and I fear that with the heavy work now on his hands, it will be long before he finds time to prepare this report.

36. In respect of food-grain traffic the tide seems to have turned, for the imports now for the first time exceed the exports. In last report I showed that the excess was only 59 maunds in favour of exports, now it is 1,861 maunds in favour of imports; but the volume of both is small, viz., imports 4,761 maunds and exports 2,900: both consisted almost entirely of rice. Clearly, the new rice has not yet been exported, and is being stored, and it is always to be remembered that these figures take no account of the imports from Nepaul, which, on the analogy of Darbhanga and Muzaffarpur, must be very considerable.

37. Prices have risen during the fortnight, as will be seen from the statement appended to the Collector's report; and it may be hoped that this fact will stimulate importations.

38. The public health is still fair: the death-rate is higher than in neighbouring districts, but this is always the case, and the statement given in the Collector's 14th paragraph shows that in only three thanas is the rate for November perceptibly above the average of the previous five years. The observations on prisoners admitted to jail also give no particular cause for anxiety. Crime, however, appears to be increasing to some extent.

39. In my last report I stated that for the second week of the period the numbers employed daily on relief works in the Champaran district were

about 20,000, of whom 4,292 were on Government works, and the remainder on private works opened by indigo factories. These numbers have greatly increased: instead of 11 Government relief works there are now 32 open, and whereas the number on Government works on the 12th December was 6,393, the number on the 26th idem was 39,796. In addition to all these, there are the labourers employed on private relief works during the fortnight. A separate statement gives the figures for these, andnit shows that the daily average of male units was 9,316 for the week ending 19th December and 6,541 for that ending 26th December.

40. Taking the whole district and including those in the receipt of daily wage irrespective of task, the average daily numbers in each week were as follows:—1st week, 12,945+9,315=22,260; 2nd week, 22,997+9,014=30,011: and the Collector states that the number employed all over the district on the last day of the fortnight must have been 55,000.

41. The result of this great rush of persons to the relief works has been what is always to be expected on such occasions, *i.e.*, the temporary collapse of arrangements and an altogether inadequate outturn in return for the wages paid. But the officers in charge of the works seem to have done their best, and the expedient of paying every one the minimum wage until order could be restored has my full approval under the circumstances. However, even so the nett result of the two weeks' work was as follows. According to the Collector's 18th paragraph, in the week ending December 19th the average number of male units was 12,756, and each dug and carried on the average only 17·7 cubic feet of earth, and was paid 1 anna 2 pies, the cost per 1,000 cubic feet being Rs. 3-5-3. In the next week ending December 26th, the average number of male units per diem was 20,675, and each man dug and carried 12·5 cubic feet, so that the cost ran up to Rs. 5-15-3 per 1,000 cubic feet, the daily average wage remaining the same. The numbers on daily wage irrespective of task were well kept down, being on the average only 187 and 322 male units respectively.

42. The Collector in paragraph 23 of his letter makes a personal explanation, which may be accepted. Mr. Macpherson is not to blame for the confusion which occurred. His observations in paragraph 24 will be further discussed with him in person.

43. In paragraph 25 the Collector has been at some pains to defend his action in digging out tanks, which has, I believe, been attacked by officers of the Sanitary Department. I am strongly disposed to support Mr. Macpherson, but will look into the matter further on the spot.

44. Paragraphs 27 to 30 of the report deal with the important question of private relief works. In most of the factories where these were started Government relief works have now taken their place, but the thanks of Government are due to the gentlemen who came so cordially to the Collector's assistance.

45. No poor-houses have been opened, but this should be done at once. If the numbers employed on relief works are a true index of the distress in the district, poor-houses are urgently required.

46. Gratuitous relief has not yet been completely organised, partly owing to the sudden rush of relief workers, and partly to the late arrival of some of the Charge Superintendents. A good beginning has now been made, but this matter will be looked into further. The number relieved was 696 in the first and 1,395 in the second week, giving an average of 1,043 for the fortnight. The total cost was Rs. 724-10-11 for the same period.

47. *Muzaffarpur.*—Mr. Hare reports little change, and it would seem that, as in the preceding fortnight, affairs in his district are in a state of quiescence; but field work is coming to an end, and requests have been made to open relief works in all three subdivisions. The Muzaffarpur district shared in the rainfall which marked the closing week of 1896. The rain, as elsewhere, in North Bihar was heaviest in the north of the district which profited least by that of the 22nd November. The registered fall was as follows:—

Muzaffarpur ...	·22	Paru	·50
Sitamarhi ...	·73	Pupri	·50
Shiahar	·98	Mahuwa ...	·15
		Chitwara ...	

Much benefit is said to have resulted to the standing crops, and more *alua* will be sown in the moistened lands.

48. The price of rice is about the same, but those of the commoner food-grains have risen—a sure sign in particular that the stocks of the *bhadoi* harvest are coming to an end, and generally that scarcity is increasing, since one of its most characteristic symptoms is an approximation in the prices of all grains, whether fine or coarse. The rise in the price of Indian-corn finds a parallel in Saran.

49. Mr. Hare has given some calculations of the stocks in hand prepared partly from the reports of his subordinates and partly from figures of areas and crops supplied him by the Settlement Department. I defer comments on these until I receive reports from all District Officers, and I will only say here that Mr. Hare's two estimates of the stock on the 1st April next vary so widely as 21 and 141 lakhs of maunds. His remarks also on the difficulties which surround the calculation are sound and judicious.

50. The number of relief works open is now six, against two at the end of the preceding fortnight. In paragraph 15 of his report Mr. Hare states that the numbers paid by daily wage were 753, and by task work 12,063; but I cannot trace these figures in the statements appended to his report. Statement 5 is prepared on a wrong principle, since it shows the averages on each work, instead of the totals. However, it shows that the numbers on relief work are steadily increasing, the average number of male units engaged on task work and receiving a daily wage irrespective of task having been as follows for the last four weeks:—

Week ending.	Task work.	Wage without task.	Total.
1	2	3	4
5th December 1896 ...	210	12	222
12th „ „ ...	335	25	360
19th „ „ ...	572	59	631
26th „ „ ...	854	60	914

The whole of the workers are entered as A class, and it is therefore not surprising that they have been able to do as much as 72·4 and 82·4 cubic feet, and that the cost per 1,000 cubic feet has been low. Mr. Hare apprehends, what is actually the case in Saran, that the absence of so many adult males in Eastern Bengal will seriously weaken the gangs when relief works begin in earnest.

51. In the food-grain traffic during the fortnight imports greatly exceed exports. The former have nearly doubled themselves, and the decrease in exports is 62 per cent. The balance in favour of the district was 22,107 maunds instead of 6,284. More than one-third of the imports consisted of rice (9,302 maunds), Indian-corn being next in volume (7,418 maunds). Mr. Hare remarks, as a curious fact, that within the district there has been no movement towards Sitamarhi as might have been expected. I suggest that the wants of the subdivision are met by smuggled grain from Nepal. The Collector is issuing the needful orders to warn Charge Superintendents and Circle Officers to be on their guard against a possible depletion of stocks.

52. I have sanctioned the opening of poor-houses at Muzaffarpur and Sitamarhi, and arrangements are being made for the purpose. No charitable relief appears to have been afforded so far, not even by the police. Mr. Hare reports, however, that his system of circles is not yet complete, and it may be presumed that he is waiting till they have been completed before relief is given.

53. *Kutcha* wells are being made largely in Sitamarhi, probably through the personal influence of the Subdivisional Officer, but not so much elsewhere

54. *Darbhanga.*—Mr. Carlyle's report shows that the apprehensions of a rapid increase of relief workers expressed in my last report have been fully realised, and here, as in Champaran, events have moved very rapidly during the fortnight under report, as Mr. Carlyle points out this is doubtless due (as

in Saran and Champaran) to the termination of work in the field, for in other respects there has been no great deterioration.

55. The rain of Christmas week benefited the whole district, the fall having been, as in the margin With ordinary weather, Mr. Carlyle now hopes for about an average *rabi* crop (16 annas) in the south of the district and fair crops elsewhere—we may say a 12-anna crop all round; but it is to be remembered that in a good year the *rabi* crop in this district only represents 21·05 of the whole district outturn.

56. The exports in this district still exceed the imports, but not to nearly so large an extent as in the previous fortnight. They have fallen off from 61,085 maunds to 24,218 maunds, while imports have decreased from 15,620 maunds to 1,622 maunds: the net balance against the district is 12,596 maunds against 45,465 maunds, and, as Mr. Carlyle observes, this is much more than covered by the smuggled rice from Nepal. Three-fourths of the exports consisted of "Other grains"; and a very large proportion of this amount went to Saran; very little of the paddy or rice imported from Nepal seems to have left the district by rail.

57. The number of relief works open was more than doubled during the fortnight under report, and the numbers employed increased in a still greater ratio. On the 12th December there were 5 relief works open, giving employment to 4,982 persons, while on that day fortnight there were 43,789 persons on 12 relief works, and 4 more have since been opened. It is clear from Mr. Carlyle's paragraph that in some places the rush was too great for proper control, and that for a short period the staff was insufficient and the exaction of a task impossible. These sudden rushes appear to be characteristic of famine relief work in Darbhanga, and they occurred both in 1866 and 1873-74. Order has, however, been restored, and Mr. Carlyle, taught by experience, is now arranging to send out to every new work a certain leaven of trained hands. In a subsequent letter he has informed me that he has been obliged to depute police to every work where large numbers of coolies are congregated. The precaution is obvious, and should prove effective; but the demands on the district police must be very heavy, and it will probably be found advisable to substitute temporary guards as matters settle down.

58. Turning to the statements it appears that in the first week of the fortnight the average number of male units per diem was 2,308, and in the second week 6,730: the amount of work turned out per man fell from 45 to 35 cubic feet, and the number on daily wage irrespective of task rose from nil to 1,314.

59. It will be observed that no returns for the relief works managed by the Darbhanga Raj have been furnished. I trust that the Manager will make no difficulty about supplying regularly such simple information as the Collector may ask for, since it is manifest that the district returns of relief will be very incomplete unless they include the operations of this rich and influential house. I have already arranged that the operations of the Hutwa Raj shall appear in the Saran returns.

60. The information as to the formation of circles and the arrangements for charitable relief is not very full: probably Mr. Carlyle, like Mr. Hare, is waiting till his arrangements are complete before he reports them Forms Nos. 6 and 7, however, show that charitable relief being given, the total recipients being in the two weeks 3,399 and 3,726 adult units, and the amount expended Rs. 307 and Rs. 476. If a report detailing the arrangements is not received in the meantime, I will look into the details when I visit Darbhanga at the end of the month.

PART III.—CONCLUSION.

61. The leading features of the period which has elapsed since the submission of my last report have been the rapid rise in the numbers seeking relief in Saran, Champaran and Darbhanga and the rainfall which commenced on Christmas day. The District Officers' reports are appended, together with the required statements and a map (except for Patna and Gaya), since the period referred to is the second of the month of December. These reports have been criticized above. The following remarks are intended to supplement those criticisms.

62. The rain which fell between the 25th December and the 1st of January, though not everywhere large in quantity was exactly of the kind which agriculturists desire at this season, viz., light drizzling showers, with an occasional downpour: moreover, the fall was heaviest along the north of the

Division, precisely in those tracts in which the November fall was deficient. For all those reasons the beneficial effect of the rain has been greater than would be supposed if its quantity alone were considered : the standing crops have been refreshed; the ground has been moistened for "catch crops" of vegetables, and even where the fall was very light, it was sufficient to form a basis for irrigation. Lastly, its moral effect has been great, inasmuch as it has put heart and courage into thousands of raiyats. The reported rainfall at each subdivision for the week ending the 2nd January is given below:—

Patna ...	Bankipore	...	·23	Saran ...	Chapra	...	·21
	Barh	...	·22		Siwan	...	·41
	Bihar	...	·30		Gopalganj	...	·79
	Dinapore	...	·15	Champaran ...	Motihari	...	·14
Gaya ...	Gaya	...	·51		Bettiah	...	·33
	Jahanabad	...	·15	Muzaffarpur ...	Muzaffarpur	...	·22
	Aurangabad	...	·51		Sitamarhi	...	·73
	Nawada	...	·41		Hajipur	...	
Shahabad ...	Arrah	...		Darbhanga ..	Darbhanga	...	
	Buxar	...			Madhubani	...	
	Sasaram	...			Samastipur	...	
	Bhabhua	...					

63. No great change has occurred in the area affected except in Champaran: in Saran the area to be immediately affected has been somewhat contracted, but I have made no change in my estimates pending the receipt of a final scarcity map of the district, which is being prepared by the Settlement Department. The mapping out of the four northern districts has been nearly completed; but as my information on this point is not yet quite complete, I defer reporting on the matter. I hope before long to submit a complete list of charges and circles with the names of the officers in charge of the former. Circles are being filled up as rapidly as material is available, in order that the lists of persons requiring charitable relief may be completed as soon as possible.

64. Prices are stationary on the whole; but in certain districts, viz., Saran and Muzaffarpur, the price of maize has risen ; and as this is the food chiefly consumed by the poorest of the people on account of its cheapness and its nutritive qualities, this rise in price is a serious matter. The new rice has been harvested everywhere, but the price of rice has not fallen Seeing that exports of this grain and of paddy have not risen to any great extent, the inference is obvious that the greater part of the rice lately harvested has been stored for future need.

65. The crop prospects are distinctly better everywhere than they were a fortnight ago. In South Bihar they leave little to be desired: given ordinary weather for the remainder of the cold weather, we ought to reap a full average crop in the three southern districts, if not more than that in Gaya; while as regards the districts of North Bihar, my first estimate of 8 annas each for Saran, Champaran and Darbhanga, and 10 annas for Muzaffarpur is likely to be fully realized.

66. As to food-stocks, my information is still incomplete. I have drawn up a memorandum on the subject, but am awaiting the reports of my District Officers. An effort will be made to submit a full report within the current month. Now that the Government of India have again declared their policy of non-intervention in the grain trade, it becomes more than ever necessary to prepare as soon as possible an estimate of the requirements of each district.

67. Closely connected with this subject is that of the imports and exports of food-grains. The rail-borne traffic figures as reported by District Officers are summarised below, and they have already been noticed under each district:—

Districts	IMPORTS.		EXPORTS.		EXCESS—I or E.	
	Fortnight ending—		Fortnight ending—		Fortnight ending—	
	December 12th	December 26th.	December 12th	December 26th.	December 12th.	December 26th.
1	2	3	4	5	6	7
	Mds	Mds.	Mds.	Mds	Mds	Mds.
Patna	25,455	31,146	1,10,886	8,,579	E. 85,,31	E. 56,433
Gaya	2,361	1,792	3,993	5,417	E. 1,624	E. 3,625
Shahabad	10 647	26,356	24,247	14,810	E. 7,600	I. 11,546
Saran *	38,606	76,155	14,044	10,840	I. 24,022	I. 65,315
Champaran	3,934	4,761	3,993	2,900	E. 59	I. 1,861
Muzaffarpur	13,625	24,810	7,341	2,786	I. 6,284	I. 22,107
Darbhanga	15,030	11,622	61,085	24,318	E. 45 405	E. 13,596

* These figures refer to the half-months ending November 30th and December 15th.

Four districts (Shahabad, Saran, Champaran and Muzaffarpur) now show an excess of imports, as against two (Saran and Muzaffarpur) in my last report, and the general balance of trade in the Division is now 28,775 maunds on the side of imports instead of 72,054 maunds on the side of exports. The measure of the change in the movements of grain during the fortnight is therefore 1,38,648 maunds or 4,951 tons; these figures, however, are not complete even for railway traffic, and they do not include traffic by road or river. I have lately addressed the Traffic Managers of both the East Indian Railway and the Bengal-North-Western Railway, and hope that, with their assistance, both I and all District Officers will receive reliable statistics with punctuality and regularity. As soon as I can procure the figures, I propose to submit a statement comparing the figures of each fortnight with those for that which preceded it, and with those for the same period in 1895.

68 The number of people on relief works and in receipt of charitable relief has very largely increased during the fortnight under report. The statistics of each district have already been discussed in the foregoing paragraphs, but I submit below an abstract statement showing side by side for each district in the Division some of its principal figures as compared with those for the preceding fortnight.

Comparative Statement of Relief Works and Gratuitous Relief for the present and past fortnights.

District.	Fortnight ending December 12th.								Fortnight ending December 26th.								Remarks
	Task work.				Daily wages irrespective of task.		Gratuitous relief.		Task work				Daily wages irrespective of task.		Gratuitous relief.		
	Average daily number of male units.	Work done by each per diem	Wage earned by each per diem.	Cost per 1,000 cubic feet.	Average daily number of male units	Daily wage earned by each	Number of adult units in receipt of gratuitous relief.	Average dole.	Average daily number of male units.	Work done by each per diem	Wage earned by each per diem.	Cost per 1,000 cubic feet.	Average daily number of male units.	Daily wage earned by each.	Number of adult units in receipt of gratuitous relief.	Average dole.

		C. ft.	Rs. A. P	Rs A P.		Rs A P		Rs A. P.		C. ft	Rs A. P.	Rs A. P.		Rs. A P		Rs A P	
Patna ... ,,	32	78½	0 2 5½	1 15 10½	1	0 2 10	.....	. ..	99	79	0 2 3½	1 15 6½	1	0 2 4	...	...	
Gaya ..	...	...	...	.....	...	..	.....	.....	.....	...	...	..	.	.....	...	..	
Shahabad	329	50½	0 1 3½	1 9 10½	86	0 1 9½	.	. ..	568	56	0 1 6	1 11 6	88	0 1 8	..		
Saran	200	39½	0 1 5½	2 3 11	10	0 2 0	236	0 2 1½	1,199	25	0 1 4	3 7 0	10	0 1 2	730	0 2 2½	
Champaran ..	2,024	52	0 1 6	1 13 8½	241	0 1 6	196	0 1 0	16,715	16	0 1 2	4 10 8	216	0 1 6½	931	0 0 10½	
Muzaffarpur	273	59	0 1 6	1 5 4	19	0 1 6	..	..	713	77	0 1 5	1 2 11½	59	0 1 6	.. ..	.. ..	
Darbhanga	404	42½	0 1 6	2 3 6½	..	..	529	0 3 6½	4,519	40	0 1 6½	2 4 11	1,314	0 1 6	3,563	0 1 8½	

69. In the first place, the statement shows clearly the great developments that have taken place during the last fortnight, the average number of male units in receipt of all kinds of relief all over the Division for the period being 28,764 as against 5,501.

70. In the next place, it will be noticed that very great variations exist between districts in their administration of details In three districts alone, viz., Saran, Champaran and Darbhanga, has gratuitous relief been given; but in Darbhanga the number of persons in receipt of charitable relief (3,563) is 61·08 per cent. of the average daily number on relief works, viz., 5,833, while in Saran the proportion is 5·91 per cent. and in Champaran 5·48. I am inclined to think that this has been overdone in Darbhanga. Next the proportion of those on daily wage irrespective of task varies greatly, being as before highest in Darbhanga and lowest in Champaran.

71. Turning next to statistics of outturn of work, daily wage and rate per thousand cubic feet, the signs of the sudden rush of labourers which occurred in Champaran and Darbhanga, and to a less decree in Saran, will be clearly observed, and their effects will be still more clearly visible if Form No. 7 in each case is referred to. It appears from the abstract above that the outturn of work per man fell in Champaran from 52 cubic feet to 17 cubic feet, and in Saran from 39½ cubic feet to 25 cubic feet. In Darbhanga the fall was only from 42½ cubic feet to 40 cubic feet, apparently because large numbers of the applicants either received charitable relief or the daily wage irrespective of task. The rate per 1,000 cubic feet rose in Saran from Rs. 2-3-11 to Rs. 3-7-0, in Champaran from Rs. 1-13-8¼ to Rs. 4-10-3, while in Darbhanga (for the reasons suggested above) it remained

practically the same in both periods. Violent oscillations such as these are inevitable at the first before the machinery gets into regular work, and I am confident that they will soon cease. All District Officers have now learned the lesson that when a work is opened, it must be officered much above its apparent requirements, and I trust that each succeeding fortnight will show a better control over the difficulties of the situation.

72. The general policy to be adopted in respect of relief works I have already discussed at length in noting on the Saran report. During my coming visit to Champaran I shall test the principles there enunciated, and shall also discuss them with the Hon'ble Mr. Glass and other officers of experience; but I feel pretty confident that the only way to avoid having almost the whole population on our hands, is to open large relief works in central places, and to enforce by penal wages the execution of as full a task as the relief workers are reasonably capable of doing. Every District Officer in North Bihar has discovered for himself, as Mr Macpherson has reported, that the difference between the maximum and the minimum wage is too small, and that so long as the penal wage is not freely given for wilful idleness, thousands of villages will flock to the works for healthful employment to eke out their income, thus confounding all order and system, and leading eventually, unless the practice is prevented, to enormous expenditure.

73. In this connection I venture to think that the tasks propounded by the Hon'ble Mr. Glass are too easy, and I think that after he has visited Bihar again, he will be able to recommend to Government that they should be raised. The Resolution of the Government of the North-Western Provinces, dated the 5th December 1896, which I have received, but not had time to read, will doubtless afford much valuable instruction in the administration of relief works of all kinds.

74. Poor-houses have been opened in Saran by the Hutwa Raj and in Muzaffarpur and Darbhanga by Government. They will be largely developed in the current fortnight, for they are a necessary adjunct to the penal clauses of the Famine Code. Moreover, it is a patent fact that the condition of beggars and cripples, and such waifs and strays of the native community, is rapidly deteriorating from cold and hunger.

75. Loans have been given in most districts, but the figures are for the most part incomplete. As soon as the full complement of Charge Superintendents and Circle Officers is appointed, and the great rush to relief works is brought under complete control, an effort will be made to put in order all these matters of comparatively minor importance. The offer of bonuses for *kutcha* wells does not seem to have been fully appreciated, except in Muzaffarpur and parts of Champaran. Advances for agricultural improvements have been granted largely in Saran.

76. On the whole, the events of the past fortnight have not been unexpected. It was known that large numbers of persons would come on our hands in December; it remains to test them by the exaction of a fair task, and to organise more perfectly the employment of those who remain. Gratuitous relief requires to be more fully organised in most districts, and apparently to be somewhat restricted in Darbhanga. Lastly, the imports and exports have to be carefully watched, and instant notice given if stocks in particular places begin to run out; for although the Government have no intention of interfering, yet immediate intimation of this nature can be communicated to the grain dealers of the nearest large market, and charitable relief in grain can be freely extended till private trade comes to the rescue.

WATER-SUPPLY.

No. 152L.S.-G.—The 11th January 1897.—The following reports of the progress made in the several districts of the Dacca and Rajshahi Divisions in collecting and placing on record the chief facts regarding water-supply are published for general information.

H. H. RISLEY,
Secretary to the Govt. of Bengal.

No. 1765G., dated Dacca, the 31st December 1896.

From—G. TOYNBEE, Esq., Offg. Commissioner of the Dacca Division,
To—The Secretary to the Government of Bengal, Municipal Department.

I HAVE the honour to acknowledge the receipt of your Circular No. 58L.S.-G. of the 12th instant, asking for a quarterly report on the progress made in each district of this Division in collecting and placing on record the chief facts regarding water-supply, and the steps, if any, that have been taken by Municipalities and District Boards respectively to improve existing sources of water supply and to open new ones.

2. In reply, I beg to say that no report from Dacca and Backergunge is yet to hand, although Magistrates were asked to submit their reports so as to reach this office not later than the 28th instant.

3. The Magistrates of Mymensingh and Faridpur report that they have asked the panchayats under Act VI (B.C.) of 1870 to collect the necessary information, but that they have not yet supplied it.

4. As to the step taken by the District Boards and Municipalities:—

(i) The Magistrate of Mymensingh writes:—"The District Board is collecting information from Local Boards regarding the villages where wells and tanks are needed; lists have been prepared for each sübdivision and are being copied out. Rs. 15,000 have been allotted for water-supply in this year's budget, divided equally among the five Local Boards An additional sum of Rs. 14,000, the gift of Rai Jogendra Kisor Roy Chaudhury Bahadur, has also been allotted in equal shares to the Local Boards. Copies of Government letter No. 58L.S.-G. have been sent to the Chairmen of all Municipalities for report as to the steps taken by them to improve water-supply."

(ii) The Vice-Chairman of the Faridpur District Board writes:—"Rs. 4,420 was set apart by the three Local Boards in their current year's budgets for water-supply, and Rs 3,000 has been allotted on the District Board budget for 1896-97 in addition to the original grant of Rs. 4,420 by transfer. As the season for excavation or re-excavation has not yet advanced, no work on that account has yet begun."

(iii) The Magistrate of Faridpur says that the Chairman of the Madaripur Municipality has not yet submitted his report.

A copy of the report submitted by the Chairman of the Faridpur Municipality on this subject is herewith submitted.

5. A further report will follow.

Statement showing the water-supply of the Faridpur Municipality.

Ward.	Tanks reserved for drinking and culinary purposes.			Tanks for bathing purposes.			Wells reserved for drinking and culinary purposes.			Other sources of water-supply.			Remarks.	Steps taken to improve the existing sources of water-supply and to open new ones.
	Municipal.	Government.	Private	Municipal.	Government.	Private.	Municipal.	Government.	Private.	River.	Khal.	Jolla.

I ...	1	...	2	1	1	9	1	...	...	...	...	1	(1) Besides the tanks shown in the body of the statement, there are also 30 small tanks of various sizes, of which nearly 20 partially dried up in dry season. These tanks are used for miscellaneous purposes. (2) There are 23 private wells within the Municipality used for miscellaneous purposes. They are generally 22 feet in depth, and in most of them water is found in hot weather. (3) Certain portions of the river Padma, Khal and Jolla have been set apart, (1) for bathing, (2) for cattle watering, (3) for cloth-washing, and (4) for miscellaneous purposes. River water is also used for drinking and culinary purposes. The water of the Jolla is also used for drinking and culinary purposes. These are situated at a safe and convenient distance from each other.	(1) A large tank called the Jubilee tank has been excavated in the heart of the town, which has benefited a good number of people of the central blocks of the town. One water filter is also being constructed in connection with this tank. (2) The Commissioners have sanctioned Rs. 275 for re-excavation of the Goalchumat tank in Ward No. I and tenders invited. The work will be taken up shortly. (3) In mahalla South Alipur in Ward No. V, one eddy has been provided with raised embankments. (4) During the rains the municipal reserved tanks were cleansed and some of them were flushed with river water. (5) Notices were also issued to cleanse the private water-supply

No. 221, dated Faridpur, the 24th December 1896.

Memo. by—The Chairman, Faridpur Municipality.

Submitted to the Magistrate of Faridpur, with reference to his memorandum No. 958G., dated the 23rd December 1896.

No. 14Mot.R., dated Darjeeling, the 1st January 1897.

From—P. Nolan, Esq., Commissioner of the Rajshahi Division,
To—The Secretary to the Government of Bengal, Municipal Department.

In reply to your Circular No. 58L.S.-G., dated the 12th December 1896, I have the honour to forward in original the marginally noted letters, being quarterly reports of the progress made in the several districts of this Division in collecting and placing on record the chief facts regarding water-supply, &c.

1. Letter from the Magistrate of Rajshahi, No. 1350J., dated the 27th December 1896, and enclosure.
2. Letter from the Magistrate of Dinajpur, No. 14Jct., dated the 22nd December 1896.
3. Letter from the Deputy Commissioner of Jalpaiguri, No. 2131J, dated the 22nd December 1896, and enclosures.
4. Letter from the Deputy Commissioner of Darjeeling, No. 1847J., dated the 24th December 1896, and enclosure.
5. Letter from the Magistrate of Rangpur, No. 2951J., dated the 22nd December 1896, and enclosure.
6. Letter from the Magistrate of Bogra, No. 874J., dated the 22nd December 1896, and enclosures.
7. Letter from the Magistrate of Pabna, No. 1567J., dated the 26th December 1896.

No. 1350J., dated Boalia, the 27th December 1896.

From—N. K. Bose, Esq., Magistrate of Rajshahi,
To—The Commissioner of the Rajshahi Division.

With reference to your memorandum No. 549M.Cir., dated the 16th instant (Miscellaneous Department, General), I have the honour to submit copy of a report received from the Chairman of the District Board.

2. Further communication will follow as soon as the reports are received from the Municipal Boards.

No. 947, dated Boalia, the 21st December 1896.

From—N. K. Bose, Esq., Chairman, District Board, Rajshahi,
To—The Magistrate of Rajshahi.

With reference to your No. 1334J. of the 19th instant, forwarding copy of Government Municipal Department Circular No. 58L.S.-G. of the 12th December, calling for a report of the progress made in collecting and placing on record the chief facts regarding water-supply and the steps taken to improve existing sources of water-supply and to open new ones, I have the honour to state as follows.

2. I, as Magistrate, directed the panchayats to submit statements, through police in a prescribed form, of facts regarding water-supply. The statements received were arranged in alphabetical order thana by thana, and were forwarded to the Local Boards with a supply of Forms I and II, to prepare the registers.

3. I, as Collector, received a great many petitions praying for the re-excavation of tanks. I therefore called for the statements from the Boards' offices, and distributed them to the following officers for personal inquiry and report of the places requiring immediate attention:—

1. The Subdivisional Officers.
2. The Income-tax Assessor.
3. The Kanungoes.
4. The Excise Sub-Inspectors.
5. The Sub-Inspector of Schools.

Their reports are due by the 7th of January next, on receipt of which it will be decided what works are to be taken in hand as relief works and for what advances are to be given under the Land Improvement Act.

4. The District Board has already decided to sink masonry wells at Baneswar, Kanpara, Manda, Dumcoomahat, Dum-Duma, and one on the road from Haripur to Gangar, and works in some of them have already been taken in hand, and in one nearly completed. The Board has also decided to excavate a tank at Kandari village in thana Boraigram, to sink pottery wells in 20 villages, and to clear a tank in each of the following places to reserve for drinking purposes, viz.—

Hát Godagari.
Saipara.
Bansberia.
Bhalukpukhor.
Banbelghoria.
Chak Masura.
Bagadbari.

5. A tank at Parila, belonging to Rani Mon Mohini Devya of Puthia, is being re-excavated under the supervision of the District Engineer as a test relief work. Rani Hemanto Kumari Debya of Puthia has made over to the District Board Rs. 500 for the re-excavation of her tanks at Sibpur and Dustanabad. These works also will shortly be taken in hand.

No. 14Jot., dated Camp Thakurgaon, the 22nd December 1896.

From—F. W. Duke, Esq., Magistrate of Dinajpur,
To—The Commissioner of the Rajshahi Division.

In reply to your No. 549M. of the 16th instant I have the honour to report that so far as I know the water-supply of this district has not afforded special difficulties. It is largely derived from the rivers which do not dry up entirely, and, in places remote from the rivers, more from wells than tanks, and the wells also do not appear specially liable to dry up.

2. As regards progress made in systematizing information on the subject, the District Board has obtained lists of tanks and wells from 11 of the thanas These lists are at present mostly under check by the District Engineer. The register in Form II has been opened and particulars entered so far as regards the Patiram thana.

3. As regards actual improvements, the District Board keeps all its own wells in repair, and in the current year there are six new ones under construction in different places. A tube-well is also proposed to be sunk at Hemtabad. A tube-well has been sunk at Thakurgaon near the dispensary.

4. The report from the Dinajpur Municipality is couched in general terms. It does not appear that anything systematic has been done there. There are abundant private wells. The Municipality also possess some pucka wells which it keeps in repair. It proposes also to sink a tube-well.

No. 2131J., dated Jalpaiguri, the 22nd December 1896.

From—Lieut.-Colonel A. Evans-Gordon, Deputy Commissioner of Jalpaiguri,
To—The Commissioner of the Rajshahi Division.

With reference to your circular No. 549M., dated 16th instant, forwarding copy of Government, Municipal Department, Local Self-Government, Circular No. 58L.S.-G., dated 12th idem, calling for submission of quarterly reports of progress made in this district in collecting and placing on record the chief facts regarding water-supply, and the steps, if any, that have been taken by the Municipality and the District Board respectively to improve existing sources of water-supply and open new ones, I have the honour to submit herewith the copy of a letter, No. 297M., dated 21st instant, from the Vice-Chairman,

Jalpaiguri Municipality, together with a copy of letter No. 563D B., dated 22nd idem, from the Vice-Chairman, Jalpaiguri District Board, with enclosure, stating the steps taken by those bodies in improving the water-supply and opening new ones.

No. 297M., dated Jalpaiguri, the 21st December 1896.

From—Babu Tarini Prosad Roy, Vice-Chairman, Municipal Committee, Jalpaiguri,

To—The Deputy Commissioner of Jalpaiguri.

With reference to your memorandum No. 2118J. of the 18th instant, forwarding two copies of Government circular No. 58L. S.-G. of the 12th idem, on the subject of submission of quarterly reports of the progress made to improve the existing sources of water-supply and to open new ones, I have the honour to state that on receipt of Government circular No. 7T.M. of the 15th May 1896, the prescribed registers have been opened, from which it appears that the chief existing sources of water-supply in this Municipality are obtained from (1) the rivers Teesta and the Kurla, (2) from wells owned by the Municipality, and (3) from pucca and kutcha wells owned by private individuals. It has been ascertained that the sources of water-supply alluded to are sufficient to meet the requirements of each ward in this Municipality. Although the number of wells owned by this Municipality is seven, a provision of Rs. 200 has already been made in the budget estimate for 1896 97 for the purpose of sinking new wells to improve the water-supply in this Municipality. The work in that connection will be commenced in March next.

The civil medical officer of the station has also taken steps to improve the quality of water of the municipal wells by disinfecting the water with permanganate of potash.

No. 563D.B., dated Jalpaiguri, the 22nd December 1896.

From—Babu Preonath Banerjea, Vice-Chairman of the District Board, Jalpaiguri,

To—The Deputy Commissioner, Jalpaiguri.

With reference to your memorandum No. 2117J. of the 18th instant, forwarding a copy of Government Circular No. 58L.S.-G., dated the 12th idem, regarding water-supply, I have the honour to state that the District Engineer reports that there is not a single village in the regulated portion of the district containing more than 100 houses, and information has been procured from your office that there are only two villages, viz. Alipur and Chunabhati in the Western Duars, containing more than 100 houses. The District Engineer has been asked to supply this office with the necessary information as regards these two villages for filling in the heads of the water-supply Registers Nos. I and II.

2. The District Board have provided a sum of Rs. 1,500 in their next year's budget estimate for the purpose of sinking wells in the regulated portion of the district, and the work will be commenced after 31st March next. It appears from the District Engineer's report that a sum of Rs. 3,760 will also be spent after 31st March 1897 in sinking ten Raniganj pipe-wells and two pucka wells from the funds at your disposal, for the purpose of supplying good drinking water to the people of Western Duars.

3. A copy of the District Engineer's report above alluded to is herewith submitted for your information.

No. 748, dated Jalpaiguri, the 21st December 1896.

From—Babu Durga Das Das, Offg. District Engineer, Jalpaiguri,

To—The Chairman, District Board, Jalpaiguri.

With reference to your No. 554D.B., dated 19th-21st December 1896, forwarding Deputy Commissioner's memorandum No. 2117J. of 18th idem, giving cover to Government Circular No. 58L.S.-G, dated the 12th December 1896, regarding water-supply, in connection with the original circular No 8T.M., dated 15th May 1896, from the Government of Bengal, on the subject, I have the honour to submit that, after due local enquiry and also consulting the census register of the district, I found not a single village in the regulation portion of the district as containing 100 houses or more, and consequently I beg to return the printed forms unfilled. I would, however, beg to inform you that notwithstanding the thin population in the villages, a provision of Rs. 3,760 for sinking ten Raniganj pipe-wells and two pucka masonry wells has been made during the year to give good supply of drinking water to the people residing at the following places, with funds at the disposal of the Deputy Commissioner:—

At Mynaguri	...	...	1	masonry well (pucka), 6 feet diameter.
„ Ramsaihat	...	...	1	Ditto ditto.
„ Mynatali	...	...	1	Pipe well, 21 inch diameter.
„ Deogaon	...	...	1	Ditto ditto.
„ Parengarpar	...	...	2	Ditto ditto.
„ Bhutnighat	...	...	1	Ditto ditto.
„ Magurmari	...	...	1	Ditto ditto,
„ Ultagram	...	...	1	Ditto ditto.
„ Jotieswar	...	...	1	Ditto ditto.
„ Lasmirdabri	..	...	1	Ditto ditto.

I am afraid that the Bengal Government circular will not be applicable in this district.

I further beg to state that Rs. 1,500 have been provided in the next year's District Fund Budget for sinking wells in the regulation portion of the district.

No. 1847J , dated Darjeeling, the 24th December 1896.

From—The Deputy Commissioner of Darjeeling,

To—The Commissioner of the Rajshahi Division.

With reference to your No. 549M.Cir., dated the 16th December 1896, I have the honour to report that there are no tanks, wells or khals in the hills. The people use the water of the jhoras or springs

2. The Darjeeling Municipality is arranging to filter the water-supply of the town through a Pasteur filter at a cost of Rs 68,000.

3. The town of Kurseong is supplied with water from permanent and wholesome springs which are under municipal control. The supply of water is at present sufficient for the requirements of the town.

4. The District Road Cess Committee which takes the place of the District Board in this district did not find it necessary to take steps to improve the existing sources of water-supply or to open up new ones, no need having been felt therefor.

5. For the Terai, a register in Form I, showing the existing sources of water-supply, has been opened. Copy is annexed.

WATER-SUPPLY FORM I, LOCAL SELF-GOVERNMENT.

Local Board or Subdivisional Register of water-supply.

District Darjeeling, Kurseong Local Board, Thanas Siliguri and Naxalbari.

Shoshi Bhusan Dutta,

Settlement Officer.

No. 2951J, dated Rangpur, the 22nd December 1896.

From—E. GEAKE, Esq., Magistrate-Chairman of the District Board, Rangpur,
To—The Commissioner of the Rajshahi Division.

REFERRING to the Municipal Department, Bengal Government Circular No. 58L.S.-G., dated 12th December 1896, asking for a report on the progress made in collecting the statistics and opening out registers in regard to the sources of water-supply existing in the district, according to the instructions conveyed in the Municipal Department, Bengal Government Circular No. 8T.M., dated 15th May 1896, I have the honour to report that for the purpose lists have been made thana by thana separately for the whole district, of villages with 100 houses or more, and also of the population in such villages, that the forms annexed to the Government circular for the registers have been printed and both these village lists and the forms have been circulated with instructions to the overseers, sub-overseers and surveyors to collect the necessary statistics and to fill in the forms during their tour round their subdivisions of work in the present cold season, as in the rains most of the villages in the interior are not easily approachable.

2. The water-supply in the district is obtained entirely from sub-soil springs which are generally met with at a small depth below surface. This underground water at Rangpur is, with few exceptions, of very good quality and practically inexhaustible. The cost of pot wells in most places also is very small. Therefore there is nearly always one or more pot well at every house. Moreover, the district being a backward one and building materials not being available easily, there are very few masonry wells in the district, and those only at the houses of wealthy men and at some of the hâts and markets.

3. The sub-soil of the district, consisting mostly of pure porous sand, tanks cannot by ordinary means be dug very deep. Those few that have been dug by the people are mostly shallow and are overgrown with obnoxious vegetation. The tanks also, with few exceptions, are of small size, and the water in them is usually of bad quality and is not used by the people except for washing purposes, for growing fish, and for cattle. However, even for these purposes the number of tanks in this district is, as in the case of masonry wells, very small.

4. As I was not aware that a report of the progress made in collecting statistics and preparing the prescribed register would be required so speedily, I have not asked my subordinates to submit to me before December any report of the steps taken by them, but I believe some progress has been made by them, and that by the end of the cold season information regarding most of the few masonry wells and tanks existing in the district will be collected and the preparation of the register undertaken, so that at the next quarterly report some material progress may be shown.

5. As to the action taken by District Board to improve the existing sources of water-supply and to construct new ones where wanted, I beg to state that no dearth of water is ever known to have occurred in this district, owing to the small cost of sinking pot wells and the sufficiency of yield therefrom; still the District Board has in previous years repaired or constructed 52 masonry wells and 17 tube wells, and for the current year 16 estimates for repairs and improvement of existing masonry wells have been sanctioned by the Commissioner by his letter No. 416Mot., dated 30th June 1896, and No. 466Mot., dated 18th July 1896. Some other estimates are also under preparation and will soon be submitted. Estimates for construction in the current year, of some new masonry wells and a number of tube wells, in rural areas, were also submitted to the Commissioner for sanction, but these have been returned asking for site plans of those wells. These site plans are also being prepared, and the estimate for new wells will be submitted shortly.

A copy of the progress report received from the Municipality is herewith enclosed.

No. 226, dated Rangpur, the 22nd December 1896.

From—BABU RAJANIKANT BHATTACHARJEE, Vice-Chairman, Rangpur Municipality,
To—The Magistrate of Rangpur.

WITH reference to your No. 2914J., dated 17th instant, I have the honour to inform you that the following improvements were made in the existing sources of water supply during the present quarter:—

(*a*) A tube-well at Mahiganj has been sunk 5 feet lower, with a view to obtain good water, and a reservoir with cover for storing drinking water is under construction.

(*b*) A reservoir has been constructed at Katkipara tube-well, and water is being stored there for drinking purposes.

(*c*) A tube-well 40 feet deep has been sunk at the charitable dispensary compound, and a reservoir to hold about 60 gallons of water has been provided for storing water.

(*d*) Nothing important has been done to improve the condition of public wells during this quarter, except that permanganate of potash was used for purifying water in almost all of them, and the result seemed successful.

No. 874J., dated Bogra, the 22nd December 1896.

From—Umes Chandra Batavyal, Esq., Magistrate of Bogra,
To—The Commissioner of the Rajshahi Division.

With reference to your circular No. 549M., dated the 17th instant, I have the honour to transmit the documents noted on the margin, and to state that the report from the Chairman of the Sherpur Municipality has not been received yet.

1. Copy of a letter, No. 580, dated the 22nd December 1896, from the Chairman of the District Board.
2. Copy of a letter, No. 105M., dated the 22nd December 1896, from the Chairman of the Bogra Municipality.

2. The two municipalities in this district, Bogra and Sherpur, both lie on the bank of the Korotoya river, the water of which is considered good and healthy. The soil in both is what is known as *khiar*, in which well-sinking is very easy. A kind of *kutcha* well is sunk without any masonry or pottery-rings, at the cost of about one rupee or so, even by the poorest house-holder, which gives him a good supply of drinking water. In both the towns already a number of public wells have been made, and in Sherpur a shop-keeper is giving a good *indera* (a large well) for public use out of religious motives. None of these towns at present suffer from want of water in any season of the year.

3. As regards the district generally, the *khiar* tracts in thanas Sherpur, Bogra, Shibganj, Adamdighi and Khetlal are studded with old tanks, most of which, however, have run waste and are now used for irrigation only. Still there are other tanks in sufficient numbers and wells in private houses (and these wells are as easily made as in the towns of Bogra and Sherpur) which fully meet the requirements of the villagers In fact the public wells which have been made here and there by the District Board are seldom resorted to by the villagers, and their use is mostly confined to travellers or people coming to markets on market days.

4. It is in the *Pali* tracts in thanas Panchbibi and Sheriakandi and outpost Dhunut and the eastern half of Bogra and Sherpur that tanks differ or well-sinking is a comparatively difficult affair. The soil is loose and sandy, and wells collapse after a short time. The tract on the east of the Korotoya is subject to annual floods, and no tanks can be maintained in most places. The important villages in these tracts, however, are mostly situated on the banks of the rivers (the Bengali, the Halhoha, the Phooljhor and the Ichamati), which contain a perennial supply of good potable water.

5. The want of the villagers in the *Pali* tracts as regards water-supply requires the gravest attention. The requirement of each such village is being recorded, and, as stated in the report of the District Board, five tube-wells have been kept in stock to supply urgent wants if any. An attempt was made to record these facts by questioning chaukidars in the police-stations at parade days. But I have directed the District Engineer and his subordinates to visit the villages personally and note the facts after personal inspection. The matter also receives my attention in the course of my tours.

6. A question has arisen, in preparing the two prescribed registers, whether every tank and well in each village with 100 houses or more is to be entered therein. I think that Government wants only tanks and wells supplying drinking water to be recorded, and that it is unnecessary to enter tanks or wells the water of which is not used for drinking purposes. Another question is whether all private tanks and wells need be entered. My idea is that tanks and wells open to general use in the village only are to be registered. To register every private well or tank would involve great labour. I have issued orders to make detailed entries about such tanks and wells in the villages only as are used for drinking water purposes by the villagers generally, and to make a note in the remarks column as to how many of the houses in the village have private wells and tanks and how many are without them. I solicit instructions whether I am correct or not.

No. 370, dated Bogra, the 22nd December 1896.

From—Rabu N. K. Chakravarty, District Engineer, Bogra,
To—The Chairman, District Board, Bogra.

With reference to your memorandum No. 563, dated the 18th instant, I have the honour to report as follows regarding the action taken with respect to the water-supply in this district.

A register of tanks and wells in the villages containing 100 houses or more has been opened.

The following are the number of villages in each thana:—

Bogra thana	...	...	...	85
Shariakandi	...	...	...	39
Sherpur	...	...	...	16
Shibganj	...	...	...	6
Khetlal	...	...	...	3
Adamdigi	...	...	...	20
Panchbibi	...	...	...	16
Nawabganj	...	...	...	9

Nearly half of Bogra thana, half of Sherpur thana, and Shariakandi whole lie on the east of Korotoya and they become inundated during rains. The soil is *pali* (alluvial) and the number of tanks and wells are very small on account of bad soil, while the rest of the district is generally of red soil and contains a large number of tanks and mud wells, and each house has at least one earthen well which can be dug at a cost of Re. 1-4 only The tanks are large in number all over the district, and they are mainly used for irrigation purposes than for drinking water. These wells are not registered, as it is difficult to ascertain their number. The people generally use well water and river water. The District Board have during 1895 and 1896 constructed 11 masonry wells at Dubchanchia, Khetlal, Buriganj, Mokamtola, Foolbari, Durgapur, Panchbibi, Baniadighi, Dargarhat, Jainagor and Jaiporehat, at a total cost of Rs. 5,090. The soil is so good that cutcha private wells are self-supporting in the *khiar* land, *i.e.*, they do not even require pottery rings inside to keep them standing

Information as required in the forms of nearly all the thanas have been collected, and the work of checking them will be completed by the next quarter.

No. 580, dated Bogra, the 22nd December 1896.

Memo. by—Umes Chandra Batavyal, Esq., Chairman, Bogra District Board.

Copy forwarded to the Magistrate of Bogra, with reference to his memorandum No. 861J., dated 17th instant. Five tube-wells have been purchased at a cost of Rs. 273, and it is intended to supply them to villages on the east side of the Karatya river, where scarcity of water may be most apprehended.

No. 105M., dated Bogra, the 22nd December 1896.

From—Babu Beni Madhab Chaki, Chairman of the Bogra Municipality.
To—The Magistrate of Bogra.

In compliance with your memorandum No. 862J., dated the 17th December 1896, forwarding therewith Government circular No. 58L S.-G. of the 12th December 1896, I have the honour to inform you that steps have been taken to place on record (in forms prescribed by Government) the chief facts regarding the water-supply of this town.

No fresh steps have yet been taken to improve the existing sources of water-supply during the last months, as none were necessary. But the Municipal Commissioners will undertake to sink two masonry wells next dry season. I need hardly state here that the residents of this town are not, even under the present arrangements, likely to feel the want of good water.

No. 1567J., dated Pabna, the 26th December 1896.

From—W. Maude, Esq., Magistrate of Pabna,
To—The Commissioner of the Rajshahi Division.

With reference to your No. 549M., dated the 16th December 1896, I have the honour to submit the following report on the progress of recording and improving the water-supplies of this district.

2. Registers have been opened by the District Board, showing villages containing more than 100 houses, and all out-door officers under the Board have been ordered to collect and furnish information as to the water-supplies of these villages. The Magistrate has also been asked by the Board to direct the police and his own subordinate out-door officers to supply similar information. Some such information has already been collected.

Registers of existing sources of water-supply in the form prescribed in the Government Circulars Nos. 7T.—M. and 8T.—M., dated the 15th May 1896, have also been opened by the Municipalities of Pabna and Sirajganj, and statistics have been collected for the municipal areas.

3. With a view to improving existing water-supplies the District Board have arranged to construct this season 50 ring wells throughout the district. The rings are now in course of preparation, and will be sunk as soon as the proper time arrives at which they can be sunk to the requisite depth without encountering water. Materials have also been collected for constructing eight small masonry wells and one large masonry well. Steps are in hand also for cleaning out the 57 large and small wells constructed in previous years, for cleaning and deepening the Santipur tank, and cleaning the five other tanks which belong to the Board.

4. By the Pabna Municipal Commissioners five notices were issued recently under section 200 of the Municipal Act upon owners for cleaning and re-excavation of tanks in their possession. In accordance with these notices, Madhabi Sundari Dasya and Babu Tarak Nath Pramanik have commenced the work. The other owners are the Choudhuri Babus of Tantibandar. As they have failed to comply with the notices, the Chairman has asked me as Magistrate to prosecute them. I have suggested that it would be better to fill up the tanks or re-excavate them after due notice at the municipal expense, and levy the cost thereafter from the owners under section 180 of the Municipal Act. Three other private tanks have been begun at the instigation of the Commissioners, and several works will, it is hoped,

be carried out in commemoration of the visit of His Honour the Lieutenant-Governor to Pabna in August last, including a large tank to be dug at a cost of Rs. 15,000, which has been promised by Babu Sarat Chandra Choudhuri of Parshadanga, and of which Rs. 5,000 has been already deposited.

5. In the Sirajganj Municipality there are seven tanks to which the public have access. There are also a number of private tanks. Where necessary, notices have been issued to compel the cleaning out of the above tanks, but the result has not yet been reported, it being yet early in the season for the effective cleaning and re-excavation of tanks. The chief efforts of the Sirajganj Municipal Commissioners are directed to the supply of wells, as the soil of the town is sandy and it is only in a few sites that tanks will hold their water. The Municipality have applied for and obtained from Government a loan of Rs. 5,000 for the purpose of sinking wells, and bricks are now being made for the purpose. The Chairman reports that, as far as he has been able to ascertain, there are 787 ring wells in the municipal area of 12 square miles, of which 16 were dug by the Municipality. There are also 47 masonry wells, of which 23 belong to the Municipality.

STOCKS OF RICE IN AND AROUND CALCUTTA.

No. 18 Stats.—The following is published for general information.

STATISTICAL DEPARTMENT,
The 11th January 1897.

M. FINUCANE,
Secretary to the Government of Bengal.

STATISTICS OF THE SEA-BORNE TRAFFIC OF CALCUTTA IN FOOD GRAINS.

No. 63 Statistics.—The following memorandum and statements are published for general information.

M. FINUCANE,
Secy. to the Govt. of Bengal.

STATISTICAL DEPARTMENT,
The 11th January 1897.

Memorandum.

The total quantity of food-grains carried to and from Calcutta by sea during the 9 days from 22nd to 31st December 1896, as compared with the figures for the corresponding period of 1895, was as follows:—

	22ND TO 31ST DECEMBER			
	1895.		1896.	
1	2	3	4	5
Imports.	Cwts	Mds.	Cwts.	Mds.
From Foreign Ports ...	.....	.....	231,889	3,15,627
„ Indian „ ...	23,949	32,597	58,107	79,090
Total ...	23,949	32,597	289,996	3,94,717
Exports.				
To Foreign Ports	256,857	3,49,611	83,597	1,13,785
„ Indian „	34,034	46,324	19,697	26,810
Total ...	290,891	3,95,935	103,294	104,595

Imports.—The following statement compares the total quantities of each kind of food-grains imported during the last 9 days of December 1895 and 1896:—

	22ND TO 31ST DECEMBER			
	1895.		1896.	
1	2	3	4	5
Food-grains.	Cwts.	Mds.	Cwts.	Mds.
Rice	13,728	18,685	43,953	59,825
Paddy	7,560	10,290	4,713	6,415
Wheat	.....	.....	219,883	2,99,285
Gram and pulses	2,661	3,622	9,099	12,385
Other food-grains, such as jowar, barley, oats, &c.	.....	.....	12,348	16,807
Total ...	23,949	32,597	289,996	3,94,717

The importation of rice showed an advance of 293 01 per cent. in comparison with the preceding year. The supplies drawn from Rangoon and Moulmein aggregated 26,344 cwts. against nil in 1895, while the quantities shipped from Chandbali and Balasore jointly showed an increase of 3,754 cwts. Following the large consignments from the United States of wheat during the previous week, so much as 219,340 cwts. of this article were for the second time received from San Francisco and Tacoma. The improvement under gram and pulses was chiefly due to large quantities having been received from Coconada and Madras against nil in 1895.

Exports.—As in previous weeks there has been a heavy falling off (64·49 per cent.), owing chiefly to the decline in the exports of rice and gram and pulses to both Foreign and Indian ports, as will be seen from the details given below :—

	22ND TO 31ST DECEMBER			
	1895.		1896.	
1	2	3	4	5
Food-grains.	Cwts.	Mds.	Cwts.	Mds.
Rice	225,300	3,06,658	93,578	1,27,370
Paddy	... ..	.....	.....	.....
Wheat	1,443	1,964	1,102	1,500
Gram and pulses ...	58,827	80,071	6,788	9,239
Other food-grains, such as jowar, barley, oats, &c.	5,321	7,242	1,826	2,486
Total ...	290,891	3,95,935	103,294	1,40,595

Compared with the preceding year, the falling off under rice was largest in the exports to Ceylon (25,890 cwts), Mauritius (21,066 cwts.), the United Kingdom (20,881 cwts.), and Natal (7,472 cwts); Port Elizabeth, Reunion, Aden, Maldives and New Zealand, which together imported 57,215 cwts. during 1895, received nothing during the year under report. On the other hand, there were small despatches to Zanzibar, Bassora, New South Wales and South Australia, places to which nothing was sent in the previous year. As regards Indian ports, the figures under Bombay showed an advance of 4,688 cwts., and those under Madras Presidency a decrease of 13,001 cwts., as compared with 1895. The chief fluctuations in the case of gram and pulses are a decrease of 28 291 cwts in the consignments to the United Kingdom and of 15,771 cwts. in those to the Mauritius. The port of Madras received 5,515 cwts. during 1895, but there were no such exports during the period under report.

Detailed statements showing the sources of supply and the places of destination, both as regards Foreign and Indian ports, are given below:—

STATISTICS OF THE SEA-BORNE TRAFFIC OF THE MINOR PORTS IN BENGAL IN FOOD-GRAINS.

No. 64 Statistics.—The following memorandum and statements are published for general information.

STATISTICAL DEPARTMENT,
The 11th January 1897.

M. FINUCANE,
Secy. to the Govt. of Bengal.

MEMORANDUM.

THE import and export trade of the minor ports of Chittagong, Narayanganj, Balasore (including both Balasore and Chandbali), Cuttack and Puri during the first two weeks of December 1896, as compared with the trade of the corresponding period of 1895, are shown in the following statements:—

IMPORTS.

Ports.		From Foreign ports.	From Indian ports.	Total.	
		Cwts.	Cwts.	Cwts.	Mds.

	1896 ...	3,014	.....	3,014	4,102
Puri ...	1895 ...	.....	.....	.....	.....
	1896 ...	.....	.....	.....	.....
Total ...	1895 ...	29,179	51,153	80,332	109,340
	1896 ...	3,014	25,159	28,173	38,346

In the export trade, the chief falling off occurred in the shipments from Balasore ports and Cuttack. The consignments of rice and paddy to Calcutta from the former ports declined by 11,395 cwts. and 6,197 cwts. respectively, while in the case of gram and pulses, there was a decrease of 4,205 cwts. as compared with 1895. Mauritius received no rice from these ports, but last year the total supply amounted to 6,079 cwts. The total exports of rice from False Point showed a decrease of 20,086 cwts., owing to there being no shipments whatever to Mauritius, Madras, and Bombay, all which ports drew largely in 1895.

Detailed statements showing the sources of supply and the places of destination, both as regards Foreign and Indian ports, are given below:—

Statement showing the quantities of Food-grains imported into Chittagong from each Foreign and Indian Port during the first 14 days of December 1896, as compared with the trade of the corresponding period of 1895.

WEATHER AND CROP REPORT.

For the week ending the 11th January 1897.

Burdwan.—Rainfall at Sadar ·06, Kalna nil, Katwa ·01, Raniganj ·03. Weather cold and fine *Aman* harvest almost complete. *Rabi* prospects in Sadar subdivision fair; in Katwa subdivision *rabi* being irrigated; in Raniganj subdivision *rabi* badly in need of rain. Sugarcane wants rain. Fodder and water sufficient at present. Condition of cattle good. Common rice sells as follows:—

	Srs. c.	Srs. c.	
Sadar	10 0	to 12 0	per rupee.
Kalna	9 8	to 11 0	
Katwa	10 10	to 10 15	
Raniganj		10 4	

Birbhum.—·03 rain on 3rd instant. Weather seasonable. Common rice sells from 9 seers 6 chitaks to 10 seers 4 chitaks per rupee.

Bankura.—Rainfall at Sadar ·02, Indas ·04, Khatra ·05, Onda ·08. Weather seasonably cold. Threshing of *aman* still continues. No improvement in *rabi* prospects. Fodder and water sufficient, except in portions of thana Gangajalghati. Cowpox appeared in Barjora. Rice selling at 11½ seers per rupee both at Bankura and Vishnupur.

Midnapore.—Rainfall at Sadar ·02 only. Weather seasonable. Harvesting of *aman* nearly finished. Transplantation of *boro* commenced in Ghatal and in some parts of thana Panskura. Prospects of indigo and *rabi* crops getting worse for want of rain. Fodder and water sufficient. Cattle-disease reported from Dantun, Binpur, Garhbeta, Keshpur, and Salbani. Common rice selling as follows:—

	Srs.	
Sadar	Old rice 9	per rupee.
	New „ 10	
Contai	12 to 13	
Tamluk	9 to 14	
Ghatal	11½ to 11¾	

Hooghly.—No rain. Harvesting of *aman* going on. *Rabi* and sugarcane suffering for want of rain. Common rice sells from 8 to 11 seers per rupee.

Howrah.—Rainfall nil. Weather seasonable. Rain wanted for *rabi* crops. Harvesting of *aman* paddy continues. Fodder and water sufficient. Common rice sells from 9 to 11 seers per rupee.

24-Parganas.—Rainfall nil. Weather cool and bright. Harvesting of *aman* paddy nearly finished; it is estimated to yield 10½ annas. Prospects of *rabi* crops unfavourable. *Kalai* and mustard being harvested. Rice lands being ploughed. No cattle-disease. Fodder and water sufficient. Common rice sells as follows:—

	Srs.	
Sadar	9 to 11½	per rupee.
Baraset	10	
Basirhat	10	
Diamond Harbour	11	

Nadia.—Rainfall ·01. Weather cold. Gathering of *kalai* continues. *Rabi* crops want rain. Prospects not promising. Harvesting of *aman* going on in the Ranaghat subdivision. Fodder sufficient. Water in sufficient in places. Common rice sells from 8 to 11½ seers per rupee. Latest price of rice where test-works are open is 10 seers per rupee. Numbers attending test-works are as follows:—

1st January		272
2nd „		349
3rd „		496
5th „		429
6th „		464
7th „		529
8th „		1,034

Number of persons who received gratuitous relief at police-station Kaliganj is 111 from 2nd to 7th January, and at police-station Tehatta on the 6th January is 21.

Murshidabad.—Rainfall at Sadar ·01. Weather cold. Harvesting of *aman* nearly finished. State of *rabi* crops not good; that of sugarcane, mulberry, and indigo seems to be good. Fodder sufficient. Common rice sells as follows:—

	Srs.	
Sadar	9½	per rupee.
Jangipur	10	
Kandi	11	

Jessore.—Weather seasonable. Harvesting of *aman* about to be closed. Rain badly wanted for *rabi* crops and for transplantation of *boro* seedlings. It drizzled in the Sadar and Narail subdivisions on 3rd instant. Fodder and water available. No cattle-disease. Common rice sells as follows:—

	Srs.	
Jessore	10	per rupee.
Jhenida	9	
Magura	9 to 9¾	
Narail	10	
Bongaon	10	

Khulna.—No rain. Weather fine. *Aman* paddy being harvested; crop below the average. Rain wanted for *rabi* and *boro* paddy. No cattle-disease. Fodder and water available. Common rice sells as follows:—

	Srs.	
Khulna	10 to 11	per rupee.
Bagerhat	11	
Satkhira	Old rice 8	
	New „ 10	

Wages calculated at 10 seers for staple food-grain. Number of test relief-works opened, two. Number of men employed as follows:—

1st January	...	...	...	...	126
2nd „	...	...	...	...	177
3rd „	...	...	...	...	187
4th „	...	...	...	...	244
5th „	...	...	...	...	290
6th „	...	...	...	...	282

Number of persons who received gratuitous relief from 29th December up to 6th January—men 74, women 236, children 200.

Rajshahi.—Harvesting of winter rice not yet over. Prospects of standing crops not good. Cultivation going on for sugarcane in Sadar. Fodder and water available everywhere except in Rajapur outpost. Common rice selling from 8½ to 10½ seers per rupee.

Dinajpur.—Rainfall nil. Weather seasonable. The outturn of winter rice is estimated to be 10 annas. Condition of standing crops fair. No report of any cattle-disease. Fodder and water sufficient. Common rice sells from 9 to 12 seers per rupee.

Jalpaiguri.—Rainfall nil. Weather very cold and cloudy. Harvesting of *haimanti* paddy about to be finished. Standing *rabi* crops doing well. No complaint of fodder and water. Average price of common rice 8½ seers per rupee.

Darjeeling.—Rainfall at Sadar ·05 Weather seasonable. Hills—Potatoes and *phaphur* being harvested; *tori* progressing favourably; wheat and barley flowering *Terai*—*Haimanti dhan* almost harvested; mustard in flower; *kalai* and potatoes being harvested; tobacco plants coming up. Coarse rice selling:—

	Srs.	
Hills	8	per rupee.
Terai	9	

Bhutta 14 seers per rupee.

Rangpur.—No rain. Harvesting of *aman* and sugarcane still going on. Ploughing for *aus* continues. *Rabi* crops progressing well. Prospects fair. Common rice selling at 8 to 10 seers per rupee. Fodder and water sufficient.

Bogra.—Rainfall nil. Weather cold and clear. Harvesting of winter paddy in progress. Ploughing for *aus* and jute going on in *pali* lands. Oilseeds and pulses doing well. Fodder and water sufficient. Common rice selling at head-quarters 9¾ seers and in the interior from 9¾ to 11¼ seers per rupee.

Pabna.—Weather seasonable. Prospects of *rabi* crops fair, but rain wanted. Common rice selling from 8 to 10 seers per rupee. Fodder sufficient.

Dacca.—Rainfall nil. Weather seasonable. Prospects of *aman* not very favourable. *Rabi* crops thriving. Fodder available. No cattle-disease. Common rice sells from 10 to 12½ seers per rupee.

Mymensingh.—Harvesting of *aman* nearly finished. Prospects of *rabi* crops fair. Common rice selling between 8 and 11 seers per rupee.

Faridpur.—No rain. Weather seasonable. Prospects as before. Rain wanted for *rabi*. Common rice selling at 9½ to 11 seers a rupee. Fodder and water available.

Backergunge.—Rainfall nil. Weather fine. Harvesting of rice going on. Prospects of standing crops fair. No cattle-disease. Price of common rice (new *aman*) ranges from 9½ to 12 seers per rupee.

Tippera.—Weather seasonable. Cutting of *aman* over. Transplantation of *boro* approaching completion. Prospects of standing crops poor. No cattle-disease reported. Fodder and water available. Prices of new rice —

				Srs.	
Sadar	...	...	...	11 to 12½	per rupee.
Brahmanbaria	...	...	...	8 to 12	
Chandpur	...	...	...	10½ to 13	

Noakhali.—No rain. Harvesting of *aman* and sowing of *rabi* crops nearly finished. No cattle-disease. Fodder and water available. Common rice sells at 10 to 11 seers per rupee.

Chittagong.—Rainfall nil. Weather dry. Reaping of *aman* finished. *Rabi* crops suffering for want of rain. Prospects bad. Water and fodder fairly sufficient. Rice selling at 8 to 10 seers per rupee.

Patna.—No rain. Prospects of *rabi*, poppy, and tobacco good. Harvesting and threshing of paddy proceeding. Prices generally stationary. Common rice at Patna 10½ seers per rupee. Fodder and water for cattle sufficient. Numbers on two test-works on Saturday, 9th January (figures for the third not received)—men 203, women 270, children 136—total 609. Gratuitous relief nil.

Gaya.—*Rabi* crops doing well. Prospects favourable. Price of common rice at Sadar 9½ seers per rupee.

Shahabad.—Rainfall nil. *Rabi* prospects continue favourable. Poppy doing well. Pressing of sugarcane continues. Fodder for cattle sufficient. Pea, *masuri* and *makai* selling at 10 seers per rupee Number on relief works on Saturday, 9th January—men 560, women 626, children 294, total 1,480.

Saran.—Slight showers in parts. *Rabi* doing well. Sugarcane pressing continues. Average price of *makai* 10 seers 3 chitaks per rupee. Numbers on relief-works on Saturday, 9th January—men 1,101, women 1,949, children 1,416—total 4,496; gratuitous relief—men 782, women 2,259, children 728—total 3,769.

Champaran.—Rainfall nil Weather cloudless. *Rabi* doing well. Weeding proceeding. Prices still rising. Common rice at Motihari 8½ seers and Bettiah 9½ seers, *makai* at Motihari 10 seers and Bettiah 10½ seers per rupee. Water and fodder sufficient. Numbers on relief works—men 31,014, women 27,483, children 20,557, total 79,054; gratuitous relief—men 744, women 1,460, children 1,203, total 3,407.

Muzaffarpur.—Prospects of standing crops good. Prices are—common rice 8 seers, wheat 8 seers, *makai* 10½ seers, barley 11 seers, gram 10 seers, *rahar* 12 seers. *Makai* and *rahar* fix the relief prices. Numbers on relief works on Saturday, 9th January—Sadar subdivision—men 833, women 113, children 128—total 1,074; Sitamarhi subdivision—men 762, women 233, children 271—total 1,266; Hajipur subdivision—men 25, women 39, children 37—total 101. Gratuitous relief—Hajipur subdivision—men 50, women 137, children 88—total 275.

Darbhanga.—Standing crops doing well except in Madhubani, where the prospects are bad. *Rahar* and rape seeds are excellent. Common rice selling at 9½ seers per rupee. Numbers on relief works on Saturday, 9th January—Sadar subdivision—men 9,819, women 10,793, children 4,738—total 25,350; Samastipur subdivision—men 569, women 82, children 48—total 699; Madhubani subdivision—men 10,799, women 6,784, children 2,500—total 20,083. Gratuitous relief—Sadar subdivision—men 762, women 1,436, children 625—total 2,823; Samastipur subdivision—men 55, women 125, children 15—total 195; Madhubani subdivision—men 2,833, women 7,179, children 4,133—total 14,145.

Monghyr.—Rainfall nil. Weather cold with occasional westerly breeze. Standing crops doing well. Prospects of wheat and poppy good. Harvesting of paddy and weeding of *rabi* continue. Sugarcane pressing going on. Cattle-disease reported from Begusarai. Sufficient fodder and water. Prices of common rice :—

				Srs.	
Monghyr	...	...	...	9½	per rupee.
Begusarai	...	...	...	8½	
Jamui	...	...	...	8 to 9½	

Bhagalpur.—Weather cold and bracing. Westerly wind. Sky clear. Reaping of paddy completed. *Kurthi* and *kalai* being harvested. The late rain has improved the prospects of the *rabi* crops. Fodder and water sufficient. Price of coarse rice as stated below;—

		Srs.	c.	
Sadar		10	2	per rupee.
Banka		10	0	
Madhipura		10	0	
Supaul		9	8	

There has been a slight rise in the price of food-grains at Banka and Supaul during the week.

Purnea.—No rain. Reaping of *aghani* paddy nearly finished. *Rabi* crops doing well. A few cases of cattle-disease in Araria. Fodder and water sufficient. Prices of common rice:—

	Srs.	
Sadar	10	per rupee.
Kishanganj	9½ to 10	
Araria	10 to 11	

Malda.—No rain. Harvesting of winter rice nearly finished. *Rabi* crops a little improved by the rain which fell last week. Common rice selling at Sadar 8¾ seers per rupee.

Sonthal Parganas.—No rain. Dews scanty. Prices beginning to rise. Price of common rice 7½ seers per rupee at Rajmahal, and elsewhere 10 to 12 seers; maize 16 seers. Fodder and water sufficient.

Cuttack.—Rainfall nil. Weather seasonable. Harvesting of *guru sarad* going on. Transplantation of *dalua* in progress. Cattle-disease in a few places. Fodder sufficient. Common rice sells as follows:—

	Srs.	c.	
Cuttack	11	13	per rupee.
Jajpur	14	7	
Kendrapara	14	7	
Banki	15	12	

Balasore.—No rain. Weather seasonable. Harvesting of *sarad* continues. *Rabi* crops being injured for want of rain. *Dalua* crop flourishing well. Sugarcane being pressed. Sporadic cases of cattle-pox occurring in some chaklas. Fodder and water sufficient. Coarse rice sells at 11 and 14 seers per rupee at Balasore and Bhadrak respectively; in the interior the price of rice varies from 12 to 16 seers per rupee.

Angul.—No rain. Mustard, castor, *mug*, *kulthi*, and winter vegetables are on the ground. Sugarcane being crushed. Condition of cattle good. Coarse rice 18 seers per rupee in Angul and 20 seers in Khondmals.

Puri.—No rain. Prospects of winter rice and *rabi* crops the same as reported before. Fodder sufficient. Price of common rice varies from 10½ to 15¾ seers per rupee.

Hazaribagh.—Rainfall nil. Prospects of sugarcane and poppy 10 to 12 annas. Harvesting of paddy finished; outturn 8 annas expected. Common rice selling from 6 to 9 seers per rupee.

Lohardaga.—Ploughing continues. Rice sells at head-quarters 9 to 9½ seers per rupee and in the interior from 9 to 12 seers. Fodder and water sufficient. No report of cattle-disease.

Palamau.—Rainfall nil. Weather warm for the season. Price of coarse rice very high, ranging from 8½ to 11¼ seers per rupee in Mahuadanr only. Prices of gram, *marua*, and wheat also very high. Test-works shut up.

Manbhum.—Rainfall ·03. Weather seasonable, but hot. The only crop on the ground is *rabi*. Prospects generally as before. Cattle-disease reported from thanas Bagmundi Raghunathpur, and Paru. Fodder and water sufficient at present. Common rice sells at:—

	Srs	
Sadar	8 to 11	per rupee.
Gobindpur	Old rice 8½	
	New „ 10	

Stock of food-grains sufficient at present.

Singhbhum.—Sugarcane and *rabi* not doing well. Price of rice 10 to 14 seers per rupee.

General Summary.—There was no rain during the week, with the exception of a few, slight showers in the Burdwan and Presidency Divisions. The harvesting of winter rice is still proceeding. In Bihar (except in the Madhubani subdivision of Darbhanga) the *rabi* crops are generally doing well; in parts of North and East Bengal these crops are fair; elsewhere they are reported to be very poor and in need of rain. In Bihar and Hazaribagh the prospects of the poppy crop are favourable Transplantation of spring rice is going on, but rain is required for it in some districts. Cattle-disease continues to be reported from Midnapore, Monghyr, Purnea, Cuttack, Balasore, and Manbhum. No important change in the price of common rice is reported except from Darbhanga and Purnea, where it fell from 8½ and 9 seers to 9½ and 10 seers respectively, and from Balasore, where it rose from 13 to 11 seers a rupee. The price of Indian-corn has risen in Champaran from 10½ to 10 seers per rupee, and in Saran from 10½ seers to 10 seers 3 chitaks. In the distressed districts the prices of the food-grains on which the relief wages are based are—Nadia (common rice) 10 seers, Khulna (common rice) 10 seers, Patna (common rice) 10½ seers, Shahabad (Indian-corn) 10 seers, Saran (Indian-corn) 10 seers 3 chitaks, Champaran (Indian-corn) 10 seers, Muzaffarpur (Indian-corn) 10½ seers, Darbhanga (common rice) 9½ seers. The numbers on relief works and in receipt of gratuitous relief on Saturday, the 9th January, were—

Relief works—

Nadia (8th January)	... 1,034.
Khulna (6th „)	... 282.

SUMMARY OF THE METEOROLOGICAL AND RAINFALL OBSERVATIONS TAKEN IN BENGAL, AND OF THE METEOROLOGICAL OBSERVATIONS TAKEN IN ASSAM, FOR THE MONTH OF DECEMBER 1896.

The chief features of the weather in Bengal during the month of December were:—

1. The unsettled weather, which continued in the south of the Bay with but little interruption, never extended into Bengal or even into the north of the Bay. A storm of some severity developed suddenly in the south-east of the Bay in the early part of the month, and caused strong winds as far north as Diamond Island. As has been the case under similar conditions for some months, the storm was of much shorter duration than usual; and though the depression showed signs of moving into the north of the Bay, it filled up as quickly as it formed, leaving only squally weather over the south of the Bay.

The retreating monsoon current continued to blow strongly almost to the end of the month on the Madras Coast, but the area of rainfall was slowly contracting southwards, and towards the end of the month was confined to Ceylon and the extreme south of the Peninsula.

2. As no storms entered the north of the Bay, fine settled weather prevailed over the whole Province until the occurrence of the first disturbance of the kind usual in the cold-weather season, approaching the Province from the west.

The first shallow depression entered Bihar and Chota Nagpur on the 24th, and gave rise to a short period of cloudy unsettled weather over the greater part of the Province. The rainfall was fairly general in Bihar and Chota Nagpur on the 25th, but was in almost all cases very light, only seven rain-registering stations reporting more than a quarter of an inch.

A few days afterwards a second depression caused heavier and more general rain, most of which fell on the 31st. The influence of this second disturbance was less marked on the general weather in the south of the Province, as the sky was cloudy for a short time only, but it extended further eastward and caused light general rainfall in North Bengal.

3. Pressure was, on an average for the whole month, uniformly high by about ·04 inch, and the prevailing wind directions were such as usually obtain in December, westerly in Bihar and Chota Nagpur, and north or north-east in Bengal proper.

For some considerable time temperature has been several degrees above the normal during the day and lower than usual at night. The average maximum and minimum values for December show the same peculiarity, but not so decidedly as in previous months. During the latter part of the month comparatively low temperature continued throughout the day.

At the beginning of the month weather was quiet in the south of the Bay, and rainfall had ceased on the Madras Coast. This was probably due to the slight pressure gradient caused by a shallow depression over Bengal and the north of the Bay. Defect in consequence of a brisk fall of pressure on the 1st was about a tenth of an inch over the whole Province, and readings in Bengal proper were less than those in the south of Madras. Temperature in Bengal at that time was much above the normal, especially in the west of the Province. Daily means were 8° above the normal in Orissa, Chota Nagpur, South Bihar, and the western half of South-West Bengal, while in the eastern half of the Province there was excess of from 2° to 4°. The rapid rise of pressure on the 2nd left the distribution almost normal, and as temperature fell several degrees, there was a large excess in Orissa only. Changes were of little importance till the 5th, when a further brisk rise of pressure led to a steepening of the gradient over the Bay and a renewal of north-east monsoon weather on the Madras Coast.

Pressure continued to rise on the 6th over both the Province and the Bay, but the change was greater in Bengal, and a considerable excess had accumulated. The rapid increase of wind velocity at Diamond Island and the rising sea showed that a disturbance had begun over the Bay. As a strong westerly wind was shortly afterwards reported from Colombo, the disturbance seemed to be caused by a wide-spread depression over the south of the Bay. Weather remained squally in the east of the Bay till the 9th, when the depression became more diffused owing to a fall of pressure, which went on slowly for several days. The squally weather spread south-westward, and was felt in Ceylon and Madras two or three days afterwards; but by that time the depression had altogether disappeared.

From the 12th any disturbance in the Bay was too far south to influence weather in Bengal, and the pressure oscillations usual in settled weather went on with no interruption. Temperature, however, which had been steadily above the normal in the west of the Province, began to fall, and comparatively cool weather became general over the whole Province about the middle of the month. The greatest defect was in Orissa and Chota Nagpur, and was at times as much as 3°. The cool wave spread eastward, and was most marked in East and North Bengal on the 21st, when defect varied from 4° to 7°.

On the 22nd the influence of the slight disturbance, which was advancing from the west, began to be felt in Bengal. It was shown more in the rising temperature and the shifting winds than in pressure changes, which were extremely small except on the 24th, when there was a fall of ·05 inch. The large defect in temperature had disappeared by

the 24th, and there was a faint cyclonic circulation of winds, but the only sign of a low-pressure area was in readings being somewhat higher in the west and north-east of the Province than in the central districts. Cloudy weather was general on the 24th and 25th, and, as stated above, light rain fell in Bihar and Chota Nagpur on the latter date.

The disturbance had ceased on the 26th, pressure having risen moderately, and ordinary weather continued for two or three days. On the 28th pressure was again falling, especially in the northern districts, where the change was rapid, and winds were southerly in Chota Nagpur and, the west of Bihar. There was a good deal of cloud, but no further sign of unsettled weather till the 31st, when the irregular pressure changes caused a decided depression over Bihar. On that day there was a brisk rise in East Bengal and a slow to moderate rise in all other districts except Bihar, where there was a fall of ·02 inch. Readings diminished from 30·12 inch in the south-east of the Province to 30·07 inch in North Bihar, and winds were east or south-east except in Lower Bengal, where they remained north. The depression had concentrated owing to these changes, and the rainfall was, in consequence, confined to the northern districts, and heavier than would have been the case but for the brisk increase of pressure in Lower Bengal. General rain fell in Bihar, North Bengal, and Chota Nagpur, the falls being more than half an inch in parts of Bihar, and between 1 and 2 inches at Pachamba, Lohardaga, Chainpur, and Palamau.

Pressure changes have rarely been of much importance, the usual oscillations about the normal prevailing almost throughout the month. On one or two occasions there was excess of more than ·1 inch; and as defect was always small, the effect of these comparatively high readings is shown in the means which are above the normal by ·05 inch in North Bengal and about ·03 inch in the other districts. The two shallow depressions which passed across the north of the Province at the end of the month were so slight that readings were nowhere below the normal.

Temperature.—Owing to the comparatively warm days in the early part of the month, the mean maximum temperature for the whole month is above the normal by rather variable amounts between a fraction of a degree in North Bengal and 3° in part of South-West Bengal and Chota Nagpur. Night temperature, on the other hand, was generally low, and the means are moderately in defect except in Orissa, Chota Nagpur, and the South of Bihar where there is a small excess. The mean monthly temperature is practically normal for the large divisions except in Orissa and Chota Nagpur, where there is excess of 1·8° and 2·3° respectively.

Rainfall.—In Orissa and Lower Bengal there has been no rain. In North Bengal there was general light rain on the 31st, and in Bihar and Chota Nagpur general but more variable falls were recorded on the 25th and 31st. The amounts reported from the various rainfall stations are given in the accompanying table, and need not be referred to more fully.

The average fall in Chota Nagpur was ·45 inch, in Bihar ·28, inch and in North Bengal less than ·1 inch. As very little rain falls in any part of the Province in a normal year in December, the first two amounts are both above the normal—the former by a quarter of an inch and the latter by nearly a fifth.

The following table gives in a condensed form the summary of the rainfall information in Bengal for the whole year. It gives a comparison between the actual monthly and total rainfall of the year with the normal values in each of the six meteorological divisions of Bengal, the actual falls being expressed as percentages of the normal amounts:—

Meteorological Divisions.	January.	February.	March.	April.	May.	June.	July.	August.	September.	October.	November.	December.	Actual rainfall of the year 1896 expressed as a percentage of the normal fall for the period.
South-West Bengal ...	31	18	18	36	97	128	95	71	86	1	4	7	81
North Bengal ...	8	5	2	63	142	49	106	39	109	26	50	70	78

Meteorological Office, Bengal,
The 12th January 1897.

C. Little,
Meteorological Reporter to the Govt. of Bengal.

Abstract of the results of Meteorological Observations taken at the Alipore Observatory in the month of December 1896.

	Inches.	Date.	Hour.
The mean pressure of the month	30·059		
The average pressure of December from 24 years' registers ...	30·027		
The highest pressure in the month	30·238	27th	10
The lowest pressure in the month	29·892	1st	16
The range of pressure	0·346		
	Hours		
The total number of hours of bright sunshine during the month	250·2		
The maximum possible number of hours of sunshine ...	332·8		
	⊖		
The mean temperature of the month	65·4		
The average temperature of December from 24 years' registers	68·0		
The highest temperature in the month	83·7	1st	
The lowest temperature in the month	45·5	22nd	
The range of temperature during the month	38·2		
The mean daily range of temperature	23·3		
The greatest range of temperature in one day	29·1	22nd	
	Per cent.		
The mean humidity of the month	68		
The average humidity of December from 24 years' registers ...	71		
	Inches.		
The mean vapour tension of the month	0·417		
The average vapour tension of December from 9 years' registers	0·476		
The mean cloud proportion of the month	1·52		
The average cloud proportion of December from 19 years' registers	1·58		
	Ins.		
The total rainfall of the month	Nil		
The total rainfall indicated by a Beckley's self-registering rain-gauge (mouth of the gauge about 52 feet above the ground)	Nil		
The average fall of December from 48 years' registers ...	0·23		
The greatest fall in 24 hours	Nil		
	Days.		
The number of rainy days in the month	Nil		
The average number of rainy days in December from 24 years' registers	1		
	⊖		
The mean maximum equilibrium temperature of solar radiation during the month	129·4		
The mean difference of sun and air temperatures	51·4		
The greatest sun temperature	137·7	5th	
The greatest excess of sun over air temperature	57·4	5th	
The mean temperature of the nocturnal radiation thermometer on woollen cloth	45·6		
The mean depression of the nocturnal radiation thermometer below the minimum air temperature at 4 feet above the ground	9·5		
The greatest depression of the nocturnal radiation thermometer below the minimum air temperature	12·4	20th	
	Miles.		
The mean movement of the wind per day	56·1		
The greatest movement of the wind in one day	84·0	13th	
The greatest movement of the wind in one hour	10·0	1st, 2 to 3 and 3 to 4 P.M.	

The number of hours with winds from each of the 8 points—
N. 374, N.E. 24, E. 11, S.E. 1, S. 18, S.W. 20, W. 33, N.W. 161, Calm 102.

The results of observations at the Alipore Observatory are not rigorously comparable with the registers of past years (at the Park Street Observatory). The barometer is about 3 feet higher at Alipore, and, other things being equal, reads therefore ·003 lower. The diurnal range of temperature is also greater at Alipore, and the mean temperature apparently about 2·3° lower; and, finally, the thermometer which furnished the record of temperature at the Surveyor-General's Office during 20 years and upwards is found to read 0·6 higher than the Kew standard thermometer, which is the standard of reference at the present Observatory.

J. H. GILLILAND,

For Meteorological Reporter to the Govt. of India.

METEOROLOGICAL OFFICE, INDIA;
Calcutta, the 11th January 1897.

Results of the Meteorological Observations taken at the Alipore Observatory from 3rd to 9th January 1897.

The average fall of the corresponding period for 24 years, Surveyor-General's Office		0·09
The total fall from 1st to 9th January 1897		Nil
The average fall of the corresponding period for 24 years, Surveyor-General's Office		0·09

The mean pressure, temperature, &c., are deduced from the traces of the Barograph and Thermograph.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed, open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official Tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

o, overcast; d, drizzling rain; ▲ dew.

NOTIFICATION—No. 243L.R.

The 19th January 1897.—The following is published for general information, with reference to section 42 of Act I of 1894.

M. FINUCANE,
Secy. to the Govt. of Bengal.

AN AGREEMENT made the 29th day of July one thousand eight hundred and ninety-five between the Central Jute Mills Company Limited of Ghusry of the one part and the Secretary of State for India in Council for the other part. Whereas the said Central Jute Mills Company Limited for the purpose of extending their mills building cooly lines for their workmen construction of a road and ghát for the public resorting to the river Hooghly and for the sanitary improvement of the locality have applied under the provisions of section 40 of the Land Acquisition Act (Act I of 1894) for the consent of the Local Government to the acquisition of a plot of land measuring about 8 (eight) bighas and situate on the north side of their mill premises: And whereas the Local Government being satisfied after making necessary enquiry through the Land Acquisition Collector of Howrah that the proposed acquisition is needed for the construction of some works and that such works are likely to prove useful to the public has expressed its willingness to give the necessary consent on the said Central Jute Mills Company Limited filing a plan of the works they intend carrying out and executing an agreement as provided in section 41 of the said Land Acquisition Act, now the said Central Jute Mills Company Limited in pursuance to the order aforesaid agree with the Secretary of State for India in Council (1) that they will pay to the Government the necessary cost of the acquisition, (2) that on such payment and on the transfer of the land to the said Central Jute Mills Company Limited by the Land Acquisition Collector the said Central Jute Mills Company Limited within twelve months commencing from the date of such transfer of possession (*a*) will fill up the low lands and irregular excavations with cinders and other inoffensive materials so as to raise them to at least a height of two feet above the level of the highest spring tides and otherwise reclaim them, (*b*) will build the cooly bungalows with proper roads and drains for their workmen and will build or erect a pucca privy on the spot marked X in the plan referred to in the schedule hereunder given, and (*c*) construct a road commencing from Joya Bibi's Lane and leading to the west bank of the river Hughly and build a pucca masonry ghát on the said bank and other works delineated in the plan hereunto annexed and referred to in the schedule hereinunder given and they do covenant to keep the said road ghát and other works in proper repair and to execute all orders from time to time of the Local Municipal Commissioners in that behalf. That the said Central Jute Mills Company Limited further agree to grant to the public the right of easement over the road so constructed leading to the river bank and the ghát for the purpose of bathing and carrying water reserving to themselves the proprietary rights in the said road and ghát. In witness whereof the said Central Jute Mills Company Limited have hereunto set their hands and seal the day and year first above written.

Schedule above referred to:—A plan of the land, showing the proposed construction of cooly bungalows, roads, privy, and ghát.

ANDREW YULE & Co.,
Managing Agents.

Signed and sealed and delivered by the within-named Central Jute Mills Company Limited in the presence of—

A. C. FALCONER,
7, Clive Row, Calcutta.

W. WINGATE,
7, Clive Row, Calcutta.

A. D. McARTHUR, *Colonel*, R.E.,
Secy. to the Govt. of Bengal.

[Sixth Publication.]

The 15th December 1896.

REVISED WATER-RATE RULES FOR THE MIDNAPORE CANAL.

No. 248 Notification.—His Honour the Lieutenant-Governor of Bengal is pleased to propose the following modifications in the Water-rate Rules for the Midnapore Canal passed by him under the provisions of sections 99 and 78 of Act III (B.C.) of 1876 in notification No. 162 of the 19th June 1893.

A. D. McARTHUR, *Col.*, R.E.,
Secy. to the Govt. of Bengal.

1. The Divisional Canal Officer is responsible for maintaining the canal in an efficient state of repair, for providing drainage channels where necessary, and generally for all engineering work involved in its management, as well as for the distribution of water to lessees. The word "canal" is here used as defined in section 3 of the Act.

2. The Deputy Collector is responsible for the assessment and collection of water-rates accruing to Government from the canal.

3. Water shall not be distributed otherwise than on the application of a lessee, or to a person in whose favour a provisional license under Rule 15 has been issued. Such application may be made verbally or in writing to any subordinate in charge of that part of the canal from which water is required.

4. If any lessee apply for water to the Deputy Collector or one of his subordinates verbally, he shall be directed to address himself to an irrigation officer or subordinate. If he makes such an application in writing, his petition shall be forwarded direct by the zilladar, to whom it is addressed, to the Sub-divisional Canal Officer in charge of that part of the canal from which the petitioner's village is supplied.

5. The Divisional Canal Officer shall map out the irrigable area into blocks in accordance with the natural features of the ground, and so determine that the whole block shall be irrigable from one outlet or from one set of outlets. So far as may be practicable, the blocks shall be separated by drainage lines.

6. Each block determined as above shall be numbered and recorded with its irrigable area in registers to be maintained by the Divisional Canal Officers and Deputy Collector. The blocks shall also be marked on maps to be maintained by the same officers.

7. Leases for not more than five years may be granted for the whole irrigable area of block, or, subject to the provisions of Rule 13, for definite parts of a block, under the following conditions:—

I.—Ordinarily the whole irrigable area of any village, so far as situated within the block, must be included in the lease.

II.—All leases within one block shall be granted so that they shall expire on the same date.

III.—In order to equalise the areas to be dealt with in each year, the date of expiry of the leases in each block shall be determined by the Divisional Canal Officer in consultation with the Deputy Collector, so that, as far as practicable, one-fifth of the total area usually irrigated may fall out of lease in each year.

IV.—No permit shall be granted, when the supply of water must of necessity be delivered across an unleased area, unless a village channel exists, which, in the opinion of the Sub-divisional Canal Officer, will deliver water without waste across the unleased area.

8. The rates to be charged for water supplied between 16th June and 30th November, whether by flow or lift, to lessees on application shall be—

For a term of five years—Re. 1-8 per acre for each season.

For one year or for water supplied on a provisional license for which a permit for a term of years is not subsequently issued, Rs. 3 per acre.

Provided that the leases, whether new or renewals, required for shorter terms than five years in order to develop the system of blocks as explained above, shall be charged Re. 1-8 per acre only.

9. For the supply of water, when available, for winter crops, a rate of Rs. 2-8 per acre per season shall be charged.

10. For the unauthorized use of canal water a rate of Rs. 5 per acre, or such less rate as may be sanctioned by the Deputy Collector, shall be charged.

11. Application for water-leases under section 74 of the Act shall be presented to the Sub-divisional Officer through the zilladar in whose charge the land lies.

12. Every application for a water-lease shall contain the following particulars:—

1.—Name and residence of applicant.

2.—Name of pargana, mahal and village in which the land to be irrigated is situated.

3.—Total area for the irrigation of which the application is made and its boundaries, and if the lands to be irrigated lie in separate *chaks*, the name of each *chak*.

4.—Names of the raiyats whose lands are to be irrigated, and the quantity of land held by each.

5.—Name of the canal and number of distributary from which water is required.

6.—Signatures of the applicants.

13. A separate application must be presented for lands in each village, but *tehsilalands* or other lands lying within the village boundary at the time of survey may be included.

14. Before a permit for a term of years is granted, the written consent of the Divisional Canal Officer shall be obtained, but permits for one year only and provisional licenses may be issued with the written assent of the Sub-divisional Canal Officer. The Deputy Collector shall on the day of issue forward a copy of all permits granted to the Divisional Canal Officer.

Existing leases may, with the written consent of the Divisional Canal Officer, be extended for not more than three years, without enquiry or re-measurement, payments being made in accordance with the existing assessment.

15. When a water-lease is granted, a *kabuliyat* shall be taken in a form approved by Government, and a "permit" shall be given to the lessee or lessees in a form similar to that prescribed in Schedule C of the Act. Pending the completion of a lease, the zilladar may issue a provisional license for the supply of water to an area covered by an application.

16. On the issue of a permit or provisional license, the zilladar shall forward to the Sub-divisional Canal Officer direct a requisition requesting him to supply water to the lessee on application. This requisition shall be kept by the Canal Officer till January 1st next following, and shall then be returned to the Deputy Collector. On the back should be noted the several dates on which the village was supplied with water. A fresh requisition shall be issued on or before June 1st, and returned on or before January 1st each year, till the lease expires.

17. When it comes to the knowledge of the Sub-divisional Canal Officer that canal water has been taken without authority, he shall hold a local investigation and transmit the record thereof to the Divisional Officer, who shall, if he is of opinion that the fields should be assessed, forward the case with his remarks to the Deputy Collector. Separate proceedings shall be taken in the case of each village irrigated without authority.

18. On receipt of the record mentioned in Rule 17, and after hearing any objection which may be raised, the Deputy Collector shall determine whether water-rates can be legally charged, and if so, he shall proceed to assess, at the rate provided in Rule 10, the land irrigated without authority. Water-rates shall not be charged where the unauthorized irrigation has occurred through the act, neglect or default of a Canal Officer or subordinate.

19. The statements of the amounts demandable for water-rates leviable under the rules in force shall be prepared under the supervision and signature of the Deputy Collector in such form as shall from time to time be sanctioned by the Lieutenant-Governor. Persons charged under Rule 10 or 18 shall be served, by post or otherwise, with a statement showing the amounts charged to enable them to lodge an appeal to the Collector under section 91 of the Act, if they desire to do so.

20. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted, or used for the irrigation of lands not under lease, it shall be competent for the Superintending Canal Officer to direct that the lease shall be cancelled with effect from the 1st of June next following.

21. The rates for water supplied from June to November shall in each season fall due on the 1st January and 15th February following, but all sums of Rs. 5 and under shall become due on the 1st January and be payable in one instalment. The Deputy Collector may, however, require one-half of the rates due on applications filed after the 1st of September to be paid in advance, and may refuse to issue a permit for more than one year. The rates for water supplied for winter crops shall fall due on the 1st April following.

22. Water-rates imposed under Rule 10 or 18 shall fall due as soon as the assessment is made, and shall be realized at once.

23. The Superintending Canal Officer may, with the concurrence of the Collector, direct the Deputy Collector to—

I.—Cease to issue permits for the irrigation of lands in villages where there have been constant difficulties in realizing water-rates until all the arrears of water-rates due are paid up, and also, if specially so ordered, unless half the amount due under new applications is paid in advance. An order under this rule shall be in force for the time stated therein, which shall not exceed three years.

II.—Cancel any five-years' lease if on the 1st of June of any year water-rates to the extent of half the demand for one year are in arrears.

24. Remission of water-rates, either in whole or part, as the case may require, shall be granted by the Deputy Collector for—

I.—Errors in the assessment of rates.

II.—Injury to the crop on a leased area caused by deficient supply of water, provided a written application for remission has been made 15 days at least before the crop is cut.

In regard to applications under II, the written opinion of the Divisional Canal Officer shall be obtained and form part of the record of the case.

25. The Deputy Collector, with the written consent of the Divisional Canal Officer, may grant remissions of water-rates, either in whole or part, for injury to the crops on leased areas caused by excess of water due to deficient drainage.

26. The Deputy Collector may, with the written assent of the Divisional Canal Officer, commute rates charged under Rules 10 and 18 to those chargeable for water supplied on application, provided that a lease either for a term of years or for the season has been subsequently executed for the lands in question.

27. Remissions on other grounds than the above require the sanction of Government.

28. In cases where sums due on account of water-rates cannot be collected owing to the death, bankruptcy, or absconding of the defaulter, the amount which is non-realizable may be written off as irrecoverable on the authority of the Superintending Canal Officer.

29. Before awarding compensation under section 16 of the Act, or making a reference under section 17 of the Act, the Collector shall obtain the written opinion of the Superintending Canal Officer, and his written opinion shall form part of the record of the proceedings.

30. The *chaukidar* of any village in which lands are leased for a term of years shall be entitled to a remission of water-rates for his holding either as a *jaghir* or *raiyati* up to a limit of 3 acres, provided he gives efficient and willing assistance to the Canal Officers in respect to the following matters—

I.—In the preparation of applications for leases.

II.—In the measurements of irrigated lands.

III.—In giving the names of the occupiers of the various fields.

IV.—In receiving demand statements and informing the cultivators of the demands against them.

V.—In receiving *tappas* from the zilladars and distributing them.

VI.—In being present when complaints are investigated by Canal Officers, and giving information regarding the matters under investigation.

VII.—In reporting to the zilladars any mutations in holdings of persons who have signed a lease for a term of years.

31. Tanks may be filled with canal water without charge, wherever water can be made available without injury to the cultivation dependent on a canal under the following conditions:—

I.—No tank shall be filled unless the water is to be exclusively used for domestic purposes or for watering cattle.

II.—No tank shall be filled from which irrigation is practised.

III.—No tank shall be filled which intercepts any line of drainage or is liable to overflow from the accumulation of water from natural causes.

IV.—No tank shall be filled except on the written order of the Sub-divisional Canal Officer issued on the written application of the persons concerned.

V.—No tank shall be filled unless the village channel used to convey water to it shall be shown to the satisfaction of the Sub-divisional Canal Officer to be in a sound condition when the application is made.

VI.—The privilege here accorded may, by the written order of the Sub-divisional Canal Officer, be suspended for twelve months for the breach of any of the above rules.

32. The Divisional Canal Officer may supply water for manufacturing or other purposes and charge for the same at the rate of one rupee for each 10,000 cubic feet or part of 10,000 cubic feet supplied. The same charge will be made if water is taken into a tank without authority or used in an unauthorized manner.

33. No person shall, without the permission in writing of the Divisional or Sub-divisional Canal Officer, pass or cause any animal or vehicle to pass on or across any of the works, banks

or channels of a canal or drainage work after he has been desired to desist therefrom, except by means of such bridges, fords and ferries and their approaches as are provided by the Divisional Canal Officer.

34. No officer employed on the canals, unless especially exempted by the Lieutenant-Governor from the operation of this rule, shall have any interest in the distribution of water from any of the canals, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly, or in shares with others.

35. Except as provided in the Act and in these rules, no appeal shall lie from any order passed by a Canal Officer; but the Sub-divisional Canal Officer shall modify any order passed by him in accordance with the order of the Divisional Canal Officer, and the Subdivisional Canal Officer or Divisional Canal Officer shall modify any orders passed by them in accordance with the orders of the Superintending Canal Officer, who shall exercise a general control over the proceedings of all Canal Officers.

36. In appeals to the Collector under section 91 of the Act other than those specially provided for in Rule 19, the Collector may require the Superinteding Engineer to state his opinion in writing, which shall form part of the record of the proceedings in the case.

RAILWAY DEPARTMENT.

The 19th January 1897.

No. 4.—Declaration.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken up by Government at the public expense for a public purpose, viz., for a brickfield for the South Bihar Railway, in the district of Monghyr, it is hereby declared that for the above purpose a strip of land of an approximate area of 9·52 acres in the village of Makhdumpur, tahsil Amretha, is required.

2. Mines of coal, ironstone, slate or other minerals lying under the land, except only such parts of the mines and minerals as it may be necessary to dig or carry away, or use in the construction of the bricks are not needed.

3. This declaration is made, under the provisions of section 6 of Act I of 1894 and section 3, clause (1), Act XVIII of 1885, to all whom it may concern

No. 5.—Declaration.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz. for the station site for the Howrah-Sheakhala Tramway at Chanditola in the village of Chanditola, pargana Balia, zilla Hooghly, it is hereby declared that for the above purpose a piece of land measuring, more or less, 1 bigha 10 cottahs 8 chitaks of standard measurement, bounded on the north by Benares Road, and on the east, south and west by nickings on the ground, is required within the aforesaid village of Chanditola.

This declaration is made, under the provisions of section 6 of Act I of 1894, to all whom it may concern.

A plan of the land may be inspected in the office of the Land Acquisition Deputy Collector for the Howrah-Amta and Sheakhala Tramways at Howrah.

No. 6.—Declaration.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz., for the station site for the Howrah-Sheakhala Tramway at Belgachhia in the village of Belgachhia, pargana Balia, zilla Hooghly, it is hereby declared that for the above purpose a piece of land measuring, more or less, 4 cottahs 1 chitak of standard measurement, bounded on the north, east and south by the nickings on the ground, and on the west by the Bentra-Belgachhia road, is required within the aforesaid village of Belgachhia.

This declaration is made, under the provisions of section 6 of Act I of 1894, to all whom it may concern.

A plan of the land may be inspected in the office of the Land Acquisition Deputy Collector for the Howrah-Amta and Sheakhala Tramways at Howrah.

No. 7.—Declaration.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz., for borrow-pits from Bentra to Monber for the Howrah-Sheakhala Tramway, in the villages of North Bentra, Belgachhia, Kona, Khalia, Eksara, Chamrali, Panchanantala, Debipara, Jagadishpur, and Monber, pargana Boro, it is hereby declared that for the above purpose a piece of land measuring, more or less, 4 bighas 16 cottahs 12 chittaks of standard measurement, bounded by nickings on the either side of the Howrah-Sheakhala road, is required within the aforesaid villages of North Bentra, Belgachhia, Kona, Khalia, Eksara, Chamrali, Panchanantala, Debipara, Jagadishpur and Monber.

This declaration is made, under the provisions of section 6 of Act I of 1894, to all whom it may concern.

A plan of the land may be inspected in the office of the Land Acquisition Deputy Collector for the Howrah-Amta and Sheakhala Tramways at Howrah.

No. 8.—Declaration.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz. for Pipe Track from Ondal and pumping-station at Damuda river in the village of Baksa, pargana Shergarh, zilla Burdwan, it is hereby declared that for the above purpose a piece of

land measuring, more or less, 16 bighas 10 cottahs 1·95 chitaks of standard measurement (corresponding to 5 acres 1 rood 32·95 poles), bounded by a nick on the ground, is required within the aforesaid village of Baksa.

This declaration is made, under the provisions of section 6 of Act I of 1894, to all whom it may concern.

A plan of the land may be inspected in the office of the Land Acquisition Deputy Collector, Burdwan.

No. 9.—Declaration.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz. for B. L. Mukherjee's siding at mile 132¾ on Sheikpur Branch, East Indian Railway, in the village of Domohonee, pargana Shergarh, zilla Burdwan, it is hereby declared that for the above purpose a piece of land measuring, more or less, 14 bighas 11 cottahs 4·90 chitaks of standard measurement (corresponding to 4 acres 3 roods 18 33 poles), bounded by a nick on the ground, is required within the aforesaid village of Domohonee.

Mines of coal, iron-stone, slate or other minerals lying under the land, or any particular portion of the land, except only such parts of the mines and minerals as it may be necessary to dig or carry away, or use in the construction of the works for the purpose of which the land is being acquired, are not needed.

This declaration is made under the provisions of section 6, Act I of 1894, and section 3, clause (1), Act XVIII of 1885, to all whom it may concern.

F. G. H. GLASS,
Secy. to the Govt. of Bengal.

MARINE DEPARTMENT.

The 13th January 1897.

No. 10.—Marine.—The following telegram, dated the 12th January 1897, from the Government of Bombay, relative to the imposition of quarantine at Constantinople on pilgrim ships arriving from India, is published for general information.

A. D. MCARTHUR, *Col.*, R.E.,
Secretary to the Govt. of Bengal.

Copy of a telegram, dated the 12th January 1897, from the Government of Bombay, to the Government of Bengal.

AMBASSADOR, Constantinople, telegraphs fifteen days' quarantine with rigorous disinfection imposed on all pilgrim ships coming from India, including Karachi. Should a case of plague occur on voyage or at Lazaret, ships can either return or undergo twenty days' quarantine from date of last case. Property of persons dying of the plague, and all suspected objects, will be burnt.

The 14th January 1897.

No. 11.—Marine.—The following agreement entered into by the Government of Bengal with the India General Steam Navigation Company, for the purpose of acquiring certain lands in the district of Pabna, on behalf of that Company, for the erection of waiting-rooms, landing-stages, &c, is published for information under section 42 of Act I of 1894.

A. D. MCARTHUR, *Colonel*, R.E.,
Secretary to the Govt. of Bengal.

AN AGREEMENT made the twenty-first day of December one thousand eight hundred and ninety-six BETWEEN THE SECRETARY OF STATE FOR INDIA IN COUNCIL (hereinafter called the Secretary of State) of the one part and THE INDIA GENERAL STEAM NAVIGATION COMPANY LIMITED a Joint Stock Company with limited liability incorporated under the Indian Companies Act 1882 and having their Registered Office at No. 4 Fairlie Place in the Town of Calcutta (hereinafter called "the Company") of the other part. WHEREAS the Company carry on a steamer service for carriage of mails passengers and goods between Kushtea and Pabna and in various other places in Bengal and Assam, AND WHEREAS the Company require in connection with the said steamer service between Kushtea and Pabna the piece of land situate on the northern bank of the river Pudma in thana Pabna and sub-district Surdah district Pabna and delineated in the map or plan annexed hereto and thereon marked with the letters A and B and the Company have applied to the Secretary of State through the Government of Bengal to acquire on its behalf the said land under the provisions of the Land Acquisition Act 1894 which has been agreed to upon the terms and conditions hereinafter contained. NOW IT IS HEREBY AGREED AS FOLLOWS:—

1. The Company shall forthwith deposit with the Government of Bengal the sum of rupees one hundred and thirty as the estimated cost of and on account of the acquisition

of the said land with all rights therein and the Company hereby undertake and agree on demand to pay to the Government such further sum (if any) as may be expended by the Government in and about the acquisition of the said land.

2. Upon payment by the Company of all the costs and expenses of the acquisition of the said land the Government shall convey and transfer at the cost of the Company the said land free from incumbrances to the Company.

3. In case the costs and expenses of acquiring the said land be less than the said sum of rupees one hundred and thirty the Government shall forthwith refund to the Company the difference between the sum of rupees one hundred and thirty and the actual costs and expenses of acquiring the said land.

4. The Company shall forthwith on the acquisition of the said land and on being placed in undisturbed possession thereof keep and maintain on the said land proper offices and waiting-room for passengers and such landing stages as may be necessary in connection with their said business and such erections shall be available at all times of the year and at all state of tides for the use of passengers landing at or embarking from Pabna by the said Company's steamers and the Company shall thereafter from time to time repair or rebuild and maintain in proper state of repair the said offices room for passengers landing-stages and other erections on the said land as long as the Company continue in possession thereof.

5. The Company shall allow free access to the said land offices waiting-room and landing-stages to all *bonâ fide* passengers by the steamers worked by the Company in connection with the said steamer service landing at or embarking from Pabna and to all cargo shipped in or landed from the said steamers or from flats worked therewith at Pabna.

6. The Company shall not sell or transfer the said land without the written permission of the Government of Bengal in that behalf first obtained.

7. In the event of the Company ceasing at any time to work or going into liquidation or ceasing to use the said land the Secretary of State shall be at liberty at once to take over the said land either on his own behalf or on account of the local Municipality upon payment to the Company of the price paid by the Company to the Secretary of State.

IN WITNESS whereof—

Secretary to the Government of Bengal on behalf of the Secretary of State for India in Council by order of the Lieutenant-Governor of Bengal has hereunto set his hand and the Common Seal of the India General Steam Navigation Company, Limited, was hereto affixed the day and year first above written.

Signed sealed and delivered by—
Secretary to the Government of Bengal in the Revenue and General Department on behalf of the Secretary of State for India in Council.
By order of the Lieutenant-Governor of Bengal in the presence of—
E. M. KONSTAM,
Under-Secy. to the Govt. of Bengal.

M. FINUCANE,
Secy. to the Govt. of Bengal, Revenue and General Department.

The Common Seal of the India General Steam Navigation Company Limited was hereto set and affixed and Alfred Simson and Charles D. Stewart two of the Directors thereof hereto set their hands in the presence of—
A. SIMSON,
C. D. STEWART,

Directors.

KILBURN AND CO.,
Managing Agents, I. G. S. N. Co., Ld.

The 18th January 1897.

No. 12.—Marine.—Under the provisions of section 9 of Act IV (B.C.) of 1887, the Lieutenant-Governor is pleased to appoint Mr. E. A. S. Bell, C.E., Assistant Agent and Chief Engineer, Assam Bengal Railway, and Mr. R. A. Mactaggart of the firm of Messrs. Bulloch Brothers & Co., to be Commissioners of the Port of Chittagong, *vice* Messrs. B. P. Milsom and P. C. Mactaggart, resigned.

A. D. MCARTHUR, *Colonel*, R.E.,
Secy. to the Govt. of Bengal.

The 18th January 1897.

No 13.—Marine.—In exercise of the powers conferred upon him by section 22 of Act VI of 1884 (the Inland Steam Vessels Act), the Lieutenant-Governor is pleased to appoint the gentlemen named below for the purpose of examining the qualifications of persons

desirous of obtaining certificates of competency as second class Masters and Serangs of inland steam vessels. The examination will be held on Monday, the 18th January 1897.

Examiners of candidates for certificates of competency as second class Masters and Serangs.

B. P. Creagh, Commander, R. I. M., Port Officer of Calcutta ... ... *President.*
Mr. H. Huntley, Licensed Branch Pilot ... ... } *Members.*
Mr. W. M. Reaks, Certificated Master under the Inland Steam Vessels Act ... ... }

A. D. MCARTHUR, *Col.*, R.E.,
Secy. to the Govt. of Bengal.

The 19th January 1897.

No. 14Marine.—Mr. J. Christie, Branch Pilot, is granted, under Article 746 (*a*) of the Civil Service Regulations, privilege leave for one month from the 1st February 1897, or such subsequent date as he may avail himself of it.

A. D. MCARTHUR, *Col.*, R.E.,
Secy. to the Government of Bengal.

The 19th January 1897.

No. 15Marine.— Mr. R. S. M. Curran, 1st Mate Leadsman, is appointed to the grade of Mate Pilot, with effect from the date he is put on the running list.

A. D. MCARTHUR, *Col.*, R.E.,
Secy. to the Government of Bengal.

The 19th January 1897.

No. 16Marine.—In exercise of the powers conferred by section 6, sub-section (1) of the Indian Ports Act, 1889, the Lieutenant-Governor proposes to make the following rule for regulating the movements of rafts within the limits of the Port of Chittagong. The rule will be taken into consideration on the expiry of a month from the date of its publication in the Gazette, and the Lieutenant-Governor will be glad to consider any suggestions or observations that may be made by any person concerning it within that period :—

"Every raft entering the limits of the Port of Chittagong must have at last two men on it, and be towed by a boat or boats provided with sufficient ropes, grapnels, &c., to ensure the raft being kept under control, and to enable it to be anchored.

"No raft shall enter or be moved within port limits before sunrise or after sunset.

"Any one infringing the above rule will be liable, under section 54 of the Indian Ports Act, 1889, to a fine which may extend to one hundred rupees."

A. D. MCARTHUR, *Colonel*, R.E.,
Secy. to the Govt. of Bengal.

EDUCATION DEPARTMENT, BENGAL.

The Elliott Prize for Scientific Research.

WITH reference to Notification No. 5058F. in the *Calcutta Gazette* of the 28th December 1892, Part I, page 1172, the prize for Scientific Research will be given this year to the author of the best original essay, giving the results of original research or investigation in any branch of Mathematics, composed during the year 1897.

Any Native of Bengal, including any Eurasian or domiciled European residing in Bengal, may compete for the prize.

The essays of competitors must be sent in to the President of the Asiatic Society of Bengal on or before the 31st December 1897. The prize will be adjudged to the best competitor, and awarded publicly at the Annual General Meeting of the Asiatic Society in February 1898.

Preference will be given to researches leading to discoveries likely to develop the industrial resources of Bengal. In the case of no essay being deemed by the Trustees to be of sufficient merit, no prize is to be awarded, but the amount is to be retained, so that in any future year two or more prizes may be given, or the prize enhanced in the case of an exceptionally good essay.

E. J. TREVELYAN,
Vice-Chancellor of the Calcutta University,
A. CROFT,
Director of Public Instruction, Bengal,
A. PEDLER,
President of the Asiatic Society of Bengal,
} *Trustees.*

CALCUTTA, *the 15th January 1897.*

NOTIFICATION.

IT is hereby notified for general information that it has been ruled by the Syndicate of the Calcutta University that in the case of students who have previously appeared at the F. A. Examination, a certificate of having attended, in one of the Government Colleges for the training of teachers, a regular course of instruction for second grade teachership certificates for a period of six months in the session preceding the examination at which they intend to appear, will be accepted instead of six months' attendance at lectures in an affiliated institution.

C. A. MARTIN,
Offg. Director of Public Instruction, Bengal.

CHINSURA, *the 6th January 1897.*

EDUCATIONAL NOTICE.

Examination of Candidates for Pleadership and Mookhtarship in Mufassal Courts subordinate to the High Court.

THE next examination of candidates for Pleadership will be held on the 23rd, 24th and 25th February next, in the Senate House of the Calcutta University.

The next examination of candidates for Mookhtarship will be held at Calcutta, Patna, Dacca, Cuttack, Gauhati and Sylhet on the 22nd, 23rd and 24th of February next, the examination of those candidates who have applied to be examined in Calcutta taking place in the Senate House of the Calcutta University.

The papers for the Pleadership candidates will be set on the 23rd and 24th of February, and two papers will be set each day at 10 A.M. and 2 P.M. respectively. The Pleadership candidates will be examined *viva voce* on the 25th February, commencing at 10 A.M. Two papers will be set for the Mookhtarship candidates on the 22nd of February at 10 A.M. and 2 P.M. respectively, and they will be examined *viva voce* on the 23rd and 24th of February, commencing at 10 A.M. each day.

Under no circumstances will any candidate be admitted to the examination room after these hours.

The candidates will be required to produce at the examination the extracts from the register which will be furnished to them by the District Judges through whom their applications have been sent to the Board of Examiners.

No candidate will be allowed to enter the examination room with any memoranda or loose papers of any description (with the exception of the extracts above mentioned).

All writing materials will be provided, with the exception of pens, which the candidates must bring with them.

HENRY T. HYDE,
Secretary to the Board of Examiners for Pleadership and Mookhtarship.

CUSTOM HOUSE NOTICE.

THE undermentioned goods, which have remained in bond for over three years without being cleared on payment of duty, &c., have been detained by me under section 119 of the Sea Customs Act VIII of 1878, and will be sold by public auction on the 21st January 1897 :—

One case sample Brandy, marked H. C. & Co. in a diamond, No. 15 below.
Ten pipes Red-wine (spirit, other sort), H. C. & Co. in a diamond, Calcutta below No. 6-14.
Ex S. S. "*Banda*" from Hamburg.
One case sample Brandy marked H. C. & Co. in a diamond, No. 1.
Three hogsheads Still-wine, marked H. C. & Co. in a diamond, Calcutta below, No. 15-17.
Ex S. S. "*Bengal,*" from London.

E. N. BAKER, *Offg. Collector of Customs.*

CUSTOM HOUSE, CALCUTTA, *the 11th January 1897.*

NOTIFICATIONS OF THE BOARD OF REVENUE.

No. 67A.

NOTIFICATION.

LAND REVENUE.

(Bengal Tenancy Act)

THE HON'BLE C. C STEVENS, C.S.I.

Dated Calcutta, the 19th January 1897.

THE price-lists of staple food-crops in the local areas of Bengal, prepared under section 39(1) of the Bengal Tenancy Act, VIII of 1885, for the period from the 1st of April to the 30th of June 1896, having been approved by the Board of Revenue, are published for general information under sub-section 4 of that section.

By order of the Board of Revenue, L.P.,
F. A. SLACK,
Secretary.

Price-list (retail) of staple food crops in the local areas of Bengal prepared under section 39 of the Bengal Tenancy Act (No. VIII of 1885) for three months, from April to June 1896.

C. W. Bolton,
Chief Secy. to the Govt. of Bengal.

NOTIFICATIONS.

SANITARY.

The 12th January 1897.

No. 24.—The following rules for quarantine against plague, which have been made by the Government of Bengal in exercise of the power conferred by section 1, Act I of 1870, with the previous sanction of the Governor-General in Council, are published for general information.

The rules have effect from the 6th January 1897, as a temporary measure, at the Port of Calcutta:—

I.—The Commander of every vessel, including buggalows or other native craft arriving from Karachi, shall on arrival at the Sandheads hoist a yellow flag, and indicate by signal the port from which she has come, and shall keep such flag and signal flying until permitted to take it down as hereinafter provided. The pilot on going alongside a vessel from Karachi shall direct the flag prescribed above to be hoisted if it has not already been done.

II.—The Commander shall not, without first having obtained permission as hereinafter provided, allow any communication except orally with the shore or any other vessel or boat, excepting only with the boat supplying the Pilots* from the Pilot Brig, and in that case communication shall be limited to receiving on board the Pilot, his Leadsman, servant and baggage.

* *N B.*—Pilotage is compulsory for all vessels over 100 tons in the Port of Calcutta

III.—If there is any case of sickness on board, and the Pilot has reason to believe that it is plague, he shall telegraph to the Port Officer from Saugor, and not proceed beyond Diamond Harbour without the permission of the Port Officer.

IV.—If the Pilot has no reason to believe that there is any one suffering from plague on board, he shall bring the vessel up the river to Mateeabrooj, and shall anchor it there till the Health Officer has visited it.

V.—The Health Officer, as soon as he has received information of the arrival of the vessel at Mateeabrooj, shall visit it, and ascertain by enquiry from the Commander or the Medical Officer on board, or other sources of information, whether any person on board is suffering or has suffered from plague.

VI.—If the Health Officer is satisfied that no one is suffering from plague, or has suffered from plague since the vessel left Karachi, and if the vessel has been allowed pratique at any intermediate port including Colombo, he shall allow the passengers to land, but shall detain the vessel at Mateeabrooj till such measures have been taken for the disinfection of the mails and cargo and hold as he may consider necessary.

VII.—When he is satisfied that the necessary measures have been taken for the disinfection of the mails, cargo and hold, he shall allow the mails and cargo

to be landed and shall by writing under his hand, to be delivered to the Commander, permit such vessel to haul down the yellow flag, and to proceed upwards in the Port, and to hold free communication with the shore and with vessels and boats in Port.

VIII.—If the vessel has not been allowed pratique at Colombo or other intermediate ports, or if through her not carrying a qualified Medical Officer, or for other reasons, the Health Officer is not satisfied that no one on board has suffered during the voyage from plague, he shall direct the Commander to take the vessel to the quarantine anchorage at Mateeabrooj or elsewhere duly appointed by the Port Officer, there to remain for a period of eight days from the date of arrival in harbour. The Health Officer shall also direct the Commander to prohibit, during the period for which the vessel remains at the quarantine anchorage as aforesaid, all communication, except such as is hereinafter provided for, between such vessel and the shore or other vessels or boats in the harbour.

IX.—If the Health Officer, as the result of the enquiry made under paragraph V above, shall have reason to believe, at the time when the vessel arrives in the harbour, that any person on board is suffering from plague, or if during the time the ship is in quarantine at Mateeabrooj under Rule VIII, any case of the disease breaks out, he shall direct the Commander to take the vessel to the quarantine anchorage at Diamond Harbour or elsewhere duly appointed by the Port Officer, there to remain for a period of fifteen days from the day of arrival in the harbour; and shall further direct that during such fifteen days, intercourse between the vessel detained under this rule, or Rule III, and the shore or other vessels or boats in the harbour, shall be prohibited as provided in Rule II.

X.—If during the period a vessel is at the quarantine anchorage aforesaid, any case or cases of plague should occur on board, the said vessel shall remain in quarantine for a period of fifteen days from the date of the last case occurring, and be subject to all the prohibitions provided for in Rule IX.

XI.—When any vessel has been placed in quarantine as aforesaid, the Health Officer may direct the removal of so many of the passengers and crew as may not be suffering from illness, and whose services may not be required on board the vessel, to such particular spots as may from time to time be selected by the Port Officer as places of quarantine, there to remain for a period of eight days if under Rule VIII, or if the vessel has been placed in quarantine for fifteen days, for a period of fifteen days. If a case of plague occurs among such passengers and crew during any such period, they shall remain in a place of quarantine for a period of fifteen days from the date of the occurrence of the last case of such illness.

XII.—It will be the duty of the Port Officer to facilitate the conveyance to all vessels in quarantine of such supplies of provisions, stores and other articles as may be required by those on board. Such supplies will be placed on the boats of the vessels in quarantine, to be subsequently removed by members of their crews.

J. P. HEWETT,
Secy. to the Govt. of India.

PART IB.

ORDERS BY THE LIEUT.-GOVERNOR OF BENGAL.

MUNICIPAL AND LOCAL.

NOTIFICATION.

No. 196M.—The 14th January 1897.—It is notified for general information that the declaration No. 671M., dated the 17th February 1896, published at page 36, Part IB of the *Calcutta Gazette* of the 19th idem, for the acquisition of land required by the Joynagar Municipality for the construction of two roads running north to south in Wards Nos. I and II of the Municipality in the village of Mazilpur, pargana Baridhaty, in the district of 24-Parganas, is hereby cancelled.

H. H. RISLEY,
Secy. to the Govt. of Bengal.

NOTIFICATION.

No. 209M.—The 14th January 1897.—Whereas a notification No. 916T.—M., dated the 9th October 1896, was published at page 210, Part IB of the *Calcutta Gazette* of the 14th idem, declaring the intention of the Lieutenant-Governor to extend the provisions of sections 254 to 259 and 274 of the Bengal Municipal Act, III of 1884, as amended by Bengal Act IV of 1894, to the Sonamukhi Municipality in the district of Bankura, and whereas no objection has been raised to the proposal within one month from the date of the publication of the above notification within the Municipality, it is hereby notified for general information that, in the exercise of the power vested in the Local Government by section 221 of the Act, and in accordance with the recommendation of the Commissioners of the Sonamukhi Municipality, made at a meeting, the Lieutenant-Governor sanctions the extension of the above provisions of the Municipal Act to the said Municipality.

H. H. RISLEY,
Secy. to the Govt. of Bengal.

NOTIFICATION.

No. 219M.—The 14th January 1897.—It is hereby notified that, under section 27 of the Bengal Municipal Act, III of 1884, as amended by Act IV of 1894, the Lieutenant-Governor is pleased to appoint Dr. P. R. Hay Jagannadham to be a Commissioner of the Serampore Municipality, in the district of Hooghly, *vice* Dr. R. S. Ashe, resigned.

H. H. RISLEY,
Secy. to the Govt. of Bengal.

NOTIFICATION.

No. 228M.—The 15th January 1897.—Whereas a notification No. 667T.—M., dated the 25th September 1896, was published at pages 197 to 199, Part IB of the *Calcutta Gazette* of the 30th idem, declaring the intention of the Lieutenant-Governor to make certain rules and impose certain conditions, subject to which the Commissioners of the Howrah Municipality may allow the owners and occupiers of holdings paying a water-rate, to lay down communication pipes from the service pipes of the Commissioners for the purpose of leading water to their premises for domestic purposes, and whereas no objection has been raised to the proposal within one month from the date of the publication of the above notification within the Municipality, it is hereby notified for general information that, in the exercise of the power vested in the Local Government by section 290 of the Act, and in accordance with the recommendation of the Commissioners of the Howrah Municipality, made at a meeting, the Lieutenant-Governor sanctions the above rules and conditions, which will now take effect within the said Municipality.

H. H. RISLEY,
Secy. to the Govt. of Bengal.

NOTIFICATION.

No. 231M.—The 15th January 1897.—It is hereby notified for general information that in exercise of the power conferred on him by section 86 of the Bengal Municipal Act, III of 1884, as amended by Bengal Act IV of 1894, and in accordance with the recommendation of the Commissioners of the Chandrakona Municipality, in the district of Midnapore, made at a meeting, the Lieutenant-Governor intends to sanction the levy, by the Commissioners, of a fee on the registration, under section 142, of all carts kept or habitually used within the Municipality, at rates not exceeding those mentioned in section 143 of the Act, unless good reasons are shown to the contrary within one month from the date of the publication of this notification within the Municipality.

H. H. RISLEY,
Secy. to the Govt. of Bengal.

NOTIFICATION.

No. 253M.—The 18th January 1897.—Whereas it appears from special enquiries undertaken in that behalf that the Municipality of Kendrapara, in the district of Cuttack, does not comply with the conditions laid down in section 10 of the Bengal Municipal Act, III of 1884, as amended by Bengal Act IV of 1894, it is hereby notified, for general information, that the Lieutenant-Governor intends, in the exercise of the power vested in the Local Government by section 9 (*b*) of the Act, to exclude the villages named in the margin from the limits of the Kendrapara Municipality, unless valid reasons are shown to the contrary within six weeks from the date of the publication of this Notification within the Municipality.

14. Baneswarpur.

H. H. RISLEY,
Secretary to the Govt. of Bengal.

NOTIFICATION.

No. 258L.S.-G.—The 19th January 1897.—It is hereby notified that the Lieutenant-Governor is pleased to approve the election by the members of the Arrah Local Board, in the district of Shahabad, under section 25 of the Bengal Local Self-Government Act, III of, 1885 of Babu Chaturbhuj Saha to be their Chairman.

H. H RISLEY,
Secy. to the Govt. of Bengal.

NOTIFICATION.

No. 260L.S.-G.—The 19th January 1897.—It is hereby notified that the members of the Hajipur Local Board in the district of Muzaffarpur having at a meeting, under section 25 of the Bengal Local Self-Government Act, III of 1885, requested the Lieutenant-Governor to appoint a Chairman, the Lieutenant-Governor is pleased under the said section to appoint Mr. J. F. Grunning, Subdivisional Officer, to be the Chairman of that Local Board.

H. H. RISLEY,
Secy. to the Govt. of Bengal.

NOTIFICATION.

No. 261L.S.-G.—The 19th January 1897.—It is hereby notified that the members of the Sitamarhi Local Board in the district of Muzaffarpur having at a meeting, under section 25 of the Bengal Local Self-Government Act, III of 1885, requested the Lieutenant-Governor to appoint a Chairman, the Lieutenant-Governor is pleased under the said section to appoint Mr. C. L. S. Russell, Subdivisional Officer, to be the Chairman of that Local Board.

H. H. RISLEY,
Secy. to the Govt. of Bengal.

NOTIFICATION.

No. 263M.—The 19th January 1897.—It is hereby notified that under section 27 of the Bengal Municipal Act, III of 1884 as amended by Act IV of 1894, the Lieutenant-Governor is pleased to appoint the following gentlemen to be Commissioners of the Cox's Bazar Municipality in the district of Chittagong:—

Mong Kyzupru, *vice* Mong Ghain Thowai.
Mong Hlapachu *vice* Mong Chainbhaw.

H. H. RISLEY,
Secy. to the Govt. of Bengal.

NOTIFICATION.

No. 265M.—The 19th January 1897.—It is hereby notified that under section 27 of the Bengal Municipal Act III of 1884 as amended by Act IV of 1894, the Lieutenant-Governor is pleased to appoint Mr. E. A. S. Bell to be a Commissioner of the Chittagong Municipality, *vice* Mr. E. Good.

H. H. RISLEY,
Secy. to the Govt. of Bengal.

DECLARATION.

No. 255M.—The 19th January 1897.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken up by Government at the expense of the Calcutta Municipality for a public purpose, viz., for widening Gopal Banerjee's Street, it is hereby declared that for the above purpose a piece of land No. 1, Gopal Banerjee's Street, in Bhowanipur, Dihi Punchannogram, district 24-Parganas, measuring more or less 3 cottahs, 12 chitacks and 30 S. feet only, is required. The boundaries of the land are as follow:—On the north Chawoolputty road, on the south and on the east Gopal Banerjee's Street, and on the west the remaining portion of No. 1, Gopal Banerjee's Street. The plan and specification of the land are filed in the office of the Municipal Commissioners for public inspection.

This declaration is made, under the provisions of Section 6 of Act I of 1894, to all whom it may concern.

H. H. RISLEY,
Secy. to the Govt. of Bengal.

DECLARATION.

No. 276M.—The 19th January 1897.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken up by Government at the expense of the Patna Municipality for a public purpose, viz. for the construction of a latrine in mohalla Kawa Khoh, in the village of Kiladari, pargana Azimabad, zilla Patna, it is hereby declared that for the above purpose a piece of land measuring, more or less, 4 cottahs and 14 chitaks of standard measurement is required. The land is bounded on the north by the house of Jawahir Khan, on the south by the field of Agajan, on the east by a lane, and on the west by the field of Shew Lall and Bansi Lall.

The plan and specification of the land are filed in the office of the Collector of Patna for public inspection.

This declaration is made, under the provisions of section 6 of Act I of 1894, to all whom it may concern.

H. H. RISLEY,
Secy. to the Govt. of Bengal.

Collector's Office, Puri, the 2nd October 1896. C. A. BELL, Offg. Collector.

Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estate situate in the district of Puri will be put up to sale at the Puri Collectorate on the 28th of April 1897, corresponding with 17th Bysack 1304 Umli :—

Conditions of Sale.

1st.—The estate to be sold to the highest bidder above the upset price which will be fixed by Collector at the time of sale. The purchaser of this estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him subject to the revenue fixed in perpetuity.

2nd.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or, if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser after issue of advertisement as in the case of original sale.

N. BHATTACHARJEE, for Offg. Collector.

Collector's Office, Puri, the 10th November 1896.

Advertisement of Sale.

NOTICE is hereby given that the right of Government, as specified in the conditions of sale below, to the undermentioned lands, situate in the district of Bankura, will be put up to sale at the Bankura Collectorate on the 15th February 1897, corresponding with 5th Falgoon 1303 B.S.

The purchasers will be subject to the following conditions of sale :—

Conditions of Sale.

1st.—The estate to be sold to the highest bidder above the upset price. The purchaser of these lands will be considered as the holder of the tenure, and the entire Jamai Panchaki and rent-free rights of Government in such tenure will be transferred to him.

2nd.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and the purchasers to be bound to respect the rights of the resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceeds Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or, if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser after issue of advertisement, as in the case of original sale.

1	2	3	4	5
	16 plots of land in mauza Ghoramauli Kamarkuli, pargana Chhatna, of which the judgment-debtor Dasu Mani's share, $\frac{1}{16}$th or 1 anna and 12 gandas, bought in for Government at a Civil Court decree sale.	A. R. P. 2 0 0	Rs. A. P. 8 2 0	Of these 16 plots purchased by Government at a Civil Court decree sale, four plots are held in Jamai right, three in Panchak Brahmuttar, for which Rs. 2-1-3 is payable as rent to the superior landlords Jogmeshwar, Goberdhan and Kisori Mohon Banerjee of Maliara, and for another plot of Panchaki As. 1-9 Panchak is payable to the zamindar of Chhatna. The remaining eight plots are rent-free.

Bankura Collectorate, the 5th January 1897. DINONATH DE, Deputy Collector in charge, for Collector.

Advertisement of Sale.

NOTICE is hereby given that the right and interest of Government, as specified in the conditions of sale below to the undermentioned property situate in the district of Bankura, will be put up to sale on the spot by the Sub-Deputy Collector of Vishnupur on the 23rd January 1897, corresponding with the 11th Magh 1303 B.S.

The purchasers will be subject to the following conditions of sale:—

Conditions of Sale.

1st.—The property to be sold to the highest bidder above the upset price, which will be fixed by the Sub-Deputy Collector at the time of the sale. The purchaser of the property will be considered to have acquired the right and title of Government in the property, and they will be transferred to him, subject to the rent fixed in perpetuity.

2nd.—The sale to be subject to existing leases and to the rights conferred by settlement proceedings and by the laws in force.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance is not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or, if that day is a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the property to be again put up to sale at the risk of the defaulting purchaser after issue of advertisement, as in the case of original sale.

FUND OFFICE, No. 15, Kyd Street, Calcutta, the 16th December 1896. (1006—1)

GENERAL.

NOTIFICATION.

Dated 28th December 1896.

No. 5814-Ex.-223.—Tenders in the form hereunto appended are hereby invited for the exclusive privilege of the manufacture of Arrack for the territories of Mysore, inclusive of the Civil and Military Station of Bangalore, for a period of five years from *1st July 1897 to 30th June 1902.*

2. The contract for the Civil and Military Station of Bangalore is included in this Notification with the permission of the Resident in Mysore.

3. The privilege for which tenders are now invited will be conceded subject to the conditions specified in paragraph 8 of this Notification, and to the Excise Laws and Rules passed by Government from time to time. It will not include the manufacture or sale of Toddy, or of "Foreign Spirits and Foreign Fermented Liquors," or of Country Beer.

4. The quantity of Arrack required is estimated to be between 46,000 and 48,000 gallons a month, the quantity actually issued from the Bangalore Distillery in the year 1895-96 having been 551,935 gallons. No quantity is, however, guaranteed to the manufacturer, who is bound by actual requirements, be the same more or less than the estimated quantity.

5. Tenderers must specify the lowest rate per gallon at which they will supply all the Arrack required, of the strength of 20° under proof, during the whole period of the contract. The rate of price thus tendered for and accepted by Government shall be the price at which Arrack of 20° under-proof will be sold by the manufacturer to retail shop-keepers and to renters of the right of retail vend, during the currency of the contract granted under this Notification. For double-distilled spirits and other special liquors of greater or lesser strength than 20° under-proof, which may be specially manufactured and issued with the approval of the Government, the manufacturer will be allowed to fix his own prices; but for single-distilled spirits of greater or lesser strength than 20° under-proof, the price chargeable by him will be according to such strength proportionately on the rate fixed for Arrack 20° under-proof in accordance with Casella's Rules.

6 Each tender must be accompanied by a deposit of *Rs. 5,000* in cash, or in Government securities, duly endorsed in favour of "The Dewan of Mysore," and enclosed in a cover superscribed with the words "Tender for the exclusive privilege of the Manufacture of Arrack," and must be sent to the *Excise Commissioner at Bangalore* so as to reach him before noon on Tuesday, the *2nd March 1897*, after which date no tender will be received. The tenders will be opened by the Excise Commissioner at his office in *Bangalore* at 12 o'clock noon on the *2nd March 1897*, in the presence of the applicants who may be present. The final disposal of the tenders will rest with the Government, who reserve to themselves full power to reject any or all of the tenders without assigning any reason. The deposits made by the applicants whose tenders are rejected will be returned to them on their application.

7. The applicant, whose tender may be finally accepted by the Government, shall, within eight days of the acceptance of his tender being communicated to him, deposit at the Huzur Treasury, Bangalore, a further sum in cash, or in Government securities, duly endorsed in favour of "The Dewan of Mysore," to make up with the deposit previously made the sum of *one lakh of rupees*; and shall execute an agreement in the prescribed form on proper stamp, binding himself to conform to the conditions hereinafter set forth, and if he fails or refuses to sign the agreement, or to make the deposit required, the deposit already made will be forfeited to Government, and the contract otherwise disposed of.

8. The contract for which tenders are now invited shall be subject to the following conditions, namely:—

I.—The contractor will be required to manufacture within the enclosure of the Government Distillery near Bangalore, or at such other place as may be approved by the Government. For the use of the Distillery buildings near Bangalore, together with the existing system of water-supply thereto, the contractor shall pay rent to Government at Rs. 500 *per mensem*. Such improvement or addition to the said buildings or water-supply as may be approved by the Government will be carried out at Government cost, subject to the payment by the contractor of such additional rent or rate as may be fixed by Government.

II.—The contractor will be required to have ordinarily a month's supply (46,000 gallons at the present rate of consumption) and *never less* than 23,000 gallons of admissible spirits in terms of 20° under-proof in store at the Distillery.

III.—The contractor will be allowed to purchase spirit from any Sugar Factory which may be established in Mysore, and which may be authorized by Government to distil Arrack. Should the contractor himself establish a Sugar Factory and distil Arrack therein, with the permission of the Government, he will be bound to keep in stock such quantities of spirit at such Factory as may be fixed by Government.

IV.—In outlying tracts where, owing to small consumption or other causes, there is reason to suspect illicit distillation, Government will be at liberty to establish out-stills, giving the contractor the first refusal of so doing.

V.—The contractor shall, upon receipt by him of price at the rate fixed by his contract, sell the spirit at the Government Distillery or other place where he may be allowed to manufacture. Such sales shall only be—

1st.—For the supply of such Bonded Depôts as Government may, from time to time, establish and maintain;

2nd.—To separate shop-keepers licensed to sell in the Civil and Military Station of Bangalore, in the Cities of Bangalore and Mysore and in other places to which the Separate Shop System may be extended;

3rd.—To vend-renters to whom the Government may sell the right to vend Arrack in defined tracts and

4th.—To the licensees for the wholesale and retail vend of "Foreign Spirits and Foreign Fermented Liquors" and for the sale of the same in Refreshment-rooms and in Hotels and Boarding-houses.

No spirit shall be allowed to be removed from the Government Distillery, or other authorized place of manufacture, or from a Bonded Depôt, unless the purchaser produces a Treasury receipt for the amount of duty paid therefor.

VI.—The contractor shall be bound to conform to the provisions of Act XXII of 1881 (the Excise Act), as in force in the Civil and Military Station and as introduced into Mysore with certain modifications by Regulation III of 1885, as well as to the Rules framed thereunder by Government from time to time.

VII.—The out-going contractor shall give, and the in-coming contractor shall take over, any Arrack or other Country Spirits not exceeding a month's supply, which may remain as stock in hand on the last day of the expiring contract, the latter paying the former for the same such value as may be fixed by the Excise Commissioner.

VIII.—Should the in-coming contractor so require by at least one week's previous notice in writing, the out-going contractor shall cease preparing "Wash" during the last month of the expiring contract, and vacate the buildings so as to admit of the in-coming contractor commencing operations. Should no such notice be given, the out-going contractor may continue distilling till the end of his contract, after which further distillation must cease.

IX.—Should the out-going contractor so desire, the in-coming contractor shall be bound to purchase all apparatus and stock and block belonging to the out-going contractor at the Government Central Distillery, Bangalore, at a fair and equitable price, to be fixed by the Excise Commissioner, calculating the original cost and deducting therefrom depreciation for the period of user at such average rate as may be determined by Government, and of which timely notice will be given to the out-going contractor, and to intending bidders by a Notification to be duly published in that behalf.

X.—Improvements of a permanent nature shall be retained and not be disturbed except with the approval of the Executive Engineer.

XI.—In case of a breach of any of the above conditions, Government will be at liberty to cancel the contract and to declare the deposit of one lakh of rupees forfeited and also to recover from the defaulting contractor such further loss as may be occasioned by such breach.

9. The following items of information are appended:—

NOTE 1.—Table showing the annual quantity of Arrack issued from the Distillery during the past ten years:—

NOTE 2.—From 1st July 1897 the rate of still-head duty on Arrack 20° under-proof, payable to Government, will be raised from Rs. 4 to Rs. 4-12-0, and the retail price thereof from Rs. 5-5-0 to Rs. 6-6-0 per gallon (*i.e.*, from Re. 0-1-8 to Re. 0-2-0 per dram which is equal to $\frac{1}{51}$ part of a gallon). The rates of still-head duty and retail price of single-distilled spirits of greater or less strength than 20° under-proof will be calculated proportionately upon the rates for 20° under-proof in accordance with Casella's Rules Government reserve to themselves the power of altering the rates of duty and price, it being distinctly understood that the manufacturing contractor shall not be entitled to claim any compensation for loss on account of such alteration.

NOTE 3.—For double-distilled spirits of all strengths, the rates of still-head duty will be calculated proportionately upon the rate for 20° under-proof in accordance with Casella's Rules. But for these spirits, as well as for other special liquors manufactured at the Government Central Distillery, Bangalore, or other place approved by Government, both the manufacturer and the licensed vendor will be at liberty to fix their own prices.

NOTE 4.—The present contractors are reported to have, up to the end of August 1896, incurred an expenditure of Rs. 69,048-2-0 on account of plant put up.

By order,

C. SEEENIVASIENGAR,

Secy. to Govt., Gen. and Rev. Departments.

APPENDIX.

FORM OF TENDER.

To

The Excise Commissioner in Mysore,

Bangalore,

SIR,

With reference to the Mysore Government Notification No. 5814-Ex-223, dated 28th December 1896, published in the *Mysore Gazette Extraordinary* of that date, I beg to tender for the exclusive privilege of the manufacture of Arrack for the territories of Mysore, inclusive of the Civil and Military Station of Bangalore, for a term of five years from *1st July 1897 to 30th June 1902*, subject to the terms, rules and conditions specified in the Notification above quoted.

2. I hereby offer to manufacture and supply Arrack of the strength of 20° under-proof at Rs. a. p. per gallon for the entire period of the contract.

3. I enclose ——————— for *Rs. 5,000*, duly endorsed in favour of "The Dewan of Mysore," as required by paragraph 6 of the said Notification.

I beg to remain,

Sir,

Your most obedient servant,

Date ———————

Address ———————

ADVERTISEMENT.

Notice.

To PAPER MANUFACTURERS—

TENDERS are invited before the 15th April 1897 for the purchase of Sabai grass from the forests of the Singhbhum district from 1st July 1897.

Tender forms and further information on application to the Conservator of Forests, Bengal, Darjeeling.

A. E. WILD, Conservator of Forests, Bengal.

Darjeeling, the 18th June 1896.

Wanted.

SUB-OVERSEERS on Rs. 25 to Rs. 50 a month for relief works. Apply, with copies of certificates, to—

The District Engineer, Muzaffarpore.

(962—3)

Wanted

A DISTRICT ENGINEER for the District Board of Saran to officiate for either one or two years. Salary Rs. 400 a month *plus* travelling allowance at the Public Works Department rates.

Candidates for employment must be qualified in one of the manners noted in Part IX of the Rules framed by Government under clause (*l*) of section 138 of the Local Self-Government Act, and must produce a certificate from the Civil Surgeon that they are physically fit for outdoor duties and from the Magistrate of the district that they are able to ride.

Candidates holding similar appointments in other districts need not bring evidences of the qualifications specified in Rules 1 and 2, but should produce a certificate of approved service from the Chairman of the District Board and the Commissioner of the Division under whom he is employed.

All applications from intending candidates should be submitted in sealed or registered covers addressed to the undersigned, and superscribed "Application for appointment of District Engineer." Each application must be accompanied by all the necessary certificates and testimonials required by the rules, together with a suitable, envelope addressed and sufficiently stamped for registration, in which they can be returned in the event of the application being unsuccessful.

The applications will be received by the undersigned up to the 15th February 1897.

A. EARLE, Chairman,

Saran District Board, Chapra.

The 14th January 1897.

(1002—3)

Wanted.

FOR the Calcutta Custom House, an Appraiser, possessing a competent practical knowledge of machinery, with special reference to machinery employed in the tea, jute, and cotton industries. He will be required to perform all the ordinary duties of an Appraiser and will not be restricted to the appraisement of machinery only.

Salary offered, Rs. 400 per mensem.

Applications should be made by letter only, with copies of certificates, to the Collector of Customs, Calcutta, and will be received up to the 31st instant. The undersigned does not, however, bind himself to keep the appointment open till that date if a suitable candidate should be selected in the meantime.

E. N. BAKER, Collector of Customs, Calcutta.

Custom House, Calcutta, the 15th January 1897.

Wanted

FOR the District Board, Hooghly, a District Engineer on a salary of Rs. 350 rising to Rs. 450 by biennial increments of Rs. 20 per mensem.

2. Candidates for the post must be qualified under the rules laid down in paragraph 1 of Bengal Government Notification, dated 18th February 1892.

3. Applications should be submitted to the undersigned not later than the 28th February 1897, in sealed and registered cover superscribed "application for appointment of District Engineer."

LALITA MOHAN SINHA, for Chairman.

District Board, Hooghly, the 21st December 1896.

2. The conditions of the lease can be inspected in the Deputy Commissioner's office at Hazaribagh.

3. The tenders should be submitted on plain paper, and superscribed "Tender for mica mines." They will be opened by the Deputy Commissioner on the 1st February 1897.

4. The Deputy Commissioner does not bind himself to accept the highest or any offer.

J. L. HERALD, Deputy Commissioner.

Hazaribagh, the 29th December 1896.

Notice.

GIRIS CHANDRA RAY, B.L., intends to apply to be admitted to practise as a pleader in the High Court.

(972—4)

Howrah Mills Company, Limited.

NOTICE is hereby given that the Thirteenth Half-yearly Ordinary General Meeting of Shareholders will be held at the Registered Office of the Company, No. 9, Clive Row, Calcutta, on Friday, the 29th current, at 12 o'clock noon, to receive the Directors' report, pass the audited accounts to 31st December 1896, and transact any other business that may be brought forward.

The Share Transfer Register of the Company will be closed from Friday, the 15th, to Friday, the 29th current, both days inclusive.

By order of the Directors,

ERNSTHAUSEN, Limited, Managing Agents.

Calcutta, 8th January 1897. (977—3)

Lost.

THE Calcutta Port Trust Debenture of 4½ per cent. loan for 1883, No. $\frac{1848}{1058}$, for rupees ten thousand, last endorsed to Nobin Chand Bural by Lal Chand Bural, to whom the same was previously endorsed by the Collector of Customs, Calcutta. Payment of the above Debenture and the interest thereon have been stopped in the Bank of Bengal, and application will be made for accrued interest and for the issue of a duplicate in favour of the undersigned after such time as the Port Commissioners may appoint.

NOBIN CHAND BURAL, Solicitor, Calcutta.

No. 7, Hastings Street, the 4th January 1897.

(967—3)

Notice

IS hereby given to all that the following stone-quarries, the property of Government in the subdivision of Rajmahal, district Sonthal Parganas, will be settled for one or more years from the 1st January 1897, by public auction. The sale will be conducted at the Subdivisional Office, Rajmahal, on the 15th January 1897.

Conditions of sale.

1. Each quarry will be separately put up to sale, and will be sold at the upset price subject to the sanction of the Deputy Conservator of Forests, Sonthal Parganas.

2. The bidder in whose name each sale is closed, after acceptance of his bid by the officer conducting the sale, will be required to pay immediately one-fourth of the amount of his bid, and the balance within seven days from the date of receipt of the notice that the sale has been sanctioned by the Deputy Conservator of Forests, Sonthal Parganas. Failure will result in the cancelment of sale and re-sale of the quarry at the risk of the bidder.

3. The officer conducting the sale will not be bound to accept the highest bid; the power of accepting any kind must be reserved to him.

4. The approved bidders will be required to execute the counterpart of the lease within 15 days of the receipt of the notice that the sale has been sanctioned by the Deputy Conservator of Forests, Sonthal Parganas. Failure will result in the cancelment of the settlement and forfeiture of the amount of bid paid.

5. For any further particulars, apply to the Subdivisional Officer, Rajmahal, enclosing a court-fee stamp of one rupee.

Names of quarries.

		Rs.
1.	Madia stone quarry	400

The Indian Law Reports.

Published under Authority.

THE Indian Law Reports, published under the authority of the Governor-General in Council, appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and comprise four series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt, and the Madras, Bombay, and Allahabad Series are distributed direct from Madras, Bombay, and Allahabad respectively.

In supersession of the previous advertisements, on and from the 1st January 1889 the terms of subscription and sale will be as follows for current issues as well as for back numbers of the Reports from 1876:—

Terms of subscription payable annually in advance.

For the complete series *including postage*, Rs. 22-8.

	Without postage.	With postage.

Obtainable at the Bengal Secretariat Book Depôt, Writers' Buildings, Calcutta.

Remittances to be forwarded to the Accountant and Treasurer, Bengal Secretariat, Writers' Buildings, Calcutta.

All the wanting parts of the INDIAN LAW REPORTS (complete series) having now been reprinted, the complete Reports from 1876 to 1893 may be purchased for all the years, or for any particular year, on application to the Officer in charge of the Bengal Secretariat Book Depot.

The subscription, Rs. 22-8 per annum, should be remitted in advance to the Accountant and Treasurer, Bengal Secretariat.

Notice.

IT is hereby notified, for general information, that subscription to the complete series of the Indian Law Reports should be registered during the first three months of each calendar year. Subscribers are therefore requested to send in their subscriptions of the complete series before the 31st March in each year. Those who register their names after that date will understand that copies will be supplied only if available.

THE following Weather Reports of the Bengal Meteorological Department, issued by orders of the Government of Bengal, can be supplied to the public at the prices annexed:

1st.—Bay of Bengal Daily Weather Report, giving meteorological observations taken at 28 stations on or near the coast of the Bay, with a chart and summary. This is published in connection with the Bay of Bengal Storm Signal Service. The report giving 8 A.M. observations of the day is distributed by peon in Calcutta soon after 11 A.M. Price to subscribers in Calcutta Rs. 2 per mensem, payable in advance up to 30th April 1897.

This report will be issued every year from 1st November to 30th April. From 1st May again the Bay of Bengal and Bengal Report containing observations taken at 64 stations will be issued.

2nd.—A Monthly Statement of Meteorological Observations taken at 49 observing stations, and of rainfall recorded at 327 subdivisional and other stations, together with summaries of the more important features of the meteorology of the past month of the province, and of the distribution of the rainfall and its variation from the normal. Price of the Monthly Summary Rs. 2 per annum, payable in advance.

Subscriptions payable to the Meteorological Reporter to the Government of Bengal, 5, Russell Street, Calcutta, for the Bay of Bengal Daily Weather Report, and to the Accountant and Treasurer, Bengal Secretariat, for the Monthly Report.

C. LITTLE,

Meteorological Reporter to the Govt. of Bengal.

Notice.

NOTICE is hereby given that the terms for the purchase of publications from the Bengal Secretariat Book Depôt except *for* Government offices or offices under the control of Government Officers are strictly cash, and on no other terms will any publication be supplied, or advertisement, notice, &c., inserted in either of the Gazettes.

In the case of insolvency notices, cash must be sent with such notices when forwarded by Mofussil courts or offices and for those frowarded by the Official Assignee cash must be paid on presentation of memorandum of cost by the Accountant and Treasurer, Bengal Secretariat.

Remittances in postage stamps should be accompanied by an addition of one anna in the rupee on account of discount.

☞ Applications for Acts of the Bengal Legislative Council required on the public service should be addressed to the REGISTRAR, Office of the Legislative Department, Government of Bengal.

Copies are available for purchase at the Bengal Secretariat Book Depôt.

Notice.

The 29th March 1886.—The ubscription to, and postage for the *Calcutta Gazette* will henceforth be at the following rates, payable in advance:—

PART IV.

Bills of the Bengal Council.

GOVERNMENT OF BENGAL.

LEGISLATIVE DEPARTMENT.

No II of 1897.

THE following Bill was introduced and read in the Council of the Lieutenant-Governor of Bengal at a meeting held for the purpose of making Laws and Regulations on the 16th January, 1897, and is hereby published, together with the Statement of Objects and Reasons, for general information:—

A Bill to regulate the enhancement of rents, the commutation of predial conditions or services, and the registration and resumption of intermediate tenures, in parts of Chutia Nagpur.

CONTENTS.

CHAPTER I.

PRELIMINARY.

SECTIONS.

1. Short title, extent and commencement.
2. Repeal
3. Definitions.

CHAPTER II.

LIMITATION OF ENHANCEMENT OF RENTS.

4. Enhancement of rent of khuntkati lands.
5. Enhancement of rent of korkar, baiballa, khandwat, sajhwat, jalasasan and ariat lands.
6. Prohibition of enhancement of rent of bhuinhari lands.

CHAPTER III.

COMMUTATION AND RECORD OF PREDIAL CONDITIONS OR SERVICES.

7. Voluntary commutation of predial conditions or services.
8. Power to order record of predial conditions or services, with or without commutation.
9. Revenue-officer to prepare record.
10. Publication of record
11. Appeals from decisions of Revenue-officer.
12. Revision by Commissioner and Board.
13. Commencement of effect of commutation.
14. Stay of proceedings in Civil Court during preparation of record.
15. Expenses.

CHAPTER IV.

REGISTRATION AND RESUMPTION OF INTERMEDIATE TENURES.

16. Existing proprietors and managers of intermediate tenures to apply for registration.
17. Existing mortgagees to apply for registration.
18. Future proprietors to apply for registration.
19. No application required in case of tenures dealt with under sections 12 to 15 of the Bengal Tenancy Act, 1885.
20. Local Government to fix dates before which applications may be made under section 16 or section 17.
21. Publication of dates.
22. Time within which applications must be made.
23. Fee to accompany application under section 17 or section 18.
24. Penalty for omitting to make an application.
25. Zamindar or superior tenant to register on receipt of application.
26. Registration not required in certain cases.
27. Procedure on omission to register.
28. Resumption of tenures.
29. Appeals from orders of Deputy Commissioner.
30. Revision by Commissioner and Board.

CHAPTER V.

RULES.

31. Power to make rules.
32. Procedure for making and publishing rules.

A Bill to regulate the enhancement of rents, the commutation of predial conditions or services, and the registration and resumption of intermediate tenures, in parts of Chutia Nagpur.

WHEREAS it is expedient to amend the law relating to the enhancement of rents, the voluntary commutation of conditions or services appurtenant to the occupation of land other than the payment of rent in money, and the registration and resumption of intermediate tenures, in certain districts in the Chutia Nagpur Division;

And whereas it is also expedient to provide for the compulsory record, with or without commutation, of such conditions or services as aforesaid, in the said districts;

It is hereby enacted as follows:—

CHAPTER I.

PRELIMINARY.

Short title, extent and commencement.

1. (*1*) This Act may be called the Chutia Nagpur Tenancy Act, 189 ; [Section 1 of Bill of February, 1896.]

(*2*) It extends to the districts of Hazaribagh, Lohardaga, Palamau and Singhbhum, in the Chutia Nagpur Division; and

(*3*) It shall come into force on the day on which it is first published in the Calcutta Gazette with the assent of the Governor General thereto.

Ben. Act I of 1879.

Repeal.

2. The Chutia Nagpur Landlord and Tenant Procedure Act, 1879, is hereby repealed. [Section 2 of Bill of February, 1896.]

Definitions.

3. (*1*) In this Act, unless there be something repugnant in the subject or context,—

Cf. Act VIII of 1885 section 3 (17).

(*a*) "Revenue-officer" means any officer whom the Local Government may from time to time appoint, by name or by virtue of his office, to discharge any of the functions of a Revenue-officer under this Act; [Section 3 (3) of Bill of February, 1896.]

(*b*) "predial conditions or services" mean conditions or services appurtenant to the occupation of land other than the payment of rent in money; [New.]

(*c*) "conditions" include *rakumats* and *abwabs* which, by custom, are payable by raiyats to their landlords; [Section 3 (4) of Bill of February, 1896.]

(*d*) "intermediate tenure" means a dependent taluq and any other permanent or heritable interest in lands intermediate between the zamindar and the cultivator, and includes also a resumable tenure; [New.]

(*e*) "resumable tenure" means a tenure held conditionally on the survival of male heirs of the original grantee, and by custom subject, on failure of such heirs, to a liability to lapse to the estate of the grantor free of all encumbrances; and [New.]

(*Chapter II.—Limitation of Enhancement of Rents. —Sections 4-6.—Chapter III.—Commutation and Record of Predial Conditions or Services. —Section 7.*)

[Section 3 (1) of Bill of February, 1896.] (*f*) "agricultural year" means the year prevailing in a local area for agricultural purposes. Cf. Act VIII of 1885, section 3 (11).

[Section 3 (1) of Bill of February, 1896.] (*2*) If it appears to the Local Government to be doubtful what year prevails in any particular area for agricultural purposes, the Local Government may, by notification in the Calcutta Gazette, declare upon what dates such year shall be deemed to commence and terminate respectively.

CHAPTER II.

LIMITATION OF ENHANCEMENT OF RENTS.

[Section 4 of Bill of February, 1896.] 4. (*1*) No tenant of land known as khuntkati shall be liable to any enhancement of the rent paid by him for such land unless it be shown that the tenure has been created within twenty years before the institution of the suit to enhance such rent. Cf. Bengal Act I of 1879, section 19.

Enhancement of rent of khuntkati lands.

(*2*) Where enhancement of the rent of any such land is decreed, the entire rent assessed shall not exceed one-half of the rent paid by an ordinary raiyat with a right of occupancy on the same class of land with similar advantages.

[Section 5 of Bill of February, 1896.] 5. No tenant of land known as korkar, baiballa, khandwat, sajhwat, jalsasan or ariat shall be liable to any enhancement of the rent paid by him for such land, except— Cf. Bengal Act I of 1879, section 20.

Enhancement of rent of korkar, baiballa, khandwat, sajhwat, jalsasan and ariat lands.

(*a*) under the terms of a written contract, or

(*b*) in accordance with the general custom prevailing with respect to such land in the village in which it is situated, or, if no such custom can be ascertained to prevail in that village, then in the neighbouring villages.

[Section 4 of Bill of February, 1896.] 6. No tenant of land registered under the Chutia Nagpur Tenures Act, 1869, as bhuinhari shall, under any circumstances, be liable to any enhancement of the rent paid by him for such land. Ben. Act II of 1869.

Prohibition of enhancement of rent of bhuinhari lands.

CHAPTER III.

COMMUTATION AND RECORD OF PREDIAL CONDITIONS OR SERVICES.

[Section 6, sub-sections (1), (2) and (3), of Bill of February 1896.] 7. (*1*) When any land is held subject to any predial conditions or services, the tenant of such land, or the person who has the right to the benefit of such conditions or services, may apply in writing to the Revenue-officer for commutation of such conditions or services. Cf. Bengal Act I of 1879, section 25.

Voluntary commutation of predial conditions or services.

(*2*) The Revenue-officer shall thereupon cause a notice to be served on each of the other persons who, under sub-section (*1*), would have a right to make such application, and shall fix a day for considering the application; and on such day, or on any day thereafter to which the hearing may be adjourned, shall proceed to enquire into the matter and to determine the amount of rent which, in his judgment, is fairly and equitably payable in commutation of such conditions or services. Of Bengal Act I of 1879, section 26

(*Chapter III.—Commutation and Record of Predial Conditions or Services.—Sections 8-9.*)

(*3*) In calculating the amount of rent payable in commutation of such conditions or services, the Revenue-officer shall have regard to the conditions or services to which the tenant is liable in accordance with ancient custom, and the money value of such conditions and services at the time of making such calculation:

Provided that, in the case of conditions or services other than *rakumats*, the rent payable in commutation shall not exceed one-fourth of the money-rent already paid by the tenant.

Cf. Act VIII of 1885, section 101 (2) (*b*).

8. (*1*) The Local Government may, in any case in which it is, in its opinion, expedient so to do, make an order directing either— [Section 7 of Bill of February, 1896.]

Power to order record of predial conditions or services, with or without commutation.

(*a*) that a record of all predial conditions or services to which the lands within any local area or any estate, tenure or part thereof are subject shall be prepared, and a commutation of such conditions or services made, by a Revenue-officer, or

(*b*) that a record as aforesaid be made by a Revenue-officer without commutation of such conditions or services as aforesaid.

(*2*) A notification in the Calcutta Gazette of an order under this section shall be conclusive evidence that the order has been duly made. [New.]

(*3*) The record of conditions or services shall be prepared in accordance with rules made under section 31. [New.]

9. (*1*) Whenever an order is made under section 8, the Revenue-officer shall thereupon proceed to prepare a record, containing the following particulars, namely:— [Section 8 of Bill of February, 1896.]

Revenue-officer to prepare record.

(*a*) the name of each tenant;

(*b*) the class to which he belongs, for example, whether he is a bhuinhar, occupancy-raiyat or non-occupancy raiyat;

(*c*) the situation and quantity and one or more of the boundaries of the lands held by him;

(*d*) the name of his landlord;

(*e*) the money-rent paid for the lands held by him at the time the record is being prepared;

(*f*) the predial conditions or services to which all or any of such lands are subject;

(*g*) the amount of rent which, in the judgment of the Revenue-officer, may fairly be deemed payable in commutation of such conditions or services; and

(*h*) such other particulars as may from time to time be prescribed by the Board of Revenue.

(*2*) In calculating the amount of rent payable in commutation of such conditions or services, the Revenue-officer shall be guided by the provisions of section 7, sub-section (*3*).

(*Chapter III.—Commutation and Record of Predial Conditions or Services.—Sections 10-14.*)

[Sections 9, 10 and 12 of Bill of February, 1896.]

Publication of record.

10. (*1*) When the Revenue-officer has prepared a record under section 9, he shall cause a draft of the same to be locally published in the manner and for the period prescribed in the rules made under section 31, and shall receive and consider any objections which may be made to any entry therein or to any omission therefrom during the period of publication.

(*2*) When objections have been considered and disposed of in accordance with the rules made under section 31, the record shall be finally framed and published in the manner prescribed by those rules.

[New].

(*3*) Separate drafts or records may be published under sub-section (*1*) or sub-section (*2*) for different estates, tenures or parts thereof.

[Section 13 of Bill of February, 1896.]

Appeals from decisions of Revenue-officer.

Cf. Act VIII of 1885, section 108.

11. (*1*) An appeal shall lie to the Commissioner of the Division from the decision of a Revenue-officer under this Chapter, and the provisions of the Code of Civil Procedure relating to appeals shall, as nearly as may be, apply to all such appeals.

XIV of 1882.

(*2*) Where the Commissioner concurs with the Revenue-officer, and no question of title or status or of the right of either party to the possession of the land is at issue, the decision shall be final. In other cases, and subject to the provisions of Chapter XLII of the said Code of Civil Procedure, an appeal shall lie to the High Court from the decision of the Commissioner, as if he were a Court subordinate to the High Court within the meaning of section 584 of the said Code.

[New].

Revision by Commissioner and Board.

12. The Commissioner or the Board of Revenue may, on application or of his or its own motion, direct the revision of any record prepared under this Chapter, or any portion of such record, at any time within two years from the date of the final publication of the record, but not so as to affect any decision from which an appeal has been preferred under section 11.

[Section 14 of Bill of February, 1896.]

Commencement of effect of commutation.

13. When the commutation of any predial conditions or services is settled under this Chapter for any local area or estate, tenure or part thereof, the settlement shall take effect from the beginning of the agricultural year next after the final publication of the record, and from that time the imposition of any predial conditions or services on any tenants of the local area or estate, tenure or part thereof shall be illegal, and all stipulations and reservations for rendering or requiring such conditions or services within the local area or estate, tenure or part thereof shall be void.

[Section 15 of Bill of February, 1896.]

Stay of proceedings in Civil Court during preparation of record.

Cf. Act VIII of 1885, section 111.

14. When an order has been made under section 8 a Civil Court shall not, until the final publication of the record, entertain a suit or application for the alteration of the rent or the determination of the status of any tenant in the local area or estate, tenure or part thereof to which the order applies.

(*Chapter III.—Commutation and Record of Predial Conditions or Services.—Section 15.—Chapter IV.—Registration and Resumption of Intermediate Tenures.—Sections 16-17*).

Cf Act VIII of 1885, section 114.

[Sections 6 (4) (5), and 16 of Bill of February, 1896.]

15. (*1*) The expenses incurred by the Government under section 7 shall be apportioned by the Revenue-officer as may appear to him to be equitable.

Expenses

(*2*) The Revenue-officer may require any person applying for commutation under section 7 to deposit in advance the whole or any part of the estimated amount of the expenses to be incurred thereunder.

(*3*) The expenses incurred by the Government in carrying out in any local area or any estate, tenure or part thereof any order made under section 8, or such part of those expenses as the Local Government may direct, shall be defrayed by the landlords and tenants of land in that local area, estate, tenure or part, in such porportions as the Local Government, having regard to all the circumstances, may determine.

(*4*) The portion of the aforesaid expenses which any person is liable to pay shall be recoverable from him as if it were an arrear of land-revenue due by him:

Provided that the amount due from the joint proprietors of any undivided estate or the joint holders of any tenure may be recovered as if it were an arrear of land-revenue due in respect of such estate or tenure.

Explanation.—The word "tenure" in this section includes all revenue-free and rent-free tenures and holdings within a local area, estate or tenure.

CHAPTER IV.

REGISTRATION AND RESUMPTION OF INTERMEDIATE TENURES.

Cf. Bengal Act VII of 1876, section 38.

[Section 17 of Bill of February, 1896.]

16. Every proprietor of an intermediate tenure who is at the commencement of this Act in actual possession of such tenure,

Existing proprietors and managers of intermediate tenures to apply for registration.

every joint proprietor of an intermediate tenure who is at the commencement of this Act in charge of such tenure on behalf of the proprietors thereof, and

every person who is at the commencement of this Act manager of an intermediate tenure on behalf of the proprietors thereof

shall, if his name and the character and extent of his interest have not already been registered in the sarishta of the zamindar or superior tenant to whom the rents of the lands comprised in such tenure are payable, make an application to such zamindar or superior tenant for the registration of his name and the character and extent of his interest as such proprietor or manager.

Cf. Bengal Act VII of 1876, section 44.

[Section 23 of Bill of February, 1896.]

17. Every person who at the commencement of this Act holds a mortgage of any intermediate tenure shall make an application to the zamindar or superior tenant to whom the rents of the lands comprised in such tenure are payable, for the registration of his name as such mortgagee and of the interest in respect of which he is such mortgagee, and shall state in such application whether he or the mortgagor is in possession.

Existing mortgagees to apply for registration.

(Chapter IV.—Registration and Resumption of Intermediate Tenures.—Sections 18-22.)

[Section 17, last para., of Bill of February, 1896.]

Future proprietors to apply for registration.

18. Every person who after the commencement of this Act acquires an intermediate tenure by transfer or succession shall make an application, to the zamindar or superior tenant to whom the rents of the lands comprised in such tenure are payable, for the registration of his name and the character and extent of the interest which he has acquired.

[Section 23, second proviso, of Bill of February, 1896.]

No application required in case of tenures dealt with under sections 12 to 15 of the Bengal Tenancy Act, 1885.

19. Notwithstanding anything contained in the foregoing sections of this Chapter, no person shall be bound to apply for registration in respect of any intermediate tenure of which he is the proprietor, joint-proprietor, manager or mortgagee, if his interest therein has been duly dealt with under the provisions of section 12, section 13, section 14 or section 15 of the Bengal Tenancy Act, 1885. VIII of 1885.

[Sections 19 and 20 of Bill of February, 1896.]

Local Government to fix dates before which applications may be made under section 16 or section 17.

Cf. Bengal Act VII of 1876, section 39.

20. (*1*) The Local Government shall, within six months from the commencement of this Act, fix, for each district to which this Act extends, the date or dates before which applications may be made under section 16 or section 17; and may, at any time, alter any date so fixed.

Cf. Bengal Act VII of 1876, section 40.

(*2*) Different dates may be fixed under sub-section (*1*) in respect of different classes of intermediate tenures, or in respect of different portions of a district.

[Section 21 of Bill of February, 1896.]

Publication of dates.

Cf. Bengal Act VII of 1876, section 41.

21. (*1*) Every date fixed under section 20 shall be published by a notice in the Calcutta Gazette, and by notices to be posted up—

(*a*) at the Court of the Judicial Commissioner,

(*b*) at the office of the Deputy Commissioner of the district in respect of which such date is fixed,

(*c*) at the court or office of every Munsif, Sub-divisional Officer and Sub-Registrar of Documents in the district or portion thereof in respect of which such date is fixed, and

(*d*) at every police-station in such district or portion.

(*2*) The officer in charge of every court, office and police-station at which a notice is required by clauses (*a*), (*c*) and (*d*) of sub-section (*1*) to be posted up shall certify to the Deputy Commissioner the date on which the notice was so posted up.

[Sections 17, 20, proviso, 21, last paragraph, and 23, last paragraph, of Bill of February, 1896.]

Time within which applications must be made.

Cf. Bengal Act VII of 1876, section 40.

22. (*1*) Every application under section 16 or section 17 must be made either before the date fixed in that behalf under section 20 or within six months after the publication of such date has been certified under section 21.

(*2*) Every application under section 18 must be made within six months after the acquisition of the tenure.

Fee to accompany application under section 17 or section 18.

[Section 18, second proviso, and section 24, first proviso, of Bill of February, 1896.]

23. With every application under section 17 or section 18 there shall be deposited,—

(*a*) if rent is payable in respect of the tenure, a fee of five per cent. on the annual rent, and

(*b*) if rent is not so payable, a fee of ten rupees.

Cf. Bengal Act VII of 1876, section 65.

Penalty for omitting to make an application

[Section 23, paragraph, and first proviso, of Bill of February, 1896.]

24. Any person who, being required by the foregoing provisions of this Chapter to apply for registration in respect of an intermediate tenure, voluntarily or negligently omits to make an application as required by those provisions, or to deposit therewith the fee imposed by section 23, shall be liable to such fine as the Deputy Commissioner may think fit to impose, not exceeding one hundred rupees, and shall be debarred from suing any under-tenant or cultivator for rent due in respect of any land comprised in such tenure until he has duly made such application and deposited such fee:

Provided that no fine shall be imposed on any person who, at any time prior to the institution of proceedings against him, or, at the discretion of the Deputy Commissioner, at any time after such institution, duly makes such application and deposits such fee as aforesaid.

Zamindar or superior tenant to register on receipt of application.

[Sections 18 and 23 of Bill of February, 1896.]

25. When an application under this Chapter for registration in respect of an intermediate tenure is duly made to a zamindar or superior tenant, and the fee imposed by section 23 is duly deposited, he shall forthwith register in his sarishta—

(*a*) the name of the person in actual possession of the tenure, and the character and extent of his interest, and

(*b*) if the applicant is a mortgagee not in possession of the tenure, his name as such mortgagee and the interest in respect of which he is such mortgagee.

Registration not required in certain cases.

[Section 18, first proviso, and section 24, second proviso, of Bill of February, 1896.]

26. Notwithstanding anything contained in the foregoing sections of this Chapter,—

(*a*) a zamindar or superior tenant shall not be bound to register the name or the character or extent of the interest of the actual possessor of a resumable tenure unless male heirs of the original grantee are in existence; and

Cf. Bengal Act I of 1879, section 36, proviso.

(*b*) no zamindar or superior tenant shall be bound to register or give effect to any division or distribution of the rent payable on account of any intermediate tenure.

(Chapter IV.—Registration and Resumption of Intermediate Tenures.—Sections 27-28.)

[Section 24, first paragraph, and section 23, second paragraph, of Bill of February, 1896.]

Procedure on omission to register.

27. (*1*) When an application for registration has been duly made to a zamindar or superior tenant under the foregoing provisions of this Chapter, and the fee imposed by section 23 has been duly deposited, then if such zamindar or tenant voluntarily or negligently omits to effect registration as required by section 25 the applicant may apply to the Deputy Commissioner. Cf. Bengal Act 1 of 1879, section 36.

(*2*) The Deputy Commissioner shall thereupon serve a notice on the zamindar or superior tenant, requiring him to show sufficient grounds for his omission within a period to be specified in the notice; and, if no such grounds are shown within the time so specified, shall make an order enjoining the zamindar or superior tenant to effect the registration.

(*3*) Every such notice shall be served by tendering to such zamindar or tenant a copy thereof attested by the Deputy Commissioner, or by delivering such copy at the usual place of abode of such zamindar or tenant, or to some adult male member of his family, or, in case it cannot be so served, Cf. Bengal Act VII of 1876, section 50.

(*a*) by posting such copy on some conspicuous part of the usual or last-known place of abode of such zamindar or tenant, or

(*b*) by affixing such copy in some conspicuous part of his zamindari or tenure.

[New.] (*4*) If any zamindar or superior tenant fails to comply with an order made under sub-section (*2*), he shall be liable to such fine as the Deputy Commissioner may think fit to impose, not exceeding one hundred rupees, and the registration enjoined by such order shall be deemed to have been duly effected as from the date of the order:

Provided that no fine shall be imposed on any person who, at any time prior to the institution of proceedings against him, or, at the discretion of the Deputy Commissioner, at any time after such institution, duly complies with such order.

[Section 24, last proviso, and section 25, of Bill of February, 1896.]

Resumption of tenures.

28. (*1*) When a tenure is registered under this Chapter as a resumable tenure, and the zamindar or superior tenant has reason to believe that there is a failure of male heirs of the original grantee, he may apply to the Deputy Commissioner to be put in possession of the tenure free from all encumbrances created by the original grantee or his heirs.

(*2*) The Deputy Commissioner shall thereupon serve a notice on the person in actual possession of such tenure, requiring such person to appear before him on a date to be specified in the notice.

(*3*) Every such notice shall be served in the manner provided by section 27, sub-section (*3*), and a copy thereof shall be sent to the zamindar or tenant who made the said application.

(*4*) On the day specified in the notice referred to in sub-section (*1*), the Deputy Commissioner shall require the said zamindar or tenant to adduce evidence to prove that there has been a failure of male heirs of the original grantee of

(*Chapter IV.—Registration and Resumption of Intermediate Tenures.—Sections 29-30.—Chapter V.—Rules.—Section 31.*)

the tenure, and, if the zamindar or tenant succeeds in giving presumptive proof of such failure, the Deputy Commissioner shall require the person in actual possession to rebut the evidence thus produced, by proving either that he is the male heir of the original grantee in the direct line, or that there exists a male descendant of the original grantee in the direct line.

(*5*) If the person in actual possession, after being served with notice as aforesaid, fails to appear before the Deputy Commissioner, or appears and fails to prove that he is the male heir of the original grantee in the direct line, or that there exists a male descendant of the original grantee in the direct line, and if the tenure is registered under this Chapter as a resumable tenure,

the Deputy Commissioner shall make an order putting the zamindar or tenant in possession of the tenure free from all encumbrances created by the original grantee or his heirs.

(*6*) The previous registration in the sarishta of the zamindar or superior tenant of the name of the person in actual possession of such tenure shall be no bar to the said zamindar or tenant being put in possession of such tenure under this section.

Cl. Act VIII of 1885, section 108.

29. (*1*) An appeal shall lie to the Commissioner of the Division from any order made by a Deputy Commissioner under this Chapter, and the provisions of the Code of Civil Procedure relating to appeals shall, as nearly as may be, apply to all such appeals.

Appeals from orders of Deputy Commissioner.

XIV of 1882.

[Section 13 of Bill of February, 1896.]

(*2*) Where the Commissioner concurs with the Deputy Commissioner, and no question of title or status or of the right of either party to the possession of the land is at issue, the order of the Deputy Commissioner shall be final. In other cases, and subject to the provisions of Chapter XLII of the said Code of Civil Procedure, an appeal shall lie to the High Court from the decision of the Commissioner, as if he were a Court subordinate to the High Court within the meaning of section 584 of the said Code.

30. The Commissioner or the Board of Revenue may, on application or of his or its own motion, revise, at any time within two years from the date thereof, any order made by a Deputy Commissioner under this chapter from which an appeal has not been preferred under section 29.

Revision by Commissioner and Board.

[New.]

CHAPTER V.

RULES.

Cl. Act VIII of 1885, section 189.

31. The Local Government may from time to time, by notification in the Calcutta Gazette, make rules—

Power to make rules.

[Section 26 of Bill of February, 1896.]

(*1*) to regulate the procedure to be followed by Revenue-officers and Deputy Commissioners in the discharge of any duty imposed upon them by or under this Act, and may by such rules confer upon any Revenue officer—

(*a*) any power exercised by a Civil Court in the trial of suits;

(*Chapter V.—Rules.—Section 32.*)

(*b*) power to enter upon any land, and to survey, demarcate and make a map of the same; and

(*c*) any power exercisable by any officer under the Bengal Survey Act, 1875; Ben. Act V of 1875.

(*2*) to prescribe the mode of service of notices under section 7;

(*3*) to prescribe the manner of preparing records under Chapter III;

(*4*) to prescribe the manner in which and the period for which draft records shall be published under section 10 and the manner in which objections to a draft record shall be disposed of;

(*5*) to prescribe the manner in which records shall be finally published under section 10; and

(*6*) to prescribe the method of putting a zamindar or superior tenant in possession of a tenure in pursuance of an order made under section 28.

[Sections 27 and 28 of Bill of February, 1896.]

Procedure for making and publishing rules.

32. (*1*) The Local Government shall, before making rules under section 31, publish a draft of the proposed rules for the information of persons likely to be affected thereby. Cf. Act VIII of 1885, section 190.

(*2*) The publication shall be made in such manner as may, in the opinion of the Local Government, be sufficient for giving information to persons interested:

Provided that every such draft shall be published in the Calcutta Gazette.

(*3*) There shall be published with the draft a notice specifying a day, not earlier than one month after the date of publication, on or after which the draft will be taken into consideration.

(*4*) The Local Government shall consider any objection or suggestion which may be received by it from any person with respect to the draft before the day so specified.

(*5*) The publication in the Calcutta Gazette of a rule purporting to be made under this Act shall be conclusive evidence that it has been duly made.

(*6*) All rules made under this Act may from time to time be amended, added to, or cancelled by the Local Government.

STATEMENT OF OBJECTS AND REASONS.

FOR some years past there have been agrarian disputes in Chutia Nagpur, more especially in the Lohardaga district, between landlords and tenants, regarding rights to land and the conditions attaching thereto, which have from time to time caused much anxiety to the district authorities and seriously interfered with the good government of the country.

One of the chief causes of these disputes is the peculiar system of *bethbegari*, or labour rents, by which the tenant is bound to perform a certain amount of work for his landlord, such as tilling lands, building houses, and carrying luggage on a journey, without receiving wages; another is the numerous list of *rakumats* or cesses, uncertain in their incidence, which are payable sometimes in money, sometimes in kind, in addition to the regular rental.

The last occasion on which there was any serious agitation was from 1887 to 1889, when the raiyats complained of the exaction by the zamindars of service and *rakumats* in excess of what was customary and proper, and began in some instances to put forward unreasonable claims to hold their lands irrespective of the zamindar, subject only to a quit-rent to be paid to Government. The present Bill is the outcome of the measures taken for repressing that agitation and of the discussions which followed between the Commissioner of Chutia Nagpur, the Government of Bengal and the Government of India. The existing law

[Act I (B.C.) of 1879] permits the landlord or tenant to apply for commutation of conditions or services to which the tenant is liable, but the provision is seldom used, the landlord preferring to take what service he can enforce by the rule of might and the tenant sometimes refusing to render any service at all. In the Bill the provisions regarding voluntary commutation are retained, but power is taken to Government to direct that a record of conditions or services shall be prepared, and a commutation of them into money-rents made by a Revenue officer, whenever such a course may seem expedient, or, in other words, when found necessary for the preservation of the peace of the country.

The existing provisions of the law regarding the limitation of enhancement of rent in the case of tenures known as khurkati, korkar and the like, in which the raiyats claim a right of occupancy, are also retained.

The Bill also provides for the registration of tenures and for the resumption of such tenures as are held conditionally on the survival of male heirs of the original grantee. The registration clauses are made in the interest of the zamindar, and require all transfers of under-tenures to be registered in his sarishta, so that he may have no difficulty in finding out the person responsible for the rent of the tenure, while the resumption clauses are intended to keep alive the existing custom by which, on failure of male heirs of the original grantee, the grant reverts to the grantor free of all encumbrances created since the date of the grant, and to provide the landlord with a simple means of resumption in such cases.

Simultaneously with the passing of this Bill it is proposed to extend the Bengal Tenancy Act, with certain minor modifications, to the districts of Chutia Nagpur. The present law [Act I (B.C.) of 1879] is defective in many respects, and cannot be rendered fully suitable to the requirements of the districts of Chutia Nagpur without many substantial alterations, while, on the other hand, the Bengal Tenancy Act will be likely to effect a distinct improvement in the settlement of questions at issue between landlord and tenant.

PART V.

Acts of the Governor General's Council assented to by the Governor General.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Act of the Governor General of India in Council received the assent of His Excellency the Governor General on the 14th January, 1897, and is hereby promulgated for general information:—

ACT No. I OF 1897.

An Act to amend Act XXXVII of 1850 (for regulating Inquiries into the behaviour of Public Servants).

WHEREAS it is expedient to amend Act XXXVII of 1850 (*for regulating Inquiries into the behaviour of Public Servants*); it is hereby enacted as follows:—

1. The said Act XXXVII of 1850 may be called the Public Servants (Inquiries) Act, 1850.

Title of Act XXXVII, 1850.

2. In the preamble to the said Act, after the word "removable" the words "from their appointments" shall be inserted, and for the words "the East India Company" the word "India" shall be substituted.

Amendment of preamble to Act XXXVII, 1850.

3. In section 2 of the said Act, for the words "the East India Company, not removable from his office without the sanction of the same Government," the words "the Government, not removable from his appointment without the sanction of the Government," shall be substituted.

Amendment of section 2, Act XXXVII, 1850.

4. For section 23 of the said Act the following section shall be substituted, namely:—

Substitution of new section for section 23, Act XXXVII, 1850.

"23. The powers of the Government under this Act may in all cases be exercised by the Governor General in Council, and when the person accused can be removed from his appointment by the Local Government, those powers may also be exercised by the Local Government."

Powers of Government under this Act by whom exercisable.

J. M. MACPHERSON,
Secretary to the Government of India.

NOTICE TO MARINERS—No. 7.

[First Publication.]

INDIA, SOUTH—INDIAN OCEAN.

Reported webergs.

THE British Admiralty has given notice (No. 722 of 1897) that the Commander of the Royal Mail Steamship *Tongariri* reports having passed 200 icebergs, some of which were very large, between the positions lat. 45° S., long. 50½° E. and lat. 47° S., long. 79½° E.

Icebergs in this locality are rare, more especially in large quantities, and Mariners are warned that in the Southern Indian Ocean, the ice would appear to be farther north than usual.

[First Publication.]

AUSTRALIA, SOUTH COAST—GABO ISLAND.

Intended alterations in the light.

THE British Admiralty has given notice (No. 724 of 1896) that in January 1897 the undermentioned alterations will be made in Gabo island light:—

A sector of *red* light will be added to the principal light over cape Howe between the bearings S. 14° W. and S. 34° W.

Also, a *red* sector between the bearings N. 45° E. and N. 84° E.

The existing *white* light towards Little Rame head and Mallagoota inlet will be discontinued.

Vessels passing Gabo island must not enter the sectors of *red* light.

Approximate position, lat. 37° 34′ 30″ S, long. 149° 55′ 10″ E.

[First Publication.]

BAY OF BENGAL—BURMA COAST.

Gulf of Martaban—Baragua flats light-vessel placed.

WITH reference to Notice to Mariners, No 13, dated 12th January 1895, issued by this office, the British Admiralty has given notice (No. 728 of 1896) that on 2nd November 1896 a light-vessel was moored southward of Baragua flats.

Baragua flats light-vessel light is a *group flashing red and white* light with a period of *ninety seconds*, thus:—*white flash, five seconds;* eclipse, *forty seconds; red flash, five seconds;* eclipse, *forty seconds.*

Its illuminating power is 10,000 candles, and it is visible in clear weather from a distance of 10 miles.

The light-vessel, moored in a depth of 6 fathoms, is painted red, with the word *Baragua* in white letters on each side.

Approximate position, lat. 15° 29′ 15″ N., long. 95° 11′ 30″ E.

NOTICE TO MARINERS—No. 10.

[First Publication.]

JAPAN—YEZO ISLAND.

(*1*) *Amended particulars of rock northward of Ishikari.*

WITH reference to Notice to Mariners, No. 248(4), dated 26th November 1896, issued by this office, the British Admiralty has given further notice (No. 731 of 1896) that an examination has recently been made of the rock on which the steam-vessel *Soya Maru* touched, with the result that a depth of 1¾ fathoms was found on it, and it is situated only 2 cables off-shore, in approximately lat. 43° 24′ N., long. 141° 25′ E.

(*2*) *Rocks North-westward of Cape Kamoieto.*

Also, of the existence of a pinnacle rock, with a depth of 1¾ fathoms on it, and 24 to 28 fathoms around, situated approximately in lat. 43° 43′ 50″ N., long. 141° 18′ 10″ E.

Another rock, with a depth of 2¾ fathoms on it, and about 3¼ fathoms for 3 cables eastward, lies about 3 cables south-south-eastward of the first.

(*3*) *Rock westward of Yuru Jima.*

Also, that the steam-vessel *Genbu Maru* recently touched on a pinnacle rock, with a depth of 1¾ fathoms on it at low water springs, situated with Otanobori saki northern point, bearing N. E. ¼ E., distant 4 cables; and Norikarunushi saki, S. ¾ E.

Approximate position, lat. 43° 24′ 45″ N., long. 146° 1′ 15″ E.

Abstract of the Proceedings of the Council of the Lieutenant-Governor of Bengal, assembled for the purpose of making Laws and Regulations under the provisions of the Indian Councils Acts, 1861 and 1892.

THE Council met at the Council Chamber on Saturday, the 2nd January, 1897.

Present:

The Hon'ble SIR ALEXANDER MACKENZIE, K.C.S.I., Lieutenant-Governor of Bengal, *presiding*.
The Hon'ble SIR CHARLES PAUL, K.C.I.E., *Advocate-General*.
The Hon'ble H. H. RISLEY, C.I.E.
The Hon'ble RAI DURGA GATI BANERJEA BAHADUR, C.I.E.
The Hon'ble NAWAB SYUD AMEER HOSSEIN, C.I.E.
The Hon'ble C. E BUCKLAND, C.I.E.
The Hon'ble M. FINUCANE.
The Hon'ble C. W. BOLTON.
The Hon'ble W. H. GRIMLEY.
The Hon'ble J. G. H. GLASS, C.I.E.
The Hon'ble C. A. WILKINS.
The Hon'ble MAULVI MUHAMMAD YUSUF KHAN BAHADUR
The Hon'ble SURENDRANATH BANERJEE.
The Hon'ble A. M. BOSE.
The Hon'ble RAI ESHAN CHUNDRA MITTRA BAHADUR.
The Hon'ble GURU PROSHAD SEN.
The Hon'ble MAHARAJA BAHADUR SIR RAVANESHWAR PROSHAD SINGH, K.C.I.E., of Gidhaur.
The Hon'ble W. B. GLADSTONE.
The Hon'ble A. H. WALLIS.

NEW YEAR GREETING.

The Hon'ble THE PRESIDENT, on taking his seat, wished the Members of Council a very happy and prosperous New Year.

MR. LEA'S CASE.

The Hon'ble BABU SURENDRANATH BANERJEE asked—

Whether the attention of the Government has been called to the case of one Mr. Lea, who was recently charged with having caused the death of a coolie, and, on being convicted of simple hurt, was fined fifty rupees? Is it true that in this case when the Head-Constable went to arrest Mr. Lea he was censured for so doing? Further, is it true that in the Lower Court, the prosecution was left to be conducted by an European Inspector of Police, and that notwithstanding the gravity of the case, the accused being charged with having caused the death of a coolie, the services of the Government Pleader or any other qualified lawyer were not engaged to conduct the prosecution? Whether it is not usual in a case of this nature to employ the Government Pleader or some duly qualified lawyer to conduct the prosecution? If so, will the Government be pleased to state why the practice was not followed in this case?

The Hon'ble MR. BOLTON replied :—

"A report has been received by the Government on the case referred to. In connection with the death of a gate-man on the East Indian Railway line, Mr. Lee, a Railway subordinate, was committed to the Sessions Court at Bhagalpur by the Subdivisional Officer of Pakour on a charge of having voluntarily caused grievous hurt under section 325, Indian Penal Code. He was tried before a Jury consisting of three European and two native gentlemen, the prosecution being conducted by the senior and the junior Government Pleader, and the defence by Counsel, and was found guilty, by the unanimous verdict of the Jury, of an offence under section 334, Indian Penal Code, that is, of voluntarily causing hurt on grave and sudden provocation, for which the maximum term of imprisonment is one month, and the maximum fine Rs. 500.

"No Head-Constable went to arrest Mr. Lee, but fault was found with a Head-Constable for having sent in a final report before the police investigation was completed.

"The European Inspector of Police in charge of the case assisted in the prosecution before the Magistrate in the usual way. It is not the practice in the Sonthal Parganas to employ the Government Pleader in the lower courts, and in the present instance the services of a lawyer were not necessary.

"It rests with the District Officers to consider whether the Government Pleader should be employed in any criminal case. He is not retained in cases of a simple nature."

THE PREVAILING FAMINE.

The Hon'ble BABU GURU PROSHAD SEN asked—

I. Will the Government be pleased to state what is the amount of cash wage per day now paid to the famine stricken men in places where relief works have already commenced? At what price are rice and other food-grains selling in the local markets in those places?

II. Are there any other kind of works than digging earth in which any class of famine stricken men are being employed? Has the Government taken into consideration whether this is not possible, specially for the relief of such classes who cannot and will not dig earth?

III. Is any kind of gratuitous relief being given to people who cannot work in those places where relief works have been ordered to be opened?

IV. Why does Government look with disfavour on the system of relief adopted by some of the relief centres opened by private individuals, under which the poor people of the locality get for their money (only in small quantities for half or a quarter rupee at a time) a seer or two more in the relief depôts than they would get in the local markets? If any such relief depôts are found on enquiry to be working well, and under respectable volunteer agencies, will the Government be pleased to come in with grants-in-aid to extend the scope of their operation?

V. Has the Government information before it of the severe distress that is now being felt in parts of the Dacca, Backergunge and Krishnagar districts, in the Satkhira subdivision of the district of Khulna, as also in a great portion of the South Gangetic districts of Bihar? Will it please Government to make enquiries and to extend reliefs in those places?

The Hon'ble Mr. Finucane replied:—

Answer to Question No. I:—

"The principles on which wages are regulated are those laid down in sections 98 to 106 of the Famine Code. The amount of the wage has, so far as known to Government, been given in the reports published in the Gazette. It is not possible to give details of prices and wages on every relief work started throughout the province, but ample information on the subject has been given in the published reports."

Answer to Question No. II:—

"Earthwork is the only kind of work on which famine labourers are now employed. Relief to persons of the respectable classes will be afforded by employing them as overseers of labour gangs and as muharrirs or clerks on the works. Relief to artizans may, when necessary, be afforded in the manner prescribed in sections 142, 143 and 144 of the Famine Code."

Answer to Question No. III:—

"Gratuitous relief is being given as provided for in the Famine Code."

Answer to Question No. IV:—

"Government does not view with disfavour the system of relief referred to in the question if given spontaneously by private persons, but does not view with favour the interference of Government officers in the system, as it tends to undersell private traders, and so to interfere with trade. Government does not propose to give grants-in-aid to the system."

Answer to Question No. V:—

"Government has no information showing that there is any distress in Dacca or Backergunge. There is distress in Satkhira, and in parts of Nadia, and measures have been taken to meet it. There is not distress in a great portion of the South Gangetic districts of Bihar. In parts of the Bhabua subdivision there is some distress, and measures have been taken to relieve it.

"If the Hon'ble Member would read the papers published in the Gazette, and study the Famine Code, he would have all the information he can possibly require as to existing facts and the methods of meeting distress."

ESTATE'S PARTITION BILL.

The Hon'ble Mr. Finucane moved that the Bill to amend the law relating to the Partition of Estates be referred to a Select Committee consisting

of the Hon'ble Rai Durga Gati Banerjea, Bahadur, the Hon'ble Mr. Bolton, the Hon'ble Mr. Grimley, the Hon'ble Mr Wilkins, the Hon'ble Maulvi Muhammad Yusuf Khan Bahadur, the Hon'ble Babu Guru Proshad Sen, and the Mover. He said:—

"When moving that this Bill be read in Council, I endeavoured to explain its objects and reasons and the principles underlying it, and I hope I need not now repeat what I said on that occasion. It was then explained that the primary object of the Bill was to shorten, simplify, and cheapen the procedure for effecting partitions of estates. I conceive that there can be no difference of opinion as to desirability of attaining that object, and therefore that there can be no question as to the soundness of the cardinal principle of the Bill. At the present stage we are, under the Rules under which the proceedings of the Council are conducted, precluded from entering into a discussion of the details by which it is proposed to give effect to this principle. On some of those details there may be difference of opinion, and especially perhaps on the point whether the provisions of Chapter V, regarding the method of carrying out a survey, which is required under the present law, as well as under the Bill, for the purpose of ascertaining the assets, are the best that can be devised with a view to shorten, and cheapen, and simplify the procedure. Important criticisms have been received on that Chapter, and important changes and improvements will no doubt be made in it by the Select Committee, but this is not the occasion to discuss these changes, nor is it for me to anticipate what the judgment of the Select Committee may be. I may, however, say that Government will offer no objection to some important modifications in the Chapter as drafted.

"A secondary object of the Bill is, it will be remembered, to impose a higher limit than is now imposed on the partibility of revenue. When introducing the Bill, I stated that the limit of Rs. 100 would possibly be found to be too high. Since that time numerous and valuable opinions have been received on the Bill, and they have been circulated among Hon'ble Members. It will have been observed that the great preponderance of opinion of revenue officers is in favour of the view that a limit of Rs. 100 is not too high. but that the Hon'ble Judges of the High Court, while thinking that a higher limit than that now in force ought to be imposed, still think that the proposed limit of Rs. 100 is too high. The Bihar Planters' Association are of the same opinion.

"Some of the other public bodies and associations are opposed to the introduction of any limit other than that imposed by the law as it stands. These opinions are entitled to great weight, and, in deference to them, no objection will be made to a reduction of the limit proposed in the Bill. What the precise amount of that reduction should be is again a matter of detail on which it is for the Select Committee to suggest a conclusion and for the Council to settle at a subsequent stage of the proceedings."

The Hon'ble Babu Surendranath Banerjee said :—"I quite accept the view which has been put forward by the hon'ble member in charge of the Bill that on a motion being made to refer a Bill to a Select Committee, we are entitled only to consider the questions of principle involved in the Bill and criticise matters of detail only so far as they involve considerations of principle. The hon'ble mover has referred to two matters which involve important questions of principle. One of these is the provision of the the Bill by which it is proposed to raise the qualification subject to which estates may claim partition from the present limit of Re. 1 to Rs. 100. If this part of the Bill is not modified, and considerably modified, the effect of the measure will be to preclude a large number of estates from availing themselves of the beneficent provisions of the Partition Law. In this connection I desire to call attention to the papers before the Council. It is remarkable that the Behar Planters' Association, which entirely accept the Bill in all its provisions, take exception to this part, and this part only, of the Bill. 'The only section,' writes the Secretary to the Behar Planters' Association,' 'to which I would draw attention is section 10A of Chapter II. This, I believe, would operate so as to

prevent all partitions, except in isolated cases, and it might be advisable to lower the limit of Rs. 100.' I will not take up the time of the Council by referring to many of the opinions which have been received on this point, but there are two or three which are of great importance. We have a weighty expression of opinion from the Secretary to the Chittagong Landholders' Association, from which it appears that if this provision of the Bill is to be accepted, the Partition Act might as well not exist, so far as the Chittagong Division is concerned. In the second paragraph of his communication he says: —'In this district the revenue roll of the Collectorate consists mainly of numerous petty estates whose revenues do not exceed Rs. 10, not to speak of Rs. 100. The Bill, therefore, in restricting the partibility of estates to the amount of Rs. 100, has practically made the proposed Act a dead-letter in its application to this district.'

"I come next to another important expression of opinion from the East Bengal Landholders' Association In paragraph 8 the Secretary to that Association says: —'For these and other reasons it is clear that if the minimum limit of Government revenue in a separate estate is raised to over Rs. 100 (as proposed by section 10), partition of estates in many districts will be entirely put a stop to. This will be great hardship on the zamindars for no fault of their own.' Passing on from non-official to official opinion, we find a striking unanimity pointing to the same conclusion The Director of Land Records and Agriculture (Mr. Lyall) says:—'Seeing that the main object of most proprietors in applying for partition now-a-days is not to obtain an adjustment of the revenue demand, but to obtain a separate share of their estate, it would perhaps be better to permit the partition of estates to an almost unlimited extent.' The Board of Revenue, the highest authority on such matters, is in favour of reducing the minimum. I am quite sure these expressions of opinion will be considered with the attention which they deserve, and I shall rejoice if the Select Committee see their way to revert to the existing law in this particular. For my own part I do not see any justification for the minimum limit that is now proposed. No doubt the law as it now stands is a source of considerable trouble and labour to executive officers, but that is nothing compared to the hardship to those who will be affected by the provisions of this Bill, and will be virtually denied the right of partition. Before I conclude, I wish to say one word with reference to the provision in the Bill regarding the necessity for a cadastral survey in certain cases—a matter which involves an important question of principle. Under this Bill, unless an estate can produce full and accurate measurement papers, it will not be in a position to claim partition, except after undergoing the harrassment of a cadastral survey. This will be a difficulty in the way of many estates, and I am glad that this matter also will engage the attention of the Select Committee. I congratulate the hon'ble member in charge of the Bill on the statement which he has been able to make, that the Government will be prepared to make considerable modifications in the provisions of the Bill by the light of the opinions which have been received, and I hope and trust that when this Bill emerges from the hands of the Select Committee, it will be so recast and modified as to commend itself to the approval of the Council and of the country at large."

The Hon'ble Rai Eshan Chundra Mittra Bahadur said:—"The Bill before the Council is one of the most important Bills that have come before us during the present Session. It is a complex Bill, and contains many details. As far as this Bill professes to cheapen, shorten and simplify the procedure, I hail it with pleasure, but there are certain principles involved in the Bill which will require consideration at the hands of the Council; as, for instance, the provision contained in section 10, which raises a very important question. This section 10 limits the benefits of partition to estates, the annual revenue of which would not, after partition, be less than Rs. 100. It is a restriction, I submit, which is both against the letter and the principle of the proclamation of 1793, the charter of the rights of the proprietors of estates. No doubt that Regulation was passed when land was not valuable, when the population was sparse; and the Legislature of 1807 thought of placing a restriction on the partition of estates, the revenue of which was less than Rs. 500; but three years after this the Legislature in its wisdom thought fit to remove that restriction, and in the preamble of Regulation V of 1810 it is stated that the apprehension, which

was entertained at the time, did not exist, and that there was absolutely no necessity for that limitation. After that limitation was removed, there was a subsequent suggestion for legislation, allowing the proprietors a right of redemption of the revenue of estates which, after partition, would bear a revenue less than Rs 20. That was previous to the passing of the present law of partition, but the Government of India did not approve of that suggestion, and the proposal was not entertained. We have, lastly, the existing Act, which rather confers the privilege to zamindars of partitioning estates, if the revenue of the separate estate of the proprietor exceeds Re. 1, and I submit that the law as it was promulgated in the Regulations of the permanent settlement, stands virtually the same at the present day. There was no doubt that in 1807 it was thought necessary to enact a new law laying down a certain restriction, but that law was repealed. I take it that all statutory enactments proceed from the will of the Legislature, and that when enactments are repealed, they are to be taken as if they had never existed They may have a certain historical value, but the Regulation of 1807 having been repealed, the law now is the same as it stood in 1793, subject to this condition—which I take to be rather a privilege—that every proprietor of an estate, paying less than Re. 1 revenue to Government, has the right to redeem. Therefore the question arises whether there is any necessity now of introducing the proposed restriction in section 10 after a century.

"I would invite the attention of Hon'ble Members to the fact that land has immensely improved in value since 1793, and that the population is increasing by rapid strides. With the influx of British Capital and the security of property, the value of land has greatly increased, and I submit that there is no necessity of the proposed restriction being laid down. It is said that the realisation of the Government revenue is in danger, but has it been in danger during all these years? No doubt, in certain districts, the number of partition cases is greater than in others. In Lower Bengal there have been very few, but in the Darbhanga and adjacent districts the number has no doubt been great, and this was due to the prevalence of the *bhaoli* system; but I am not aware of any statement which goes to show that the Government has suffered any appreciable loss of revenue. The Government has several remedies for the realisation of its revenue, the chief of which is the Sunset Law, and even if the revenue be not realised under that law, the Government can have recourse to the certificate procedure, and realise its revenue from any other property belonging to the defaulter. Therefore the question is whether there is any necessity for this Bill? If there were any reasonable chance of the Government revenue being in danger, I would be the last person to oppose a measure of this kind being introduced, but there must be something tangible to go upon. It has been said that if this limitation is imposed, there is section 93 of the Bengal Tenancy Act to fall back upon, under which the opening of separate accounts can always be effected, but if the provision in this Bill be passed, I may be permitted to say that section 93 of the Tenancy Act will afford no protection whatever to co-sharers in an estate; for that section contemplates a state of things which does not ordinarily occur. That section provides that when any dispute exists between co-owners of estates, and other contingencies mentioned in the section occur, recourse may be had to the section.

"It contemplates the existence of disputes between the co-owners of estates before the section will apply. There must be apprehension of a riot; there must be some public inconvenience before section 93 will give any assistance to co-sharers for the appointment of a common manager. That provision of the Tenancy Act is no new law. It is contained in the 22nd article of the Proclamation of 1793, whereby the owners of an estate are authorized to appoint a joint manager. I therefore submit, for the consideration of Hon'ble Members, whether section 93 of the Tenancy Act will afford any assistance to co-sharers if the provision of this Bill, to which I am referring, is passed.

"Then, in the opening of separate accounts the law does not contemplate the demarcation of lands; all that is recorded is the amount of each person's share, as, for instance, that *A* has a 4-anna share, *B* 6-anna, and so on; but their joint liability is in no way affected, and the proprietors or tenants get no advantage from that section. Therefore it is a question for the consideration of the Council whether the opening of separate accounts by the co-sharers of an estate will be of any advantage to themselves or to their tenants. Then it has been said that peasant proprietors are not the

same as peasants and pauper landholders. Who are these pauper landholders? Is the Government a pauper landholder? For the Government holds shares in estates, and many big rajahs and zamindars also hold shares in estates, and they are not pauper landholders. I submit that if the time comes when it may be necessary for the protection of the Government revenue to prevent the growth of plurality of estates, it will come to a state of things similar to the case of raiyatwari settlements. Consider the fact that lands are every day rising in value, and that the Sunset Law exists; so that there can be no fear of the Government revenue being endangered in any way. But if the time comes when such a law will be necessary, the state of things existing under raiyatwari settlements will come into operation, and the collection expenses will increase to a certain extent. But so long as the Sunset Law is in force there is no room for any apprehension of expenses of collection being increased.

"Then it has been said that if no limitation is put to the partition of estates, the administration charges will be increased; but it should be remembered that in different parts of this Province we have a system by which the Government revenue is remitted by chalans, and if the number of such chalans is somewhat increased, the expense to Government will only increase to the extent of appointing a few additional clerks; but is that any reason why a solemn compact, entered into a century ago, should be interfered with? I therefore submit that the collective wisdom of the Council will not consider it advisable to place any restriction upon the partition of estates. The real question seems to me to be whether there is any necessity for this provision of the law. Of course, if there is such a necessity, I would be the last person to advocate that there should be no such restriction; but if there is no necessity, if there is no danger to the public revenue at present, then the law cannot be necessary now. It appears to me that the necessity which is supposed to exist is merely theoretical.

"The advantages of partition to proprietors and tenants are manifold. At the present moment the country is suffering from a famine of water. Suppose a tenant or a co-proprietor wants to dig a tank; if the co-sharers will not give their consent, nothing can be done; but if the plot of land on which he wishes to dig a tank is his own, he can do as he likes. I therefore submit that the division of estates will not only improve the value of land, but will conduce to the advantage and convenience of the proprietors and the tenants. Suppose in an estate there are five co-sharers; the raiyat or tenant will have to go to the five different gomashtas of those co-sharers; he will have to keep separate accounts with each of them. But if a partition has been effected, the raiyat will know who his landlord is, and he will only have to keep one account. I think I am not wrong if I say that most agrarian disturbances arise from disputes between co-proprietors of estates; but if the partition of estates is allowed, these disturbances will cease, at least to a certain extent, so that the advantages of partition are manifold, and it is a question for consideration whether the Legislature should place any restrictions upon the right of partition.

"Then, again, I submit that proprietors and tenants will not be benefited by the provisions of Chapter V of this Bill, and I venture to say that this question of the record-of-rights is not one which is at all beneficial to raiyats. I am speaking from the raiyat's point of view. As pointed out by Mr. Hare in one of his letters, the raiyat has to go to the several shareholders to adjust his rent, and he has to spend some time in haggling, and has to go from one shareholder to another; therefore this particular provision of the Bill will not benefit tenants. Why are tenants therefore to be brought in? The interested parties are the Government and the co-sharers, who ask for partition among themselves. But why should the tenants be brought in? It is said that their rights in the land ought to be recorded; one tenant says, this is my land, a second says, I got it by will, a third, I got it by adverse possession. Are such questions to be decided finally by the Deputy Collector? Section 119 of the Bill provides that the judgment of the Collector is to have the full force of *res judicata*, but the principle of *res judicata* cannot affect a tenant. It is said that the raiyats are to be benefited by this record-of-rights; why then should they not bear a part of the expense; but why should these innocent persons be dragged into the quarrels of their landlords? It may be said that their lands are to be measured, and that it ought to be done in their presence; but that will

not prevent other people from claiming those lands, and the decision of the Collector cannot therefore operate as *res judicata*. That is a question of principle which ought to be settled by the Council.

"As regards the question of survey, it is one for the consideration of the Select Committee, but it cannot be denied that by a survey and record-of-rights the expenses will increase immensely; the proceedings will not be cheapened, and the delays will be greater than they are at present in ordinary partition cases. I therefore submit that Chapter V of the Bill ought to be considered very carefully for the procedure as to survey and record-of-right prescribed in that Chapter is too cumbrous to be fit for a special enactment. As to the question of restriction, one of the Collectors has given it as his opinion that even if the minimum revenue was fixed at Rs. 5, a vast number of estates will be disqualified and another gentleman says that two-thirds of the estates will not come under partition. These are questions for the Select Committee to consider. But I submit that in a Bill like this, the procedure should be as simple as it possibly could be, and the expenses of partition as little as possible, and the proceedings should be completed with the utmost despatch."

The Hon'ble Babu Guru Proshad Sen said:—"So far as the Bill seeks to simplify, cheapen and shorten the procedure for effecting partitions of estates in Bengal, it has my entire sympathy. In that matter in some respects the Bill does not go far enough, but that is a question of details, which will come out all right after the provisions of the Bill have received the due consideration of the Select Committee. On two points only I like to make some observations at the present moment—

1st.—The restrictions to the right of partition of estates (section 10 of the Bill).

2nd.—The introduction of what is called the procedure of Cadastral Survey in the butwarahs.

"I may premise by stating that many of those things which I intended to say have been ably said by the Hon'ble Eshan Chundra Mittra and the Hon'ble Surendranath Banerjee, and I shall not repeat those objections which they have already urged.

On the first point it was said by the Hon'ble Mover of the Bill that the principle of restricting the right of partition had already been recognized so long ago as 1807, and again by Act VIII B. C) of 1876.

"The Regulation VI of 1807, which restricted the partition of estates, was very short-lived. In the early days of Regulations, on the recommendation of the Board of Revenue, the Regulation was enacted in 1807, and repealed only three years after, on the recommendation of the same Board on its gathering experience.

"The preamble of Regulation VI of 1807 states: 'Whereas under the Provisions contained in Regulations 1 and 25 of 1793, persons holding shares of estates paying revenue to Government are *entitled to a* separation of such shares, and on the completion of the butwarah by the officers of Government, and on the confirmation of the Governor-General in Council, to hold the same as distinct mahals, subject to the just proportion of the public assessment: and whereas considerable loss and inconvenience have been experienced in the collection of the public revenue from the too minute subdivisions of landed property, it was enacted, &c'

"Two points are clear from this preamble, that the proprietors have under the Permanent Settlement a right to get the estates partitioned without any restrictions whatever, and, second, that it was only on the ground of inconvenience to the collection of revenue the restrictions were imposed and all other sides of the question ignored.

"In those halcyon days there were no long speeches and discussions, and the people affected could not be aware of the changes in our laws till the law was actually put into force.

"The preamble of Regulation 5 of 1810 states:—'The restrictions on the partition of small estates, being found productive of considerable injury to numbers of sharers in small estates, inducing a sacrifice of private rights which the degree of public inconvenience arising from the minute division of landed property did not appear to justify or require, it is enacted, &c.'

"With this short interval, the right of complete partition of revenue-paying estates has remained unaffected till the year 1876.

"It is true that the thin end of the wedge was then sought to be introduced, but I cannot agree in thinking with the hon'ble mover of the Bill that the principle of restriction was accepted, but from the absence of all discussion on the point, it leads me to the inference that the matter was overlooked because of the right of redemption conferred. Hon'ble Krisnadas Paul said 'A simplification of the law of partition would be in unison with the improved ideas of the people regarding the possession and management of property. Many were the social advantages of the joint family system in this country, but the modern idea of individualism fostered by Western education and examples was sapping the foundation of that patriarchial state of society. There was now a spirit abroad that each should take care of himself; that each should employ his own talents, energies, and resources to the best advantages; that each should enjoy the fruits of his own capital and labour. We do not feel ourselves called upon to discuss here the moral aspects of the question—Whether the changed family would make man more selfish, and tend to destroy the many amiable virtues which the joint family system undoubtedly engendered and fostered. But it could not be denied that society would greatly gain by the dissemination of a spirit of self-reliance and enterprise, which was a natural sequence of the idea of individualism struggling for mastery over the native mind. The spread of this idea was a broad social fact which no one can gainsay and no one can resist, and it was therefore meet that the Legislature should second it by simplifying the law of partition.'

"'These are words which apply strongly against the restriction now sought to be imposed, for if Hon'ble Krisnadas's authority can be cited in this connection, it is not as that of an authority favouring restrictions on divisions, but that of one who supported unlimited divisions.

"Again, there was no question of principle of limit of the right of partition involved in the Bill of 1875-76, as that Bill provided that "no application for separation should be entertained, the result of which would be to form one or more estates, each liable for an annual amount of land revenue less than 20 rupees, unless the proprietor of such small estates agreed to redeem his revenue." It was not therefore limiting the right, but the question of bringing it out of the partition in a better form of a revenue-free estate, by paying a certain sum of money to Government—I believe only 25 years' purchase. Who amongst the proprietors would not prize such a right, and thus be for ever free out of the trepidation of heart engendered by our sunset laws?

"As was well pointed out by the Hon'ble Eshan Chundra so far it was a privilege that was sought to be conferred, and not a deterioration of the right. The Government of India, however, vetoed the Bill on the ground of this redemption clause, and suggested that they would have no objection to the redemption clause if Rs. 20 were reduced to one rupee, and a Bill was brought forward in the form in which it now stands in Act VIII (B.C.) of 1876, and it was passed without opposition. It is not therefore right to say that the principle of limit had been accepted in 1876.

"'This limit, without conferring the corresponding right of redeeming the Government revenue, was sought to be imposed in 1884. The limit proposed was to prevent creation of estates paying Government revenue less than Rs. 20.

"The late Hon'ble Hurbans Sahai, whose experience of mufassal, especially of Bihar districts, was great, and the Hon'ble Chandra Madhab Ghosh, who now adorns the High Court Bench, opposed the Bill. Amongst other grounds, the Hon'ble Hurbans Sahai opposed it on the ground that it did take away the right of the landlords under the Permanent Settlement to have the Government revenue partitioned. Said he:—

'Every joint proprietor had an inherent right to have the Government revenue partitioned. At present, a shareholder, however small his share might be, had every right to go to the Collector and ask for a partition of the land and the apportionment of the revenue payable by him, in order that he might not be any longer held responsible for the default of his co-sharers. This was a right which he justly had, and on what ground was he to be deprived of that right? It was not an imaginary right, but a substantial one.'

"These words prevailed. In withdrawing the Bill, the Hon'ble Mr. Dampier, whose knowledge of our revenue laws and administration of our revenues was was always held to be of the best, said:—

'While the Bill for the amendment of estates Partition Act has been before this Council, a feeling has been expressed against any limitation which shall have the effect of restricting *the right which proprietors* of small interests in estates now have of obtaining a perfect partition of their interests, both as to land and as to the general liability for the payment of land revenue. That feeling has found expression not only in this Council, but also outside in the exponents of opinions of some classes of the public, and I found in personal discussions with some of the officers from the districts in which partitions are more common that they also share in the feeling. I submitted the objections to your Honour, and your Honour thought that the relief sought to be given would be met by the provisions of Bengal Tenancy Act.

'It is a pleasant thing to sail with the fair wind of popular opinion instead of being obliged to beat up against it.'

"It will gladden the proprietary body in the country if they were to receive the same announcement from the hon'ble mover of the Bill. This announcement was made in a full Council, when our highest authority in question of laws, our learned Advocate-General, was present.

"It is admitted to some extent by the hon'ble mover of the Bill in the Objects and Reasons that such a right exists. He says: 'It is true that the Permanent Settlement Regulation I of 1793, which declared the right of property in the soil to be vested in the zamindars, and fixed their revenue in perpetuity, also declared that they were to have the right to dispose of the whole or any portion of these estates in any way they pleased,' and get an apportionment of Government. In this summing up he might have added that these declarations were made subject to some reservations, and the right of partition and apportionment of Government revenue, which was expressly given under the said Regulation, was not subject to any limitation whatever.

"But he seems to think that this limit can be imposed, because (1) every bigha of land is hypotheticated for the revenue; (2) the welfare and protection of the raiyats as well as the proprietors require it.

"The reply is that every bigha in an estate will remain hypotheticated for the payment of Government revenue after the new estates, however small, have been formed.

"Secondly, if it be meant as an argument against the division of bighas into cottahs, why that has to be done in almost all partitions, small or great, and the argument would be applicable to all partitions; and again, when it was declared in some Regulations that every bigha of land was hypotheticated for the protection of Government revenue, it meant 'every bit of land' in an estate, and we are not yet come to that pass when cottahs would form an estate; if so, section 10 of the present Act would prevent it. As to the next argument—welfare of raiyats and proprietors—the hon'ble mover of the Bill states the present rule of division without any limit 'is bad for proprietors, because it tends to foster the creation and growth of an infinite number of petty pauper landlords, who not being themselves able to cultivate the lands of their microscopically small estates (since there are tenants already on the land whom they cannot legally eject) are driven to screw up rents, and quarrel with their tenants and landlord neighbours, and thus bring discredit on their class.' My hon'ble friend forgets that under the operation of both the Hindu and Muhammadan laws an infinite number of petty pauper landlords are always being created, and the same state of things which he so graphically describes will follow the partition by the Civil Courts for which he provides; but unlike other microscopic beings of which we are now in daily dread, petty and pauper proprietorships, when they grow microscopic, under an economic law governing society, have a natural tendency to be extinct.

"Then as to the further result, it is a popular belief—and the belief is considered sound—that the man with the long purse and a good deal of influence can with impunity screw up rents, terrorize over raiyats and neighbours, and not the man who is a pauper. The fault therefore is not in unlimited partitions and creation of petty pauper proprietorships, but, with if the facts in the premises have not been readily assumed, in the lax administration of our laws.

"The further argument why unlimited partition is said to be bad is that 'it involves waste of time and labour from the proprietor's point of view, as the separate management of several petty estates must necessarily cause more trouble and expense than the joint management of petty estates.' The reply is to be found in the Hon'ble Krishnadas' speech, quoted above, on the subject of Individualism *versus* Communism.

"The Hon'ble mover's argument ought to lead us to Communism not only here but in many other matters; but in this matter, the saving is in the creation of petty estates, where the pauper landlord shall look to his own, without his paying for hired labour. I may also parenthetically state that even the Hindu lawyers, while they provided for joint estates, provided also for partitions at the will of a single proprietor, however infinitisimal his share might be, and in Mitakshara countries even the sons can enforce a partition against the father. So far, therefore, in the proprietors' point of view, it is the provision of the Bill, and not the law which it seeks to abrogate, which is clearly bad; at any rate it is not needed for their protection and welfare.

"As for the raiyats, the existing law is held to the bad, because (1) it leads to rack-rent; (2) it compels the raiyat to pay rent at different places, to keep several sets of accounts, and to deal with different landlords; to answer to separate rent suits, and to get his crops distrained by several sets of landlords.

"As to the argument of bringing in rack-rent, I have already said what I had to say on the point. As to the second argument, I have to observe that the separation of estates does not necessarily bring in the separation of the raiyat's holding, if he has one holding, which has been allotted to different separated estates; and there are separated collections of rents even in joint estates established with the consent of the raiyats, and then the raiyats have to pay separately, keep separate accounts, and to be sued separately. Ordinarily the raiyati holdings are liable to be split by the operation of Hindu and Muhammadan laws as revenue-paying estates, as also by transfers, and it is perhaps no disadvantage to them to have their holdings separated, and, after all, the result will be the same after a Civil Court partition.

"Lastly, it is said these petty partitions impose on administration an amount of labour in effecting them and subsequent expense altogether incommensurate with any advantage accruing from them. Now I don't see how the administration shall be relieved of this labour. What is proposed is simply to tranfer the Collector's duty to the Civil Courts. The amount of partition work to be done will remain the same: the cost will remain the same. In case of transfer to the Civil Court, the Court fees shall have to be paid in addition.

"Whether the costs incurred are commensurate with the advantages gained is a matter for the parties to consider. Will there be any saving of labour in the Collector's office after the limit has been fixed? Parties even after that will be entitled to have a separation of accounts, and every one who knows the details of our Tauzi Department, with their zamindari accounts and so forth, cannot but be aware of the fact that separated accounts give the Collector's amlas greater work and greater opportunity of dishonest practice than the accounts of complete separated shares, and the Collector has to look to many more things in cases of sales for default of these separated accounts, than in the sales of entire estates; and the sales in case of separated accounts are oftener set aside for irregularities than sales in case of entire estates. In cases of separate accounts, sold as they are, subject to all incumbrances, the incumbrances not being notified, no one cares to buy shares at their proper value, and there is a loss to the proprietors, if not ultinately to Government, whereas if the same share was an entire estate, an adequate value is always realised. But I hardly think this an objection. Parties pay for the labour of administration, and if they choose to pay, there can be no reason why the establishment should not be raised to the adequate strength to meet the proper requirements of the case.

"Then it is said that it brings on a greater number of boundary disputes, a great number ending in riots, more criminal cases, more civil suits, &c., &c., &c. But the creation of small properties cannot be absolutely prevented, and nay it is proposed to create them, therefore the apprehension of these, if well-founded, shall remain all the same; but it can be mathematically proved that the general body of tax-payers gain by multiplicity of civil suits, to which all

these disputes culminate at the end, and therefore there need be no apprehension on behalf of the general body of tax-payers.

"Turning to the statistics, we find that if this provision of the Bill be enacted, about 80 to 90 per cent. of the estates will remain as they are, and their proprietors shall be deprived of the right of partition: and of the rest, supposing even a fractional share-holder of an infinitismal share of an estate paying, say Rs. 5,000 as Government revenue or more, was to be a separate applicant for partition of a share paying less than Rs. 100 in the course of batwara, the others paying Rs. 1,000 or more as Government revenue would not be entitled to claim a partition and the estate will remain as it is. This was a matter very fully brought to the notice of the Council, by the Hon'ble Mr. Ghosh, on the last occasion when the matter was brought before the Council in 1884.

"A distinguished zamindar, whose opinion deserves great weight, thus sums up the objections against this provision of the Bill. He states:—

'This would be a frightfully retrogade measure.

(*a*) It goes against the grain of the policy which has been persistently followed by Government in this respect since 1793. In 1884 the Bengal Council wanted to prevent all partition which would reduce the revenue of a "separate esttate" to less than Rs. 20, but the Bill was dropped by reason of the opposition it elicited.

(*b*) It ignores the well-established principle that "in all cases of joint-ownership each party has a right to demand and enforce partition: in other words, a right to be placed in a position to enjoy his own right separately, and without interruption of interference by the other." 12 W. R. 160.

(*c*) The Cess Act, 1880, the Public Demands Recovery Act, 1880, the Drainage Act, 1880, the Irrigation Act, 1876, and the Embankment Act, 1882, have saddled joint owners with liabilities which are widely felt to be extremely hard, unjust and harassing. Their only relief lies in partition. As some measure of compensation to joint owners, facilities should be given them for getting their estates partitioned, instead of throwing additional obstacles in their way.

(*d*) It would increase the hardship and stringency of the Revenue Sale Laws, already very stringent.

(*e*) The present limit of division of the land-revenue has not either reduced the security for the revenue, or increased the difficulties of collecting the revenue.

(*f*) Owing to various causes, joint-ownership exists in most objectionable forms in these provinces. A co-sharer has, in some instances, an undivided share in all the villages comprising an estate, in some a share in only a number of villages, and in others a share in some villages and specific lands in those or in other villages. The Partition Law is the only measure which should remove this state of things by allotting to a share-holder a number of entire villages or specific tract of land in a village.

(*g*) In spite of the low limit at present allowed, the number of estates has not enormously increased by partition. In Sylhet, Chittagong, and several districts in Orissa, the number of small estates is inconveniently large, but it is not owing to the operation of the Partition Laws.'

"I submit that Government revenue is not always a criterion of the value of estates, and if there is to be any limit, the limit ought to be the measure of acres it contains.

"The proviso in section 10 is liable to the objection that section 295 of the Civil Procedure Code prohibits the civil courts from making partition of estates paying revenue to Government, except through the Collector. The last case reported under section 295, the Council will find reported in the August number of the Indian Law Reports, Calcutta Series, for the present year. In 1884, the Hon'ble Mr. Dampier proposed to ask the Supreme Council to repeat this section. No such proposal has been brought forward this time; and it is only laid down that, notwithstanding the provisions of sections 205 and 315, the Civil Courts shall complete the partition; but I ask is this Council competent to set at naught a provision of a law which has been enacted by the Supreme Legislative Council; and, if so, will the number of Munsifs be raised and the proper agency provided? We ought to be as much tender to our judges and munsiffs as to our revenue collectors and Deputy Collectors.

"The last point, on which I beg leave to say a few words at this moment, is the introduction of cadastral survey in the butwaras. The arguments against it have been very ably and clearly urged by the Hon'ble Eshan Chandra Mittra.

The primary object of the Bill, I understand to be to save delays in these butwaras by simplifying the procedure. The apportionment of Government revenue, the primary object of a completed butwara, is a matter only between Government and the proprietors. The raiyats are no way interested. The determination of assets is merely a secondary matter, only necessary to arrive at a correct apportionment. This was the law hitherto; to bring in the raiyats at a butwara will complicate the procedure, and, I believe, will be very prejudicial to the interests of the raiyatwari body. They shall in fact be forced to join in a proceeding in which they are not at all interested, and by which these rights are not touched. It will waste their time and substance and lead to their ruin.

"The introduction of the Cadastral Survey, instead of expediting, will merely cause delay; for the raibundi will not be settled at all till all the raiyats or their landlords have fought out the question of their rights up to the High Court, in cases in which they think that the entry in the record of rights have not been properly made, and, what is more, those of the landlords who are not for partition, and in every case there is such a one to be found, will fight out the battle in the names of some tenants or others to the High Court, either to delay proceedings or to coerce his co-sharers to his terms. This is an evil which appears to have been overlooked.

"I hope the point of limit will be left open till the Bill has been considered by the Select Committee in all its details."

The Hon'ble MR. FINUCANE said:—"Before replying to the objections taken against the Bill, I desire to acknowledge the spirit of reason and moderation displayed by the Hon'ble Members who have spoken in this debate. Anticipating that the imposition of any limit on partitions would be objected to on the score of its being a violation of the terms of the Permanent Settlement, I have myself carefully looked into the authorities on the subject, and consulted the Hon'ble the Advocate-General, whose opinion will, I hope, be accepted by Hon'ble Members as one which, if not conclusive in a matter of this kind, is at least entitled to the greatest respect. Sir Charles Paul has authorised me to say that, in his opinion, the imposition of a limit would not involve any infringement of the terms of the Permanent Settlement. Then we have the opinion of the Hon'ble Judges of the High Court, who, it will be admitted, are always anxious to support all classes of the community in asserting and maintaining their civil rights.

"The High Court have not said a word as to the imposition of a limit being an infringement of the Permanent Settlement, but, on the contrary, say that it is desirable to impose a limit, though they think that of Rs. 100 too high.

"The Hon'ble Members, who oppose the imposition of any limit, rely on Article VIII, section 9, Article IX, section 10, of Regulation I of 1793. Now I would ask the attention of Hon'ble Members to the wording of these sections. Section 9, Article VIII, says in order that no doubt may be entertained whether proprietors are entitled, under the existing regulations, to dispose of their estates without the previous sanction of Government the Governor-General notifies to the zamindars, independent talukdars and other actual proprietors of the land that they are privileged to transfer to whomsoever they may think proper, by sale, gift or otherwise, their proprietary rights in the whole or any portion of their respective estates without applying to Government for its sanction to the transfer. All such transfers were to be held to be valid, provided they were conformable to Hindu or Muhammadan law, according to the religious persuasion of the parties, and that they were not repugnant to any Regulations at the time in force passed by the British Administration, or that they might afterwards enact. The next section 10, Article IX, says that it is essential that a Notification shall be made of the principles on which the fixed assessment charged upon any such estates will be apportioned in the event of the whole of it being transferred by public or private sale, or otherwise, in two or more lots, or of a portion of it being transferred in one or two or more lots, or of its being joint-property, and of a division of it being made among the proprietors. It will be observed, the section goes on to say, that as Government might sustain a considerable loss of revenue by disproportionate allotments of the

apportionment of it if left to the proprietors, the latter were *required* to notify to the Collector all such transfers by sale, gift or otherwise, or divisions made among the proprietors in order that the fixed *jama* assessed on the whole might be apportioned or the several parts of it, and that the names of the proprietors of each share might be entered on the public registers, and that separate engagements might be taken from them. If the parties to such transfers or divisions failed to notify them to the Collector, the whole of the original estate was to be held liable for the discharge of the whole revenue as if no such transfers or divisions had taken place.

"Now the points to which I would invite attention in these articles are these:—

"*1st.*—That the right conferred by these sections was the right to transfer the whole or any portion of the estate. That right admittedly is not touched by this Bill.

"*2nd.*—That as a condition precedent to the full exercise of that right, Government imposed on the proprietors the obligation to notify transfers and divisions when made by the proprietors themselves, and that obligation was, in the words of the section itself, imposed in order to guard Government against sustaining a loss of revenue. How then can it be said that the imposition of an obligation of this kind by Government on the zamindars, for the purpose of securing its own revenue, is tantamount to the conferring of a right on the zamindars to notify such transfers and divisions, or of a right on such notification being made to obtain a partition of the revenue, whether Government thinks the partition necessary in order to guard itself against loss or not? If Government no longer thinks it necessary to insist on the obligation to report such transfers and divisions, and no longer thinks the apportionment of the revenue necessary or even desirable, surely it is at liberty to withdraw the obligation and decline to make the partition of revenue which it formerly thought, but no longer thinks, necessary, in order to guard itself against loss, without being open to the charge of infringing on any of the rights conferred by the Permanent Settlement. That the partition of revenue was not a right conferred, but an obligation imposed, is further made clear by section 13, Regulation I of 1801, which enacted that if transfers were made without being reported and without being separately assessed, they were, as far as the rights of Government were concerned, to be considered altogether invalid. The preamble to the Regulation VI of 1807 is quoted by my hon'ble friend Babu Guru Proshad Sen, as proving that co-sharers are entitled to a partition of revenue, but all that preamble says they are entitled to is a separation of their shares, which right is not affected by this Bill, that preamble specifically says that they are entitled to hold the separate shares as separate mahals only after a butwarrah or partition of revenue had been made by officers of Government, and as the Regulation itself imposed a limit on such butwarrahs, the preamble would be self contradictory if it meant that proprietors were *entitled* to partitions of revenue in every case and then proceeded to take away their rights in this respect.

"*3rd.*—The third point which I would submit for consideration in connection with the section of Regulation I of 1793, relied upon by the Hon'ble Members who have spoken on this subject, is this: admitting, for the sake of argument (and I only admit it for the sake of argument), that Article IX of the Permanent Settlement Regulation did give the proprietors the right to claim a partition of revenue in the cases mentioned in that Article, these partitions can only be claimed in two classes of cases, namely:—

(1) Where the whole or only portion of the estate has been transferred by sale, gift or otherwise; and

(2) Where all the proprietors have made a partition among themselves.

"Legislation subsequent to the Permanent Settlement permitted, and the present Bill permits, of partition in the far larger and more important class of cases where there has been no sale and no division among the proprietors themselves, but where any one of the co-sharers, for any reason whatever, chooses to apply for partition.

"If hon'ble gentlemen, who oppose the imposition of any limit, take their stand on the Permanent Settlement and on their own interpretation of it, then

it may be asked, are they prepared to go back to and abide by the provisions of that Settlement on which they rely? If they are, then the effect would be to put far more severe restrictions on partitions than are imposed by anything we contemplate under this Bill.

"But whatever interpretation may be put on section 10 of Regulation I of 1793, it cannot be denied that, as a fact, Government did impose a limit, and a very large limit too, on partitions by Regulation VI of 1807, which enacted that no partition was to be allowed which would have the effect of creating an estate with a revenue of less than Rs. 500.

"Nobody thought at that time of questioning the right of Government to impose such a limit. That Regulation of 1807 did not repeal sections 9 and 10 of Regulation I of 1793, for the simple reason that it did not affect the rights of the zamindars, but only their obligations to notify transfers by sale and divisions made among themselves, and to obtain a partition of them, in order to render the transfer valid as regards Government. It had the practical effect of making such notifications useless in cases where the *sadar jama* of the part of property transferred, or of any share of the estate divided, was less than Rs. 500. If Regulation VI of 1807, by imposing a limit on partitions, had been thought to be an infringement of, or to be inconsistent with, section 10 of the Permanent Settlement Regulation, obviously that section would have been then repealed; but it was not repealed, because it was held then, as we hold now, that the imposition of a limit involves no infringement on, or violation of, the terms of that Settlement.

"I have dwelt on this somewhat academic discussion of this part of the case at perhaps unnecessary length, because we desire to avoid even the semblance of anything which can, with any show of reason, be construed into a violation of that compact. If I have satisfied Hon'ble Members that no such violation is intended, and no infringement of the Permanent Settlement involved in our proposals, the time occupied on the discussion will not have been spent in vain.

"Assuming now that it is proved that Government can impose a limit on partitions of revenue without violating the Permanent Settlement Regulation, I next turn to the more practical question, is it expedient, politic and just that Government should do so? In introducing the Bill I gave three reasons for the proposal to put a restriction on partitions of revenue: first, that the multiplication of petty estates had gone on in certain districts to such an extent that it was believed, if allowed to continue, to become likely to be dangerous to the security of the revenue, and that it would add so seriously to the cost of the administration in permanently-settled districts (which has to be paid by the general tax-payer) as to be likely to bring discredit on the Permanent Settlement itself by adding an intolerable burden on the tax-payer of India generally.

"A second reason given for imposing restrictions on the multiplication of petty estates was that the creation of such separate petty estates was bad for the proprietors themselves; and a third was, it was bad for their tenants.

'Now, as to the first of these reasons, as I have already said, the great majority of Revenue Officers of the entire Province, and nearly all the officers of districts in which partitions are most common, agree in thinking that a limit ought to be imposed on partitions of revenue, and that the unrestricted divisibility of the public demand constitutes a serious danger to the security of revenue. I will only quote on this point a few opinions.

"Mr. Hare, who is one of our most experienced and ablest Collectors, and is District Officer of Muzaffarpur, where the evils of the present system are most prominent, says:—

'It must be remembered that with the infinite subdivision of mahals will come an increasing difficulty of recognising them and of recovering revenue from them if they are sold for land revenue. There *is* a danger that if estates are indefinitely reduced, they will become unrecognisable, and their sale will become more difficult to the detriment of Government and the proprietors'

"Mr. Toynbee, who was Commissioner of Bhagalpur when he wrote, says:—

'The present standard of limitation (Re. 1) causes an intolerable sum total of burden and expenditure on the Administration, and of litigation, oppression, and injustice on the cultivating classes.'

"Mr. Savage, Collector of Gaya, writes:—

'Under the procedure which has been in vogue up to the present time, Government has been a loser, though not to any great extent, in consequence of the disappearance of lands formed by partition into small estates.'

"The Collector of Shahabad says:—

'The ever-increasing number of petty estates by partition causes the entertainment of an enormous staff of clerks in the Revenue, Tauzi and Road Cess Departments to deal with accounts, and a huge cost falls on the general body of the rate-payers. The mistakes and frauds which occur in the Tauzi Department, an unfortunate instance of which recently occurred in this Collectorate [where there is defalcation of some lakhs in the treasury accounts], are in a very great measure due to this complication of numerous accounts.'

"The Mymensingh Landholders' Association says:—

'It is expected that the increase in partition of estates will increase the work of the Collectorate, but this is inevitable. . . . The increase in establishment will be more than compensated by the increase in road and public works cesses which the apprehended increase of rent by landlords after partition will bring into the public treasury.'

"This is to say, according to the Association, we ought to incur extra expense in order to obtain the increase of the road and public works cesses resulting from the extra-legal enhancement of rent that they tacitly admit is brought about by partitions.

"In Monghyr, as the papers circulated with the Bill show, the collection of certain cesses which are realisable as land revenue has become impossible, because, owing to the pettiness of the estates, the demand was in some cases one pie, that is to say, less than any coin current in the country.

"I need not go on multiplying quotations and instances. It is self-evident if we permit the multiplication of petty estates to go on in Muzaffarpur and other districts of Bihar especially, that the difficulty and expense of realising the revenue must be indefinitely increased, and that *tahsildari* establishments will soon have to be employed in the interior of districts, in order to obviate the inconvenience and confusion that must arise from having tens of thousands of proprietors congregated at district head-quarters in one place in one or two days when the kists fall due, to make payments of revenue under the sunset law.

"One of the great advantages of the Permanent Settlement is that under it the revenue is held to be absolutely secure, that it is realised without difficulty and at a comparatively trifling expense. But if estates are to become as small as ordinary tenants' holdings, if the cost of realising the revenue and of the administration generally is thereby to be increased, and the revenue itself is rendered insecure, the Permanent Settlement will then have all the disadvantages attendant on *raiyatwari* temporary settlements without any of the advantages from the general tax-payer's point of view resulting from such settlements.

"The Permanent Settlement would thus become an intolerable burden on the tax-payers of other parts of India, and be open to attacks to which it has not hitherto been exposed.

"I would ask Hon'ble Members who oppose the imposition of a limit on the partibility of revenue, to look at the matter from this point of view, and I would hope that if they do, they will see that this measure is a really conservative one, calculated in the long run to benefit the proprietors and secure the revenue from danger at the same time

"The second argument advanced in favour of the imposition of a limit on the subdivision of revenue was that the creation of petty estates or mahals is bad for the proprietors themselves. The overwhelmning weight of official opinion is in favour of this view, but it cannot be denied that the Landowners' Association are generally opposed to any restrictions on partitions such as are proposed.

"It is said by them and some others that whatever the evils attendant on the creation of petty proprietors may be, they are not got rid of by refusing partition of revenue. These proprietors, it is said, exist whether we recognise them as owners of separate estates or not; but surely it is one thing to have a number of proprietors jointly owning and managing a comparatively large estate as one entity, with their tenants liable to pay rent to all the co-sharers in common at one place, and another to have the co sharers owning a number of

smaller petty estates separately, managing them separately, and with the tenants liable to pay rent at several places to each of them individually. But it is said, if the infinite subdivisions of estates is bad for proprietors, why do they not themselves admit the evil and apply for a remedy? Further, my hon'ble friends say tenants are better off on small than on large estates. My answer is that proprietors admit the evil, but seek not the remedy provided in the Bill, but a law of Entail.

"On these points I may be permitted to quote the leading newspaper which represents the views of the most important proprietary Association in India, namely, the British Indian Association. The Editor of that paper, in a leading article, wrote on the 9th of May last as follows:—

'The large proprietor having a large surplus in hand year after year devotes a portion of it to founding schools and hospitals and to other objects of public utility, while at the same time keeping up the traditions of his house. Whereas the proprietor of a small estate would find it difficult to make both ends meet and would be absolutely powerless to help his tenants in times of need. Indeed, it is quite self-evident that the tenants on a large estate are sure to be better off than those on a small estate.

* * * * * * *

'The Permanent Settlement has created a body of large landed proprietors in this Province. The law of partition has broken up many of these large estates into very small ones, but thank God! we still have a few large landed proprietors left amongst us. Now it is the resources of these large proprietors which have chiefly brought the waste lands into cultivation and which have covered the land with irrigation canals. It is a matter of common experience that the raiyats on large estates are generally better cared for than those on small estates, and every one who has any experience of Bengal raiyats will bear us out when we say that among the tenantry of large estates there is often noticeable a strong feeling of personal attachment to the proprietor which is almost conspicuous by its absence among the tenants of small estates. Of course a great deal depends upon the personal character of the zamindar, but as a rule the large proprietor usually has both the means and the will to be generous to his tenants. Looked at from this point of view, the law of partition can scarcely be regarded as an unalloyed blessing. It has certainly led to the ruin of many eminent and wealthy houses by minute subdivision of property. This result cannot be too much deplored, and as a remedy for this evil, we have been crying ourselves hoarse for the past quarter of a century for a law of entail.'

"I cannot give a more complete answer to these questions than is given in the extract just quoted by the proprietors' own newspaper organ.

"The third argument advanced in favour of imposing restrictions on partition is that these proceedings are made use of for the purpose of illegally and improperly enhancing raiyats' rents, and that they imposed on the raiyats behind their backs, and without their consent, liabilities to pay rent to different persons in different places without their being even told what their new liabilities are, how much they will have to pay to each of their new landlords, or where or to whom they will have to pay it. This is obviously so inconsistent with the most elementary principles of justice that it is difficult to see how any one can support the present system in this respect. That partition proceedings are made use of for the purpose of bringing about illegal and inequitable enhancements of rent was proved conclusively by the evidence circulated with the Bill, and has not in fact been denied by anybody. On the contrary, the volume and weight of that evidence, which I need not now refer to in detail, has been largely added to by the reports received. A reference to these reports, which have been circulated, will show how cogent and overwhelmning the evidence on this point is. But it is said by hon'ble gentlemen the raiyats are not bound by anything entered in the partition papers; that they ought not to have been so foolish as to agree to submit to arbitrary enhancements; and therefore that there is no need to alter the law on this account.

"I would submit in reply that as practical men, we must legislate not for what *ought to be*, but for what *is*. If we find a crying evil in existence, we are bound to endeavour to apply a remedy to it even though there ought to be no such evil in existence. This is all we propose to do, and our remedy involves no sort of injustice or hardship to the proprietors concerned.

"Here, again, it is said the raiyats have not themselves complained of the abuses attendant on the present system. Why then interfere? It is true that the raiyats do not make known their grievances by public meetings and petitions. They suffer injustice in silence, but the grievances are there all the same, and there is irrefragible evidence of their existence in the papers that have been circulated.

"I hold in my hand a petition of one Kailash Chandra Deb and 88 other raiyats of mauza Jattra Siddhi in Mymensingh, praying that a survey be made and a record-of-rights prepared of estate No. 4735 in that district, on the ground that a partition has recently been made by the Collector; that their lands have fallen on different *pattis* or shares; that various disputes have arisen with the landlords in consequence of the partition concerning the boundaries, possession and rent of their lands. In order to prevent a breach of the peace and to determine the amount of the rent payable in the *sheritas* of the different maliks, they ask that a survey be made and record-of-rights be prepared, and they agree to deposit the necessary expenses. Their application was acceded to, and the necessary notification has been, or soon will be, published in the Gazette. This is a sample of the way in which the raiyats make known their difficulties and of the inconvenience and trouble to which they are sometimes subjected by these proceedings, and this, be it observed, has occurred not in Bihar, but in the Dacca Division. Is it right that they should be subjected to these things by proceedings which, according to some Hon'ble Members, in no way affect them?

"My hon'ble friend Rai Eshan Chundra Mittra Bahadur asks what necessity there is for increasing the limit or bringing the raiyats into the proceedings at all. I have shown the necessity. The Hon'ble Member also says section 93 of the Tenancy Act gives no protection to a co-sharer landlord, because it comes into operation only when there are disputes, but he forgets that it also can be had recourse to in cases of injury to private rights. He has also overlooked the fact that this Bill does not debar any co-sharer from obtaining a partition of the land and separate possession of his share of the land, but only from obtaining a separate apportionment of his share of the revenue. Then the Hon'ble Member says the parties pay the cost of partition, why should they not be allowed to have as much subdivision of revenue as they please. It is true they pay the cost of the partition proceedings, but they do not pay the permanent increase in the cost of administration entailed by subdivision of revenue and of estates. My hon'ble friend, Babu Guru Proshad Sen, says that, as long as separation of accounts is allowed, the refusal to allow partition of revenue will not materially lighten the Collector's work. This is no doubt true to a certain extent, but then that is not an argument against this Bill, but against the system of separation of accounts which is not under consideration. The Hon'ble Member has drawn attention to a technical difficulty in connection with section 295 of the Civil Procedure Code. That difficulty has been considered and will be met.

"I have now touched as briefly as I could on the arguments advanced against the principles of the Bill. To answer every objection in detail would entail my trespassing at intolerable length on the time of the Council, but I hope enough has been said to show that the principles of the Bill are not so bad as to justify a refusal to refer it to the Select Committee.

"I agree with Mr. Dampier who has been quoted by my hon'ble friend that it is a pleasant thing to sail with the fair wind of popular opinion, but I hope that the breeze of popular favour will be with, and not against, us on the present occasion."

The Hon'ble THE PRESIDENT said:—"I do not think it necessary that I should review the debate at any length. It has been an extremely interesting discussion, and as the Hon'ble Mr. Finucane has observed, it has been characterised by moderation and has been well conducted, and I also think the Hon'ble Mr. Finucane's reply to the objections which have been raised has been full and complete. I have no doubt whatever myself of the right of the Government to impose a limit upon the partition of estates. The generation in which the permanent settlement was passed may fairly be supposed to have had a very good idea of what its intention and scope were, and we find that in that generation a limit was proposed which is far beyond anything which has ever been suggested since. Even in the Bill, which became the present law, the principle of a limit stands in the forefront, though, no doubt, the limit there imposed is a small one. The question of redemption does not in the least affect that principle. Redemption is a matter entirely for the Executive Government, and the Government of India very properly objected to its being provided by an enactment of this Council. Personally I myself have not the least objection to

revert to the provisions of the permanent settlement, and to enact that no partition shall be effected unless the whole of the proprietors concur in applying for it, or unless there have been an absolute transfer or sale of either the whole or some portion of the estate. But I have no doubt that Hon'ble Members who have spoken in opposition to the principle of our Bill will be the first to object to a limitation of that description. I have authorised the Hon'ble Mr. Finucane to tell you that the Government considers the limitation proposed in the Bill, which, as far as I am concerned, is an inherited measure, to be far too high. I specially object to the very high limit, because there is such a wide divorcement between the assets of estates in Bengal and the Government revenue. If we are to take a limitation of Rs. 100, we shall prevent many estates from being divided, and the shareholders from enjoying the benefits of partition, where there would be no risk to the Government revenue and no risk of any mischief to the tenants. I believe that the limitation of Rs. 20 previously proposed in this Council is a very practical working limit which I for one will be perfectly willing to stand by.

"I am not convinced that section 95 need make such elaborate provisions for measurement and a record of rights as it now does. What you want is to ascertain the true assets of an estate; then to see that the assets are properly distributed, and that those who will be affected by the distribution are made aware of their liabilities. I have no doubt that in Select Committee very material modifications will be made in this Chapter of the Bill, but I trust that the main object of the Bill, to simplify and cheapen the procedure, will be maintained.

"I have failed to follow the Hon'ble Rai Eshan Chundra Mittra Bahadur in his remarks about *res judicata*. I can find nothing which makes proceedings in Partition *res judicata*. I do not think it was ever intended to enact that the Deputy Collector should have power absolutely to settle all civil rights. That must be carefully left to the decision of the Civil Courts. The Chapter will in any case have to be recast to coincide with the amendments which we propose to make in Chapter X of the Tenancy Act.

"I do not think there is any other point upon which I need comment. I shall only express the hope that the Select Committee will carefully consider the very valuable opinions which have been received both from officials and from non-official bodies, and that when the Bill comes from their hands, it will be improved, and turn out to be a generally satisfactory measure."

The Motion was put and agreed to.

MURRAY TRUST BILL.

The Hon'ble MR. FINNUCANE also introduced the Bill to enlarge the scope of the Charitable Trust created by the Will of the late Mrs. Sally Murray, and moved that it be read in Council.

The Motion was put and agreed to.

The Bill was read accordingly.

CHUTIA NAGPUR TENANCY BILL.

The Hon'ble Mr. Grimley moved for leave to introduce a Bill to regulate the enhancement of rents, the commutation of prædial conditions or services, and the registration and resumption of intermediate tenures in parts of Chutia Nagpur. He said:—

"In asking leave to introduce a Bill for the commutation of prædial services in Chota Nagpur, it seems desirable that I should explain the necessity for the measure. For some years past there have been agrarian disputes in Chota Nagpur, more especially in the Lohardaga district, between landlords and tenants, regarding rights to land and the conditions attaching thereto, which have from time to time caused much anxiety to the district

authorities and seriously interfered with the good government of the country. One of the chief causes of these disputes is the peculiar system of *bethbegari*, or labour rents, by which the tenant is bound to perform a certain amount of work for his landlord, such as tilling lands, building houses and carrying luggage on a journey without receiving wages; another is the numerous list of *rakumats* or cesses, uncertain in their incidence, which are payable sometimes in money, sometimes in kind, in addition to the regular rental. The last occasion on which there was any serious agitation was from 1887 to 1889, when the raiyats complained of the exaction by the zamindars of service and *rakumats* in excess of what was customary and proper, and began in some instances to put forward unreasonable claims to hold their lands irrespective of the zamindar, subject only to a quit-rent to be paid to Government. The present Bill is the outcome of the measures taken for repressing that agitation, and of the discussions which followed between the Commissioner of Chota Nagpur and this Government and the Government of India. The existing law [Act I (B.C.) of 1879] permits the landlord or tenant to apply for commutation of conditions or services to which the tenant is liable, but the provision is seldom used, the landlord preferring to take what service he can enforce by the rule of might, and the tenant sometimes refusing to render any service at all. In the Bill the provisions regarding voluntary commutation are retained, but power is taken to Government to direct that a record of conditions or services shall be prepared, and a commutation of them into money rents made by a Revenue Officer, whenever such a course may seem expedient, or, in other words, when found necessary for the preservation of the peace of the country. The Bill also provides for the registration of tenures and for the resumption of such tenures as are held conditionally on the survival of male heirs of the original grantee. Simultaneously with the passing of this Bill it is proposed to extend the Bengal Tenancy Act with certain modifications to the districts of Chota Nagpur, as it will be likely to effect a distinct improvement in the settlement of questions at issue between landlord and tenant.

"I have no desire to trespass on the time of this Council, but as some Hon'ble Members may not be familiar with the conditions of life and lands holding in Chota Nagpur, I propose to take a retrospect of the origin and history of the long series of disputes which culminated in the agitation which gave rise to the present Bill. Excluding the Native States, Chota Nagpur covers an area of 27,000 square miles, and consists of the districts of Lohardaga, Hazaribagh, Manbhum, Singhbhum and Palamau. The Bill affects all these districts except Manbhum, while the Bengal Tenancy Act will be generally applicable. Chota Nagpur is far behind the rest of Bengal in point of civilisation, and, though brought a little nearer in recent times, has always occupied an isolated position.

'Its most striking features are its pleasant climate, the extensive plateaux rising in terraces one above another, the ranges of hills intermingled with plains and valleys, the vast forests, and what is more to our present purpose, the peculiar nature of the land tenures, the primitive inhabitants with their superstitions, their belief in demons and witch-craft, and their curious history and traditions. The country is undulating and in some parts extremely fertile, though requiring the expenditure of much labour to bring it into cultivation.

"Among the aboriginal races who have made a home in these remote plateaux are the Mundas and Uraons, both commonly described as Kols, though belonging to a different stock and speaking a different language; for, strictly speaking, the Uraons are of Dravidian origin, while the Mundas are Kolarians, to use the term invented by Sir George Campbell Both, however, have the same kind of festivals and the same form of public worship, though they do not inter-marry, and at one time they had also the same form of government. From the traditions handed down, it appears that some eight or ten centuries ago, being driven out of Bihar, they sought refuge in the central table-land of Chota Nagpur, then known as the 'Jharkhand' or forest tract, which was well adapted for defence, the approaches to it being precipitious paths, narrow defiles, or the beds of rivers that have their source on the plateaux. This central portion is chiefly what is now known as the district of

Lohardaga and parts of Hazaribagh, and is Chota Nagpur Proper, as distinct from the rest of the Division.

"When the Mundaries first found an asylum there, it was covered with beautiful *sal* forests, but in process of time they cleared the jungle and securely established themselves as the first settlers, and under a system of village communes lived in a state of primitive contentment and simplicity, without being subject to any Raja or landlord of any description, and mostly freed from the unpleasant obligation of paying rents. Each village was presided over by a headman or Munda, and a collection of 12 villages, called a *parha*, by a Manki, who was chosen from among the village Mundas. These Chiefs had no superior proprietary rights in the soil to the rest of the villagers; but in common with other persons in authority, to whom the administration of the village affairs was entrusted, received service lands as remuneration. These colonists, when they first came, seem to have acted on Manu's principle: 'the cultivated land is the property of him who cut away the wood or who cleared and tilled it,' and therefore they all claimed equal rights in the soil, but made provision for the support of the heads of the villages and the Manki. The service lands allotted to the Munda and Manki were called Mundai and Mardana, respectively. These Mankis or Parha Chiefs in course of time developed into titular Rajas. Owing to causes which I shall explain on another occasion, this system has been broken up in many parts of the province; but in the Kolhan of Singhbhum and certain five parganas of the Lohardaga district, the village commune still obtains in a modified form. Some lands were also assigned for the support of the priest called pahanai, and others termed bhut-khetta, or devil's acre, were set apart for the propitiation of the local deities, who require a large share of attention. Every village has its sacred grove, wherein the tutelary deity is supposed to sojourn, and being particularly responsible for the crops, he is especially honoured at the great agricultural feasts. They are, indeed, rich in sylvan gods, naiads and dryads, who are regarded as presiding over pools, rivers, rocks and mountains, and there is hardly a family that cannot boast of a ghost or ancestral shade in proof of its high antiquity. These shades serve a useful purpose as, when any misfortune or calamitous visitation arises, they are made to bear the blame. There was an official in every village—a Baiga—whose duty it was, in Psalmist's phrase, 'to keep the village' and to propitiate the invisible spirits in order to ward off blights, droughts, diseases, and other calamities. The office remains to the present day not only in Chota Nagpur Proper, but in the Native States, and on any visitation of pestilence or famine, he has an uncommonly bad time of it, worse than that of the Calcutta Health Officer, and sometimes an iron scourge is kept in the rustic temple at the entrance of the village with which he is supposed to castigate himself when things are at the worst. He sometimes omits this part of his duty, and tries to shift the blame on to other shoulders. I have, indeed, known him by the aid of a Special Committee of Diviners to be successful in fixing the responsibility on to a witch who was scourged instead with lamentable results.

"But to return to the main subject. At some period in their history the Kols came under subjection to the Nagbansi family, the Raja of Chota Nagpur, whom they agreed to serve and support. It is not quite clear how the Nagbansi family came on the scene, and it is too long a story to examine closely the different theories that have been set up to account for this. According to one tradition the progenitor of the race was sprung from the union of a snake with the daughter of a Benares Brahmin, and was selected by the people to become their Raja because of his supernatural or miraculous origin. Another theory is that he was a superior Manki who, by his intelligence, tact and prowess, had raised himself above the rest, and that when the Kols, like the children of Israel, desired a King to rule over them, the lot fell upon the chief of the Nagbansi family. Whichever of these theories may be correct, it is clear that they accepted him as their Raja, and gave him lands from every village for his maintenance. The people in each village were divided into two classes—the more privileged called 'Bhuinhars,' breakers of the soil, held their lands rent-free and had to render honorary service, such as attendance at darbars and marriages, and, like Norval, following to the field their warlike lord. The inferior class supplied food and

raiment; but this obligation was eventually commuted to a money payment, and the cultivated lands they held were termed rajas or rent-paying, in contradistinction to the Bhuinhari tenures which were held rent-free. The Raja was also allowed to hold in each village a certain amount of land termed 'majhihas,' or the headman's share, which was held for his benefit or that of the person who looked after his interest, and the persons who cultivated it received assignments of land in return for their services, called *bethkheta*, which they were allowed to hold rent-free. Thus a system grew up hardly distinguishable from the feudal system in Europe in the middle ages, and under it the raiyats were fairly well content and happy, and in this condition of Arcadian simplicity, I propose to leave them until our next meeting, when I will explain the causes of their transition, amid much tribulation, to the state which gave rise to the Bill which I now ask leave to introduce."

The Motion was put and agreed to.

The Council adjourned to Saturday, the 16th January, 1897.

CALCUTTA;
The 18th January, 1897.

F. G. WIGLEY,
Offg. Asst. Secy. to the Govt. of Bengal,
Legislative Dept.

Abstract of the Proceedings of the Council of the Lieutenant-Governor of Bengal, assembled for the purpose of making Laws and Regulations under the provisions of the Indian Councils Acts, 1861 and 1892.

THE Council met at the Council Chamber on Saturday, the 16th January, 1897.

Present:

The Hon'ble W. H. GRIMLEY, *presiding.*
The Hon'ble H. H. RISLEY, C.I.E.
The Hon'ble RAI DURGA GATI BANERJEA BAHADUR, C.I.E.
The Hon'ble NAWAB SYUD AMEER HOSSEIN, C.I.E.
The Hon'ble C. E. BUCKLAND, C.I.E.
The Hon'ble M. FINUCANE.
The Hon'ble C. W. BOLTON.
The Hon'ble C. A. WILKINS.
The Hon'ble SURENDRANATH BANERJEE.
The Hon'ble A. M. BOSE.
The Hon'ble RAI ESHAN CHUNDRA MITTRA BAHADUR.
The Hon'ble GURU PROSHAD SEN.
The Hon'ble MAHARAJA BAHADUR SIR RAVANESHWAR PROSHAD SINGH, K.C.I.E., of Gidhaur.
The Hon'ble M. S. DAS.
The Hon'ble A. H. WALLIS.
The Hon'ble SAHIBZADA MAHOMED BAKHTYAR SHAH.

NEW MEMBER.

The Hon'ble SAHIBZADA MAHOMED BAKHTYAR SHAH took his seat in Council.

THE PRESIDENT'S OPENING STATEMENT.

THE Hon'ble the President, in taking his seat, said: "I regret to have to inform the Council that His Honour the Lieutenant-Governor is unable to attend to-day owing to indisposition, and as the Hon'ble the Advocate-General is absent from Calcutta, it devolves upon me as the official Member next in rank to preside on this occasion."

TRAFFIC IN GIRLS IN DACCA AND NARAINGUNGE.

The Hon'ble BABU SURENDRANATH BANERJEE asked—

Has the attention of the Government been drawn to a complaint made by the *East* newspaper regarding the traffic in girls who are often minors, carried on at Dacca and Naraingunge? Whether it is true that in one case a girl named Sashi Mukhi, aged about 8 or 9 years, was brought down from Garifa near Hooghly, and the girl even in that tender age was compelled to carry on her nefarious calling, against which she protested; and whether in another case in which the victim was a girl named Basanta, aged about 12 or 13 years, criminal proceedings having been instituted, the Deputy Magistrate who tried the case remarked:—

"On account of the public notoriety of the town of Dacca as regards the traffic of minor girls and the attempt of the Sub-Inspector, Giraja Kanta Pal, to suppress it, that this case has no doubt arisen."

And again:—

"The evidence collected here is of Benodine, another girl who is no doubt being maintained for purposes of prostitution. She is aged about 12 years."

Having regard to the facts disclosed above, will the Government be pleased to take requisite steps for the suppression of this traffic in girls.

The Hon'ble MR. BOLTON replied:—

"From reports which have been received from the local officers, it appears that the two cases mentioned by the Hon'ble Member occurred two and two-and-a-half years ago, respectively. The girl Sashi Mukhi was, it is true, brought down from Garifa for immoral purposes. Her age appears to have been about 11 years. The extracts from the judgment of the Deputy Magistrate in the second case have been correctly quoted by the Hon'ble Member.

"During a period of two years, August, 1894 to September, 1896, six cases, three in the town of Dacca and three in Narainganj, were brought to trial under sections 372 and 373 of the Indian Penal Code. Convictions were obtained in five cases, but on appeal the order of the Lower Court was confirmed in only one case, and was modified in another, and set aside in two cases. Satisfactory evidence is not generally procurable in these cases, and it is difficult for the Police to deal successfully with them. The local officers report that the evil has shown no tendency to increase in recent years, and the Lieutenant-Governor does not consider that any special measures on the part of the Government are needed. Any cases reported will be carefully investigated as hitherto, and guilty parties will be prosecuted whenever evidence is obtained."

REDUCTION OF EDUCATIONAL EXPENDITURE.

The Hon'ble BABU SURENDRANATH BANERJEE asked—

(*a*) Whether the attention of the Government has been drawn to a letter, No. 819L. S.-G., dated Calcutta the 16th November, 1896, written by Mr. Westmacott, Commissioner of the Presidency Division, addressed to the Magistrate and Chairman of the District Board, Nadia, asking him to reduce the educational expenditure by Rs. 3,179, and to spend this amount upon medical relief and other minor charges for the current year (these charges being hitherto met from other sources of the Board's income), and to give notice to the Secretaries of the middle English and middle vernacular schools that their grants would be stopped from April next?

(*b*) Whether the attention of the Government has been drawn to a subsequent letter of the same Commissioner, addressed to the same officer, asking the Nadia District Board to increase the primary education grant from next year to Rs. 20,000 and reduce the secondary school grant, with a view to meet the cost for dispensaries and other medical charges out of the proceeds of pounds and ferries, and to give a similar notice to the Secretaries of the secondary schools within the district of Nadia?

(*c*) Does the Government approve of this proposed reduction of secondary school grants and the consequent abolition and ruin of several secondary schools founded by the people and maintained by Government and the people for nearly a quarter of a century or more? Will the Government be pleased to direct the withdrawal of these orders passed by Mr. Westmacott, and which, if enforced, would prove disastrous to the interests of education in the Nadia district?

(*d*) Is the Government aware that Mr. Macaulay, the then Chief Secretary, in his letter No. 1451, Municipal Department, dated the 5th May, 1888, popularly called "The Model Educational Budget," fixed the educational expenditure of the Board, and asked the Board to spend at least Rs. 10,008 upon secondary and about Rs. 13,000 upon primary education, and placed in the hands of the Board the proceeds of all pounds and some ferries with a view to meet the educational expenditure, taking all minor educational charges into his consideration?

(*e*) Is the Government further aware that Mr. Cotton, the then Secretary to the Government of Bengal in the Municipal Department, in his letter No. L $\frac{B}{9}$ 2, dated Calcutta, December, 1888, in order to show the equilibrium between the receipts and charges of the Board for educational purposes, did not consider medical charge as a charge to be met from the income from pounds and ferries, but laid down that the charge for secondary and primary education and some other minor charges should be met from those proceeds, the receipts being Rs. 33,186 and the charges for education and pounds and some other minor matters being Rs. 33,163, leaving a balance of Rs. 23 only?

(*f*) Does the Government approve of the principle as laid down in the above two letters? Does the Government approve of the action of Mr. Westmacott in throwing an additional burden of medical charges upon the proceeds of pounds and ferries, and in asking the Board to reduce its educational expenditure and the grants for secondary education?

The Hon'ble MR. RISLEY replied:—

"A representation was received from the Nadia Branch of the Indian Association, protesting against the action of the Nadia District Board in reducing their expenditure on secondary education in order to provide for distress medical relief during the current year. In accordance with standing orders this was returned to the Association for submission through the District Board and has not yet reached Government. The Lieutenant-Governor approves of the principle that the claims of primary education to support from public funds should generally take precedence over those of secondary education, but no hard-and-fast rule can be laid down as to the application of this principle to individual cases. When the facts of the present case are reported, the Lieutenant-Governor will consider whether the orders passed by the Commissioner involve a serious loss of efficiency or conflict with any understanding implied in the transfer of charges to District Boards, which was carried out in 1888. By Mr. Macaulay's letter of the 5th May, 1888, the improvable income of the pounds and certain ferries was made over to the District Board of Nadia to meet expenditure on education, pound, ferries and medical purposes. No mention was made of medical charges in Mr. Cotton's letter of 4th January, 1889, because no medical expenditure was then incurred by the Board."

DIVERSITY OF WEIGHTS AND MEASURES IN BIHAR.

The Hon'ble MAHARAJA BAHADUR SIR RAVANESHWAR PROSHAD SINGH OF GIDHAUR asked—

Is the Government aware that a great diversity of weights and measures prevails in the districts of Bihar as well as of Bengal to the great inconvenience of the public? If so, is the Government prepared to take steps to secure the uniformity of weights and measures in the country?

The Hon'ble MR. RISLEY replied:—

"The Lieutenant-Governor is aware of the great diversity of the weights and measures used in the mufassal districts of Bihar and Bengal. The difficulty, however, of introducing uniform standards and enforcing their use is extreme, and it is for this reason that no action under Act XXXI of 1871, the Indian Weights and Measures of Capacity Act, has hitherto been taken by the Government of India. The Lieutenant-Governor is not prepared to move the Government of India to put the Act in force."

DELAY IN THE DELIVERY OF JUDGMENTS BY SUBORDINATE MAGISTRATES.

The Hon'ble MAHARAJA BAHADUR SIR RAVANESHWAR PROSHAD SINGH OF GIDHAUR asked—

Is the Government aware that a great inconvenience is very often caused to the public by the Subordinate Magistrates reserving judgments for

long periods, litigants being made to attend the Courts from day to day, and that such inconvenience may be avoided if the Government would, by a rule, fix a time by which judgments should be delivered after the hearing of the case?

The Hon'ble MR. BOLTON replied:—

"Complaints have not been made to the Government of inconvenience caused to parties by undue delay in the delivery of judgments by subordinate Magistrates; but the Lieutenant-Governor considers it desirable that the attention of the Magistrates should be drawn to this matter, and a Circular will accordingly be issued, with the view of ensuring that judgment shall be delivered in criminal cases without unnecessary delay."

MURRAY TRUST BILL.

The Hon'ble Mr. Finucane moved that the Bill to enlarge the scope of the Charitable Trust created by the Will of the late Mrs. Sally Murray be referred to a Select Committee consisting of the Hon'ble Sir Charles Paul, the Hon'ble Nawab Syud Ameer Hossein, the Hon'ble Mr. Wilkins, the Hon'ble Mr. Wallis and the Mover.

The Motion was put and agreed to.

PUBLIC DEMANDS RECOVERY ACT, 1895, AMENDMENT BILL.

The Hon'ble Mr. Finucane also moved that the Hon'ble Rai Eshan Chundra Mittra Bahadur be added to the Select Committee on the Bill to amend the Public Demands Recovery Act, 1895.

The Motion was put and agreed to.

ESTATE'S PARTITION BILL.

The Hon'ble Mr. Finucane also moved that the Hon'ble Rai Eshan Chundra Mittra Bahadur be added to the Select Committee on the Bill to amend the law relating to the Partition of Estates.

The Motion was put and agreed to.

CHUTIA NAGPUR TENANCY BILL.

The Hon'ble Mr. Grimley introduced the Bill to regulate the enhancement of rents, the commutation of predial conditions or services, and the registration and resumption of intermediate tenures, in parts of Chutia Nagpur, and moved that it be read in Council. He said:—

"IT will be in the recollection of the Council that when I last had the honour of addressing them on the subject of the Chutia Nagpur Bill, I left the Kols in a condition of pastoral freedom and independence. But this pleasing state of things only lasted for a time, for gradually the Raja's family came under the influence of Brahminism, and, as their power increased, they began to look down on the Kols, to treat them with degradation, to deprive them of their rights, and eventually reduced them almost to a state of serfdom. Their descent may be traced through the following stages: encroachment on their rights by the Raja, who distributed whole parganas and villages among Kunwars, Thakurs, Lallas and other members of his family as maintenance grants; their revolt and final subjugation with loss of lands and diminution of rights through the instrumentality of foreign mercenaries who were retained in the Raja's employ and received jagirs of land in return for their services; the introduction of Brahmins into the country to carry out innovations desired by the Raja, and later on of a lower order of persons, Musalman and Sikh horse-

dealers, shawl and silk merchants, and other adventurers, to whose influence, owing to pecuniary difficulties, the Nagbansi Chiefs became subservient, and to whom they granted farms of land for goods supplied or loans advanced. The oppression of these middlemen gradually broke down the authority of the village Chiefs in many parts of the country and ended in their disestablishment, and eventually drove the Kols into rebellion in 1831, the upshot of which was unfavourable to them and was accompanied by a great disturbance of peasant proprietary rights. Many of the Kols were compelled to leave their country, but after a time they returned to claim their lands. The jagirdars, however, objected to their re-entry, and disputes and contests were renewed and continued for many years.

"Meanwhile the Christian Mission was established in Chota Nagpur in 1845. The Missionaries took the Kols by the hand, and their teachings fostered a spirit of independence among them, developed their crude traditions regarding their rights in olden days, when each person was in a manner the proprietor of the soil which he cultivated, and encouraged aspirations which were not likely ever to be realised. The result was a great accession to the ranks of nominal Christians. In the Mutiny the Christian Kols suffered persecution, and conflicts arose, which had to be put down by a military force. This was followed by operations intended to secure the measurement and registration of tenures and matters quieted down for a time, and the disputes were not revived until 1867, when a monster petition was presented to Government by Native Christians complaining of systematic oppression on the part of their landlords. The disputes related to encroachments on both sides, to the absorption by zamindars of bhuinhari and bethketa lands into the rajhas or majhihas lands, and to the exaction of services in excess of the customary modes. This led to the passing of the Chota Nagpur Tenures Act, II (B.C) of 1869, and the appointment of the Bhuinhari Commissioners to define and record tenures and to register all rights, privileges, immunities, and liabilities affecting the holders. The Act also provided for the restoration of land, of which the owners might have been dispossessed within the twenty years preceding the date of the passing of the Act. These operations, though unquestionably beneficial as far as they went to all concerned, fell short of securing perfect harmony and peace, owing to the exclusion from the enquiry of rajhas lands and of certain descriptions of tenures called korkar and khuntkati, in which the holders claimed rights of occupancy; and, in the second place, neither it, nor the rent law which was passed some ten years later, rendered the commutation of predial services into money payments compulsory.

"Finding no claims would be heard by the Special Commissioners, unless the same had reference to bhuinhari lands, the rajhas lands were claimed by the tenants in a wholesale way as bhuinhari, and the result was much disappointment and an increase of bitterness and strife between them and their landlords. The customary service, which the landlord was entitled to receive in respect of the cultivation of his manjhihas or khas lands, was three days' ploughing, three days' digging, three days' sowing, and three days' cutting, with one or two days for threshing and storing grain; the raiyats had also to bring grass and bamboos for thatching his house, and when on a journey to carry his bangheos; this constituted the recognized *bethbegari*, which was to be commuted under the law where practicable; but, as already remarked, the law did not provide for the compulsory commutation of these services, and the complaint now is that they are levied in respect of lands not subject to them and from persons who are not liable to render them, and that the zamindar is no longer content with the customary rate, but takes as much as he is able to enforce. This is a burning question, one of the chief grievances of the Kols, and the problem to be solved is how to deliver them from the burden of *bethbegari*, without inflicting injustice on the land-holding classes. The Kols are by nature singularly tenacious of purpose, and under the spirit of independence, inculcated by the teachings of Christianity, have been most persistent in asserting their claims. They are well versed in the old traditions of their race, and seem to have dwelt so much on the story of their past wrongs that they have worked themselves into the belief in the possibility of reverting to the old order of things, and of going back to the time when their forefathers lived in a state of primitive simplicity under a village commune; for, in 1887, we find

them seriously asserting a claim to hold the land as proprietor, without the intervention of Rajas, zamindars, or middle-men of any kind.

"There are three Christian Committees working side by side in Chota Nagpur, namely, the Anglican, German Lutheran, and Roman Catholic Missions, and the history of the agitation that has been going on among the Kols intermittently since 1867, when the Memorial from some 14,000 Native Christians was presented to Government, affords ground for the belief that many persons conceived the idea that, by embracing Christianity, they would be entitled to the support not only of their spiritual pastors, but also of Europeans generally in the settlement of their grievances and vindication of their rights. It was matter too for observation that those who became Christians escaped the obligation of making contributions for the propitiation of the local dieties. Between 1867 and 1885 various petitions were made to Government by the Kols, setting forth claims in respect of the tenure of land more or less extravagant and unreasonable. The most important was a Memorial from the Missionaries of the German Lutheran Church, stating the grievances under which the Christian Kols were labouring in connection with the operations under the Chota Nagpur Tenures Act. These Memorials were considered by Government, and eventually the matter was laid before the Secretary of State, who in 1882 issued orders declaring that the results of the proceedings under that Act should be considered final. The agitators, however, did not choose to remain quiet, but still went on memorialising, being encouraged in their action by certain legal advisers, who found it to their interest to excite the people to raise subscriptions for the prosecutions of their claims. A few years ago a party calling themselves the 'Children of Israel,' and headed by 'John the Baptist,' banded together and set up a 'Raj' at a place which was a former seat of the Raja of Chota Nagpur. This absurd movement gave some trouble to the district authorities, but was promptly and firmly checked.

"The action taken by a prominent leader of the agitation at one time would have been intensely ludicrous but for its serious aspect. He wrote to the Deputy Commissioner informing him that he and others intended going to England to lay the Kol grievances before the Queen, and he solemnly desired that officer to issue a parwana to Her Majesty to supply tents and *rasad* for his party during their stay in England. Having brought down events to 1887, I propose to resume the story on a future occasion, but will now merely introduce the Bill which has been prepared with the object of settling these disputes which I have described and ask that it may be read in Council."

The Motion was put and agreed to.

The Bill was read accordingly.

The Council adjourned to Saturday, the 6th February, 1897.

CALCUTTA;
The 19th January, 1897.

F. G. WIGLEY,
Offg. Asst. Secretary to the Govt. of Bengal,
Legislative Department.

PURCHASE OF STORES FOR PUBLIC WORKS.

No. 261A.

GOVERNMENT OF BENGAL—PUBLIC WORKS DEPARTMENT.

ACCOUNTS.

Dated Calcutta, the 18th January 1897.

RESOLUTION.

READ—

(1) Letter from the Government of Bengal, Public Works Department, No. 5462A., dated 2nd November 1896, submitting to the Government of India, Public Works Department, the statement of expenditure on stores in the General and Irrigation Branches of the Public Works Department in Bengal for the year 1895-96.

(2) Letter from the Government of India, Finance and Commerce Department, No. 1426S.R, dated 25th March 1895, pointing out that, as it is understood, several of the principal engineering firms in India now possess the apparatus necessary for the proper testing both of the raw material and of the finished product, the fullest use should be made, subject to the prescribed precautions, of the liberty to procure supplies in India.

(3) Resolution on the operations of the Public Works Department, Bengal, in 1894-95, in respect of purchases of stores in England and locally.

REMARKS.—The following information is published, showing the operations of the Public Works Department of this Province in 1895-96 in respect of purchases of stores in England and locally.

2. The total cost of stores entirely obtained from England was Rs. 1,53,046, as against Rs. 1,45,966 in 1894-95. The following is a list of the principal items :—

		Rs.	
A	Pump, suction, complete	1,827	This was required for the water-supply scheme for the Buxar Central Jail. It was sent out whole, *i.e.*, rivetted together.
	Boiler for steamer ...	8,902	This was required by the Dehri Workshops Division for the canal steamer *Bunas*. It was sent out complete, and had to be only put into the steamer by those Workshops.
B	Rolled-iron joists ...	11,598	These were required for use in the additional Record-room, Opium Godown, Calcutta; Wards in Buxar Central Jail; Chest Shed, Abkari Shed, and Leaf Godown at Goolzarbagh; and Barisal Courts; for quadrennial repairs to buildings in the Eastern Sone Division and for general purposes in the 2nd Calcutta Division.
	Steel joists	39,345	These were required for the new Forms Block, Stamp and Stationery Office, and Hostel attached to the Madrassa College, Calcutta; Jahanabad Munsifi; Boys' School, Kurseong; treble Munsifi, Howrah; Dacca Madrassa; Barisal Courts; Zilla School, Purnea and Combined Post and Telegraph Office, Mymensingh; quadrennial repairs to Dhurumtala Press Buildings, and special repairs to Combined Post and Telegraph Office, Darjeeling, and for general purposes in the 2nd Calcutta Division.
	T-iron bars ...	10,895	These were obtained for use in the additional Record-room, Opium Godown, new Forms Block, Stamp and Stationery Office, and Hostel attached to the Madrassa College, Calcutta; and Barisal Courts.

		Rs.	
	T-iron ...	7,709	These were required for treble Munsifi Howrah; Jahanabad Munsifi; Dacca Madrassa; Zilla School, Purnea, and for works done in the Government Workshops at Dehri and Sibpur.
	Wrought-iron bars ...	3 432	Thes were required for use in the Hostel attached to the Calcutta Madrassa and in the Purnea Zilla School.
	Bed-plates ...	2,994	These were required for the additional Record-room, Opium Buildings, Calcutta; Forms Block, Stamp and Stationery Office; and the Hostel attached to the Madrassa College, Calcutta; Dacca Madrassa; Barisal Courts; Jahanabad Munsifi; and treble Munsifi, Howrah.
	Leather belting ...	1,614	These were required for use in the Workshops and dredgers in the Dehri Workshops Division; a good deal is also used in other Divisions.
	Candles	2,005	These were obtained for use in the Jablockhoff system of lighting in the Eden Gardens, Calcutta
	Carpet	1,577	This was required for the stairs of Government House, Calcutta.
B	Cooking stove ...	2,536	This was required for the Viceregal kitchen, Calcutta.
	Paving tiles ...	1,039	These were required for use in reconstructing servants' quarters, attached to Government House, Calcutta.
	Flange pipes ...	1,353	These were required for the water-supply scheme for the Buxar Central Jail.
	Hose with couplings, complete ...	2,199	
	Canvas	1,908	These were required for purdahs and roof covering of the canal steamers in the Dehri Workshops Division, and for repairs to sails and awnings of boats and steamers in the Orissa Circle.
	Angle-iron	4,028	These materials were brought on to stock when sent out, and were used as required on various works executed at the Government Workshops at Sibpur, Dehri, and Cuttack.
	Round „	1,011	
	Flat „	1,649	
	Chain „	2,946	This was obtained for use in the dredgers in the Dehri Workshops Division, and steamers, dredgers and ferry boats in the Orissa Circle.
	Copper tape ...	2,633	These materials were obtained for use in the various new works and repairs executed to Government buildings.
	Cement	7,129	
	Paints	32,717	

None of the articles named in group A, nor of the materials detailed under group B, could have been entirely manufactured in India, nor are they, as far as Government knows, even sent out in a rough state to be finished at workshops in this country.

3. The total cost of stores of European manufacture purchased in India on the score of urgency was Rs. 79 086, as against Rs. 38,684 in 1894-95. The principal items which make up this total are the following:—

	Rs.	
Rolled-iron joists ...	23,290	These were required for the Anatomical Block of the Medical College, Calcutta; Servants' and Military Secretary's quarters attached to Government House, Calcutta; Mail van-shed, General Post Office, Calcutta; Lying-in ward and Lady Elliott Hostel, Campbell School and Hospital, Sealdah; additions and alterations to the Custom House, Calcutta, and to ground floor, jailor's quarters, Alipore; a second storey to the Zilla School at Arrah, extension of the school building at Chapra; staircases for the extension of Indian Museum, Stamp and Stationery Office; and for repairs to the Civil Engineering College, Sibpur, and to Imperial and Provincial buildings in the 2nd Calcutta and Nadia Rivers Divisions.
White glazed wall tiles	4,725	These were urgently required for fittings in connection with the extension of the new East Block, Indian Museum, and for the construction of the Anatomical Block of the Medical College, Calcutta.
Portland cement ...	3,578	This was required for the water-supply at Kalimpong in the Darjeeling Division, and to meet the demands of other Divisions of the Department.

		Rs.	
Dynamite	...	1,780	This was urgently required for the construction and maintenance of roads in the Darjeeling Division, and chiefly for removing rock slips caused by storm damages.
T-iron bars	...	5,868	These were required for the construction of the Lying-in ward and Lady Elliott Hostel, Campbell School and Hospital, Sealdah; Mail van shed in the General Post Office, Calcutta; and for carrying out urgent orders received in the Sibpur Workshops
Cast-iron pipes	...	1,164	These were required for constructing Tiffin-room, Treasury Buildings; East Block, Indian Museum; Anatomical Block, Medical College; and additional Record-room, Opium Godown, Calcutta.
Galvanised iron pipes	...	15,612	These were required for the construction of various new works carried out in the 1st Calcutta Division, and for extending the hot and cold water-supply in Government House, Calcutta, and the supply of filtered water to the Viceregal stables and coachman's bungalow in the Barrackpore Park; Small-pox ward, Campbell Hospital, Sealdah; South Calcutta Hospital at Bhawanipore; Lying-in ward and Lady Elliott Hostel, Campbell School and Hospital, Sealdah: water-supply at Kalimpong; and repairs to Principal's quarters, Calcutta Madrassa, Intally police-station, Presidency Jail and St. James's Personage.
Angle-iron	...	4,878	These materials had to be purchased locally for the Sibpur Workshops in connection with urgent orders, which could not have been foreseen and which could not, without causing delay and inconvenience, have been kept in abeyance to allow of the articles being indented for from England.
Plate iron	...	3,658	
Round „	...	1,774	
Flat „	...	3,828	
Square „	...	1,206	
Pig „	...	1,439	
Zinc sheets	...	1,600	
Yellow sheeting	...	1,018	
Iron screws	...	1,492	
Steel plates	...	2,179	

Taking the India Office prices and adding freight and other incidental charges, the cost of these articles, if purchased in England, would have been only Rs. 75,242, so that Government paid 5·1 per cent. more through buying them in India than it would have paid in England. The corresponding loss in 1894-95 was 6·4 per cent.

4. The total cost of stores manufactured in India, partly from imported material and partly from indigenous material, and substituted for stores formerly imported, was Rs. 50,658, as against Rs. 1,17,034 in 1894-95. The principal items were as follows:—

	Rs.	
Wrought-iron built girders.	6,223	These were made at the Sibpur Workshops for the Anatomical Block, Medical College, Calcutta, from materials obtained from England.
Wrought-iron work for trusses, roof.	14,462	These were made at the Sibpur Workshops for the Boys' School, Kurseong, and the Ganja Godown and Weighment Shed, Nowgong.
Trusses	8,063	These were prepared at the Sibpur Workshops for the Boys' School, Kurseong, Mail van-shed, General Post Office, Calcutta, and Tolly's Nala Godown.
T-iron bars ...	1,767	These were required for reconstructing Military Secretary's quarters and servants' quarters, Calcutta Government House; and reconstructing Anatomical Block, Medical College, Calcutta; and Record-racks, Stamp and Stationery Office, Calcutta.
Iron rivets ...	1,548	These were needed for works made up at the Government Workshops at Sibpur from imported material worked into its finished shape in this country.
Bolts and nuts ...	1,161	
Brass tower bolts ...	1,557	These were required for the new east wing of the Indian Museum; Stamp and Stationery Office; and Madrassa Hostel, Calcutta.

	Rs	
Brass butt hinges ...	5,525	These were required for doors and windows made at the Sibpur Workshops for various buildings in the Province.
Glass panes ...	1,690	
Galvanised wire-netting	1,290	This was required for the Stamp and Stationery Godown; Opium Godown, Calcutta; and Salt Golahs, Sulkea.
Pig-iron	2,646	Used for cast-iron work done in the Sibpur Government Workshops.
Cast-iron pipes ...	1,410	These were required for the water-supply scheme for the Buxar Central Jail.
Leather-belting ...	2,296	This was for use in the Sibpur Workshops.
Buff Terracotta bricks ...	1,020	These were required for constructing the new Forms Block, Stamp and Stationery Office, Calcutta.

5. The policy prescribed by the Government of India in their Resolution No. 1426S.R. of 25th March 1895, quoted above, continues to receive the attention of the Local Government.

ORDER—Ordered, that a copy of this Resolution be published in the Supplement to the next issue of the *Calcutta Gazette*.

Ordered also that a copy of this Resolution be forwarded to the Bengal Chamber of Commerce, the Calcutta Trades' Association, and the Bengal National Chamber of Commerce.

By order of the Lieutenant-Governor of Bengal,

J. G. H. GLASS,

Secretary to the Government of Bengal.

WATER-SUPPLY.

No. 233L.S.-G.—The 16th January 1897.—The following reports of the progress made in the several districts of the Dacca, Burdwan, Bhagalpur and Rajshahi Divisions in collecting and placing on record the chief facts regarding water-supply are published for general information.

H. H. RISLEY,
Secretary to the Government of Bengal.

No. 1806G., dated Dacca, the 4th January 1897.

Memo. by—The Commissioner of the Dacca Division.

COPY of the following submitted to the Government of Bengal, Municipal Department, in continuation of this office No. 1765G., dated the 31st December 1896.

No. 962G., dated Barisal, the 31st December 1896.

From—W. N. DELEVINGNE, ESQ., Joint Magistrate in charge,
To—The Commissioner of the Dacca Division.

WITH reference to your No. 1685G. of the 16th instant, forwarding Bengal Government Circular No. 58L.S.-G. of the 12th idem, anent the progress made in collecting and placing on record the chief facts regarding water-supply, &c., I have the honour to report as follows.

2. The Local Boards were requested to prepare the registers in Forms I and II, as prescribed by Government in its Circular No. 8 T.N.C. of the 15th May 1896, on the subject of improvement of water-supply in this district. The Bhola Local Board has already prepared both the registers, and Patuakhali Local Board has prepared only Register I. Register No. II of Patuakhali subdivision and both the registers for Sadar and Pirojpur subdivisions are under preparation by the Local Boards concerned.

3. The municipalities of the district were also requested to prepare the registers in Forms I and II, as prescribed by Government in its Circular No. 7T.N.C. of the 15th May 1896, on the subject of improvement of water-supply. Replies from all municipalities have been received, but they make no reference to the preparation of the registers. They have been asked to supply the information which will be communicated hereafter. As regards improvement of existing sources of water-supply and to open new ones, their replies are summarised below.

4. The Chairman of Barisal Municipality stated that the jail tank has been re-excavated and reserved for drinking purposes during 1896; 26 notices have been issued to the owners of private tanks requiring them to improve their tanks; six tanks have been re-excavated.

5. The Chairman of the Nalchiti Municipality states the water-supply of the town is sufficient for the requirements of the population of each ward. There are two reserved tanks in the heart of the town set apart only for drinking purposes, and they have been thoroughly cleansed. In every ward there are several tanks with excellent water which have been carefully cleansed twice within the last six months by the owners on notice under section 200 of the Bengal Municipal Act.

6. In Jhalakati Municipality none of the owners of private tanks are willing to allow their tanks to be reserved for drinking purposes. The Municipal Commissioners are therefore trying to improve existing sources of water-supply by taking action under section 200 of the Municipal Act. There is only one reserved tank in the town, and the Commissioners have resolved to make another tank this year. Action has been taken for the acquisition of land necessary for the purpose.

7. The Chairman of the Pirojpur Municipality states that the Municipal Commissioners have allotted a sum of Rs. 200 in the current year's budget for the purpose, and also in the next year's budget an equal amount has been provided. They have contemplated digging new tanks or re-excavating the old existing reserved tanks within the municipality. There are four reserved tanks within the municipal area, and one of them which is close to the subdivisional office has been twice cleansed.

8. The Patuakhali Municipality sanctions Rs. 650 for the excavation of a sweet water tank in the rural area within the municipal limit. The work is not in progress. It will be taken in hand after the reopening season is over, as labourers are not easily procurable there at this season of the year.

No. 24L.S.-G., dated Chinsura, the 9th January 1897.

From—C. E. BUCKLAND, ESQ., C.I.E., Offg. Commissioner of the Burdwan Division,
To—The Secretary to the Government of Bengal, Municipal Department.

WITH reference to your letter No. 58L.S.-G., dated 12th ultimo, calling for a report of the progress made in the districts in this Division in collecting and placing on record the chief facts regarding water-supply, and the steps taken by

municipalities and District Boards respectively to improve the existing sources of water-supply and to open new ones during the past quarter of the year, I have the honour to report that on receipt of your letter No. 8T.—M., dated 15th May last, directing the preparation of registers in Forms I and II annexed to that letter, and the submission of a statement with the annual report, instructions were issued to the Magistrates in this Division to render every assistance to the District Boards in the matter, through Government establishments of all descriptions. The chaukidari panchayats and the police were also ordered to cooperate in the collection of statistics and the maintenance of the registers prescribed.

2. The information called for is, however, of so voluminous a character, and the nature of the agency by which it is to be collected is so varied, that the progress actually made has been so far very meagre. It will be seen from the following account that this remark applies particularly to Burdwan and Hooghly, where it would seem that a start has just been made, and that, in the case of the other districts, operations have to some extent advanced.

3. *Burdwan.*—The Magistrate of Burdwan reports that the district staff was so fully occupied during the past few weeks in preparing food-stock estimates, that they had little time to attend to the collection of statistics relating to water-supply. In the Kulna subdivision Form No. II, prescribed in Government order No. 8T.—M., dated 15th May, will, it is expected, be completely written up by the end of the current financial year. The statistics for 39 villages only were collected by the Subdivisional Officer of Ramganj by the middle of December last. The Subdivisional Officer of Katwa and the Chairman of the Local Board are stated both to have gone out into camp to collect the required information—a duty in which the District Board subordinates are also reported to be busily engaged.

4. A list showing the District Board wells excavated during 1896-97 is appended. The Magistrate promises to furnish full details of the progress made by the municipal authorities in the next quarterly report.

5. *Birbhum.*—In Birbhum the Suri Municipality and the District Board have opened the prescribed registers. The former has since the receipt of the Government Circular excavated two new wells in the Shehara ward, and acquired lands in the Chandni and East Khotta bazar wards for the purpose of sinking wells.

6. Out of the District Board's sanctioned budget allotment of Rs. 1,511 for water-supply for the year 1896-97, Rs. 864-10-6 have been expended under this head up to December 1896. The details of the expenditure are as follows:—

		Rs.	A.	P.
(1)	Repairs to a well at Sainthea	8	0	0
(2)	Re-excavating a tank in the reserve lines, Suri ...	100	0	0
(3)	Contribution to the sinking of a well in the premises of the Bolepore Munsifi	80	14	0
(4)	Sinking of a well at Rajnagore	170	11	6
(5)	Sinking of nine kutcha wells in the Rampur Hât subdivision for supply of water to the people ...	68	9	0
(6)	Sinking of a well at Loghta	408	8	0
(7)	Deepening four wells in Bolepore	28	0	0
	Total ...	864	10	6

The sinking of two wells, viz. one at Ahmadpur and the other at Dubrajpur, is in progress.

7. *Bankura Municipality.*—Registers in forms Nos. I and II have been duly opened. There are 29 big tanks and 93 petty excavations within the Municipality, besides 395 wells, of which 13 are public wells. The Commissioners possess no tanks of their own. The existing water-supply is said to be adequate, the two rivers Gandheswari and Dwarikeswar and almost all the public wells supplying good drinking-water. As regards water for other purposes also, the sources of supply do not appear to be insufficient, but most of the tanks require thorough re-digging. The Municipal Commissioners have therefore, under section 200 of the Municipal Act, required the owners and occupiers of eight of the important tanks to have them deepened. They have also sunk two masonry wells and are making arrangements for sinking another shortly.

Vishunpur Municipality.—The registers in Forms I and II have been opened, but are not complete in all their columns. The town is provided with six "bandhs" or large reservoirs of water, excavated by the former Rajas of Vishunpur, from which, as well as the river Birai running on the north of the town, a fairly adequate supply of water is derived. There are also minor tanks which are only resorted to for domestic purposes and not for drinking.

Sonamukhi Municipality.—The prescribed registers have been opened. The town is well provided with tanks, many (90) of which have been reexcavated or cleaned this year by the owners, to whom notices under section 200 of the Municipal Act were issued. It is, moreover, expected that some new tanks will be excavated this year. A part of the town obtains its drinking water from the river Sali which forms its northern boundary. Four tanks are reserved for drinking purposes.

8. *The Bankura District Board.*—The registers in Forms Nos. I and II have been opened. The district consists of 380 villages containing numerous houses, in regard to which information as to water-supply is required to be recorded. The panchayats of all these villages were called upon to submit lists of tanks and wells within their respective localities. Out of 380 villages, returns from 293 have been received and are being entered in the register. In the remaining cases urgent reminders have been sent to the defaulting panchayats for the speedy submission of the returns. Police officers in charge of stations and all touring officers of the district have been directed to secure the submission of these returns without loss of time, and check them as far as practicable by personal enquiries.

9. I quote below the remarks made by Mr. Manisty in submitting his report—

"I am now in camp by the worst part of the district for crop failure, and am receiving numerous applications for loans to re-excavate tanks. It is, in my opinion, highly desirable to encourage the taking of these loans, as thereby Government finds funds for private persons and gets some interest on the money, whereas otherwise it may be necessary later on for the District Board or Government or both to spend money without getting any interest, simply in order to furnish employment to persons in need of it. I notice that wherever a wealthy person lives there is usually at least one good tank in which the water never runs dry."

10. As directed by Government orders, a list of villages containing 100 houses or more has been prepared and forwarded by the Midnapore District Board to each Local Board with instructions to get the information required to fill in Registers Nos. I and II from the members living in the interior of the subdivisions. Similar instructions have also been sent to Union Committees through the Local Boards. These bodies have already opened both the registers referred to in their offices, and are collecting the information required to fill them up.

11. In the Contai subdivision comprehensive schemes for the improvement of water-supply have been prepared. The Contai Local Board has prepared and submitted a list of 18 important villages in the subdivision, in each of which it proposes to sink a well at a cost of Rs 250. These will be taken in hand one by one as the funds annually allotted to the Local Board for the purpose permit.

12. A list of tanks and wells to be constructed in thanas Jhargram, Binpur and Garhbeta of the Sadar subdivision has also been prepared; most of the villages to which this list refers stand in urgent need of good drinking water. Estimates and further information in connection with some of the proposed tanks and wells have been called for. The Local Boards of Tamluk and Ghatal have also been requested by the District Board to submit similar lists.

13. Managers of aided schools situated in villages containing 100 or more houses have also been asked by the District Board to fill in and submit forms Nos. I and II, giving the necessary information regarding the existing sources of water-supply in their villages. Most of the managers have already complied with the Board's requisitions. The District Board has also sent these forms to the Magistrate for distribution to the police and chaukidari panchayats to have them duly filled in and returned to the Board's office within a month.

14. As regards the steps taken by the District Board to improve existing sources of water-supply and open new ones, the Magistrate reports that the

allotment for the improvement of water-supply for the current year is Rs. 5,000, of which Rs. 1,296 have been allotted to the Union Committees, Rs. 1,850 to the Sadar subdivision in view of the fact that the late scarcity of water was worst in that subdivision, and Rs. 480 will be spent in constructing a pucka well at Potaspur in the Contai subdivision, and Rs. 250 in excavating a well at Belaspur in that subdivision, which was dug but not paid for last year. The sum of Rs. 1,124 was spent on temporary wells, &c., in the Sadar and the Ghatal subdivisions during the late scarcity.

15. Progress reports have been called for by the Magistrate from the municipal bodies in Midnapore, but he has not yet received any.

16. In Hooghly the Magistrate reports that preliminary arrangements are being made for the preparation of Registers Nos. I and II, and that lists of villages in each thana containing more than 100 occupied houses with population according to last census are in course of preparation.

17. It appears from the report submitted by the Magistrate of Howrah that instructions were issued in that district to the police for the preparation of lists of tanks and wells, and that these lists have been forwarded to the District Board, under whose supervision registers in Forms Nos. I and II are being written up. When these registers are complete, additions to and alterations in them will be reported by the police to the Board.

18. The District Engineer of Howrah has been desired to inspect all the villages and to submit a statement of places where tube-wells can and should be sunk. The Local Boards have also been asked to suggest means for dealing with the apprehended water scarcity.

19. As regards municipal areas in the Howrah district, both the municipalities in the district, viz. Howrah and Bally, are on the Hooghly river, from which the water-supply of the latter is principally derived. The former has now been for the most part supplied with filtered water from the waterworks.

20. The Bally Municipality is preparing the registers in Forms I and II. The Municipality is also taking steps to improve some of the existing tanks, and has taken action under section 200 of the Municipal Act in several instances. Many of the tanks in this Municipality have dried up for want of sufficient rain during the last two years, and many of the rate-payers have applied for the excavation of new and the deepening of old tanks which have silted up.

21. In the Ulubaria subdivision of the district of Howrah four tanks have been excavated and some tube-wells sunk at the cost of the District Board. Government has also sunk three wells and excavated a tank on the side of the Cuttack road. The Subdivisional Officer has called the attention of the zamindars and well-to-do persons to the necessity of excavating tanks.

List of wells excavated by the District Board during the current year 1896-97.

Name of well.	Cost.
	Rs.
Well at Mymari Bungalow compound	550

Memo. by—The Commissioner of the Dacca Division.

Copy of the following submitted to the Government of Bengal, in continuation of this office No. 1806G. of this day's date.

No. 114, dated Madaripur, the 29th December 1896.

From—Babu Dina Nath Sen, Chairman, Madaripur Municipality,
To—The Magistrate of Faridpur.

With reference to your No. 959, dated the 23rd instant, I have the honour to state as follows:—

2. (*a*) In the Municipality the rivers Kumar and Arialkhan and the Amirabad khal supply good drinking-water.

(*b*) There are 12 public tanks, of which one has been reserved for drinking purposes only.

(*c*) There are some 58 private tanks, but none of them has been reserved.

3. Here the people prefer river water, and that is sufficient for the population.

No. 976G., dated Faridpur, the 31st December 1896.

Memo. by—Babu K. P. Sarkar, Magistrate in charge.

Copy forwarded to the Commissioner of Dacca, in continuation of this office No. 960G., dated the 26th instant.

No. 1855G., dated Dacca, the 6th January 1897.

Memo. by—The Commissioner of the Dacca Division.

Copy of the following submitted to the Government of Bengal, Municipal Department, in continuation of this office No. 1806G., dated 4th January 1897.

No. 963G., dated Barisal, the 31st December 1896.

From—N. D. Beatson-Bell, Esq., Officiating Magistrate of Backergunge,
To—The Commissioner of the Dacca Division.

In continuation of the Joint-Magistrate's letter No. 962G. of 31st instant, on the subject of water-supply, I have the honour to state that the District Board have in their current year's budget provided the sum of Rs. 8,000 for the construction of tanks. A list of the tanks which will be constructed is annexed, thana by thana.

2. I also give a similar list in respect of khas mahals where Rs. 5,394 have been set aside for tanks this year from the Improvement Fund.

List of tanks provided for in the Khas Mahal Budget for 1896-97.

Subdivision.	Thana.	Name of tank.	Remarks.

GANENDRA NATH PAL,
Deputy Magistrate, for Offg. Magistrate.

BACKERGUNGE MAGISTRACY,
The 31st December 1896.

No. 1864G., dated Dacca, the 7th January 1897.

Memo. by—The Personal Assistant to the Commissioner of the Dacca Division.

COPY of the following submitted, in the absence of the Commissioner on circuit, and to avoid delay, to the Government of Bengal, Municipal Department, in continuation of this office No. 1765G., dated 31st December 1896.

No. 80, dated Dacca, the 6th January 1897.

From—L. P. SHIRRES, Esq., Magistrate of Dacca,
To—The Commissioner of the Dacca Division.

WITH reference to the Government Circular No. 58L.S.-G. of the 12th ultimo, copy of which was forwarded with your No. 1685G, dated the 16th idem, asking for quarterly reports of the progress made in this district in collecting and placing on record the chief facts regarding water-supply and the steps taken by District Boards and Municipalities respectively to improve existing sources of water-supply and to open new ones, I have the honour to submit the following first report.

2. The necessary statistics for preparing the registers in Forms I and II to be kept by the District Board are being collected through the agency of the panchayats, and it is expected that the registers will be complete in the present quarter.

As regards the registers to be kept by the municipalities, the Dacca Municipality has employed ticca men to prepare them by making the requisite enquiries. The Chairman of the Narayanganj Municipality has not reported whether he has prepared these registers for his municipality. He has been asked to supply the omission.

3. As to the steps taken by those bodies to improve existing sources of water-supply and too open new ones, I beg to submit herewith copy of a note received from the District Board, dealing fully with the works executed or being executed by it, as also by the Local Boards.

The Dacca Municipality has allowed four additional house-connections, and a few more will soon be allowed by them. A scheme for the supply of unfiltered water by a separate line of pipes for watering the streets and flushing drains and replacing the main pipes of the water-works by larger pipes, is also under the consideration of the Commissioners, and they have raised the rate of the house-tax from 8 to 10 per cent., the maximum rate permitted by law, in order to carry out that and other improvements.

4. The Chairman, Narayanganj Municipality, reports that the chief source of drinking water-supply in that municipality is the river Lakhya, which runs through the middle of the town and its khals, and there are five municipal tanks, two Government, three railway and 73 private tanks, and one well within the limits of the municipality. One of the municipal tanks has been reserved for drinking purposes, and the Municipal Commissioners are gradually taking steps under section 200 of the Municipal Act to cleanse, re-excavate or fill up the private tanks, many of which are unfit for drinking purposes and some of which are in a very unwholesome state. They are also trying to introduce tube-wells for the supply of pure drinking water.

5. I beg to report also that steps are being taken to prevent the pollution of some of the smaller rivers and khals of this district through dead bodies and carcasses of animals.

NOTE.

The works executed by the District Board and the Local Boards of this district in connection with water-supply from the beginning of this year up to date are as follows :—

Ten tube-wells were sunk at the places noted below :—

1.	Munshiganj ...	Munshiganj subdivision.
2.	Chatfatia ...	
3.	Ichapura ...	
4.	Srinagar ...	
5.	Dassora ...	Manickganj subdivision.
6.	Dhalairtek ...	
7.	Lalitganj ...	
8.	Paikarchar ...	Narayanganj subdivision.
9.	Tepra	Manickganj subdivision.
10.	Sheato	

All these tube-wells were successful and supplied good water, except the one at Munshiganj, which was driven through a layer of very fine sand which choked up the pioneer tube and interfered with the flow of water through the tube-well. In addition to the above, four more tube-wells have been lately driven in the Baroni mela ground. They are working very well and supplying good water to the traders and shopkeepers of the Baroni Fair. The total expenditure incurred up to date on tube-wells is Rs. 1,488-14-9.

The Local Boards of Narayanganj, Manickganj and Munshiganj have incurred an expenditure of Rs. 966-4, as detailed below, in excavating tanks and wells within their respective areas :—

	Rs.	A.	P.
Excavation of a well at Putia Bazar by the Narayanganj Local Board	175	0	0
Excavation of a well at Salidah by the Narayanganj Local Board	100	0	0
Excavation of a tank at Rathura by the Manickganj Local Board	500	0	0
Excavation of Madgao tank by the Munshiganj Local Board	191	4	0
Total ...	966	4	0

The Narayanganj Local Board have also incurred a further expenditure of Rs. 150 in re-excavating old tanks within their respective areas, as detailed below :—

	Rs.
Re-excavation of chur Baghar chur tank	50
Ditto of Satpaika tank	50
Ditto of Goaribhangor tank	50
	150

The Sadar and the Narayanganj Local Boards have allotted further sums of Rs. 306 and Rs. 1,250, aggregating to Rs. 1,556, for improving the existing sources of water-supply, as shown below :—

Sadar Local Board.

	Rs.
Re-excavation of an old tank at Kylih	200
Ditto of a tank at Fatehnagar	106
	306

Narayanganj Local Board.

			Rs.
Re-excavation of a tank at		Majherchar	140
Ditto	ditto	Baraibs	140
Ditto	ditto	Karnogope	137
Ditto	ditto	Nayanpura	130
Ditto	ditto	Kanchan Rampura	140
Ditto	ditto	Sultan Sahadi	147
Ditto	ditto	Garbari	140
Ditto	ditto	Dhanna	140
Ditto	ditto	Govindpur	136
			1,250
		Total ...	1,556

The Manickganj Local Board have allotted a sum of Rs. 500 for re-excavating the Jenkin's Tank and uniting it with the Civil Court Tank at Dassora, the head-quarters of the Manickganj subdivision. They have also allotted Rs. 600 and Rs. 450 for the re-excavation of two more tanks at Baruna and Baslakol, respectively.

Further sums of Rs. 1,000, Rs. 994 and Rs. 1,250, aggregating to Rs. 3,244, have been allotted by the District Board and the Sadar and Munshiganj Local Boards for opening out new tanks and wells, as detailed below—

	Rs.
Excavation of wells and tube-wells by the District Board ...	1,000
Ditto of 40 wells by the Sadar Local Board at 40 different villages	994
Ditto of 5 tanks by the Munshiganj Local Board at Hashara, Birtara, Deobhog, Dalchatra and Narjanauda, at Rs. 250 each	1,250
	3,244

Justice Chandra Madhab Ghosh has expressed his willingness to place his tank at his native village Sologhar, in the Munshiganj subdivision of this district, at the disposal of the District Board, and proposes to contribute half the cost of reclaiming the tank, which has been estimated at Rs. 4,998.

Babu Janoki Nath Rai and Raja Srinath Rai of Bhagyakul have promised to excavate, at a cost of Rs. 5,000, two tanks at Bamankhola and Patabhog in the Munshiganj subdivision.

Raja Rajendra Narayan Rai Bahadur has promised to spend a sum of Rs. 15,000 for improving old tanks and excavating new ones in the Bhowal pargana for the supply of drinking water. It will thus be seen that the total expenditure already incurred and proposed to be incurred amounts to Rs. 33,953-2-9.

S. B. Mitter,
District Engineer.

No. 814Mct., dated Camp Pabna, the 8th January 1897.

From—P. NOLAN, Esq., C.S., Commissioner of the Rajshahi Division,
To—The Secretary to the Government of Bengal, Municipal Department.

IN continuation of this office letter No 14Mct.R., dated the 1st January 1897 I have the honour to forward in original a further report received from the, Magistrate of Rajshahi, showing the progress made in his district in collecting and placing on record the chief facts regarding water-supply, &c.

No. 1385J., dated Baolia, the 2nd January 1897.

From—N. K. BOSE, Esq., Magistrate of Rajshahi,
To—The Commissioner of the Rajshahi Division.

IN continuation of this office letter No. 1350J., dated the 27th ultimo, I have the honour to forward copies of the reports submitted by the Municipal Boards in this district, regarding the steps they have taken to improve existing sources of water-supply, &c.

No. 173, dated Nator, the 21st December 1896.

From—BABU MOHIM CHUNDER ROY, Chairman of the Nator Municipality,
To—The Magistrate of Rajshahi.

WITH reference to your memorandum No. 1834J, dated the 19th current, forwarding a copy of Government Circular No. 581. S.-G, dated the 12th instant, I have the honour to state that, as instructed in circular No. 7T.M., dated the 15th May last, two registers in Forms Nos. I and II have already been prepared. It will be seen in Register No. I, copy of which is submitted herewith, that in all the wards except the last there are wholesome tanks. To remove this want of Ward No. XII, the Collector of the district was requested, in February 1895, to take steps under the Land Acquisition Act for acquiring a plot of land which had been selected for a tank. The case is, I think, still pending in the Court of the District Judge. The Municipal Commissioners will commence excavation as soon as the plot is acquired.

2. I further beg to add that the Municipal Commissioners, at their meeting held on the 19th current, resolved that another tank should be dug in Ward No. X, and have applied to the Subdivisional Officer of Nator for acquiring a plot of land selected for the purpose with as little loss of time as possible.

General Register of the sources of Water-supply.

MOHIM CHANDRA ROY,
Chairman.

The 21st December 1896.

No. 214M, dated Rampur Boalia, the 28th December 1896.

From—Syed Tufuzul Hosein, Vice-Chairman, Rampur Boalia Municipality,

To—The Magistrate of Rajshahi.

With reference to your memorandum No. 1334J., dated 19th instant, I have the honour to submit herewith a statement in Form I, prescribed by Government Circular No. 7T.M., dated 15th May last, showing the sources of water-supply in each mahallah of this municipality. With a view to improving the existing sources of water-supply, the Municipal Commissioners are trying to take on lease one or two tanks in each mahallah, in order to set apart the same for drinking or bathing purposes under section 199 of the Municipal Act. Notices under section 200 of the Act have been issued to the proprietors of most of the unwholesome tanks, and in compliance with the requisition of the said notice a big tank situated in a crowded locality is being re-excavated. Steps are also being taken to enforce compliance in many other cases. The Commissioners have also sunk a well in a place where the want of good drinking water had been keenly felt. I beg further to state that, situated as this town is on the bank of a large river (Padma), the residents of many mahallas obtain their water-supply from it. But since last year a big *chur* having been formed in front of the town after the flood season, the people of those mahallas are being put to great inconvenience for water-supply. The Commissioners, last year, made arrangements for the supply of drinking water from the main stream by putting up a bamboo bridge over the stagnant channel below the town, so as to enable people to draw water from the flowing stream as well as by bringing water therefrom by boats.

Statement showing the sources of water supply in each mahalla of the Rampur Boalia Municipality.

Serial number of mahalla.	Population by last census.	Name of Mahalla.			Sources and character of unfiltered water-supply.									Ownership or control.									Is permanent supply adequate to population.	Remarks.

Rampur Boalia,
The 28th December 1896.

T. Hosein,
Chairman.

No. 1098L, dated Bhagalpur, the 13th January 1897.

From—W. B. OLDHAM, Esq., Commissioner of the Bhagalpur Division and Sonthal Parganas,

To—The Secretary to the Government of Bengal, Municipal Department.

WITH reference to Government Circular No. 58L.S.G., dated the 12th December 1896, calling for the submission of the first quarterly report regarding water-supply in each district of this Division by the 1st instant, I have the honour to explain that the delay in this instance has been caused by the non-receipt of the report from the Bhagalpur District Board until the 9th instant.

2. *Preparation of Registers.*—The two registers in Forms I and II, prescribed by paragraph 2 of Circulars Nos. 7T.M. and 8T.M., have been prepared by the District Boards of Monghyr and Malda as well as by all the Municipalities of this Division (unless those of Monghyr and Old Malda, from which no report on this point has been received, are exceptions).

The Purnea District Board obtained the details of sources of water supply from the police, but the Magistrate-Chairman found them, while on tour, defective in many particulars, and they are being revised. Mr. Bernard thinks it will take some time to prepare correct lists. In the district of Bhagalpur the registers are being prepared by the Local Boards. The Deputy Commissioner of the Sonthal Parganas has not as yet submitted any report of the action taken by him with respect to the area outside the Municipalities.

3. *Water-supply and improvements.*—The District Board of Monghyr have instructed the Local Boards to construct wells in the localities where the want of water is greatest. A sum of Rs. 7,900 has been set aside in the current year's budget for the purpose. It is also proposed to excavate certain tanks as test relief works during the current year. It is reported that the existing sources of water-supply in the Jamalpur Municipality are quite sufficient to meet all the requirements of the town. The Magistrate has not stated anything about the Monghyr Municipality, but the Commissioners of this Municipality are considering the question of having water-works for the town.

4. The Magistrate of Bhagalpur has not yet submitted any official report as to the sufficiency of the water-supply in the District Board area, but I am aware that he considers no deficiency to exist. In Bhagalpur there are the water-works. Wards Nos. 1 to 3 and part of Wards Nos. 4 and 6 of this Municipality have been supplied with filtered water from some time past. The water-works are being extended to the other wards, and the extension is likely to be completed within this month. The Chairman of the Colgong Municipality reports that "most of the people of that small town use Ganges water for drinking purposes. The permanent water-supply is quite sufficient for the inhabitants of the Municipality, and the scarcity of water is never felt here." The Magistrate considers that the water-supply in both these Municipalities is sufficient.

5. The District Board of Purnea has in the current year's budget "provided Rs. 3,000 for repair of wells and Rs. 300 for new wells. Some wells have been cleaned and some estimates for putting up tube-wells have lately been sanctioned. Mr. Bernard writes: "The District Board's object in spending money on water-supply will probably be to provide purer water than is contained in the village wells in which everybody indiscriminately dips his *lota*. There cannot be dearth of drinking water for human beings in this district. Different kinds of tube-wells have been set up in order to see whether any will be suitable for use in villages, the object being that when the District Board know where to begin it may know what kind of well to dig or put down."

In the Purnea Municipality several wells were cleansed in the beginning of the last hot weather. The Magistrate reports that there is no scarcity of water in this Municipality. The number of wells in each ward of the Kishanganj Municipality is said to be sufficient. In this Municipality two masonry wells and two ring wells have been sunk during the current year.

6. The Magistrate of Malda reports that "steps are being taken by the District Board for the preparation of estimates for excavation of certain tanks in the Barind tracts." These works it is proposed to carry out under the Famine Code rules. At present there is no scarcity of water in the district. The Chairman of the English Bazar Municipality in this district reported that

there is no scarcity of water in that town, "the usual supply of water being met from the river Mahananda." The Chairman of the Old Malda Municipality also writes that "as the permanent supply of water of this town is good and quite adequate to population, or rather abundant in every ward of the Municipality, it has hardly been necessary to take any steps to improve existing sources of water-supply or to open new ones."

7. In the district of Sonthal Parganas, in the Deoghur Municipality the existing sources of water-supply are said "to be sufficient and do not admit of improvements at present." The Chairman of the Sahebganj Municipality reports that "no difficulty is felt by the people for the supply of water; it is obtained both from the Ganges river and wells, but the latter are chiefly depended on when the river recedes." "In a large number of houses," the Chairman adds, "the residents have wells of their own, some of which are pucca and others kutcha, but the owners are being induced to make them all pucca gradually. General supervision is kept over all the wells in the town, and every possible care taken as regards the wells in private houses." A certain portion of the fund is set apart every year to meet the wants. There are two tanks, one of which belongs to the Municipality and the other to a private resident. The water of the former is unfit for use, and steps are being taken to fill it up, while that of the latter is, in the local opinion, fit for use. The Deputy Commissioner is being written to for early report on the area outside the Municipalities.

The foregoing, however, shows meanwhile of how much less importance the whole subject is in this Division than in Western and Central Bengal, or, to take four districts which I know very well, than in the Burdwan, Midnapore, Birbhum and Nuddea districts. The southern part of the Division is all rolling country with springs in every prolonged depression. In the northern part the water lies very near the surface. The drought in the first-half of 1896 caused no inconvenience in this Division, except in some small areas in the Sonthal Parganas which approach to the Birbhum and Murshidabad districts in character.

STOCKS OF RICE IN AND AROUND CALCUTTA.

No. 133 Stats.—The following is published for general information.

M. FINUCANE,
Secy. to the Govt. of Bengal.

STATISTICAL DEPARTMENT,
The 18th January 1897.

M. FINUCANE,
Secretary to the Government of Bengal.

STATISTICS OF THE SEA-BORNE TRAFFIC OF CALCUTTA IN FOOD-GRAINS.

No. 131 Statistics.—The following memorandum and statements are published for general information.

M. FINUCANE,
Secy. to the Govt. of Bengal.

STATISTICAL DEPARTMENT,
The 18th January 1897.

Memorandum.

The sea-borne import and export traffic of Calcutta in food-grains during the week ending the 7th January 1896 and 1897 are shown in the following statement:—

	1st to 7th January			
	1896.		1897.	
1	2	3	4	5
	Cwts.	Mds.	Cwts.	Mds.
Imports.				
From Foreign Ports ...	84	46	100	136
„ Indian „ ...	26,122	35,555	94,249	1,28,283
Total ...	26,156	35,601	94,349	1,28,419
Exports.				
To Foreign Ports	56,118	76,383	45,578	62,037
„ Indian „	62,797	85,473	7,364	10,023
Total ...	118,915	1,61,856	52,942	72,060

Imports.—The different staples comprising the import traffic are shown in the table below, and the figures for the week are compared with those for the corresponding period last year:—

	1st to 7th January			
	1896.		1897.	
1	2	3	4	5
	Cwts.	Mds.	Cwts.	Mds.
Food-grains.				
Rice	18,295	24,901	69,184	94,167
Paddy	6,586	8,964	6,695	9,113
Wheat	758	1,032	.....	.....
Gram and pulses	515	701	16,661	22,677
Other food-grains, such as jowar, barley, oats, &c.	2	3	1,809	2,462
Total ...	26,156	35,601	94,349	1,28,419

Out of the total traffic, 73·32 per cent. appertain to cleaned rice, of which 61,357 cwts. were imported from Burma alone. Between 1st November 1896 and 7th January 1897, so much as 163,510 cwts., or 222,555 maunds of cleaned rice, were shipped from Burma for Calcutta, and this grain is now being carried by rail to all parts of the country. The imports from Chandbali were less than half those in 1895. Under gram and pulses, the Madras Presidency imported the largest quantity, viz., 15,713 cwts., against nil in 1896.

Exports.—In the following statement the total quantity of each kind of food-grains exported by sea during the 1st week of January 1897 is compared with the figures for 1896 :—

	1st to 7th January			
	1896.		1897.	
1	2	3	4	5
Food-grains.	Cwts.	Mds.	Cwts.	Mds.
Rice	99,702	1,35,705	46,205	62,890
Paddy	169	230	.....	.....
Wheat	993	1,352	563	766
Gram and pulses	18,030	24,541	6,130	8,344
Other food-grains, such as jowar, barley, oats, &c.	21	28	44	60
Total ...	118,915	1,61,856	52,942	72,060

The decrease in the rice trade with foreign ports was merely 19 16 per cent., although there were heavy fluctuations in individual items; the details show that to nine ports small shipments were made during the period under report, against nothing in 1896, while in the case of five ports there was no export whatever, against small consignments in 1896. In the coasting trade, the falling off amounted to no less than 92·63 per cent., chiefly to Bombay (21,033 cwts.) and Madras (20,576 cwts.). As regards gram and pulses, the Madras Presidency, which imported largely during 1895, became the chief exporters during the period under report.

Detailed statements showing the sources of supply and the places of destination, both as regards Foreign and Indian ports, are given below.

Statement No. I, showing the Imports of Food-grains into Calcutta from Foreign and Indian Ports during the week ending 7th January 1896 and 1897.

STATISTICS OF THE SEA-BORNE TRAFFIC OF THE MINOR PORTS IN BENGAL IN FOOD-GRAINS.

No. 132, Statistics.—The following memorandum and statements are published for general information.

STATISTICAL DEPARTMENT,
The 18th January 1897.

M. FINUCANE,
Secy. to the Govt. of Bengal.

MEMORANDUM.

THE comparative statements below give statistics of the import and export trade of the minor ports of Chittagong, Narayanganj, Balasore (including both Balasore and Chandbali), Cuttack and Puri during the week ending 21st December 1896, as compared with the trade of the corresponding period of 1895 :—

IMPORTS.

Ports.		From Foreign ports.	From Indian ports.	Total.	
		Cwts.	Cwts.	Cwts.	Mds.
Chittagong ...	1895 ...	.....	792	792	1,078
	1896 ...	.....	358	358	487
Narayanganj ...	1895 ...	.....	.....	.....	.....
	1896 ...	.....	.....	.....	.....
Balasore ports...	1895 ...	.....	123	123	167
	1896 ...	.....	222	222	302
Cuttack ...	1895 ...	.....	.....	.....	.....
	1896 ...	.....	.....	.....	.....
Puri ...	1895 ...	.....	.....	.....	.....
	1896 ...	.....	.....	.....	.....
Total ...	1895 ...	.....	915	915	1,245
	1896 ...	.....	580	580	789

EXPORTS.

Ports.		To Foreign ports.	To Indian ports.	Total.	
		Cwts.	Cwts.	Cwts.	Mds.
Chittagong ...	1895 ...	.....	66,291	66,291	90,229
	1896 ...	.....	.....	.....	.....
Narayanganj ...	1895 ...	.....	.....	.....	.....
	1896 ...	.....	.....	.....	.....
Balasore ports...	1895 ...	5,335	39,482	44,817	61,001
	1896 ...	.....	14,329	14,329	19,503
Cuttack ...	1895 ...	7,343	10,066	17,409	23,696
	1896 ...	14,113	.....	14,113	19,209
Puri ...	1895 ...	.....	.....	.....	.....
	1896 ...	.....	.....	.....	.....
Total ...	1895 ...	12,678	1,15,839	1,28,517	174,926
	1896 ...	14,113	14,329	28,442	38,712

The largest decrease occurred in the exports from the Chittagong port, which supplied 29,686 cwts. of rice and 34,869 cwts. of paddy to Cochin in the Madras Presidency in 1895, but nothing was shipped to any port during the period under report. From Balasore ports shipments of rice to Mauritius were nil, while Calcutta received only 10,806 cwts. of rice and 3,213 cwts. of paddy, against 19,730 cwts. and 6,473 cwts., respectively, in the preceding year. Transactions in Cuttack were limited to Mauritius alone, which received 14,113 cwts. of rice, against nil in 1895. In the case of Narayanganj and Puri, there was no trade whatever in food grains during the periods under report.

Detailed statements showing the sources of supply and the places of destination, both as regards Foreign and Indian ports, are given below:—

Statement showing the quantities of Food-grains imported into Chittagong from each Foreign and Indian Port during the week ending 21st December 1896, as compared with the trade of the corresponding period of 1895.

WEATHER AND CROP REPORT.

For the week ending the 18th January 1897.

Burdwan.—Rainfall nil. Weather hotter than usual at this time of year. *Aman* harvest practically over. *Rabi* crops want rain. Fodder and water sufficient at present. Common rice selling as follows:—

	Srs. c.	Srs. c.	
Sadar	10 0	to 12 0	per rupee.
Kalna	10 0	to 11 0	
Katwa ...	10 10	to 10 15	
Raniganj		10 4	

Birbhum.—No rain. Weather seasonable. Price of common rice at Sadar 9 seers 6 chitaks, and Rampur Hat 10 seers 4 chitaks per rupee.

Bankura.—Rainfall nil. First part of the week cold, latter part hot. Threshing of *aman* continues. Prospect of *rabi* not favourable. Sugarcane doing well. Fodder and water sufficient, except in portions of thana Gangajalghati. Sporadic cases of cow-pox in Gangajalghati. Rice selling at 11½ seers per rupee both at Bankura and Vishnupur.

Midnapore.—No rain. Weather seasonable. Harvesting of *aman* not quite finished. Indigo, linseed, and rape-seed have dried up in Jhargram for want of rain. Prospects of *rabi* and other crops getting worse. Cattle-disease reported from Binpur, Naraingarh, Keshpur, Dantan, and Garhbeta. Common rice selling as follows:—

	Srs	
Sadar	Old rice 9	per rupee.
	New „ 10	
Contai	12 to 13	
Tamluk	9 to 12	

Hooghly.—No rain. Harvesting of *aman* going on. *Rabi* and sugarcane suffering for want of moisture. Common rice sells from 8 to 11 seers per rupee.

Howrah.—Rainfall nil. Weather seasonable. Rain wanted for *rabi* crops. Harvesting of *aman* paddy still continues. Fodder and water sufficient. Common rice sells from 9 to 11 seers per rupee.

24-Parganas.—Rainfall nil. Weather cool and bright. Harvesting of *aman* paddy nearly finished; it is estimated to yield 10½ annas. Prospects of *rabi* crops and sugarcane unfavourable. *Kalai* and mustard are being harvested. Lands in places are being tilled for vegetable cultivation. Fodder and water sufficient. No cattle-disease. Common rice sells as follows:—

	Srs.	
Sadar	8 to 11	per rupee.
Barasat	10	
Basirhat	10	
Diamond Harbour	11	

Nadia.—Rainfall nil. Want of rain greatly felt by the standing *rabi* crops. Prospects bad. *Mug*, *kalai*, and *arhar* are being harvested. Water scarcity felt in places. No want of fodder yet. Cattle-disease reported from Meherpur subdivision. Common rice sells at 8 to 11 seers per rupee. Latest price of rice where test-works are open is 10 seers per rupee. Numbers attending test-works are as follows:—

9th January		768
10th „		974
11th „		1,171
12th „		1,291
13th „		1,401
14th „		1,437

Number of persons who received gratuitous relief at police-station Kaliganj is 233 from 8th to 14th, at Tehatta 419 from 8th to 17th, and at Daulutpur 35 from 11th to 16th January. Number on relief works on Saturday, 16th—Sadar subdivision—men 1,601, women 284, and children 880—total 2,765; Meherpur subdivision—men 699, women 104, and children 608—total 1,411; gratuitous relief—men nil, women 12, children nil—total 12.

Murshidabad.—No rain. Weather seasonable. Harvesting of *aman* finished. State of *rabi* crops not favourable. Indigo and mulberry doing well. Fodder sufficient. Common rice sells as follows:—

	Srs.	
Sadar ...	9½	per rupee.
Jangipur	10	
Kandi	10¾	

Jessore.—Mornings foggy and days hot up to 16th; clear and colder since then. Harvesting of *aman* almost completed. Rain badly wanted for *rabi* crops and for transplantation of *boro* seedlings. Fodder and water available. No cattle-disease. Common rice sells as follows:—

	Srs.	
Jessore	10	per rupee.
Jhenida	9	
Magura	9 to 9½	
Narail	10	
Bongaon	10	

Khulna.—Rainfall nil. *Aman* harvest nearly over; crop below the average. Rain wanted for *rabi* and *boro* crops. Common rice sells as follows:—

	Srs.	
Khulna	9 to 11	per rupee.
Bagerhat	11	
Satkhira	10	

Wages calculated at 10 seers for staple food-grain. Number of relief-works open, two; number of persons employed on relief-works in Satkhira subdivision for week ending 13th—men 94, women 24, children 103—total 221; Gratuitous relief—men 10, women 48, children 42—total 100.

Rajshahi.—*Boro* paddy being sown in thana Manda. Cultivation going on for sugarcane and jute. Prospects of standing crops not good. Fodder and water available. Common rice selling from 8½ to 10 seers per rupee.

Dinajpur.—No rain. Weather seasonable. Harvesting of winter rice nearly over. Condition of standing crops fair. No report of any cattle-disease, nor any complaint for fodder and water. Common rice sells from 9 to 12 seers per rupee.

Jalpaiguri.—Rainfall nil. Weather cold. Harvesting of *haimanti* paddy finished; average outturn 7 annas. *Rabi* crops doing fairly well. No want of fodder and water. Average price of common rice 8½ seers per rupee.

Darjeeling.—Rainfall at Sadar ·01, Kurseong ·04. Weather seasonable. Hills—Barley and wheat progressing favourably; *tori* coming to maturity; potatoes being taken up. *Terai*—*Haimanti* paddy almost harvested; mustard progressing favourably; tobacco doing well. Coarse rice selling:—

	Srs.	
Hills	8	per rupee.
Terai	9	

Bhutta 14 seers per rupee.

Rangpur.—No rain. Harvesting of *aman* still going on. Ploughing for *aus* continues Rain much wanted. Common rice selling at 8 to 10 seers per rupee. Fodder and water sufficient.

Bogra.—No rain. Weather clear and cold. Harvesting of winter rice finished. Oilseeds being gathered. Rain much wanted for the maturity of the late sown oilseeds and pulses. Fodder and water sufficient. Common rice sells at head-quarters 9½ seers, and in the interior from 8½ to 10½ seers per rupee.

Pabna.—Weather seasonable. Prospects of *rabi* crops unchanged. Rain required. Rice selling from 8 to 10 seers per rupee. Fodder sufficient.

Dacca.—Rainfall nil. Weather seasonable. Prospects of *aman* not very favourable. Transplantation of *boro* paddy going on. Fodder available. No cattle-disease. Common rice sells at 10 to 11 seers per rupee.

Mymensingh.—Rainfall nil. Weather seasonable. Harvesting of *aman* paddy finished; average outturn 10 annas. Prospects of standing crops fair. Common rice sells between 8 and 11 seers per rupee.

Faridpur.—No rain. Weather seasonable. Prospects as before. Rain badly wanted for the *rabi*. Common rice selling at 8 to 11 seers a rupee. Fodder and water available.

Backergunge.—Rainfall nil. Weather foggy in morning. Prospects of standing crops fair. *Rabi* crop requires rain. No cattle-disease. Price of common rice (new *aman*) varies from 8 to 11½ seers per rupee.

Tippera.—Weather cooler. Transplantation of *boro* still continues. Prospects of *rabi* crops not improved. Fodder and water available. Prices of rice—

				Srs.	
Sadar	...	...	...	11 to 12½	per rupee.
Brahmanbaria	...	...	...	10 to 12	
Chandpur	...	...	...	10 to 12	

Noakhali.—No rain. Harvesting of *aman* completed. Prospects of *rabi* crops not good. Fodder and water available. No cattle-disease. Price of rice 10½ to 12 seers per rupee.

Chittagong.—Rainfall nil. Weather dry. *Rabi* crops suffering for want of rain. Prospects unchanged. Water and fodder fairly sufficient. Rice selling at 8 to 10 seers per rupee.

Patna.—Harvesting of paddy finished; threshing in progress. Prospects of *rabi*, poppy, and tobacco favourable. Millets being sown. Water and fodder for cattle sufficient except green fodder in Bihar. Price of common rice at Patna 10½ seers per rupee. Number on test-works on Saturday, 16th—men 306, women 194, and children 109—total 609. Gratuitous relief nil.

Gaya.—Prospects of *rabi* and poppy good. Price of common rice at Sadar 9 seers per rupee.

Shahabad.—No rain. Prospects of *rabi* continue favourable. Poppy doing well. Prices are—Common rice 10 seers, pea 10 seers, *khesari* 12½ seers per rupee. Number on relief works on Saturday, 16th—men 559, women 613, children 268—total 1,440.

Saran.—Prospects of *rabi* good. Average price of *makai* 10 seers 3 chitaks per rupee. Numbers on relief-works on Saturday, 16th—men 4,411, women 6,347, children 5,764—total 16,522; Gratuitous relief—men 901, women 3,015, children 794—total 4,710. Hathwa relief-works—men 1,105, women 1,251, children 730—total 3,086. Poor-houses 301; doles 577; Manjha poor-house 66. Chapra town gratuitous relief—men 255, women 472, children 210—total 937; Revelganj gratuitous relief—men 45, women 200, children 6—total 251.

Champaran.—Rainfall ·05 at Motihari and ·07 at Bettiah. *Rabi* crops well promising, though very backward, except where sown on irrigation. Weeding going on. Prices practically same as last week. Common rice and maize sell at Motihari 8½ and 10 seers per rupee respectively, and at Bettiah 8½ and 10½ seers respectively. Relief returns not all received; those received show on works—men 43,366, women 37,566, children 26,854—total 107,786; gratuitous relief—men 1,044, women 2,001, children 1,099—total 4,144.

Muzaffarpur.—No rain. Standing crops doing well. Prices are—Common rice 8 seers, wheat 8 seers, *makai* 10 seers, barley 10 seers, gram 10 seers, *rahar* 11 seers. *Makai* and *rahar* fix the relief prices. Numbers on relief works on Saturday, 16th—Sadar subdivision—men 1,084, women 221, children 350—total 1,655; Hajipur subdivision—men 684, women 826, children 683—total 2,193; Sitamarhi subdivision—men 681, women 204, children 242—total 1,127; Gratuitous relief—Sitamarhi subdivision—men 505, women 244, children 165—total 914.

Darbhanga.—Rainfall at Sadar on 15th ·02, Madhubani ·05. *Rabi* crops continue favourable. Prospects of standing crops have since improved in Madhubani. *Rahar* flowering. Pressing of sugarcane continues. Numbers on relief works on Saturday, 16th—Sadar subdivision—men 14,559, women 14,527, children 5,507—total 34,593; Madhubani subdivision—men 33,845, women 20,681, children 7,642—total 62,168; Samastipur subdivision—men 1,018, women 184, children 154—total 1,356; Gratuitous relief—Sadar subdivision—men 1,205, women 2,253, children 1,109—total 4,567; Madhubani subdivision—men 6,081, women 15,131, children 7,573—total 28,785; Samastipur subdivision—men 317, women 755, children 119—total 1,191; Darbhanga Raj relief works—men 1,103, women 167, children 168. Raj returns incomplete.

Monghyr.—No rain. Very cold with strong west wind. Standing crops doing well. *Rabi* prospects fair and weeding continues. Sugarcane pressing in progress. Sufficient fodder and water. Prices of common rice:—

				Srs.	
Monghyr	...	...	...	9 to 9½	per rupee.
Begusarai	...	...	...	9½	
Jamui	...	...	...	8 to 9½	

Bhagalpur.—No rain. Weather seasonable. Harvesting of winter rice is at an end. Wheat, barley, gram, linseed, *arhar*, *khesari*, and *kurthi* are not in bad condition. No cattle-disease. Fodder and water sufficient. Coarse rice sells as follows:—

				Srs.	c.	
Sadar	...	...	...	10	2	per rupee.
Banka		...	...	10	0	
Madhipura	...	...	...	10	0	
Supaul	...	...	...	10	8	

Purnea.—No rain. Reaping of paddy completed. Standing *rabi* crops doing fairly well. A few cases of cattle-pox reported from Araria subdivision. Fodder and water sufficient. Common rice selling as follows:—

	Srs.	
Sadar	10	per rupee.
Kishanganj	9 to 10	
Araria	11 to 12	

Malda.—No rain. Weather seasonable. Threshing of winter paddy about to be finished. Standing *rabi* crops doing well. Fodder and water sufficient. Common rice selling from 9 to 11 seers per rupee.

Sonthal Parganas.—No rain. Dews scanty. Prospects of crops unchanged. No cattle-disease. Fodder sufficient. Prices everywhere on the rise. Rice 10 to 11 seers per rupee except in Rajmahal, where it is 7½ seers; maize 12 to 16 seers except in Dameer, where it is 10 seers.

Cuttack.—Rainfall nil. Weather seasonable. Harvesting of *guru sarad* and *rabi* still going on. *Dalua* being transplanted. Condition of cattle generally good. Fodder sufficient. Common rice sells as follows:—

	Srs. c.	
Cuttack	11 13	per rupee.
Jajpur	14 7	
Kendrapara	14 7	
Banki	15 12	

Balasore.—Rainfall nil. Weather seasonable. Threshing of *sarad* rice continues. *Rabi* crops withering for want of rain. *Dalua* crop flourishing. Sugarcane being pressed. Price of rice varies from 10 to 16 seers per rupee in the mufassal. Rice sells at 11½ and 14 seers per rupee at Balasore and Bhadrak respectively. Sporadic cases of cattle-pox in some chaklas. Fodder and water sufficient.

Angul.—No rain. Prospects of crops, condition of cattle, and prices of rice same as in last week.

Puri.—No rain. Prospects of winter rice and *rabi* same as reported before. Fodder sufficient. Price of common rice stationary.

Hazaribagh.—No rain. Weather cool. Prospects of sugarcane and poppy fair. Common rice (new) 8 to 9 seers and (old) 6 to 7 seers per rupee.

Lohardaga.—Ploughing stopped for want of moisture. Rice sells at Ranchi 8½ to 9 seers per rupee, and in the interior from 9 to 10½ seers. Fodder and water sufficient. No report of cattle-disease.

Palamau.—Rainfall nil. Weather very warm for the season. *Rabi* doing well. Prices much the same as reported last week. Common rice sells from 8 to 11 seers per rupee. Cases of want being reported and enquired into.

Manbhum.—Rainfall nil. Weather seasonable. Prospects of crops on the ground as before. Cattle-disease reported from thanas Chas, Purulia, and Raghunathpur. Fodder and water sufficient at present. Average prices of common rice:—

Stock of food-grains sufficient at present.

Singhbhum.—No change in prospects or prices. Rice plentiful.

General Summary.—Except for light showers in the districts of Darjeeling, Champaran, and Darbhanga, there was no rain during the week. The harvesting of winter rice is being completed. In Bihar the *rabi* and poppy crops are generally reported to be doing well. Elsewhere the *rabi* crops are said to be very poor save in portions of the Rajshahi and Dacca Divisions, where they are expected to yield a fair outturn. Oilseeds and pulses are being gathered. Sugarcane-pressing is going on in some districts. Spring rice is being transplanted, but wants rain in parts. The price of common rice shows a tendency to fall in some districts and to rise in others. In the distressed districts the prices of the food-grains on which the relief wages are based are—Nadia (common rice) 10 seers, Khulna (common rice) 10 seers, Patna (common rice) 10½ seers, Shahabad (common rice) 10 seers, Saran (Indian-corn)

10 seers 3 chitaks, Champaran (Indian-corn) 10 seers, Muzaffarpur (Indian-corn) 10 seers, Darbhanga not reported. The numbers on relief works and in receipt of gratuitous relief on Saturday, the 16th January, were—

Relief works—

Nadia	...	4,176 (men 2,300, women 388, children 1,488).
Khulna (13th)	...	221 (men 94, women 24, children 103).
Patna	...	609 (men 306, women 194, children 109).
Shahabad	...	1,440 (men 559, women 613, children 268).
Saran	...	16,522 (men 4,411, women 6,347, children 5,764).
Champaran	...	107,786 (men 43,366, women 37,566, children 26,854).
Muzaffarpur	...	4,975 (men 2,449, women 1,251, children 1,275).
Darbhanga	...	98,117 (men 49,422, women 35,391, children 13,304).
Total for the whole Province	...	233,846, against 136,979 in the previous week.

Gratuitous relief—

Nadia	...	12 (women).
Khulna	...	100 (men 10, women 48, children 42).
Saran	...	4,710 (men 901, women 3,015, children 794).
Champaran	...	4,144 (men 1,044, women 2,001, children 1,099).
Muzaffarpur	...	914 (men 505, women 244, children 165).
Darbhanga	...	34,543 (men 7,603, women 18,139, children 8,801).

	Inches.
The mean pressure of the seven days	29·932
The average pressure of the corresponding period for 24 years, Surveyor-General's Office	30·028
	Hours.
The total number of hours of bright sunshine	58·7
The maximum possible number of hours of sunshine	75·8
	°
The mean temperature of the seven days	69·8
The average temperature of the corresponding period for 24 years, Surveyor-General's Office	66·7
The extreme variation of temperature	35·1
The maximum temperature	87·7
	Miles.
The highest velocity of the wind in one hour	10
	%
The mean relative humidity	71
The average relative humidity of the corresponding period for 24 years, Surveyor-General's Office	70
	Inches.
The total fall of rain from 10th to 16th January 1897	Nil
The average fall of the corresponding period for 24 years, Surveyor-General's Office	0·04
The total fall from 1st to 16th January 1897	Nil
The average fall of the corresponding period for 24 years, Surveyor-General's Office	0·13

The mean pressure, temperature, &c., are deduced from the traces of the Barograph and Thermograph.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed, open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official Tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

≏ dew; ≡ fog;

METEOROLOGICAL OFFICE, GOVT. OF INDIA,
Calcutta, the 18th January 1897.

J. H. GILLILAND,

M. FINUCANE,
Secy. to the Govt. of Bengal.

REVENUE DEPARTMENT,—(AGRICULTURE.)

NOTIFICATION—No. 198-(Fam.).

The 26th January 1897.—The following is republished for general information:—

M. FINUCANE,
Secy. to the Govt. of Bengal.

SEPARATE REVENUE.

STAMPS.

The 20th January 1897.

No. 342-S.R.—In exercise of the powers conferred by section 8 of the Indian Stamp Act (I of 1879), the Governor-General in Council is pleased to remit the whole of the duties chargeable under the said Act on instruments, executed after this date and prior to the 1st of

January 1898, for securing the repayment of loans made by landlords to their tenants or persons holding under their tenants for any of the objects specified in section 4 of the Land Improvements Loans Act (XIX of 1883) or in section 4 (1) of the Agriculturists' Loans Act (XII of 1884).

Provided that the exemption conferred by this Notification—

(1) shall extend only to such distressed areas as the Local Government may by notification in the Local Official Gazette declare in this behalf, and

(2) shall apply only to instruments in which—

(*a*) the object for which the loan is made is set forth in the body of the instrument, and

(*b*) the rate of interest reserved on the loan does not exceed four *per cent. per annum*.

J. F. FINLAY,
Secretary to the Government of India.

NOTIFICATION—No. 199-(Fam.).

The 26th January 1897.—With reference to the Government of India's Notification No. 842-S.R., dated the 20th January 1897, published at page 49, Part I of the *Gazette of India* of the 23rd idem, the Lieutenant-Governor is pleased to declare that the orders of the Government of India as to the exemption from stamp duty of instruments executed to secure the repayment of loans made by landlords to their tenants, or persons holding under their tenants, for any of the objects specified in section 4 of the Land Improvement Loans Act, XIX of 1883, or in section 4 (1) of the Agriculturits' Loans Act (XII of 1884) shall apply to the following distressed districts or parts of districts:—

(1) Thanas Islampur, Dinapore and Maner of the district of Patna.
(2) Bhabhua subdivision of the district of Shahabad.

NOTIFICATION—No. 337Mis.

The 26th January 1897.—Mr. W. R. Yates, Superintendent of the office of the Reporter on Economic Products to the Government of India, acted as Assistant Curator of the Economic and Art Section of the Indian Museum, Calcutta, in addition to his own duties, from the 11th March to the 30th June 1896, both days inclusive. Mr. Yates is also appointed to be *sub. pro tem.* Assistant Curator with effect from the 1st July 1896, until further orders.

M. FINUCANE,
Secy. to the Govt. of Bengal.

GENERAL DEPARTMENT—MISCELLANEOUS.

NOTIFICATION—No. 346.

The 25th January 1897.—The following notification, issued by the Government of India in the Department of Revenue and Agriculture, is published for general information.

M. FINUCANE,
Secy. to the Govt. of Bengal.

NOTIFICATION.

No. 38P., dated Calcutta, the 7th January 1897.

IN exercise of the powers conferred by section 49 of the Inventions and Designs Act (V of 1888), the Governor-General in Council is pleased to make the following rule, with effect from the 1st April 1897, namely:—

At the time of delivering or sending an application for leave to file a specification, the applicant shall cause a duplicate copy of the application to be delivered or sent therewith to the Secretary.

DENZIL IBBETSON,
Secretary to the Government of India.

No. S.T., dated Calcutta, the 1st January 1897.

From—R. E. HAMILTON, Esq., Accountant-General, Bengal,

To—The Secretary to the Government of Bengal, Financial Department.

In accordance with the orders of the Government of Bengal, contained in circular No. 58, dated 26th December 1878, and with reference to Article 171, Chapter 11 of the Civil Account Code, I have the honour to submit, for publication in the Gazette, the accompanying list of all investments on the Register of my office on the 31st December 1896.

The 26th January 1897.

No. 23.—Declaration.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the expense of the Kandi Local Board for a public purpose, viz., for the construction of a road from Mahalundi to Navagram, in

the village of Alampur, pargana Dayanagar, zilla Murshidabad, it is hereby declared that for the above purpose two pieces of land measuring, more or less, 3 bighas 3 cottahs 14 chitaks and 2 bighas 10 cottahs and 6 chitaks respectively of the standard measurement,—the first piece being bounded on the north by the boundary of village Alampur, on the south by the village road, on the east by the paddy lands in the occupation of Nivorosh Muchi, Mehendi Shaikh, and Kristo Sundari Boisnavi and by a small tank and waste land,—all owned by Babus Kumar Kristo Chowdhuri and Nil Kristo Chowdhuri, zamindars, and on the west by the paddy lands in the occupation of Kopin Shaikh, Khooshi Shaikh, and Panu Hazra, and owned by the above-named zamindars; and the second piece being bounded on the north and east by the waste land and paddy land in the occupation of Prandhan Chowkidar, Kristo Lall Mazumdar, Ahladi Chutarni, Pulin Poddhan, Lekjan Shaikh, Mehendi Shaikh, Kalee Shaikh, Anonto Poddhan, Sukurdi Shaikh, Anonto Dassi, Nivorosh Mondal, Pran Nath Chowkidar, Radha Ballav Shaha, Abdul Shaikh, Matangini Boisnavi, Nodi Norosundar, Khoshi Mondal, Kali Mondal, Jodhi Shaikh, Makhan Bewa, Gosai Charan Ihaha, and Hingon Shaikh, and owned by the above-named zamindars, and on the south and west by the public road and the paddy land in the occupation of Hingon Shaikh, Kristo Lal Mozumdar, Gosai Churn Shaha, Makhan Bagdini, Kushi Mondal, Jodhi Shaikh, Nodi Norosundar, Radha Ballav Shaha, Afjal Shaikh, Pran Nath Chowkidar, Pulin Poddan, Nivorosh Mondal, Lekjan Shaikh, Nobin Shaha, Meajan Shaikh, Kalu Shaikh, Harish Napit, Kali Shaikh, Sukuruddi Shaikh, Roshee Bibee, Rojoni Poddhan, Prandhan Chowkidar, and Mehendi Shaikh, and owned by the above proprietors,—are required within the aforesaid village Alampur.

This declaration is made, under the provisions of section 6 of Act I of 1894, to all whom it may concern.

J. G. H. GLASS,
Secy. to the Govt. of Bengal.

IRRIGATION DEPARTMENT.

The 26th January 1897.

REVISED WATER-RATE RULES FOR THE MIDNAPORE CANAL.

No. 22 Notification.—His Honour the Lieutenant-Governor of Bengal is pleased to make the following modifications in the Water-rate Rules for the Midnapore Canal passed by him under the provisions of sections 99 and 78 of Act III (B.C.) of 1876 in notification No. 162 of the 19th June 1893.

A draft of the modifications was published in the *Calcutta Gazette* of the dates noted in the margin, as notification No. 243, dated 15th December 1896.

The 16th, 23rd and 30th December 1896 and 6th, 13th and 20th January 1897.

A. D. MCARTHUR, *Col.*, R.E.,
Secy. to the Govt. of Bengal.

1. The Divisional Canal Officer is responsible for maintaining the canal in an efficient state of repair, for providing drainage channels where necessary, and generally for all engineering work involved in its management, as well as for the distribution of water to lessees. The word "canal" is here used as defined in section 3 of the Act.

2. The Deputy Collector is responsible for the assessment and collection of water-rates accruing to Government from the canal.

3. Water shall not be distributed otherwise than on the application of a lessee, or to a person in whose favour a provisional license under Rule 15 has been issued. Such application may be made verbally or in writing to any subordinate in charge of that part of the canal from which water is required.

4. If any lessee apply for water to the Deputy Collector or one of his subordinates verbally, he shall be directed to address himself to an irrigation officer or subordinate. If he makes such an application in writing, his petition shall be forwarded direct by the zilladar, to whom it is addressed, to the Sub-divisional Canal Officer in charge of that part of the canal from which the petitioner's village is supplied.

5. The Divisional Canal Officer shall map out the irrigable area into blocks in accordance with the natural features of the ground, and so determine that the whole block shall be irrigable from one outlet or from one set of outlets. So far as may be practicable, the blocks shall be separated by drainage lines.

6. Each block determined as above shall be numbered and recorded with its irrigable area in registers to be maintained by the Divisional Canal Officers and Deputy Collector. The blocks shall also be marked on maps to be maintained by the same officers.

7. Leases for not more than five years may be granted for the whole irrigable area of a block, or, subject to the provisions of Rule 13, for definite parts of a block, under the following conditions:—

I.—Ordinarily the whole irrigable area of any village, so far as situated within the block, must be included in the lease.

II.—All leases within one block shall be granted so that they shall expire on the same date.

III.—In order to equalise the areas to be dealt with in each year, the date of expiry of the leases in each block shall be determined by the Divisional Canal Officer in consultation with the Deputy Collector, so that, as far as practicable, one-fifth of the total area usually irrigated may fall out of lease in each year.

IV.—No permit shall be granted, when the supply of water must of necessity be delivered across an unleased area, unless a village channel exists, which, in the opinion of the Sub-divisional Canal Officer, will deliver water without waste across the unleased area.

8. The rates to be charged for water supplied between 16th June and 30th November, whether by flow or lift, to lessees on application shall be—

For a term of five years—Re. 1-8 per acre for each season.

For one year or for water supplied on a provisional license for which a permit for a term of years is not subsequently issued, Rs. 3 per acre.

Provided that the leases, whether new or renewals, required for shorter terms than five years in order to develop the system of blocks as explained above, shall be charged Re. 1-8 per acre only.

9. For the supply of water, when available, for winter crops, a rate of Rs. 2-8 per acre per season shall be charged.

10. For the unauthorized use of canal water a rate of Rs. 5 per acre, or such less rate as may be sanctioned by the Deputy Collector, shall be charged.

11. Application for water-leases under section 74 of the Act shall be presented to the Sub-divisional Officer through the zilladar in whose charge the land lies.

12. Every application for a water-lease shall contain the following particulars:—

1.—Name and residence of applicant.

2.—Name of pargana, mahal and village in which the land to be irrigated is situated.

3.—Total area for the irrigation of which the application is made and its boundaries, and if the lands to be irrigated lie in separate *chaks*, the name of each *chak*.

4.—Names of the raiyats whose lands are to be irrigated, and the quantity of land held by each.

5.—Name of the canal and number of distributary from which water is required.

6.—Signatures of the applicants.

13. A separate application must be presented for lands in each village, but *tehsilalaida* or other lands lying within the village boundary at the time of survey may be included.

14. Before a permit for a term of years is granted, the written consent of the Divisional Canal Officer shall be obtained, but permits for one year only and provisional licenses may be issued with the written assent of the Sub-divisional Canal Officer. The Deputy Collector shall on the day of issue forward a copy of all permits granted to the Divisional Canal Officer.

Existing leases may, with the written consent of the Divisional Canal Officer, be extended for not more than three years, without enquiry or re-measurement, payments being made in accordance with the existing assessment.

15. When a water-lease is granted, a *kabuliyat* shall be taken in a form approved by Government, and a "permit" shall be given to the lessee or lessees in a form similar to that prescribed in Schedule C of the Act. Pending the completion of a lease, the zilladar may issue a provisional license for the supply of water to an area covered by an application.

16. On the issue of a permit or provisional license, the zilladar shall forward to the Sub-divisional Canal Officer direct a requisition requesting him to supply water to the lessee on application. This requisition shall be kept by the Canal Officer till January 1st next following, and shall then be returned to the Deputy Collector. On the back should be noted the several dates on which the village was supplied with water. A fresh requisition shall be issued on or before June 1st, and returned on or before January 1st each year, till the lease expires.

17. When it comes to the knowledge of the Sub-divisional Canal Officer that canal water has been taken without authority, he shall hold a local investigation and transmit the record thereof to the Divisional Officer, who shall, if he is of opinion that the fields should be assessed, forward the case with his remarks to the Deputy Collector. Separate proceedings shall be taken in the case of each village irrigated without authority.

18. On receipt of the record mentioned in Rule 17, and after hearing any objection which may be raised, the Deputy Collector shall determine whether water-rates can be legally charged, and if so, he shall proceed to assess, at the rate provided in Rule 10, the land irrigated without authority. Water-rates shall not be charged where the unauthorized irrigation has occurred through the act, neglect or default of a Canal Officer or subordinate.

19. The statements of the amounts demandable for water-rates leviable under the rules in force shall be prepared under the supervision and signature of the Deputy Collector in such form as shall from time to time be sanctioned by the Lieutenant-Governor. Persons charged under Rule 10 or 18 shall be served, by post or otherwise, with a statement showing the amounts charged to enable them to lodge an appeal to the Collector under section 91 of the Act, if they desire to do so.

20. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted, or used for the irrigation of lands not under lease, it shall be

competent for the Superintending Canal Officer to direct that the lease shall be cancelled with effect from the 1st of June next following.

21. The rates for water supplied from June to November shall in each season fall due on the 1st January and 15th February following, but all sums of Rs. 5 and under shall become due on the 1st January and be payable in one instalment. The Deputy Collector may, however, require one-half of the rates due on applications filed after the 1st of September to be paid in advance, and may refuse to issue a permit for more than one year. The rates for water supplied for winter crops shall fall due on the 1st April following.

22. Water-rates imposed under Rule 10 or 18 shall fall due as soon as the assessment is made, and shall be realized at once.

23. The Superintending Canal Officer may, with the concurrence of the Collector, direct the Deputy Collector to—

I.—Cease to issue permits for the irrigation of lands in villages where there have been constant difficulties in realizing water-rates until all the arrears of water-rates due are paid up, and also, if specially so ordered, unless half the amount due under new applications is paid in advance. An order under this rule shall be in force for the time stated therein, which shall not exceed three years.

II.—Cancel any five-years' lease if on the 1st of June of any year water-rates to the extent of half the demand for one year are in arrears.

24. Remission of water-rates, either in whole or part, as the case may require, shall be granted by the Deputy Collector for—

I.—Errors in the assessment of rates.

II.—Injury to the crop on a leased area caused by deficient supply of water, provided a written application for remission has been made 15 days at least before the crop is cut.

In regard to applications under II, the written opinion of the Divisional Canal Officer shall be obtained and form part of the record of the case.

25. The Deputy Collector, with the written consent of the Divisional Canal Officer, may grant remissions of water-rates, either in whole or part, for injury to the crops on leased areas caused by excess of water due to deficient drainage.

26. The Deputy Collector may, with the written assent of the Divisional Canal Officer, commute rates charged under Rules 10 and 18 to those chargeable for water supplied on application, provided that a lease either for a term of years or for the season has been subsequently executed for the lands in question.

27. Remissions on other grounds than the above require the sanction of Government.

28. In cases where sums due on account of water-rates cannot be collected owing to the death, bankruptcy, or absconding of the defaulter, the amount which is non-realizable may be written off as irrecoverable on the authority of the Superintending Canal Officer.

29. Before awarding compensation under section 16 of the Act, or making a reference under section 17 of the Act, the Collector shall obtain the written opinion of the Superintending Canal Officer, and his written opinion shall form part of the record of the proceedings.

30. The *chaukidar* of any village in which lands are leased for a term of years shall be entitled to a remission of water-rates for his holding either as a *jaghir* or *raiyati* up to a limit of 3 acres, provided he gives efficient and willing assistance to the Canal Officers in respect to the following matters—

I.—In the preparation of applications for leases.

II.—In the measurements of irrigated lands.

III.—In giving the names of the occupiers of the various fields.

IV.—In receiving demand statements and informing the cultivators of the demands against them.

V.—In receiving *tappas* from the zilladars and distributing them.

VI.—In being present when complaints are investigated by Canal Officers, and giving information regarding the matters under investigation.

VII.—In reporting to the zilladars any mutations in holdings of persons who have signed a lease for a term of years.

31. Tanks may be filled with canal water without charge, wherever water can be made available without injury to the cultivation dependent on a canal under the following conditions:—

I.—No tank shall be filled unless the water is to be exclusively used for domestic purposes or for watering cattle.

II.—No tank shall be filled from which irrigation is practised.

III.—No tank shall be filled which intercepts any line of drainage or is liable to overflow from the accumulation of water from natural causes.

IV.—No tank shall be filled except on the written order of the Sub-divisional Canal Officer issued on the written application of the persons concerned.

V.—No tank shall be filled unless the village channel used to convey water to it shall be shown to the satisfaction of the Sub-divisional Canal Officer to be in a sound condition when the application is made.

VI.—The privilege here accorded may, by the written order of the Sub-divisional Canal Officer, be suspended for twelve months for the breach of any of the above rules.

32. The Divisional Canal Officer may supply water for manufacturing or other purposes and charge for the same at the rate of one rupee for each 10,000 cubic feet or part of 10,000 cubic feet supplied. The same charge will be made if water is taken into a tank without authority or used in an unauthorized manner.

33. No person shall, without the permission in writing of the Divisional or Sub-divisional Canal Officer, pass or cause any animal or vehicle to pass on or across any of the works, banks or channels of a canal or drainage work after he has been desired to desist therefrom, except by means of such bridges, fords and ferries and their approaches as are provided by the Divisional Canal Officer.

34. No officer employed on the canals, unless especially exempted by the Lieutenant-Governor from the operation of this rule, shall have any interest in the distribution of water from any of the canals, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly, or in shares with others.

35. Except as provided in the Act and in these rules, no appeal shall lie from any order passed by a Canal Officer; but the Sub-divisional Canal Officer shall modify any order passed by him in accordance with the order of the Divisional Canal Officer, and the Subdivisional Canal Officer or Divisional Canal Officer shall modify any orders passed by them in accordance with the orders of the Superintending Canal Officer, who shall exercise a general control over the proceedings of all Canal Officers.

36. In appeals to the Collector under section 91 of the Act other than those specially provided for in Rule 19, the Collector may require the Superinteding Engineer to state his opinion in writing, which shall form part of the record of the proceedings in the case.

No. 24 —Declaration.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz., for a retired line of embankment along the left bank of the Rupnarain in the villages of Chakachora, Hajrakhali, Matilala, Mallok and Saota, parganas Mandalghat and Khariji Mandalghat, district Hooghly, it is hereby declared that for the above purpose a piece of land measuring, more or less, 36 bighas and 5 cottahs of standard measurement, bounded by nicks on the ground (boundaries in detail are given below), is required within the aforesaid villages of Chakachora, Hajrakhali, Matilala, Mallok and Saota.

This declaration is made under the provisions of section 6 of Act I of 1894 to all whom it may concern.

A plan of the land may be inspected in the office of the Subdivisional Officer of Ulubaria.

Boundaries.

North.—The old embankment on the left bank of the Rupnarain.

South.— Ditto ditto ditto.

East.—Lands of Gohar Shaikh, Wajed Ali Khunkar and others, Reki Shaikh and others, Beharatulla, Fakir Chatterji, Dilu Shaikh, Wajed Ali Khunkar and others, Dilu Shaikh, Nabin Ghoshal, Wajed Ali Khunkar and others, Fakir Shaikh, Haradhan Patra, Abinash Bebatta, Haradhan Patra, Priya Nath Pal, Uma Charan and Puran Marik, Nibaran Ghoshal, Gohar Mandal Kajiruddi Shaikh, Abinash Bebatta, Chandra Kumar and Lakhminarain Santra, lands dedicated to the idol gods Madan Gopal and Panchanan, land of Ishan Chandra Ghoshal and others, lands dedicated to the idol god Madan Gopal, lands of Gopal Sinha, Girish Rai, Ashutosh Rai Chaudhari, Nilmoni Chakrabarti, Dakshinapada Mahapatra, Ashutosh Rai Chaudhuri, Kali Kumar Rai, Dilu Shaikh, Troilakhya Bebatta, Bhutamayi Debi, Hari Chatterji, Ashutosh Rai Chaudhuri and Hari Chakrabati.

West.—Lands of Gohar Shaikh and others, Reki Shaikh and others, Beharatulla Jitu Shaikh, Fakir Chatterji, Jadab Chaukidar, Madhushudan Bebatta, Abinash Bebatta, Lakhmi Patra, Reki Shaikh, Wajed Ali Khunkar and others, Ram Kali Mukharji, Fakir Shaikh, Haradhan Patra, Abinash Bebatta, Haradhan Patra, Adaita Marik, Jadu Patra, Ashutosh Rai Chaudhari, lands dedicated to the idol god Madan Gopal, lands of Kali Kumar Rai, Abinash Bebatta, Lakhmi Narain Santra, Kartic Chakrabati, lands dedicated to the idol god Madan Gopal, lands of Sateswar Rai, Shasi Bhusan Rai, land dedicated to the idol god Madan Gopal, lands of Ashutosh Rai Chaudhari, Bhulu Ghoshal, Beni Ghoshal, lands dedicated to the idol god Madan Gopal, lands of Jageswar Pandit, Gopal Sinha, Hari Malakar, Girish Rai, Ashutosh Rai Chaudhari, Jadu Ghoshal, Kali Kumar Rai, Ashutosh Rai Chaudhari, Nilmani Chakrabati, Digambar and Rameswar Muchi, Taju, Obhaku, and Abdul Mallik, Trailakhya Bebatta, Bhutamayi Debi, Mahendra Dirghangi, Shasi Bhushan Dirghangi, Mahendra and Shasi Bhushan Dirghangi, and Nilmani Chakrabati.

A. D. McARTHUR, *Colonel*, R.E.,
Secy. to the Govt. of Bengal.

RAILWAY DEPARTMENT.

The 20th January 1897.

No. 10.—Notification.—Babu Sosi Bhusan Sen, Officiating Deputy Magistrate and Deputy Collector, Burdwan, whose services were placed at the disposal of the Public Works Department, in Appointment Department Notification No. 5318A. of 31st August 1896, is employed in acquiring lands for railway, irrigation, and other purposes in the districts of Burdwan, Hooghly, and Manbhum.

The 25th January 1897.

No. 11.—Declaration.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken up at the public expense for a public purpose, viz., for a brick-field at Sukri for the South Bihar Railway in the district of Gaya, it is hereby declared that for the above purpose a strip of land of an approximate area of 7·10 acres is required in the village of Chack Jhurain, pargana Somai.

Mines of coal, ironstone, slate or other minerals lying under the land, or any particular portion of the land, except only such parts of the mines and minerals as it may be necessary to dig or carry away, or use in the manufacture of bricks are not needed.

This declaration is made, under the provisions of section 6 of Act I of 1894, and section 3, clause (1), Act XVIII of 1885, to all whom it may concern.

No. 12.—Declaration.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz., for the construction of the Cuttack to Barang section of the Cuttack-Midnapore-Calcutta extension of the Bengal-Nagpur Railway, it is hereby declared that for the above purpose a piece of land of an average width of 1,000 feet and of a length of about nine miles, and passing through the villages of Nagari, Panchpal, Gandarpur, Gopalpur, Barang, is required within the district of Cuttack.

This declaration is made, under the provisions of section 6 of Act I of 1894, to all whom it may concern.

The 26th January 1897.

No. 13.—Declaration.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz., for the construction of a Railway from Sultanpur station on the Eastern Bengal State Railway eastwards through Bogra to Kaliganj through the undermentioned villages, parganas and districts :—

J. G. H. GLASS,
Secy. to the Govt. of Bengal.

MARINE DEPARTMENT.

The 21st January 1897.

No. 17 Marine.—The following telegram, dated the 20th January 1897, from the Government of Bombay, relative to the imposition of quarantine regulations by the Department of State, Washington, on account of plague, is published for general information.

A. D. MCARTHUR, *Colonel*, R.E.,
Secy. to the Govt. of Bengal.

Copy of a telegram, dated the 20th January 1897, from the Government of Bombay, to the Government of Bengal.

DEPARTMENT of State, Washington, Telegraphs Treasury Quarantine Cholera Regulations apply to plague, with fifteen days' detention exposed persons.

The 23rd January 1897.

No. 18 Marine.—The following letter, dated the 21st January 1897, from the Consul-General for France in Calcutta, relative to the restrictions imposed on arrivals from Calcutta and Bombay on their entry into Indo-China, is published for general information.

A. D. MCARTHUR, *Colonel*, R.E.,
Secy. to the Govt. of Bengal.

Copy of a letter, dated the 21st January 1897, from the Consul-General for France, to the Secretary to the Government of Bengal, Marine Department.

J'AI l'honneur de vous informer que, par télégramme en date du 20 de ce mois, M. le Gouverneur Général de l' Indochine me fait connaitre que les provenances de Calcutta et de Bombay sont déclarées suspectes á leur entrée en Indochiné.

The 23rd January 1897.

No. 19 Marine.—It is hereby notified for general information that, in consequence of the existence of bubonic plague in the cities of Bombay and Karachi, the Government of Bombay have, with the approval of the Government of India, temporarily cancelled, with effect from the 1st February 1897, the orders appointing these places to be ports under section 7 (1) of the Pilgrim Ships Act, 1895, for the departure and arrival of pilgrims. Intending pilgrims are therefore warned that it will be useless to go to Bombay or Karachi, and that although the ports of Calcutta and Madras will remain open to pilgrim traffic, it will be much better for them to defer departure for another year, as they may not find means of continuing their journey at these places.

A. D. MCARTHUR, *Colonel*, R.E.,
Secy. to the Govt. of Bengal.

No. 438M.—The 26th January 1897.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken up by Government at the expense of the Calcutta Municipality for a public purpose, viz., for the South Suburban Drainage project, it is hereby declared that for the above purpose pieces of land No. 9, Mominpur Road, Nos. 2, 3, 3-2, 4 and 10, Mominpur Gully, Nos. 1 and 2, Mominpur Lane and Nos. 46 and 47, Diamond Harbour Road, in Mominpur, thana Ikbalpur, district 24-Parganas, measuring, more or less, 5 bighas, 3 cottahs, 4 chitaks and 20 s. ft. of standard measurement, are required. The boundaries of the lands are as follow:—

Portion A on plan.—On the north No. 6, Budge-Budge Road and the remaining portion of No. 10, Mominpur Gully; on the south Mominpur Gully; on the east the remaining portion of No. 10, Mominpur Gully and Mominpur Gully; and on the west Mominpur Gully and Mominpur Road.

Portion B on plan.—On the north, east and west Mominpur Gully, and on the south the remaining portion of No. 2, Mominpur Gully.

Portion C on plan.—On the north the remaining portions of Nos. 3-2 and 4, Mominpur Gully, and the remaining portions of Nos. 46 and 47, Diamond Harbour Road; on the south the remaining portions of Nos. 2, 3 and 3-2, Mominpur Gully and Nos. 2 and 1, Mominpur Lane and the remaining portions of No. 46, Diamond Harbour Road; on the east Diamond Harbour Road and the remaining portion of No. 47, Diamond Harbour Road; and on the west Mominpur Gully.

The plan and specification of the land are filed in the office of the Municipal Commissioners for public inspection.

This declaration is made, under the provisions of section 6 of Act I of 1894, to all whom it may concern.

H. H. RISLEY,
Secy. to the Govt. of Bengal.

DECLARATION.

No. 439M.—The 26th January 1897.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken up by Government at the expense of the Calcutta Municipality for a public purpose, viz., for the South Suburban Drainage project, it is hereby declared that for the above purpose a piece of land, No. 39, Mominpur road, in Mominpur thana Ikbalpur, district 24-Parganas, measuring, more or less, 7 cottahs of standard measurement, is required.

The land is bounded on the north by Ikbalpur road; on the south by the remaining portion of No. 39, Mominpur road; on the east by Mominpur road, and on the west by the remaining portion of premises No. 39, Mominpur road, and No. 68 Ikbalpur road.

The plan and specification of the land are filed in the office of the Municipal Commissioners for public inspection.

This declaration is made, under the provisions of section 6 of Act I of 1894, to all whom it may concern.

H. H. RISLEY,
Secy. to the Govt. of Bengal.

Collector's Office, Puri, the 2nd October 1896. C. A. BALL, Offg. Collector.

Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estate situate in the district of Puri will be put up to sale at the Puri Collectorate on the 28th of April 1897, corresponding with 17th Bysack 1304 Umli :—

Conditions of Sale.

1st.—The estate to be sold to the highest bidder above the upset price which will be fixed by Collector at the time of sale. The purchaser of this estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him subject to the revenue fixed in perpetuity.

2nd.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase money exceed Rs. 100, one fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or, if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser after issue of advertisement as in the case of original sale.

Number in statement of Government estates.	Number on the district roll.	Name of estate and pargana.	Approximate area in acres.	Government revenue assessed.	Upset price.	REMARKS.

Collector's Office, Puri, the 10th November 1896. N. BHATTACHARJEE, for Offg. Collector.

Advertisement of Sale.

NOTICE is hereby given that the right of Government, as specified in the conditions of sale below, to the undermentioned lands, situate in the district of Bankura, will be put up to sale at the Bankura Collectorate on the 16th February 1897, corresponding with 5th Falgoon 1303 B.S.

The purchasers will be subject to the following conditions of sale :—

Conditions of Sale.

1st.—The estate to be sold to the highest bidder above the upset price. The purchaser of these lands will be considered as the holder of the tenure, and the entire Jamai Panchaki and rent-free rights of Government in such tenure will be transferred to him.

2nd.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and the purchasers to be bound to respect the rights of the resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceeds Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or, if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser after issue of advertisement, as in the case of original sale.

Number on the district roll.	Name of estate and pargana.	Approximate area in acres.	Government revenue assessed.	REMARKS.
1	2	3	4	5
	16 plots of land in mauza Ghoramauli Kamarkuli, pargana Chhatna, of which the judgment-debtor Dasau Mani's share, $\frac{1}{16}$th or 1 anna and 12 gandas, bought in for Government at a Civil Court decree sale.	A. R. P. 2 0 0	Rs. A. P. 8 2 0	Of these 16 plots purchased by Government at a Civil Court decree sale, four plots are held in Jamai right, three in Panchak Brahmattar, for which Rs. 2-1-3 is payable as rent to the superior landlords Jogmeshwar, Goberdhan and Kisori Mohon Banorjee of Maliara, and for another plot of Panchaki As. 1-9 Panchak is payable to the zamindar of Chhatna. The remaining eight plots are rent-free.

Bankura Collectorate, the 5th January 1897. DINONATH DE, Deputy Collector in charge, for Collector.

NOTICE is hereby given, under sections 6 and 13, Act XI of 1859, that the undermentioned estates and shares of estates in the district of Puri will be put up for sale at the office of the Collector of that district on the 11th of February 1897, at 12 noon, for arrears of revenue and other demands which by law are realisable as arrears of land revenue.

When in columns 5, 7 and 9 of the appended statement it is stated that only a share is to be sold, a separate account is kept for such share, and the other share or shares in the estate are excluded from the sale.
